Grace United Church of Christ is not a building, although we do use a building to give expression to our existence in this community. Grace United Church of Christ is PEOPLE, young and old, short and tall and in between, united in our effort to BE the Church of Jesus Christ and to share a loving, caring responsive fellowship with each other.

This directory is an effort to make more visible our community of faith so that in knowing each other, we can also love each other. Our concern is of course not limited to the people whose pictures and names appear in this directory. But it is our sincere prayer that in practicing the art of loving within this community, we may learn to love those beyond, to encompass all of God's people.

May God bless you in this challenge.
