## Culver Bows To Bremen In Home Opener

By Charles Osborn

Sparked by a good defense and shooting attack, the Bremen Lions chalked up their first victory of the season, beating the Cavaliers, now 0-2, 71 to 43.

### RESERVES TAME LIONS 49-26

Culver's Jr. Varsity took command of Saturday night's first game and came off with an impressive 49-26 victory over the Bremen B-Team. The Culver defense was so tough that Bremen did not score its tenth point until midway into the third quarter. Culver led 11-5 at the end of the opening period and would allow Bremen only two points the entire second quarter while scoring 12. At halftime, Culver had a substantial 23-7 lead.

The third period was a repeat of the first and second. Culver scored 14 points, the highest total for one quarter scored by either team the entire game. The Culver defense, still tough, held Bremen to a 6 point quarter and led 37-16 at the three-quarter mark.

The fourth stanza was the only one in which the Lions outscored the Cavaliers, but only by one point. The final result was the work of some good defense and shooting by sophomore Mike Stephens, who turned in a remarkable 14-point performance, and Bruce Snyder, who added 10.

### LIONS DEFEAT CAVALIER VARSITY

The varsity contest, however, was a complete reversal of the game before. This time Bremen used a full courtpress as part of a biting defense and walked away with a 71-43 victory.

Culver's troubles started in the first quarter, when they fell behind early and overlooked chances of catching up. The result was a 19-11 first quarter score. The second quarter was a carbon copy of the first with an inactive Culver offense and some good Bremen shooting.

Dennis Reinholt had the highest goal percentage for the Culver with .333. They led the team in rebounds with 6 and 8 respectively. Don Ehlinger, a 6-0 center led Culver's free throw shooters with a .500 percentage. The entire team made 16 field goals in 54 attempts for a .296 percentage, and in free throw shooting made better than 46 percent, with 11 completions in 23 tries.

## Oscar Wilde Comedy At CMA This Friday

Lady Bracknell keeps a disapproving eye on the progress of John Worthy's attraction for the honorable Gwendolyn Fairfax in Oscar Wilde's "The Importance of Being Earnest." Indiana Theatre Company actors are (from left) Diana Randall, Ruth Zahorik and Richard Jenkins. "Earnest" will be presented Friday at Culver Military Academy.

"The Importance of Being Earnest," the Oscar Wilde comedy, will be presented Friday, November 28, at Eppley Auditorium, Culver Military Academy. The production will be given by the Indiana Theatre Company, Indiana University's acclaimed touring group, as a highlight of Culver's Thanksgiving Weekend activities.

A London "hippie" of the 1890's, Oscar Wilde was readily recognized by his velvet breeches, long hair and his love for sun-flowers and peacock feathers. His novel, "The Picture of Dorian Gray," and poem, "The Ballad of Reading Gaol," brought him serious literary acclaim and his four comic plays rank with the best of his time.

"Earnest," in which the playwright sets up a number of straw characters and exposes their pretensions, represents a stinging and accurate shot at Victorian manners and morals.

Creating the "Wilderness" will be ITC regulars Mike Bourne, Dennis Holub, Harold Saul Guskin, Paul A. Norrenbrock, Loren Ruff of Highland, Indiana, Richard Jenkins and Thomas Pullin.

Others in the cast are Gwynne Guibord of Muskegon, Michigan, Jenifer Schlicher, Ruth Zahorik, Joe Paperone and Diane Randall of Muncie.

I. U. speech and theatre professor John K. Tillinghast directs this production for the company which travels more than 10,000 miles per season to present its repertoire.

The ITC is an enterprise of the Indiana University which also maintains the summer Brown County Playhouse in Nashville and the University Theatre on campus and soon will have a new Showboat Majestic on the Ohio River.

Dr. Richard A. Moody is director of the University Theatre.

## Thank You Culver-Union Township United Fund Mee's Goal

We are Happy to announce officially that the 1969 Culver-Union Township United Fund has met its goal. Cash contributions and pledges make up \$7552 Budget for this year.

It would be unfair to single out any individual or group for special praise this year as the entire group of nearly eighty people deserve special thanks for their fine effort. It would be difficult indeed to find a more willing faithful and sincere group from the chairmen thru the captains and solicitors.

The community can be proud too, of having voluntarily supported its United Fund so successfully for so many years. The ultimate credit must go to the contributors and supporters of the fund for without them the mechanics of organization would mean nothing.

The distributions to the various organizations will be made shortly after the Victory Dinner for drive workers December 8th, as guests of the Culver Military Academy. After the dinner an election will be held for three directors with three year terms. The terms expiring are: two representatives from the Town of Culver and one from the southeast rural area. Nominations may be made from the floor and any donor is eligible to vote.

Again we thank all the donors and workers alike for this success with your United Fund.

## GIVE THANKS AND PRAISE

Thursday is Thanksgiving. We all know the story of Thanksgiving as told of the early Americans in Eastern settlements. This was the beginning of the Thanksgiving story, but not until Abraham Lincoln was president was Thanksgiving made an official holiday.

Now Thanksgiving is celebrated each year with many variations from what the first Thanksgiving had in mind. This time was set aside for giving Thanks to God for all He had done for the early settlers.

According to Webster's Dictionary, Thanksgiving is defined: In the United States, a day now generally appointed or recommended annually by the Federal and State executives as a legal holiday to be set apart for Thanksgiving and praise to God for the mercies of the year past. It originated with the New England colonists and has been regularly observed since president Lincoln's proclamation in 1863.

This you note, says giving thanks and praise to God for the mercies of the past year. What does this include for you?

Doesn't everyone have much to be thankful for? This holiday, as so many others, has been commercialized considerably. However, this isn't an unpardonable act on anyone's part if they still take the time to offer their thanks in the real meaning of the holiday. Let's not let the commercial and lighter side of the holiday completely replace the real meaning of Thanksgiving.

Nowadays, Thanksgiving means a big turkey dinner, usually with a group of relatives visiting your home or you in theirs. The TV set is going on with the usual run of programs plus a few special shows to entertain you. The big parades from the large cities take the

hearts of many young and old alike as they begin their big push for the 1969 Christmas Season. In many instances, the "Thanks" part of Thanksgiving is completely forgotten, other than being thankful in a greedy way for a day off work at the shop or office.

Despite a troubled world such as we live in now with the threat of the super bombs, the tension between countries that have the power to eliminate a large portion of the earth's population, the scattered fighting that is going on at several "trouble spots," one still has much to be thankful for. Is there anyone of us now that is without a home? Don't we all have food for our tables? Isn't much more than the barest essentials comforting to all of us? These blessings can never be replaced by minor troubles that worry millions of people from day to day.

We are Americans, living in the world's richest pocket. We are greedy, extravagant, selfish, powerful and probably a little too "soft" for our own good. Miles and pleasures mean little to us in our modern day of travel. Living with all the conveniences we have, we seldom pause to give thanks for the bountiful life we live.

This type of life is one that we should be thankful for each and every day, but do not take the time or thought of realizing this. Life's so short anyway. Let's make at least a part of the one day set aside especially for giving thanks to God, a time we will all do just that. And while in the process of doing this, a prayer for continued abundance and wonderful life could be given to help ease the tensions that grip the world today.

This is Thanksgiving, 1969, let's make it mean as much to us as it did to our Pilgrim ancestors many years ago.

# Voice Of The People

## Answer to Moratorium Supporter

As I read the Voice of the People in the November 20 issue, I could not help noting the author either didn't have information with which to support her argument, or she was trying to twist the facts so that they would support her stand on Vietnam.

The author states in at least two places that the ideals of America are being destroyed by helping a country to surpress the onslaught of the Communist aggressors. She says that it is destroying America to help a country which has asked for our assistance in repelling those who are trying to destroy freedom.

This young lady said we are "fighting in Vietnam to uphold freedom and democracy, yet we support a corrupt, puppet government." Granted, the government is corrupt, but I challenge you to show me one democratic country that doesn't have corruption in its government! As to its being a "puppet government," I must disagree. We are helping them set up their government, but we are not running it.

The author states that "we destroy their villages, uproot and seporate families, and kill people at a rate almost the same as that of the Communists." She neglects to clarify the word people. Does she mean soldiers or civilians? The Communists have a not too silent threat on the lives of anyone who either runs for or is elected to office. They also kill the doctors and other officials in the villages. Aside from a few accidents (which are bound to happen) the United States soldiers and South Vietnamese kill only the viet cong and Communist goldiers.

As far as I can see, the moratorium has only succeeded in getting students out of classes for a day or two. It has had no effect upon the president's foreign policy in relation to South Vietnam.

I have one closing thought for those who disagree with our helping a nation that is fighting for its freedom. The United States of America was formed by a revolution which would never have succeeded without the help of other more powerful nations. I wonder what the European people thought of their countries' supporting an apparently futile battle?

John M. Cook

This is in regard to the well-meaning, but poorly informed Miss Donnelly and her letter of November 20th.

Yes, Susan, there is a silent majority and many are insisting in making their wishes known - it is hoped that more of the active silent majority will come forward in action; a majority of 77 per cent of the American people agreed in a recent poll, with President Nixon's efforts in bringing the Vietnam War to an end.

Oh, not all of us are happy in the method, for many hawks would have liked to have seen the military use their professional training and won the War. Many of the American people who voted for Nixon or Wallace, now realize that the liberals and "impudent snob" leaders, would

not and will not allow this to take place.

Remember please, Susan, that Agnew called the leaders the snobs, and he recognized that some well-meaning but naive individuals marched to the joy of Hanoi and the Communists. The marchers indeed, have been an aid and comfort to the V.C. by conveying sympathy and moral support — more American soldiers will die by this ill-advised maneuver.

I wonder, Susan, if you are aware of the company you keep? I wonder if you are conscious of the fact that many Communists were actively involved in the planning of the October 15th Vietnam War Moratorium?

If you didn't know, then you and others of the same flock will be shocked to find out some interesting, but well known facts.

The National Anti-War Conference held July 4-5 in Strogacker Auditorium at Case Western Reserve University in Cleveland.

The Steering Committee, included many Communist representatives among whom were Arnold Johnson, Irving Sarnoff, Sidney Peck, Dorothy Hayes and David Dellinger; the latter, M. O. B. E. chairman, who said in a May, 1963 speech, "I am a Communist, but I am not the Soviet-type Communist." This is the same Dellinger, who led the Chicago riots during the Democratic Convention and who attracted many disgrunteled backers of Senator McCarthy.

Susan, you have good ideas in wishing for an end of the War and the agreement of many Hawks, that the War must come to an end — but please Susan, think deeper and when you look around at fellow marchers, realize the company that you are in.

The facts speak for themselves! !

— One of the 77% who support President Nixon.

#### New Chromacolor Picture Tube

with Zenith's patented black-surround principle, brings you a color TV picture more than 100% brighter than any previous giant-screen color TV. Here's how it works! Every giant-screen color picture tube is covered with tiny red, green, and blue dots that make up the color TV picture. Previously, they have been placed close together on a gray background. But now Zenith, in the patented Chromacolor picture tube, has made the dots smaller and surrounded them with jet-black. This Zenith patented black-surround screen—together with precision electron beam tracking and increased light-transmission tube face—bring you a brighter color picture, greater definition and sharper detail than ever previously achieved in giant-screen color TV.

#### Exclusive New Zenith Color Commander Control

Now one knob adjusts contrast and color level with brightness in proper balance simultaneously... and they stay perfectly in balance as you adjust the color picture to match changing light levels in the room. There's no longer any need to turn separate controls!

#### New Zenith Titan 90 Handcrafted Chassis with exclusive revolutionary new Solid-State Dura-Module

combines famous Zenith handcrafted dependability with dramatic new engineering advances and exciting solid-state devices such as the new Zenith RGB Circuitry.

#### Exclusive Chromatic Brain

with the first Integrated Circuit ever used to create a color picture. Produces the most natural reds, greens, and blues.

#### New RGB Color Circuitry

that is more sophisticated and highly refined to develop greater picture sharpness and detail, with higher color fidelity.

#### Super Gold Video Guard Tuner

Contact points of 18-carat gold, give you a sharper color picture for the lifetime of the set.

#### AFC—Zenith Automatic Fine-tuning Control

electronically fine-tunes the color picture at the flick of a finger. Keeps the color picture tuned as you change channels, even on the new UHF channels.

These words of Jesus are from the Lesson-Sermon to be read this Sunday in all Christian Science churches: "If I cast out devils by the Spirit of God, then the Kingdom of God is come unto you." The subject is "Ancient and Modern Mesmerism, alias Mesmerism and Hypnotism, De-nounced."

A passage from Science and Health with Key to the Scriptures by Mary Baker Eddy reads: "Jesus cast out evils and healed the sick, not only without drugs, but without hypnotism, which is the reverse of ethical and pathological Truth-power."

## Thomas Walker Has Series In State Publication

Thomas E. Walker of Culver Military Academy has the first of a series of three articles in the current issue of the Hoosier Schoolmaster of the Sixties.

In the series Walker, chairman of the department of English and Epplen Chair holder at Culver, evaluates the 23 proposals of the National Council of Teachers of English (NCTE). Walker discussed the background and implementation of the NCTE's recommendations for school English departments at an Indiana Council of Teachers of English meeting last spring.

This presentation resulted in his invitation to write the articles for the Hoosier Schoolmaster, a quarterly publication of the office of the state superintendent of public instruction which is distributed to school administrators.

In recent years Walker has served on a committee evaluating experimental course materials and developing new courses of study in the English language arts for the public schools.

His articles and teaching materials have been published by the Indiana University Press and in education periodicals.

A graduate of the U. of Missouri, Walker has been a teaching fellow at the U. of North Carolina. He was a Fulbright exchange teacher in Greece in 1953-54 and has been on the Academy faculty since 1955.

## Sophs Start Money Projects

By David Brown

The CCHS Sophomores started Saturday, November 7 on the project of raking leaves. The project is to raise money for the treasury. The main purpose of all the money collected is for the class to have class parties, proms and possibly a Senior Trip.

They have been working vigorously raking leaves before the snow starts to fall. They only receive what people of Culver think they deserve for raking their yard.

Presently they are selling tickets to the Southern Belles basketball game along with the Jaycees.

## VFW Auxiliary News

Fourteen members gathered for a round-table meeting Monday evening as President Mrs. George Lemar called the Ladies Auxiliary of VFW Post 6919 to order.

Members were reminded of the Third District meeting to be held Sunday, December 7, 2:00 p.m., EST, at Goshen Post 985. Department President Marjorie Buzzard will make her official visit at that time.

A letter of appreciation from the Grace United Church of Christ was read, thanking the Post and Auxiliaries for their donations of American and Christian flags to replace the ones lost by fire in early summer.

An appeal from the Marshall-Stark Development Center prompted members present to contribute toward the bus fund. Two buses are needed at the Center to transport children who presently cannot attend due to transportation difficulties.

Membership Chairman Mrs. Alan Cornett, Sr. reported that dues paid for 1970 have reached 75% of the goal of 61.

Donations of canned goods were received by Mrs. Eleanor Liette for the Thanksgiving baskets which will be distributed to needy families in the area. Anyone

wishing to make additional donations may contact Mrs. Liette prior to November 25th.

The Auxiliary supported the appeal from VA hospitals with a substantial contribution toward their television fund.

President Lemar reminded members of used toy donations for needy area children. Boxes of toys will be packed and delivered by members at the Christmas season. Anyone wishing to donate used toys may contact Mrs. Lemar for pick-up.

Discussion was continued from an earlier meeting, regarding a scholarship fund to be set up by the Auxiliary for the use of local students in furthering their education after high school. President Lemar appointed Mrs. Ted Strang and Mrs. Roger Wise to investigate the project and bring further information to the Auxiliary. As a way and means of additional funds for the scholarship, the Auxiliary is planning to have a Community Activity Calendar printed which will be available through members of the Auxiliary and will include local organizations and sports activities for the year 1970. Any clubs or organizations wishing recognition on the calendar may contact Mrs. Wise for information.

In regard to the weekly fish fries held by the ladies each Friday night, the Auxiliary voted to cancel the event on Friday November 28th, due to the preceding Thanksgiving holiday.

Plans were completed for the

local Auxiliary's Christmas carry-in dinner meeting to be held at the Post Home, December 15, at 6:30 p.m., with Mrs. Clyde Hickman in charge. A gift exchange and white elephant sale will highlight the meeting.

The mystery prize drawing was held and Mrs. Cornett held the lucky number. Mrs. Colie Hoffmeister was absent and did not benefit from the Membership Prize drawing. President Lemar closed according to ritual to reopen on December 1st at the Post Home.

The pilgrims who created Thanksgiving were depicted in small paper figures created by

Mrs. Eugene Riester and decorated the fall-appointed table as she and Mrs. Liette presided over the social hour following the business meeting.

The social committee for the December 1st meeting is Mrs. Lemar, Mrs. Larry May, and Mrs. Norman Baker.
