Consumer information

► Consumer Groups

We welcome your comments about our policies and procedures, and we are pleased to discuss these matters with groups of customers. To comment or to arrange such meetings, please write or phone our consumer relations supervisor. The address is room 1700, 240 N. Meridian St., Indianapolis 46204; the phone number is 317-265-2593. (call collect.)

For your convenience, answers to questions we are asked most frequently appear on this and the next two pages.

If you want more information in any of these areas, please feel free to call your service representative in the Indiana Bell business office.

► How is my billing date determined?

Your billing date is determined by your telephone number and is the same date each month. This date is shown on your bill.

► When will I receive my bill?

You should receive your bill approximately 10 days after your billing date.

► When must the bill be paid?

The date by which payment for current charges is due is printed at the bottom of your bill. It is 22 to 25 days after your billing date.

► How am I billed?

The monthly charge for your local telephone service is billed one month in advance. Long Distance calls are, of course, billed after you make them.

Installation charges also are billed after the work is done.

► Is there a charge to make changes in your telephone service?

For most changes there is a charge. You can usually save money by including all desired equipment on the initial installation.

► How long will it take to get my phone service?

Most of our appointments for residential services can be scheduled for the second business day after your call. Business service installations may take longer.

► What will the phone company need to know?

The following information will be helpful when you call the business office.

- Complete street address (apartment number if applicable).
- How you would like your name to appear in the directory.
- The colors, styles and locations of telephones you want. Information on the back cover will help you decide.
- Information on previous telephone service—where, when and the telephone number.

► Will I be asked for a deposit?

If you have a satisfactory payment record for previous telephone service, you normally will not be asked to pay a deposit. If you have not had previous telephone service, you may be required to pay a deposit based on the service requested.

If we find it necessary to require that you pay a deposit, the amount ordinarily will be two months' estimated billing for your local and long distance service. Interest on your deposit will be paid at the rate of 6 per cent per year.

As an alternative to paying a deposit, you may provide a letter of responsibility from another customer who already has established credit with us and whose guarantee is acceptable to the company.

► If I pay a deposit, when will it be returned?

We want to return your deposit as soon as possible. We will review your residence account after a year. If you have been paying promptly, we will return your deposit.

If your deposit has not been returned within a year and you feel your home telephone payments have been prompt, call your service representative.

► Employee identification cards

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, signature and photograph. If you have the slightest doubt about anyone who says they are from the telephone company, please ask to see the card.

► Have a phone problem?

If your phone is not working properly, please call repair service. For any other problem, your service representative is trained to help and can be reached at the number listed on your telephone bill.

► Emergency calls on party lines

State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency—a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine of not more than \$1,000 or imprisonment for a term not exceeding 180 days, or both.

► Handicapped services

If you have difficulty using the telephone, perhaps one of our special services will help. We have many services to offer for those with hearing, sight, speech or motion impairments. Some are listed on the inside back cover. For detailed information, contact our business office.

► Out-of-town directories

Telephone directories of most cities and towns in the United States may be consulted at our business office. If you call phones in another city regularly, a directory for that city may be obtained by calling the business office.

► Party line calling

Call your Repair Service number listed on page 1 between the hours of 8 a.m. to 5 p.m. to obtain instructions for calling another party on your telephone line.

► Recorded telephone conversations ("Beep" tone)

If you hear a short "beep" tone on your telephone about every 15 seconds, your conversation is being recorded. This signal is provided for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to company tariffs. If you do not want your conversation to be recorded, ask the person to disconnect the recording machine.

► Tariffs

Tariffs which show rates, rules and regulations for telephone service and facilities as approved by the Public Service Commission of Indiana are available in our business offices for public inspection.

Consumer information

► Annoyance Calls

Don't talk to nuisance callers; they are looking for an audience. Hang up if the caller does not say anything, does not identify himself satisfactorily, or uses improper language. Call police if a threat is made. Call your Indiana Bell business office if such calls persist; telephone people will work with you and with police to apprehend the caller.

According to Indiana State Law, harassing callers shall be fined not more than \$1,000 or imprisoned for any term not exceeding 180 days, or both.

► Buried cable information

We want to avoid damage to buried telephone cables which could disrupt service. Twenty-four hours before you dig, with spade or power shovel, please call collect 317-635-3800 for specific cable locations.

► Communications consulting service

Indiana Bell communication consultants are available without charge to analyze the communications needs of business customers. To help plan changes in your communication system, contact your communications consultant by calling our business office.

► Programs and films

Contact your local business office for a brochure about our programs or to obtain a speaker for your

meeting. Call 317-265-2597 (collect) for a film from our large library of free-loan films.

► Educational aids

We have a variety of complimentary educational materials available for teachers from nursery school through college. Contact your Indiana Bell educational representative at your local business office.

► Directory listings

Every effort is made to make the directory as accurate as possible. The company is not liable for damages resulting from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

► Customer-provided equipment

Equipment, apparatus, devices or systems not furnished by the telephone company may be used with the company's equipment if such use complies with rules and regulations of the Federal Communications Commission and company tariffs. A service charge will apply when a repair visit is made and the difficulty is the result of customer-provided equipment.

Types of long distance calls

You can "O-Express" the operator-assisted calls listed below. See page 6 for instructions.

Bill to third number: Customers may place calls and bill the charge to another telephone. This service requires operator assistance to record the number to be billed.

Coin telephone and hotel guest calls: These services require operator assistance to record the charge or billing for the call.

Collect: You may request the operator to ask the called party if he is willing to accept charges on this type of long distance call. If you want to make a "collect" call, please be sure to tell the operator when you place the call.

Credit card: Customers who have Bell System credit cards may place calls and charge them to their credit card numbers. These calls require operator assistance to record the credit card number. Customers may apply for a credit card by calling their local Indiana Bell business office.

Person-to-Person: When the caller wishes to speak only to a particular person, or a particular telephone, department or office reached through a customer's switchboard (PBX), this most expensive of all classes of calls is used. Timing starts when the call is established between the calling party and the party called.

Time and charges: Customers may request from the operator the amount of time and charge for any operator assisted call. If you want Time and Charges on a call, please be sure to tell the operator when you place the call.

Conference calls

You can talk with several people in different places at the same time. Tell the operator you wish to make a long distance "conference" call.

Mobile Calls—Air—Land—Marine

You can make local (where facilities are available) and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile, Marine, or High Seas Operator. For information on other Communications Common Carriers, consult the Yellow Pages under PAGING & SIGNALING, and RADIOTELEPHONE COMMUNICATIONS headings.

Wide Area Telecommunications Service (IN-WATS)

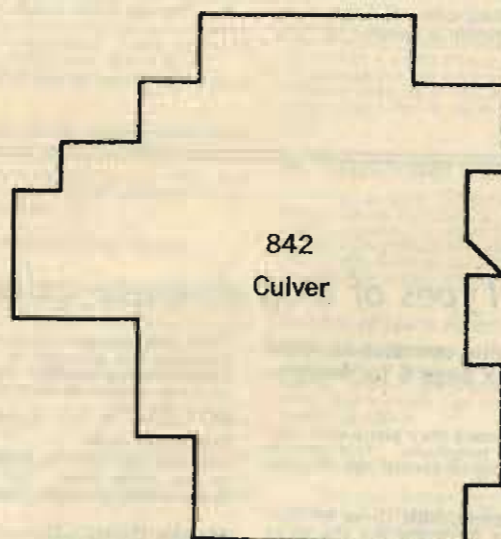

Station-to-station long distance calls may be made, without charge to you, to those telephones equipped for wide area service. Dial "1" plus area code "800" plus the special telephone number of customers having this service. Dial "1" plus the area code, "800", plus "555-1212" to obtain the telephone numbers of those customers who offer incoming long distance calls without charge to the caller.

Community locations and numbers

"Prefixes" are the first three digits of the telephone number.

Culver telephones:

Calls from Culver to places not shown on map are long distance. See pages 6 & 7 for dialing instructions.

How to call long distance

Dial-direct (station-to-station)

All dial-direct calls are station-to-station which means the caller is willing to talk with anyone who answers. Dial-direct calls are charged at the lowest rate with additional savings to the caller if the call is placed in the evening or during the night and weekend time periods. For calls within Indiana, the initial rate period is one or two minutes, depending on the time the call is placed.

Dial-direct calls are those calls completed from a residence or business phone without operator assistance.

Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

How to dial direct

Within your area — Dial "1" and the telephone number.

Outside your area — Dial "1", followed by the appropriate area code and telephone number.

Helpful information

If you reach a wrong number, dial "Operator" immediately and explain what happened. No charge will be made for the call.

You will not be charged if you hang up before you dial the complete number or if the telephone number you dial is busy or doesn't answer.

To find an area code, check the list on page 8. If you can't find it there, dial "Operator."

To reach long distance directory assistance, dial "1", then the area code for the distant location, then "555-1212." For numbers in your area, dial "1", then "555-1212."

Operator-assisted

Operator-assisted calls are those requiring the assistance of an operator to complete the call. These include person-to-person, coin, collect, credit card, bill to third number, hotel guest and time and charge calls. The initial period for all operator-assisted calls within Indiana is two minutes.

How to place operator-assisted calls by "O-Express" Calling

"O-Express" is the new speedy way to place long distance calls. Dial "0" (zero) immediately followed by the appropriate area code (if calling beyond your area) and the distant telephone number. An operator will respond after your dialing.

When the operator asks, "May I help you?", explain

"I'm placing a person-to-person call to (name of the person you are calling)."

"I'm placing a collect call. My name is —."

"I'm placing a credit card call. My credit card number is —."

"Bill this call to (bill to third number)."

LOWEST RATES DIAL-DIRECT ONE-MINUTE RATES						
Dial-direct calls are those interstate calls (excluding Alaska and Hawaii) completed from a residence or business phone without operator assistance. Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available. On dial-direct calls, you pay only for the minutes you talk. The initial rate period is <u>one minute</u> any time of day or night. Additional savings apply if you dial direct during the "discount" time periods indicated on the chart below.

HOLIDAY RATES

New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day
On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights & weekends).

On operator assisted calls, the dial-direct discount rate applies only on additional minutes. Federal Excise Tax and any applicable state and local taxes are not included in the above rates. Discount rates illustrated are rounded. Charges are based upon rates in effect at the time of connection at the calling point, including calls beginning in one rate period and ending in another.

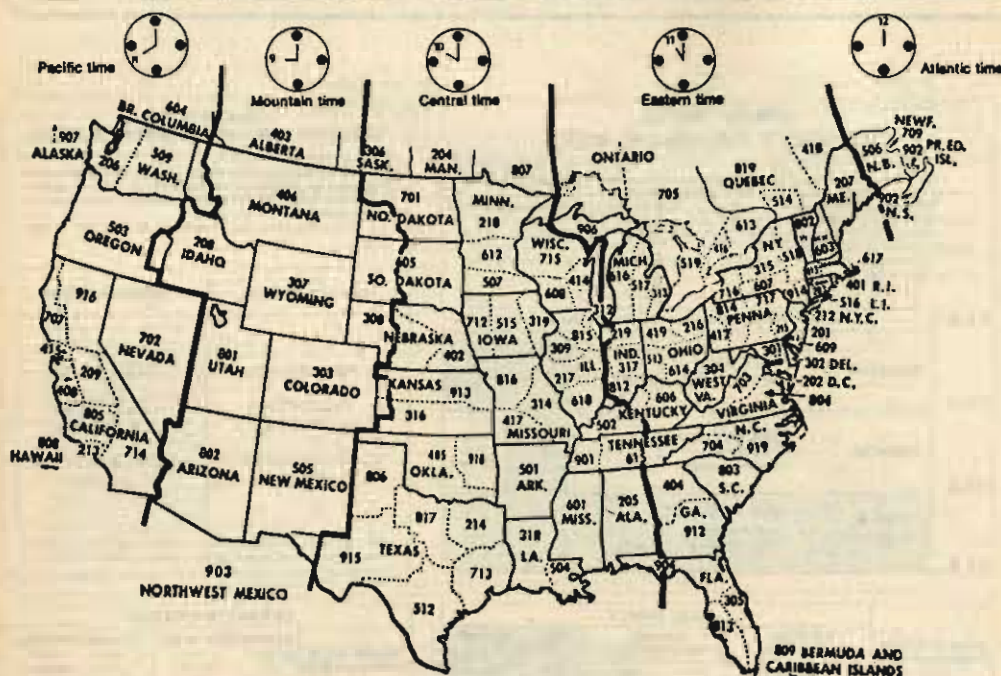

*CALLS OUTSIDE CONTINENTAL U.S. (INCLUDING ALASKA AND HAWAII)

There are different dial-direct rates that apply on calls to Hawaii, Puerto Rico, U.S. Virgin Islands, Canada and the Bahamas.

Other locations capable of being dialed direct are Alaska and parts of Mexico, including Mexico City.

For calls to all other points outside the continental U.S. dial "0" and ask the operator to place your call. The operator can also give you rates for calls to these locations.

*It's Just Good Business and
It Can Bring You More Business*

It will be faster and easier for out-of-town customers to call you when you display your Area Code with your phone number on stationery and other printed matter.

You can save time, too, by using the Area Code on all of your long distance calls.

Call us before
you dig. You may
not be able to
afterwards.

One slashed telephone cable can disrupt service for thousands - including you.
So before you dig, call collect area (317) 635-3800.
We'll come out and show you where the cables are.

Services for Everyone

Basic telephone service provides a black, standard rotary-dial phone. In addition to individual flat rate service, we also offer party line flat rate service for customers with minimal communications needs. Party line customers share a line with others and pay a lower monthly charge.

Touch-Tone® Service

Pushbutton calling is faster than dialing. The monthly charge is for Touch-Tone service, no matter how many phones you may have. Three or more sets—including Trimline® or Princess® phones—may be ordered at a saving in the Touch-Tone Package.

Special Helpers

Volume Control

By adjusting a wheel on special phones, the volume of a received voice may be turned up to aid a partially deaf person. Volume control also amplifies weak speech.

Speakerphone

With speakerphone, a telephone may be used without lifting the receiver. Conversations may be carried on from anywhere in the room—by one person or an entire family.

Telephone Adapter

The adapter is for persons using a hearing aid device with a telephone pickup feature. Small enough to be carried in pocket or purse, it may be attached and removed quickly from a telephone receiver. Trimline phones and some Design Line® sets require the adapter for use with some hearing aids.

Telephone Credit Cards

These cards enable customers to quickly charge long distance telephone calls to home or business numbers. They eliminate dropping coins in public phones or billing calls to a third number.

Number Card

A large Number Card for rotary telephone dials, available at no cost to persons with vision problems.

Tone Ringer

The Tone Ringer concentrates telephone sound in a frequency range audible to persons with certain types of hearing impairment.

Artificial Larynx

This small, self-contained device provides a voice for vocally-handicapped persons. It can provide speech volume equal to that of normal vocal cords. The artificial larynx is offered at cost as a public service.
