## A MESSAGE FROM THE PASTOR ...

We are very pleased to present this Church Directory to you. We invite you to keep it near your telephone and use it regularly in making local calls to Wesley families. If you have wondered who certain families were in our church, here is your opportunity to identify them and get better acquainted with them. The opening pages of the Directory, we hope, will help you see some of the many activities of the church. The inclusiveness of our fellowship is not limited by the pages of this book. As you leaf through the following pages may they deepen your appreciation for Wesley Church and God's working through our fellowship.
