How to call long distance

Dial-direct (station-to-station)

All dial-direct calls are station-to-station which means the caller is willing to talk with anyone who answers. Dial-direct calls are charged at the lowest rate with additional savings to the caller if the call is placed in the evening or during the night and weekend time periods. For calls within Indiana, the initial rate period is one or two minutes, depending on the time the call is placed.

Dial-direct calls are those calls completed from a residence or business phone without operator assistance.

Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

How to dial direct

Within your area — Dial "1" and the telephone number.

Outside your area — Dial "1", followed by the appropriate area code and telephone number.

Helpful information

If you reach a wrong number, dial "Operator" immediately and explain what happened. No charge will be made for the call.

You will not be charged if you hang up before you dial the complete number or if the telephone number you dial is busy or doesn't answer.

To find an area code, check the list on page 8. If you can't find it there, dial "Operator."

To reach long distance directory assistance, dial "1", then the area code for the distant location, then "555-1212." For numbers in your area, dial "1", then "555-1212."

Operator-assisted

Operator-assisted calls are those requiring the assistance of an operator to complete the call. These include person-to-person, coin, collect, credit card, bill to third number, hotel guest and time and charge calls. The initial period for all operator-assisted calls within Indiana is two minutes.

How to place operator-assisted calls by "O-Express" Calling

"O-Express" is the new speedy way to place long distance calls. Dial "0" (zero) immediately followed by the appropriate area code (if calling beyond your area) and the distant telephone number. An operator will respond after your dialing.

When the operator asks, "May I help you?", explain

"I'm placing a person-to-person call to (name of the person you are calling)."

"I'm placing a collect call. My name is ____."

"I'm placing a credit card call. My credit card number is ____."

"Bill this call to (bill to third number)."

Area codes for some cities

Use the area code when it is different from that of the telephone you are using. When city names are not included, the same code is to be used for the entire state.

It's enough to make you see Yellow

Too much to do--too little time. But wait! Don't wad up your shopping list. Whatever you're looking for, you'll find a place to get it fast in the Yellow Pages. So sit down

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services ... repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you ... credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.
