## Memorial Fund For Scholarships Is Approved

The establishment of a Memorial Scholarship Fund to assist graduates of Culver Community High School has been approved by the Board of School Trustees of the Culver Community School Corporation.

Plans for the Memorial Scholarship Fund were developed by the guidance department of the unified high school under the direction of A. Judson Dillon. Working with him on the drafted proposal were Ruth Shanks, John Nelson, and Principal John Hayes.

Preamble of the approved resolution states the purpose as follows: "Recognizing the need of and importance of post high school education and in recognition of financial costs of advanced education and in the belief that alumni of four former high schools and friends of the school district, North Bend Township, (Aubbeenaubee, Tippecanoe, Union, and the community of Culver) would be interested in establishing a Memorial Scholarship Fund to assist graduates of the unified high school to continue their education beyond the secondary level."

The Fund is created to accept and administer gifts, receive contributions in memory of persons living or deceased, and to receive grants for the purpose of establishing scholarships to assist graduating seniors to further their education in college or technical schools.

Contributions will be deposited in The State Exchange Bank, which will administer the fund in trust; memorials will be acknowledged; and all memorials will be inscribed in a Memorial Scholarship Book to be on permanent display in the foyer of the new high school building.

Scholarships awarded will be paid from income earned. Believing that the intent is one of practical significance and not necessarily a token of good wishes for the success of the recipient, no award will be made until the annual income amounts to \$100, and no award will be less than \$100 and limited to that amount per recipient.

Scholarships are renewable for a period not to exceed the equivalent of eight consecutive semesters, or three years, school of nursing, or two years on the completion of an organized course of study in an accredited business or technical school.

Applicants will be selected by a representative seven member faculty Memorial Scholarship Committee headed by the director of guidance. The committee will, in addition to reviewing applications of seniors, review applications of those eligible for renewal. Awards will be made on the basis of competency and need.

Officials plan to issue a folder detailing information concerning the newly established fund.

## Culver School Board News

In a busy meeting of the Board of School Trustees, Culver Community Schools Corporation Board members purchased two new busses, approved conference requests, heard various reports and approved maintenance programs.

After deliberation and consideration of two chassis and four body bids, the school corporation awarded the purchase of the chassis to Gates and Calhoun Chevrolet, Inc., for two 60 passenger busses at a low bid price of \$4,083.10 per unit.

The bid of the Kerlin Bus Sales and Service, Silver Lake, Indiana, Thomas body, was accepted, the bid price being \$4,560 with \$350 for each of two trade-in busses.

The Board considered a report of the Superintendent with respect to filling a vacancy at Monterey, Grade 1. Mrs. Potter, the present teacher has asked to be relieved from her contract so that she can rejoin her husband who is in the armed forces on the west coast.

Kay Dawn Miller, of North Manchester, a graduate of Manchester College, will assume this position. Miss Miller will plan to work with Mrs. Potter during the week before Christmas vacation so that she can take over the work on January 5th.

In an effort to relieve the over-crowded sections of first grade pupils in the Culver Elementary School, another teacher will be added beginning the second semester, January 21, 1970, according to present plans, so that sections will not be larger than 26 or 27 pupils. Effort is being made to fill the post held by the late Rex Good, Senior Teacher and Mathematics instructor at the Aubbeenaubee School.

The school central administrative offices and files will be moved to the recently acquired property at 222 North Ohio Street, Culver, on or before January 17th, it was reported. With the exception of correction of drainage and some minor work including installation of four ceiling lights and cleaning, the office is ready for occupancy.

A V equipment, including a tape recorder and projector, has been ordered for the Aubbeenaubee School.

Conference requests approved by the Board included Mr. Downing, to Indiana State Univ., December 3rd for teacher interviews; Mrs. Winters, Home Ec., Indiana University-Medical Center, December 12; Valerie Hite and Leah Gunderson, December 5th for Physical Education Conference at Ft. Wayne; John Hayes, principal's meeting, Purdue University, December 4th; and Charles Byfield, Mid-Western Band Clinic, Chicago, December 18-19.

The Board heard reports on the follow up of the intent to notify bonding firms concerning corrections and deficiencies in flashing, roofing, insulator flue and gunch list of the new high school building.

Also reported was the preliminary work to develop plans for the Athletic Field on the grounds of the new high school building, the matter of safety as it refers to the parking lot of the new high school, and the finalization of installation of dust collecting equipment in the high school shops. Correction of the audio system in the high school gymnasium was reported.

## Adult Education Classes To Begin In January

The preference survey to determine interest in Adult Education classes for 1969-70 in the Culver Community Schools district is being completed during the next ten days.

A memorandum developed by director of Adult Education, Gene Crosley gave details on offered courses. The memorandum stated that the program will begin the week of January 12, 1970, closing March 20th. Classes will meet on specified evenings. The memorandum was distributed widely throughout the school district and patrons were asked to fill out and return the survey sheet on or before December 15th.

Mr. Crosley indicated that it is suggested that the survey be completed promptly so that plans for the Adult Education Program can be set.

"Anyone who is interested in the Adult Education and has not received the preference survey form should call Gene Crosley and a copy will be mailed. Those who are interested should file preference survey forms with the high school office on or before December 15th," he said.

## Park Board Holds Meeting

The Board of Parks and Recreation met in the Town Hall on Thursday, December 4th, for their regularly scheduled meeting. The following members were present: President Latham Lawson, Sue McCombs, Kay Tusing, Art Hughes and Jesse Simms.

Action was taken to make additional payment to the Culver Lions Club to further reduce the indebtedness on the fence.

The decision was made to purchase 20 new picnic tables for the park.

Board members will make an effort to hire someone to maintain the ice in the area directly in front of the beach lodge for ice skating during suitable weather. Anyone interested in such a position should contact Mr. Lawson.

The next meeting will be held on January 8th, 1970, since the first Thursday of the month will be New Years Day.

# Innocent Until Found Guilty

The "instant experts" are already painting verbal pictures in psychodelic colors of the alleged My Lai massacre. The extreme left has been quick to use the incident for the lowest of political motives, in order to attack the administration, the United States, the military and nearly everyone in sight. This, despite the scant concrete bit of news; that the incident took place on March 16 of 1968, and that an Army Lieutenant has been charged, under the new administration, with the murder of South Vietnamese villagers. This is indeed a serious charge, and therefore a legitimate news-worthy story.

But what disturbs us is that certain element of the Press have, in print and on the air, tried, convicted and condemned the accused without the slightest regard for the fundamental American rule that a man, any man, and no matter how strong the evidence may appear to be against him, is to be considered innocent until he is proven guilty, by law. "Witnesses" have been interviewed—but not under oath, and therefore not subject to the penalties of perjury should their stories be false. So far as we can tell, no effort has been made to determine whether the alleged "witnesses" may not in

fact be members of the Communist apparatus, and hence eager to condemn by falsehood, if necessary.

One writer, in the WASHINGTON POST, having reached the "verdict", declared: "The government shouldn't get away with sentencing a handful of men, and letting the others escape... The others... include Lyndon Johnson, Hubert Humphrey, Walt Rostow, the Bundys, and all the rest, Democrats and Republicans, from three different Administrations, and seven Congresses. Throw in the people who make napalm, M16, and the other instruments of liberation, and we might have a trial that is logical and goes after the real villains. I know just the place to hold it. It's a town called Nuremberg."

This is irresponsible journalism at its worst. As (we hope and pray) responsible journalists, we condemn such lynch-mob hysteria. This is just the sort of abuse of freedom of the press to which Vice President Agnew has publicly complained.

As yet, the accused have not been given the benefit of trial. They have not been found guilty, and therefore are to be considered innocent. Let us have no hangings by the news media, or in our hearts and minds.

## Voice Of The People

### G I Answers Moratorium

Supporter

I frequently read the "Voice of the People". One letter in particular caused me a great deal of concern, the moratorium supporter of the November 20th edition of the "Culver". I would like to know where the originator of that letter received so much insight into the Vietnam War.

Like much of the literature of moratorium supporters nothing is proffered constructively at what should be done in Vietnam, only what has not been done. One can go on endlessly counting the blunders made in becoming involved here. I do not think that should concern us at the present time. Our withdrawal from Vietnam at the earliest possible time with the highest degree of Vietnamization. However, should concern us. Let our future leaders learn by our past mistakes and let us get to the business of dissolving ourselves of this war. I'm watching the Vietnamization process work, and I believe that before long America will be free of most of her responsibilities here. Why cry for immediate withdrawal?! How utterly stupid and senseless. Leave these people now and let every gain they have made slip and crumble? Establishing democracy is a long and harrowing process; why communism

can be effective in a matter of a short time. Maybe democracy will not work in Southeast Asia, but these suffering people deserve the chance and the time to make it work. Maybe there are people here who do not care what system of government they live under, but someday their children may care and many here care now. The course we are ensuing gives them that chance to prove their commitment to democratic ideals while at the same time free us of responsibility. Why not let it work?

Referring again to that letter from the moratorium supporter, I would like to know what underground newspaper the originator used to come up with this and I quote, "We are fighting there to protect the people from destruction by the Communists, yet we destroy their villages, uproot and separate families and kill people at a rate almost the same as that of the Communists". I would hate to see what would happen to the people of the villages and hamlets of South Vietnam if they were entirely exposed and left undefended to communist tactics. It would make the German blood baths of World War II seem like mere child play. One only has to look at what happened at Hue, the old capital of Vietnam, and observe the mass burial grounds of victims of communist terrorism. Each day more graves are discovered. Each day intelligence uncover communist documents directing the Viet Cong to kill and terrorize so many civilians in different districts just to control the masses through fear. One only has to see a small Vietnamese child left alone in a state of shock and utter nightmare, nearby his mother's head, breasts and limbs severed and his father hanging by his genitals. We ARE here to defend these people to the best of our ability, and it is truly regretful that mistakes are sometimes made by our forces and innocent people are killed. It has happened in every war. If we are destroying these people as you say we are then I would hate to see what the enemy is accomplishing.

You may be well justified in protesting this war. You do have a right to dissent, no one denies that. I sharply disagree on the way the dissention is being carried out. One only needs a little common sense to see that Hanoi can keep her troops thriving on American dissent and uncertainty. It does give the enemy encouragement to carry on his efforts. The louder you are (you can be quite loud), the less will the enemy be to slow its aggression, and the more puzzling it is for an American GI. I admire your willingness to save America, if it needs saving, but I deplore the far-reaching results of your actions.

Elephant

An Animal which everybody knows. With a tail that looks like his nose.

Of all the animals in the circus, the elephant attracts more attention than any of the others. So I feel that every child would love to learn how to draw a picture of one. It is a very easy and simple thing to do. Just try and you'll be surprised how well you can draw if you just use this system.

## Resolution Made Memorializing Rex Good

A resolution memorializing the educational work of the late Rex A. Good, Senior Teacher at Aubbeenaubee School, has been made a matter of record by the Board of School Trustees of the Culver Community Schools Corporation.

Mr. Good passed away on November 4th. The resolution calls attention to his long and successful record as a teacher in the elementary schools in this area.

"Rex, as he was familiarly known by friends, was born February 8, 1915, in Starke County. During a busy and fruitful life the record is punctuated with broad civic and professional interests. His love of family, his fine work in his chosen field of teaching, and his personal interests and leadership are attributes bequeathed to those who knew him.

"He gave of himself unsparingly. He played a master role in educational work which was his profession. His great personal attributes included patience, understanding and work well done.

"He gave of himself unstintingly. Certainly he exemplifies the statement of 'service before self'."

"To assess fully his contributions to his profession, his family, and friends would be most difficult. Even so, his devotion, interest, and work will be remembered and, though he is gone, he will remain important to the school program."

## CMA Fine Arts Dept. Ushers In Christmas

Susan Roos and Paul Hughes of Culver Military Academy will take part in a Christmas Musical to be presented on Friday, December 12, at 8:15 p.m. at the Music and Arts Building.

The public is invited to the program which will include a flute solo "Allegretto" by Hayden, played by Miss Roos, daughter of Mr. and Mrs. John F. Roos, West 18th Road, and a Gavotte, played by a wind and percussion group including Hughes, son of Mr. and Mrs. Milton Hughes, East Shore Lane.

The Fine Arts Department of CMA is presenting the program, by students of R. R. McMahon, bandmaster, and Daniel Keller, Academy organist. Other events on the program, will be a saxophone solo, numbers by the Blue Notes, Academy singing group directed by student Mark Potter, traditional carols played by the wind ensemble and Beethoven's "Pathétique Sonata" played by Mr. McMahon.

Another highlight of the musical week at Culver will be the famous work, Benjamin Britten's "A Ceremony of Carols", to be given Thursday evening, December 11, at CMA's Memorial Chapel. Mrs. Bruce Waterhouse, harpist, will accompany the choir, which will include some of Culver's most highly praised vocal soloists.

Other musical programs will usher in the holiday season. All events are open to the public and there is no admission charge.

The South Bend String Quartet will begin the series Wednesday, December 10, at 8 p.m. in the Memorial Library lounge. Works of Beethoven, William Grant Still and Fredrick Delius will be played. The quartet includes Nicholas Zuppas, Marilyn Fisher, Zeal Fisher and Edward Payson. Colonel Payson is the former bandmaster at Culver.

Thursday, December 11, at 9 p.m. in the Chapel, Culver's choir directed by Daniel B. Keller, will present Benjamin Britten's "A Ceremony of Carols." Mrs. Bruce Waterhouse, harpist for the South Bend Symphony, will accompany the choir.

This famous work, which has been recorded by the Robert Shaw Chorale, has a medieval flavor and is based on a group of medieval and renaissance poems. Most of it is sung in medieval English and there will be both a processional and recessional to an ancient chant. Soloists will be John Hartley, Peter Giammanco, Jim Turner, Marc Potter and Bob Claasen.

Before the Christmas concert, Mrs. Waterhouse and Keller will play two dances by Claude Debussy. The entire program will last about 40 minutes.

Save your neighbors reputation—nail down that loose talk.

You'll never meet success — get a hustle on and overtake it.

### Culver Drops Another Pair In Basketball

After leading most of the game the Culver Cavaliers dropped a heartbreaker to the Knox Redskins by a score of 87-70.

#### Reservets Win 2nd

Culver's tough reserve team notched its second victory in five starts by beating Knox 53-48.

In the first half, Culver pulled into the lead early and kept a 6 point (14-8) score at the end of the first period.

Culver outscored its opponents 12-11 in the second stanza to take a 33-19 commanding lead.

Knox cut Culver's lead quickly, however, and by the end of the third quarter the score stood at 42-33. Knox continued to cut Culver's lead down and at one point the Redskins trailed by only one. Another Cavalier scoring surge brought about the final score of 53-48.

#### Varsity Takes Early Lead

Culver played an excellent first quarter and with the first quarter concluded the hard-driving Cavaliers were out front by an 18-16 score. For the entire first half Culver was in command, with the visiting Cavaliers outscoring their opponents again to take a 41-36

lead at the half.

The long pass is sometimes useful in football, but it only proved to be the Cavaliers' downfall, as North Judson, who won its fourth game in a row, gave Culver its second weekend loss, 79-51.

In the first quarter, Judson used a tight full-court press that forced Culver into many turnovers and long passes that were intercepted by an alert Judson defense. When the fast-moving first was over Judson held a substantial 24-6 advantage over the unfortunate Cavaliers.

Culver got back on its feet in the second period and had 20 points to its credit by halftime. Judson, its shooting and hitting at a rapid pace, scored 29 points in this quarter and Culver trailed 53-20 at halftime.

However, in the third stanza coach Haskell's crew came to life. Sinking baskets from everywhere on the court, they scored 21 points. The defense also picked up and held the Blue Jays to only 11 and Judson's lead was cut to 23 as the score stood at 64-41.

Culver outscored North Judson in the final period also, but it wasn't enough to save the Cavaliers from their fifth defeat.

Stu Manchester paced Culver's attack with 18 points while Radtke led the Blue Jays scoring

with 15

#### B Team Loses Thriller

The Culver reserve squad lost a close one to a tough North Judson B-team squad, 50-47. Behind by nine and eleven points most of the way, Culver came surging back in the final moments. Behind just one point with second to go, a Culver foul resulted in two free shots made by Judson to put a three point advantage on the scoreboard.

### Local CMA Students Elected Cum Laude

Richard Brown and Earle Williams of Culver have been elected to early admission to Culver Military Academy's Cum Laude Society.

Cum Laude, a national organization comparative to Phi Beta Kappa at the college level, each year invites a select few top students to become members.

Brown, son of Mr. and Mrs. Marshall Brown, 450 Liberty St., and Williams, son of Mr. and Mrs. Warner Williams, 309 White St., are two of only three seniors chosen for early invitation to the Society this year.

Membership qualifications include both scholarship and character. Selection for membership in the Society is made by faculty members of the Culver chap-

ter, founded in 1925.

Brown, who has attended Culver five years, is a National Merit Semi-finalist, member of Blue Key, honorary junior scholastic organization, member of the honor concert band, varsity debate team, vice president of Forensics Society, co captain of the varsity soccer team this year, and holds varsity letters in soccer and rifle. He expects to enter Dartmouth College this fall.

Williams has also attended the Academy since the eighth grade. He has earned Gold A's for exceptional academic achievement every semester, is a member of Blue Key Society, has worked in student theatrical productions, plays center on the varsity basketball team this year and has won junior varsity letters in track and cross country.

The third member-elect of Cum Laude is Rafael Contin of New Orleans, La. The three students will be formally inducted into the organization during June Commencement Exercises.

Temperament is just a case of temper too old to spank.
