Saturday evening, a young couple  
accompanied by several friends, re-  
paired to the M. E. church parson-  
age and were made man and wife  
by Rev. Forest C. Taylor. The  
contracting parties were Marion Keen

**Girls Beware.**

I will take any one worthy of  
consideration in the matter to a man  
whose business it is to send out agents  
to scour the country for girls who,  
under promises of good situations,  
are brought to this city for hellish  
purposes. Neyer was that business  
more flourishing than at present.  
In June, 1899, one of these cases  
got into print: Fifteen young wom-  
an were brought to this city from the  
neighborhood of Allentown, Penn-  
sylvania. Those cases got into the  
courts; hundreds do not. The de-  
tails of this commerce are the most  
shocking of all that flourish. It is  
a traffic that invades the sanctity  
of the home, hundreds of miles  
away. It tugs at the heartstrings of  
mothers."—Franklin Matthews in

**DEAD BODY IS FOUND**

**MYSTERY OF CRIPPLE'S DISAPPEARANCE IS SOLVED.**

**Tragedy Near Caledonia, Minn., Causes Arrest of Missing Man's Parents and Brothers—Mother Kills Her Son Because He Smoked Cigarettes.**

The mystery which surrounded the strange disappearance of Peter Sac Mary, a cripple, aged 28, living with his parents on a farm near Caledonia, Minn., has finally been solved. The body of the young man was found in a badly decomposed condition about a mile from the Sac Mary farm. Across the remains lay two saplings, showing that the man did not meet death by his own hand. Immediately on the discovery of the body the parents and three sons were arrested, charged with murder. Sac Mary disappeared one Sunday last May. He was a cripple, both feet having been frozen off. A search was instituted for him, but not the slightest trace of him could be found. The farm of his parents was carefully searched by the authorities, but without results. The parents told several conflicting stories.

**MOTHER'S AWFUL CRIME.**

**Brutally Murders Her Son and Sets Fire to the House.**

Firemen called to the residence of Mrs. Effie Cawthon, a widow in Chattanooga, Tenn., broke open the locked door of a bedroom and discovered the dead body of Clifford, the 16-year-old son of the widow, lying on the bed in a pool of blood, his head literally hacked to pieces with a hatchet, which was lying near by. It was evident that murder had been committed during the night and the building set on fire for the purpose of concealing the crime. Mrs. Cawthon, the mother, confessed that she committed the deed and that it was her intention to kill the whole family. She said the reason she killed the boy was that he was bad and smoked cigarettes.

**PUNISHED FOR CRUEL CRIME.**

**Dakota Farmer Gets Life Sentence for Murdering Aged Neighbor.**

Lorenzo Stevens has been convicted of the murder of Samuel Livingston and sentenced to life imprisonment at Elk Point, S. D. Livingston was a widower, 50 years of age. He became infatuated with Stevens' daughter, 20 years of age, and wanted to marry her against the wishes of her parents, who claimed Livingston had an undue influence over her. The two men had quarreled over the strange relations and on June 15 Stevens shot Livingston twice, killing him instantly.

**Sues Executors of Will.**

At Akron, Ohio, Mrs. Sophronia Ritchie has brought suit against Charles Baird and John B. Wright for the recovery of \$500,000 in stocks and for \$100,000 damages. The defendants are the executors of the will of the late Thomas W. Cornell, and Mrs. Ritchie alleges fraud.

**Shoots a Man for a Deer.**

Dr. Walter B. Palmer of Utica, N. Y., with a party of friends, went to North Woods to hunt for deer. Guide Marcus Earle had gone ahead of the party to try and locate some game. Suddenly, seeing something brown moving in the thick brush, Dr. Palmer took deliberate aim and shot his guide.

**Sheriff Outwits Armed Mob.**

A mob numbering 500 armed men congregated at the Brazil, Ind., fair grounds and planned to raid the county jail and lynch Samuel Harmon, who murdered young Charles Reynolds. Sheriff Klingler heard of the coming of the mob and spirited the prisoner away to the Vigo County jail.

**Boll Weevil Destroys Cotton.**

W. S. Robson, one of the most extensive cotton planters in Texas, has gathered statistics from the Brazos and Colorado valleys, and declares that the boll weevil has destroyed \$6,000,000 worth of this year's cotton crop.

**New Bright Light Found.**

In Utah a scientist has discovered a new gas obtained from petroleum, which burns with a brighter light than calcium or an electric arc. With a pint of kerosene the scientist produces a 700-candle power light.

**Murder a Keeper.**

Two colored prisoners, in an attempt to escape from the prison attached to the seventh district court in West Fifty-fourth street, New York, killed Keeper Hugh McGovern, 51 years old.

**Death in a Cyclone.**

A cyclone struck some farm buildings in Gypsum township, ten miles from Wichita, Kan. John S. Moor, a farmer, was killed and his brother seriously injured.

**Explosions Kill Many.**

Tremendous explosions in Tarrant & Co.'s drug house in New York caused \$1,000,000 damage to property and caused the loss of from 35 to 100 lives.

**Cigar Causes a Big Fire.**

A fire, believed to have started by the throwing of a lighted cigar stump in a heap of refuse, caused a loss of \$150,000 in the Paige iron works in Chicago.

**Thanksgiving Day Nov. 29.**

President McKinley has issued his proclamation appointing Nov. 29 as Thanksgiving day.

**FROM THE FOUR QUARTERS OF THE EARTH**

**BUMS ROB THE BANKS.**

**Recent Safe Cracking Jobs Not the Work of Expert Burglars.**  
A Des Moines institution believes it has discovered a solution for the numerous bank robberies that have been taking place all over the country. It appears that most of the work is being done by bums and not by experts. These men choose some small place where the bank has an old-fashioned safe, and crack it with nitroglycerin. They do not try larger places, for the safes there are too well protected to be injured by this explosive. The fact that the work is being done by hoboos is proven by the fact that when searched large numbers of them have been found to be carrying this explosive. The investigation has been conducted by Pinkerton detectives. Bums have been searched in most of the large cities of the middle West and many of them have been found to be carrying nitroglycerin. Besides out of the nineteen convictions of bank robbers that have been secured with the assistance of this company, seventeen have been bums. It was a mystery for some time where they gained their knowledge of the use of the explosive, but it has been discovered that most of them were employed on the Chicago drainage canal and there learned how to use it with safety. Since then they have become tramps and put their knowledge to use.

**SAVED BY SISTER'S BRAVERY.**

**A Thirteen-Year-Old Girl Rescues Her Brothers from Burning House.**  
To the heroic efforts of Mary Dodds, 13 years old, is due the rescue of her brothers John and Norman, aged 9 and 3 years, respectively, from a shocking death at North Tonawanda, N. Y. During the absence of Mr. and Mrs. Dodds, Mary and a younger sister, Jennie, went down into the cellar, leaving their two brothers asleep in the second story. The older of the two girls lighted a lamp at the foot of the cellar stairway and threw the match into a pile of rags. The rags became ignited and a blaze quickly sprang up. Mary found her escape by the stairway cut off. She rushed to a window in the front of the cellar and smashed it with both hands, then rushed into the burning house to rescue her brothers. Smashing a window in the front part of the house, she dragged the unconscious forms of her brothers to the opening and succeeded in getting them to the ground.

**WANT IN YUKON VALLEY.**

**Survivors Are Not Able to Care for the Bodies of the Dead.**  
A report has just reached the Treasury Department from Alaska that has opened the eyes of the officials to the horrible condition of the natives living along the Yukon. All the people are in want, and the dead have accumulated so fast that the living are unable to give them proper burial. In some instances the dogs of the villages have dug up the dead. In a special dispatch from Agassiz, B. C., it is said that 200 Indians are in a starving condition at Hamerton Meadows, 150 miles north of Agassiz.

**PERISHES IN A SHOCK OF CORN.**

**Insane Woman Dies in Flames She Herself Had Started.**  
Standing silent with her hands in the attitude of prayer and making no attempt to shield her face from the flames, Mrs. Mary Wilzek, wife of a Berea, O., farmer, burned herself to death in the center of a shock of corn in one of her husband's cornfields. She had been regarded as mildly demented, and was supposed to be constantly watched.

**Henry Ivory Is Convicted.**

Henry Ivory, colored, charged with complicity in the brutal murder of Prof. Ray Wilson White, law instructor of the University of Pennsylvania, has been convicted of murder in the first degree at Philadelphia. Prof. White was murdered with a railroad coupling pin and robbed on the street May 19.

**Kansas Town Destroyed.**

Dunavant, Kan., was partially destroyed by fire. The business portion is a total loss, including Richardson's store and hotel, the postoffice building, three residences, steam laundry, grist mill, Younley's manufacturing plant, and contractors' shop and office.

**Tragedy at Halsted, Minn.**

Percy Baker shot his sweetheart, Nettie Larson, at Halsted, Minn. Her recovery is doubtful. Baker is married and wanted to marry the girl when he could get a divorce. She, however, had wearied of his attentions.

**Escape from Prison Bonds.**

Five prisoners confined in the county jail at Doniphan, Mo., escaped by tunneling from the iron cage in which they were confined through a brick wall and then through the stone foundations of the jail.

**Put in Jail for Contempt.**

Judge Wing of the Common Pleas Court ordered President D. B. Steuer of the Cleveland City Council sent to jail for contempt in refusing to testify in the councilmanic bribery investigation.

**Lumber Dealer Assassinated.**

Jos Chesser, a leading lumber dealer of Bristol, Tenn., was assassinated at Norton, Va., while going out of a hotel. The assassin has not been arrested.

**TAKE COW UP TWO FLIGHTS.**

**Sensational Acts of Students of Mount Union College.**  
At midnight the other night 100 students of Mount Union College, Alliance, Ohio, robed in white and closely masked, obtained entrance to the ladies' hall by breaking in a window sash. President Riker's family cow, which had been captured, was then taken into the building and shoved and carried up two flights of stairs to the third story and securely tethered. Then, amid cheers and songs, the students made their way to the college, overpowered the watchman and overturned the stoves and piano and threw all movable furniture out of the windows. The family were then serenaded, after which the white-robed figures made their way downtown and ended up the night's demonstration with a war dance on the public square.

**Will Annex West Florida.**

Secretary of State McDavid of Alabama has taken the first step toward annexing West Florida to Alabama. In its annual report to the Governor the Secretary of State says that Alabama runs a mile farther south on the eastern boundary than the tract books have heretofore shown, and that the State is possessed of a wedge of land, which his office records failed to show it owned, running 100 miles along the southern end of the State.

**Negro Riot in Pennsylvania.**

A riot occurred in a restaurant at Hyndman, Pa., conducted by Willis Caves, a negro. Adam Shroyer, who was sitting at one of the tables, cheered lustily for Bryan and angered some negroes who were present. Knives and pistols were drawn and an effort made to kill Shroyer and his young son. A score of shots were fired, but no one was hit.

**Slain by a Sentinel.**

John Sollenon, a young Swede, was shot and killed by one of the sentinels on guard duty at Fort Hancock, Sandy Hook. The Swede was walking along the beach near the fort and was mistaken for a private who had escaped from the fort. The Swede was challenged by the sentinel the second time, but refused to halt and was shot down.

**Capture Burglar and Plunder.**

The Milwaukee police have recovered \$2,000 worth of stolen jewelry taken from the residences of William Mariner, W. Hoffman and Ferdinand Schlesinger. The four burglars were arrested in Chicago.

**Explodes Harbor Torpedoes.**

Leole Wilhelm, wife of John I. Wilhelm, a truck gardener, was found murdered on the west bank of the White river in Indianapolis. All the indications show that the woman was strangled to death besides being assaulted and robbed. Three arrests have been made. The murder is one of the most atrocious in the memory of the police department and there are several mysterious features about the affair. The body was found lying in the sand and weeds and marks of violence were plainly visible. Large, black bruises about the throat indicated the manner in which the woman met her death. Her clothing was all torn off and lay on the sand near by. The pocket of her skirt was torn off and some distance away the pocketbook was found. There were marks of a struggle which were carefully noted by the police, but there is conflicting evidence that the crime was not committed at this place.

**ORDERS FOR CONGER.**

**Washington Anxious for Negotiations to Begin in Peking.**

The United States government is making every effort to induce Minister Conger, and through him his colleagues of the diplomatic corps in Peking, to come to an agreement that will insure the initiation of peace negotiations between China and the powers. Considerable dissatisfaction is felt in Washington over the delay in beginning the peace conference, and it is probable that Minister Conger will be made to understand that the failure to open up the negotiations is very displeasing to the Washington authorities.

The official advices received in Washington concerning events in Peking indicate that the foreign ministers are more deeply engrossed in arranging a comprehensive punitive program than they are in removing the menace to the peace of the world which lies in the postponement of the negotiations with the Chinese plenipotentiaries. It is the opinion of the very highest officials of the government that, unless the ministers enter soon into formal conference with Li-Hung-Chang and Prince Ching, China will become involved in the throes of anarchy.

Men prominent in official circles hold that the Chinese situation has not passed the critical stage. They say that China is in a chaotic state. Everything concerning the future is uncertain, and the unruly element, realizing this, is ready to make more trouble. A speedy settlement of the existing difficulties, they hold, is the greatest assurance of peace. There is no violation of confidence in the statement that Minister Conger and his diplomatic colleagues are being criticised in government circles for giving too much attention to the matter of reprisals and not enough to the more important matter of beginning the negotiations for peace.

**BOERS FULL OF FIGHT.**

**Keep Up a Harassing Warfare Throughout South Africa.**

The military situation in South Africa is as bad as can be imagined from the British point of view. The Boers have effected an unbroken series of considerable successes in every corner of the theater of war, and gravest of all is the evidence of their ability to isolate Cape Colony from the north. An attempt to send British reinforcements from Bloemfontein to strengthen the lines of communication in the southern part of the Orange River colony has failed. There has been persistent sniping as far south as the Fraserburg road.

This determination to display a solidarity of race feeling puts enormous difficulties in the way of Lord Roberts in his work of suppressing guerrillas with a severe hand. The Cape Dutch practically say, "Unless you treat the Boers as honorable belligerents, we will make your soldiers suffer."

It will be impossible, a correspondent says, to suppress what would be called disaffection in the north of the colony if families are deported, as was done at Jagersfontein, after an attack from the garrison there. The Boers will be able to fight for months among their trackless highlands and easily trap and destroy parties of stronger troops if an attempt is made to burn and raze little homesteads.

**DASH TO ESCAPE PRISON.**

**Keeper Shot Dead and One of Three Burglars Looses His Life.**

Hugh McGovern, keeper of the prison at the West Fifty-fourth street police court in New York, was killed Monday by three escaping burglars, one of whom was killed and one fatally injured, while the third managed to get away. McGovern discovered the men, Joseph Emerson, Arthur Flanagan and George Wilson, sawing through the iron bars of a window of the second tier of cells in the third floor of the prison. Seeing they were detected the men turned on McGovern and after a fierce struggle beat him to death.

Flanagan then slid down a rope improvised out of bedding. He succeeded in getting safely away. Wilson followed, but when he was half way down, the rope broke and he fell into the court yard and probably was fatally injured. Emerson jumped from the third story window and was instantly killed.

**FLOOD AT HONOLULU.**

**Heavy Rainfall Submerges a Large Portion of the Town.**

The heaviest rainstorm which has occurred in Honolulu within two years broke Tuesday night. For half an hour the rain fell in torrents, and within a short while the streets were impassable. The rainfall in Nuuanu valley, about two miles from Honolulu, was 8.15 inches, and it varied slightly near the city. The Nuuanu stream was soon swollen beyond its boundaries, and came sweeping down with increasing speed. It broke its banks and washed every movable object away.

Acres of the town on both sides of the river were submerged to a depth of three feet, and some of the houses near the bank were almost washed away, the Chinese being driven away in wild haste. The water covered the floors two feet deep in some cases.

**UNITED STATES WILL OPPOSE.**

**Not to Permit Germany to Have a Venezuelan Coaling Station.**

Any attempt on the part of Germany to establish a coaling station in Venezuela or in any other country of the western hemisphere will be opposed by the United States. Such action would be in violation of the principles of the Monroe doctrine, which, it is said, the administration is determined to uphold. Germany is anxious to acquire sites for coaling stations in the western hemisphere. At the time this government commenced negotiations for the acquisition of the Danish West Indies it was well understood in Washington official circles that Germany was anxious to obtain control of them, and it was only the determined attitude of the United States that forced her to relinquish the designs she possessed on these islands.

One of the profound mysteries in this world is the marvelous psychological change that comes over respectable, intelligent and otherwise wise laymen when they are elected by their fellow-citizens to serve on school committees. Persons who would never dream of superintending an electric plant, managing a railroad, building a bridge over Niagara, leading an army or commanding a ship, enter upon the duties of a school committee with the astonishing presumption that they can with safety minister directly to the welfare of children, mold society into right living, and shape the destinies of a nation by means of common education; that they can make courses of study, select teachers, examine pupils, and manage the internal and pedagogical affairs of a school system.

Last Saturday's game between Kewanna and the second team resulted in a victory for Culver, the score standing 48 to 0.

Kewanna kicks off to Winter, who makes 15 yards. Koontz advances the ball 10 yards and Winter makes slight gains when the ball is lost on a fumble. Kewanna loses the ball on downs, however, and the leather is rapidly rushed down the field to the 20-yard line, where it is fumbled, but Taylor gets it and succeeds in making a touchdown. Cadden kicks goal. Score 6 to 0.

McNeely gets the kick-off and makes 10 yards. The ball is lost on a fumble but is regained on downs. Maddux breaks the line for 15 yards, carrying five or six men with him, and on the next down advances the leather 6 yards further. Wilson and Winter make 5 yards each. Ten yards is lost on a fumble, but Koontz brings it back on the next down. (Wilson, a mite, who was playing right end on this Kewanna team had his collar bone broken in this down, and Goldtrap took his place. He exhibited wonderful nerve however, being anxious to play despite his injury.) Winter makes 12 yards, and Koontz secures 6 more by a fake around the end. Winter backs for 5 yards and makes 8 yards and a touchdown. Cadden kicks goal. Score 12 to 0.

Kewanna kicks off to Cadden who makes 12 yards. Koontz goes around left end for 30 yards. Small gains. Van Ryper makes 21 yards, but the ball is fumbled. Kewanna punts 5 yards to Koontz who brings it back 15 yards. Winter hits the line for 5 yards and Kewanna holds Culver for downs. Time is called with the ball on Kewanna's 15 yard line.

In the second half, Wilbur kicks off to Kewanna and the runner is downed on the 15 yard line. For the first and only time during the game Kewanna succeeds in making the required five line, but it is only a short brace, for on the next down they lose three yards owing to Maddux's fine tackling behind the line, and the ball goes over. Van Ryper makes 10 yards but has to leave the game on account of a sprained ankle, Smith C. taking his place. Winter makes five yards and then Maddux carries the pigskin over the line for a touchdown. Cadden kicks goal. Score 18 to 0. Winter gets the kick-off and makes small gain. Koontz, 21 yards; Maddux and Winter 18 yards. Koontz, 40 yard run around right end. (In this down Winter was hurt and Woodward took his place.) Woodward 10 yards; Maddux 5 yards and a touchdown. Cadden kicks goal. Score 24 to 0.

Wilbur gets the kick-off and makes 15 yards. In the first down, Koontz goes around the right end for a 70 yard run and a touchdown. Cadden kicks goal. Score 30 to 0.

Barrington gets the kick-off and makes 20 yards. On the first down Culver works the fake punt successfully and Woodward goes around the end for a 75 yard run and a touchdown. Cadden kicks goal. Score 36 to 0.

After this touchdown it is decided to give more of the third team men a trial, consequently Heidrick and Potter take the places of McNeely and Maddux, respectively. Woodward gets the kick-off and makes 15 yards, Potter 20 yards around right end. The ball is then advanced by steady plunges to the 5 yard line when Koontz carries it over the line for a touchdown. Cadden kicks goal. Score 42 to 0.

Woodward had to leave the game at this point owing to an injury. McNeely taking his place. Barrington gets the kick-off and never stops until he has made a hundred yard run and a touchdown, but because Hoshorn had one of Kewanna's players, the ball is brought back to the 30 yard line. Potter covers this distance on the next down, however, and Cadden another touchdown. Cadden kicks goal. Score 48 to 0.

At the request of Kewanna, the game was called at this point, in order to give the visitors time to catch the noon train for home. The Kewanna boys are all jolly fellows, and took their defeat good naturedly.

Next Saturday afternoon Lake Forest academy, of Chicago, will play our first team. This is the team that scored against our team last year, and as they have won every game they have played thus far this season, we will have to work for all there is in it in order to win. We understand that the rooters will be well organized, and headed by the band they expect to do much toward helping our boys along. This is a good idea, as it puts life in a team as nothing else will do, and will be a great factor in the contest.

George Fred Williams of Massachusetts delivered a philippic against imperialism before a large audience at Covington, Ky. He also vigorously attacked Senator Hanna as the representative of the moneyed class.

REMARKABLE CAMPAIGNING

OF BRYAN AND ROOSEVELT.

"WELL, BOYS, YOU'VE CERTAINLY BROKEN THE RECORDS."

This presidential campaign has been remarkable in more ways than one. In the first place, there has been the most systematic and thorough canvass ever made in the whole history of American politics.

Table comparing Roosevelt and Bryan records: States covered, Cities visited, Speeches, Total words, Number of auditors.

Thus Roosevelt averaged each day 12 speeches of 2,000 words each, and Bryan seven of 3,700 words each.

THE RAILROADS

The voluntary relief department of the Burlington system is in a flourishing condition.

About \$1,650,000 has been expended in improving the road bed of the Texas line of the Santa Fe system.

The Association of Railway Superintendents of Bridges and Buildings held its eleventh national convention at St. Louis.

Earnings of the Milwaukee and St. Paul system for the third week in October decreased \$21,000, compared with a year ago.

Chesapeake and Ohio earnings for the fourth week in September increased \$158,265. For the month the increase was \$226,913.

Officers of the Illinois Central have started in on a fall booming of this road's new line between Chicago and Hot Springs, Ark.

Executive officers of between forty and fifty western roads met in St. Louis to consider an agreement for the restriction of passes during 1901.

Seven new passenger engines have been received by the Illinois Central road. The locomotives delivered are the first of a recent order for thirty.

The annual report of the Wisconsin Central Railway shows: Gross earnings, \$5,637,416; operating expenses, \$3,580,935; net earnings, \$2,056,480.

The Atlantic freight service arranged by the Norfolk and Western, the Chesapeake and Ohio and the Southern Railway will soon be put in operation.

The Texas and Pacific officials announce that that road has re-entered the southwestern passenger bureau, from which it withdrew several weeks ago.

Another big contract for freight engines has been awarded by the Burlington road for thirty locomotives to be known as the prairie type.

The Mississippi Railroad Commission declined to recede from its original schedule of rates on cotton seed, which is 4 cents minimum to 12 cents maximum, with 25 per cent added for joint hauls.

The special campaign trains which have been run by the railroads in the central States have not proved very profitable to the transportation companies; in fact, officers of many of the lines that have engaged extensively in operating these political trains say that they have been run in a majority of instances at large net losses.

The courts will have to settle the matter.

# HELP FOR WOMEN WHO ARE ALWAYS TIRED.

"I do not feel very well, I am so tired all the time. I do not know what is the matter with me."  
You hear these words every day; as often as you meet your friends just so often are these words repeated. More than likely you speak the same significant words yourself, and no doubt you do feel far from well most of the time.  
Mrs. Ella Rice, of Chelsea, Wis., whose portrait we publish, writes that she suffered for two years with bearing-down pains, headache, backache, and had all kinds of miserable feelings, all of which was caused by falling and inflammation of the womb, and after doctoring with physicians and numerous medicines she was entirely cured by

## Lydia E. Pinkham's Vegetable Compound.

If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that there is an absolute remedy which will relieve you of your suffering as it did Mrs. Rice. Proof is monumental that Lydia E. Pinkham's Vegetable Compound is the greatest medicine for suffering women. No other medicine has made the cures that it has, and no other woman has helped so many women by direct advice as has Mrs. Pinkham; her experience is greater than that of any living person. If you are sick, write and get her advice; her address is Lynn, Mass.

# NEW YORK DISASTER.

## EXPLOSIONS WRECK A LARGE BUILDING.

### Hundreds Are Killed or Injured by Falling Walls and Flying Debris—Flames Started by the Explosions Spread Until a Block Is Burned.

Tarrant & Co.'s wholesale drug house, at the northwest corner of Warren and Greenwich streets, New York, was the scene of an awful disaster at 12:15 o'clock Monday afternoon. The entire building was wrecked by a mysterious explosion, or series of explosions, which shook the whole lower part of New York. Many lives are known to have been lost. Hundreds were hurt and many will die as a result of their injuries. The wrecked building caught fire and the flames spread to both sides of the street, and the fire department had a hard fight to keep the fire from spreading over an area of several blocks.

Four times did the ominous sounds come from the building. At each explosion debris shot out into the street, flames roared out of every window and the flying bricks and debris shattered the structure of the Sixth avenue elevated, which passes the doomed building. There were over 200 people in the Tarrant building at the time of the explosion, and few are said to have escaped. It was said by spectators who saw the column of smoke, flame and debris rise about 300 feet in the air over the wrecked wholesale drug house that the explosion dashed out many human lives. Human bodies were seen to fly upward and then turn and descend into the furnace-like hole in the roof.

All accounts agree that the force of the detonations, especially of the first one, which hurled the roof of the drug house high in the air, was terrific enough to warrant the assumption that some powerful explosive must have caused the damage. For blocks in the immediate vicinity of the wrecked building could be seen the evidences of the force of the drug explosions. Windows were shattered and the sidewalks were strewn with bits of glass, bricks, clothing, etc.

Wall street plainly felt the shock of the explosions. Heavy plate-glass windows in that thoroughfare were shattered, people were hurled against the walls of buildings and the street was strewn with debris. In the Irving National Bank, opposite the Tarrant Building, the shock of the second explosion was great enough to throw all of the clerks and officials to the floor. Thinking that their own building was about to fall, they rushed out in a mass, several being hurt in the crush. Before they left, however, the employees of the bank seized the bank's cash and threw it into the vault, which was then securely locked.

Blood was spattered on the sidewalks and walls in the vicinity of the fire, showing that many of the flying bits of glass had cut pedestrians. Little by little the police succeeded in ascertaining where the blaze was first seen. It is said that flames were first discovered issuing from the windows of the third story.

Fed by the inflammable material in the Tarrant establishment, the fire spread rapidly and reached to the Irving Bank and to the two buildings immediately across the street. In the rear of the wrecked structure were several smaller buildings. These were soon in flames. So dense was the smoke by this time that the firemen seemed to be unable to direct an intelligent attack on the fire.

With wonderful rapidity the fire continued to spread until the two blocks from Chambers to Warren and from Washington to Greenwich streets were ablaze and apparently doomed to destruction.

The wrecked drug building was four stories high. Over 125 girls were employed in the building.

# PULPIT AND PREACHER

The Church Missionary Society of England received contributions during the year just closed of more than \$2,000,000.

Prince Max of Saxony has accepted a position as professor of canon law at the Dominican school in Freiburg, Switzerland.

Bishop Sharrett of Havana is expected to arrive in this country soon, accompanied by a number of students for the Catholic University in Washington.

President Tucker says that the pulpit will have in coming years the greatest power it has ever had, provided the preacher gets the requisite knowledge of men.

Permission has been granted by the authorities for the establishment of a third Jewish Creche in Warsaw, and to open for this purpose a public subscription for 2,000 rubles.

The Rev. Dr. F. E. Clark, while attending in Spain a Christian Endeavor convention, barely escaped being mobbed because he was supposed to be an Englishman instead of an American.

The Rev. William Kirk Guthrie, a grandson of the famous Thomas Guthrie, has been chosen associate pastor with the Rev. Dr. McKenzie of the First Presbyterian Church of San Francisco.

Mgr. James McMahon, the Sulphur priest who gave \$500,000 to the Catholic University of America in Washington a few years ago, has now given that institution eleven lots in Washington valued at \$100,000.

The Pilot's correspondent in Spain says: "The year 1900 will form a glorious epoch in the annals of the Catholic Church, because it has immensely increased here as elsewhere the devotion and piety of tens of thousands."

# THANKSGIVING DAY NOV. 29.

## President's Proclamation Recounts the Blessings to the Nation.

By the President of the United States of America. A Proclamation:

It has pleased Almighty God to bring our nation in safety and honor through another year. The works of religion and charity have everywhere been manifest. Our country through all its extent has been blessed with abundant harvests. Labor and the great industries of the people have prospered beyond all precedent. Our commerce has spread over the world. Our power and influence in the cause of freedom and enlightenment have extended over distant seas and lands. The lives of our official representatives and many of our people in China have been marvellously preserved. We have been generally exempt from pestilence and other great calamities, and even the tragic visitation which overwhelmed the city of Galveston made evident the sentiments of sympathy and Christian charity by virtue of which we are one united people.

Now, therefore, I, William McKinley, President of the United States, do hereby appoint and set apart Thursday, the 29th of November next, to be observed by all the people of the United States, at home or abroad, as a day of thanksgiving and praise to Him who holds the nations in the hollow of his hand. I recommend that they gather in their several places of worship and devoutly give Him thanks for the prosperity wherewith He has endowed us, for seed time and harvest, for the valor, devotion and humanity of our armies and navies, and for all His benefits to us as individuals and as a nation; and that they humbly pray for the continuance of His merciful protection, for concord and amity with other nations, and for righteousness and peace in all our ways.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.  
Done at the city of Washington this 29th day of October, in the year of our Lord one thousand nine hundred and of the independence of the United States the one hundred and twenty-fifth.

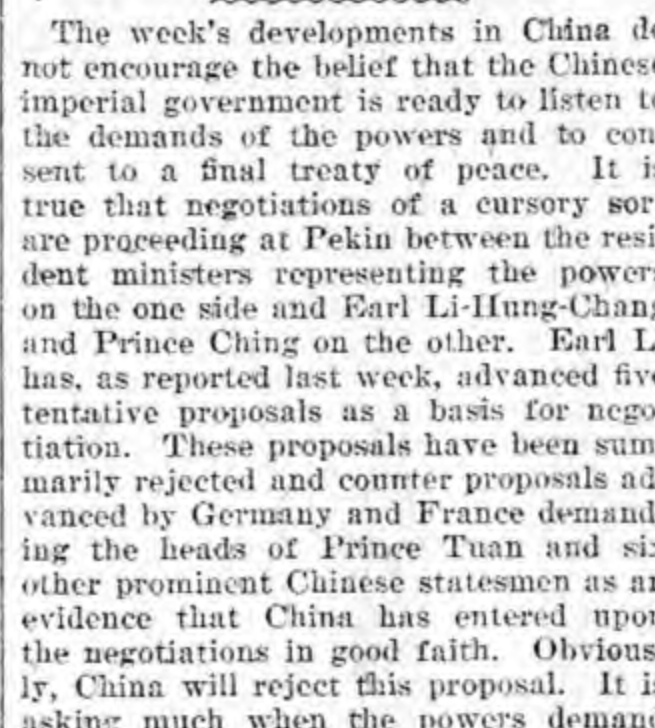

WILLIAM MCKINLEY,  
By the President: John Hay, Secretary of State.

## MINERS RESUME WORK.

### Nearly 150,000 Men Take Up Their Tools Again.

Striking coal miners to the number of almost 150,000 resumed work in the Hazleton, Pa., district Monday morning. The miners' demands have been conceded by almost all the operators. The owners of a few small mines still hold out, but with these exceptions the resumption is general through the anthracite region.

During the great labor battle now closed, there has not been a break in the men's lines, and up to the time their modified demands were granted, they were constantly adding to their strength. There has been little destitution among the idle miners, though vast sums in wages have been lost, and there has been very little violence.

# THE FOREIGN ISLANDS

The week's developments in China do not encourage the belief that the Chinese imperial government is ready to listen to the demands of the powers and to consent to a final treaty of peace. It is true that negotiations of a cursory sort are proceeding at Peking between the resident ministers representing the powers on the one side and Earl Li-Hung-Chang and Prince Ching on the other. Earl Li has, as reported last week, advanced five tentative proposals as a basis for negotiation. These proposals have been summarily rejected and counter proposals advanced by Germany and France demanding the heads of Prince Tuan and six other prominent Chinese statesmen as an evidence that China has entered upon the negotiations in good faith. Obviously, China will reject this proposal. It is asking much when the powers demand the execution of seven of the highest imperial dignitaries of the Chinese Empire. In the meantime there are many indications that the Chinese imperial government is actively preparing for a serious military campaign. Large bodies of troops are continually marching in the direction of Sian-Fu, the new imperial capital. Immense stores of arms, ammunition, money and food are constantly being forwarded. Earl Li and Prince Ching persistently refuse to produce their credentials, and there is no evidence to prove that the Chinese imperial government is sincere in the so-called negotiations for peace. On the other hand, there is room for the lively suspicion that China is preparing to eventually reject all demands of the powers for indemnity for recent outrages and to defy the nations of Europe to do their worst. When this attitude is finally taken, as taken it will be, in the judgment of many who have followed the course of events in the far East, the powers will face the alternative of sending an army into the interior to enforce a compliance with their demands, or of paying themselves by the seizure of ports and territory. Looking at the Chinese question from any point of view, it wears an ugly aspect.

The overshadowing event of the week in foreign politics is the announcement of the treaty between Great Britain and Germany by which the two powers agree to preserve the territorial integrity of the Chinese Empire. The treaty covers three points: 1. All ports in China, whether on the rivers or along the coast, are to be kept free and open to the legitimate commerce of all nations. 2. Both nations agree not to take advantage of the present complications in China to obtain territorial advantage for themselves. 3. In the event of another power attempting to obtain territorial advantage, the two contracting parties reserve to themselves the right to come to a preliminary understanding regarding the steps to be taken for the protection of their own interests in China. All of the powers interested in the far East have been invited to subscribe to the terms of the treaty. Most of them have already expressed their willingness or purpose to do so.

# Snake-Stones.

Snake-stones, which are fairly common in South Africa, and which are generally to be found among the treasures soldiers bring home, are thought by E. H. Schwarz, of Cape Town, to be made of pumice. They are described as white porous stones, which, when applied to a snakebite, adhere until they have absorbed all the poison, when they are placed in milk, which in turn draws out all the poison and renders them again fit for use. The farmers firmly believe that they are bone from head of a snake.

# HOW WEAK CHILDREN ARE MADE STRONG, VIGOROUS AND WELL

Mr. and Mrs. Thomas Hallows, of Peckham St., Globe Village, Fall River, Mass., have cause to thank Dr. Greene's Nervura for restoring to health, and probably preserving the life of their little son. Almost from infancy Everett Hallows was troubled with indigestion and nervous troubles, and nothing seemed to help him. Finally Dr. Greene's Nervura was recommended and tried with success. A few bottles were sufficient to effect a cure, and to-day the little one is enjoying the best of health. By the use of Dr. Greene's Nervura the sickly child was transformed into a happy, hearty, robust boy.

# Dr. Greene's Nervura for the Blood and Nerves

Thousands of other children can thank Dr. Greene and his wonderful remedy for the strength and health they enjoy. Children to whom it is given have less sickness, better health, better growth, and longer and more vigorous lives. Parents should realize that it is their duty to give it to every child who is not in perfect health. There are no diseases more dreaded by parents than fits, epilepsy, and St. Vitus' dance. Yet no child would be troubled by them if Dr. Greene's Nervura were given when the first symptoms appear.

**Charles L. McBay, a highly esteemed police officer, who resides at 14 Myrtle St., New Bedford, Mass., says:**

"About two years ago my little daughter became run down in health and suffered from St. Vitus' dance. Soon after she was prostrated by rheumatism, which severely affected her low limbs."

"After trying various remedies without obtaining relief, she began taking Dr. Greene's Nervura blood and nerve remedy, and experienced immediate benefit. She continued its use, and after taking five bottles her rheumatism was practically cured. Her appetite returned, her pains disappeared, she was again able to walk without lameness, her general health was restored, and she was able to attend school and to play like other children."

Dr. Greene's Nervura blood and nerve remedy, is the prescription and discovery of the well-known Dr. Greene, of 35 West 14th Street, New York City, who is the most successful specialist in curing all forms of nervous and chronic complaints, and he can be consulted in any case, free of charge, personally or by letter.

Could not express the rapture of Annie E. Springer of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like scolding the graces throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at T. E. Slattery's drug store; every bottle guaranteed.

A Sure Sign of Croup.

Whoever sees in a child that is subject to croup a sure indication of the approach of the disease, Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by T. E. Slattery, Druggist.

For State Senator.

John W. Parks, Republican candidate for State Senator, was one of the speakers at the Republican meeting at this place last week and is one of the strongest and most forcible speakers of this campaign. Mr. Parks was born and has always been a resident of Marshall county. His father, the Hon. James O. Parks, located in Bourbon township, this county in 1836. John W. Parks, became a resident of Plymouth in 1876. He obtained that education which he could procure in the public schools of Bourbon until 1870, when he was appointed deputy postmaster at Bourbon, serving in that capacity for about three years. He attended what was known as Salem College two years subsequently entering the law department of the University of Michigan, where he graduated in 1875 receiving the degree of L. L. D. Soon after the completion of his legal course he was admitted to practice law at the Marshall County bar, and subsequently admitted to practice in the Supreme Court of the State. He is

years. He is a devout member of the Presbyterian church and has been the efficient superintendent of the Sunday School of his church for fourteen years. He has been president of the County Sunday School Association for a number of years, and in 1898 was sent as a national delegate to the World's Sunday School Convention at London, England. He is honorable and one of the most capable men that could be selected to represent the people in the Legislature of the state, and no doubt will be properly supported.

A Complete Surprise.

Oct. 29, was the anniversary of the birth of Mrs. Mary Smith of Burr Oak, and her many friends planned to help her celebrate the occasion. About 8 p. m. a throng of people began to arrive and did not cease until the spacious rooms of Mr. Smith's home were filled.

The first part of the evening was spent in social talks, interspersed with music. The organ was presided over by Miss Bertie Aley.

The crowning event of the evening was reached when Mr. and Mrs. Smith were invited to lead the way to the dining hall where the table was loaded with all the delicious foods, which farmers wives can prepare. After all had been entertained the company dispersed wishing Mrs. Smith many happy birthdays.

The following is a list of those who were present: Grandma Overmyer, Plymouth; Mrs. Laura Steyer, Knox; Mr. and Mrs. Stahl, Culver; Mr. and Mrs. S. Wiss, Hibbard; Mr. John Burns, Ohio; Dr. Loring and wife, Mr. and Mrs. Paddock, Mr. and Mrs. Aley and children, Mr. and Mrs. George Osborn, Mr. and Mrs. Leonard Osborn, Mr. and Mrs. John Working, Mr. and Mrs. Drucker Miller, Mr. and Mrs. Zine, Mr. and Mrs. Joseph Burns, Mr. and Mrs. Aaron Burns, Mr. and Mrs. Ben Overmyer, Mrs. Luke Overmyer, Mrs. John Voreis, Mrs. Matt Miller, Mrs. Vanderweele, Mrs. Philip Sickman, Miss Lizzie Brownlee, Miss Bertie Aley, Miss Lucretia Loring and Miss Lila Osborn, all of Burr Oak.

Mrs. Savage.

Elizabeth A. daughter of Wm. H. and Susanna Wallace, was born in Marshall Co., Ind., Sept. 7, 1865, and departed this life Oct. 29, 1900, at Plymouth aged thirty-five years, one month, and twenty-two days.

She was united in marriage with Albert Savage Jan. 27, 1884. To this Union were born two sons and one daughter. She was converted to God in 1886, and united with the Evangelical church at Washington class, of which he remained a faithful and consistent member until death. She was a power in prayer and in testimony for her Master, and manifested an unshaken faith in God.

Shortly before her death she called her loved ones around her bed, and gave them some words of comfort, kissed the little boy good by, said she saw the angels coming and with a smile on her face closed her eyes and was gone. Thus she died as she had lived, rejoicing in the Lord.

She leaves to mourn her departure a husband, two sons, one daughter, a mother, one brother three sisters and a host of friends and relatives, but not without hope. Funeral services were conducted by Rev. L. Newman assisted by Rev. Whitaker of the M. P. church.

From New Zealand.

Reefton, New Zealand, No. 23, 1896.—I am very pleased to state that since I took the agency of Chamberlain's medicine the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.—E. J. Scantlebury. For sale by T. E. Slattery.
