

THE CULVER CITY HERALD.

At Lake Maxinkuckee.

VOL. IX.

CULVER CITY INDIANA, THURSDAY APRIL 23, 1903

NO. 39

GOOD BYE.

With this issue of the HERALD we close our connection with the paper. H. Koontz, a well known citizen has purchased our business. He will satisfy all unexpired subscriptions and collect all arrears upon the same. Mr. Koontz will issue a new paper for Culver in the near future, and we predict that it will be worthy of the patronage of the community. We shall go to a new location feeling that we can do better, and while we have the opportunity desire to sincerely thank our friends for their support and encouragement during our nine year's sojourn here. We have done our best to advocate the advantages of Culver and think that the HERALD has accomplished its share in helping to develop the town and especially in keeping its readers in touch with the happenings on the lake. Hoping that Culver may ever prosper, we remain
yours truly
GEO. E. NEARPASS.

Nearly everyone in this city knows Evert L. Jones. Nearly everyone knows that he is called the "Boy preacher," as he is only 19 years of age. From his childhood he has had religious tendencies which has been encouraged and developed by a good father. When but a child he became actively engaged in evangelical work. Allegedly he is a special student in the classical course. He ended college last September and has taken a leading part in the literary work of the college during the year. He is a good debater and was chosen as a member of the collegiate debating team. Though only 19 years of age, Jones is pastor of the evangelical church of Albany besides doing the work of a pastor, he maintains an excellent record as a student at the college. He came from Oregon from Indiana two years ago and since that time has been engaged in the literary work. Mr. Jones is a good orator and is a big and forcible and eloquent speaker, so he will be a big competitor in the collegiate contest.

citizens will be pleased to know that Robert H. Rea, who very recently graduated from the Rush Medical College, Chicago, has been selected house physician of Cook County hospital. He secured this position by a competitive examination, which places him in front of the best as a medical scholar of his class. We are pleased that the Culver boys have so fully carried off honors. Dr. Rea, this city, can certainly feel proud of his son's achievements.

A. B. Wickizer returned from Colorado Sunday. He purchased 35 head of colts and shipped them to Argos on the Nickel Plate. He will put them on his farms and endeavor to take some of the "wild and woolly westernness" out of them.

Did you see those new shoes at John Osborn's?

Daniel Walter is having an up-to-date porch built on his residence.

COMMENCEMENT.

The Culver commencement exercises were conducted at the Grace reformed church Friday evening April 17. The church was beautifully decorated with flowers, plants and class colors. The church was crowded to its utmost capacity with friends of the graduates.

Prof. Otto Stahl rendered a beautiful march upon the organ which was followed by an appropriate invocation by Rev. Klopfenstein. The violin duet by Captain Wilson and Miss Ethel Streeter, was one of the soul-inspiring events of the evening. Miss Myrtle Medbourn was the first graduate to appear upon the rostrum, and in a praiseworthy manner delivered a paper entitled "Books as Friends." She was distinctly heard all over the house, and her effort was well received. Miss Medbourn is one of the finest young ladies in Culver and we hope she will succeed in her future life.

Clark Ferrier followed with a paper entitled "Three Natural Forces," he treated his subject in an able manner.

The quartette composed of Mrs. Behmer, Miss Ethel Streeter, Dr. Wiseman and Prof. Otto Stahl, rendered a beautiful selection, their voices blending together in perfect harmony.

"Poor Poe" the title of a paper by Miss Grace Vories, in an able manner gave reminiscences of the life of Poe, author of "The Raven" and other poems which made him famous. Her effort was highly appreciated.

Miss Pearl Blanchard gave an excellent paper on the "Declaration of Independence," which proved that she was well versed in history. Her portrayal of past events in her very fascinating manner, was well received.

The remarks by Prof. Hahn was a masterly effort, and was full of good things. The presentation of diplomas by Henry Zeebich, president of the school board, was one of the rare treats of the evening. He most pathetically spoke of the future of the class, if it continued to seek after learning, never forgetting that it takes earnest work to attain success in any walk in life. The vocal duet by Prof. Otto Stahl and Miss Ethel Streeter was one of the most charming events of the evening, both of the singers revealing to the audience what excellent trained voices can do.

All in all the commencement exercises of 1903, will compare favorably with any previous year.

LUNCH WAGON.

Messrs. Harry and Ray Poor are the gentlemen who have finished a unique lunch wagon. It is so arranged that the boys can not only furnish a man with a square meal with hot coffee thrown in, but they can furnish the thirsty with all kinds of soft drinks. Then the boys will keep a high grade cigar for those with lofty tastes, while the ladies can purchase bonbons or any other high grade candy, while on the side hot peanuts will be served. In fact the boys will have a cafe on wheels and will serve the public with everything the market affords at moderate prices.

The sidewalks need fixing.

The Logansport baseball team went up against the real thing Sunday. It was badly beaten.

Lieutenant Governor Is Tender-Hearted, It Seems—Answer Stone's Demand.

St. Louis, April 22.—The two leaders in the local investigation, Circuit Attorney Folk and Attorney General Crow, have joined forces to jointly conduct the local inquiry. An emissary from Lieutenant Governor Lee called upon Circuit Attorney Folk with the proposition that upon agreement

to question Lee only about the alibi deal he would appear before the grand jury immediately. Before Attorney Folk informed his visitor that he would not promise to restrict himself in any part of the inquiry, and the conference was fruitless.

Lee Has Too Kind a Heart.

Robert F. Lee, brother of the absent official, has received a letter from Governor Lee which was mailed in Chicago. In further explanation of his brother's absence, Lee said: "He will remain away until I think it is advisable for him to come back. One reason that he is away is that he does not want to assist the St. Louis grand jury in indicting for perjury certain members of the legislature who have testified before it. My brother is not vindictive, and though these men have proven themselves his bitter enemies he does not want to assist in indicting them." Lee concluded by saying that his brother does not fear indictment himself.

What He Is Wanted For.

Lee is wanted to testify as to the origin and destination of certain \$1,000 bills that were flashing around at Jefferson City during the sitting of the legislature, as alleged. It is said these big bills were given to senators and their votes on certain measures and that those who did not or did want those measures passed, were the originators of the "flashing." Lee is believed to know much of the matter. But when he was threatened with a subpoena to appear at St. Louis and tell what he knows he took a train at Kansas City for Chicago, where he now is, it is supposed.

Veteran St. Louis School Teacher Dead.

St. Louis, April 20.—Mrs. Rose Fanning, one of the best-known women in St. Louis, and who was principal of the Pestozzi school since 1874, is dead of pneumonia. She had been connected with the public schools since 1860.

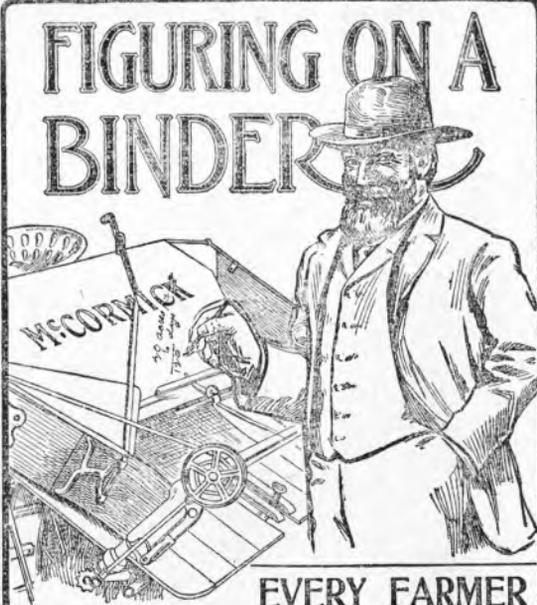

Governor Takes in the Circus.

Chicago, April 20.—Governor Yates laid aside official cares while on a visit to this city and visited Ringling Bros.' circus at the Coliseum.

At the Evangelical church, services as follows: Sunday school 10 a. m., prayer service, 11 a. m., Y. P. A., 6:30, p. m., preaching, 7:30. The above services next Sunday.

Do not fail to attend the entertainment at the M. E. church this Thursday evening.

CLOSES A BAD CAREER IN CRIME

Having a Moment Before Mortally Wounded His Slayer's Brother—Life of Sin Ended.

Bakersfield, Cal., April 20.—James McKinney, the outlaw, was shot and killed here. Deputy Sheriff Tibbitts was also killed, and Constable Packard was fatally shot. Sheriff's Kelly, of Kern; Collins, of Tulare, and Leovin, of Arizona, with Officers Will and Burt Tibbitts and Gus Tower, and City Marshal Packard, surrounded McKinney shortly before 11 a. m. in a Chinese house. Will Tibbitts and Packard approached the house in which McKinney was refused and ordered him to surrender. McKinney answered by shooting. Will Tibbitts was shot through the stomach and died shortly after. Packard was shot through the neck and shoulders and dangerously wounded. Burt Tibbitts, a brother of the dead deputy sheriff, shot McKinney through the mouth and neck, killing him.

House Was a Regular Fort. McKinney had been in Bakersfield two days, and was harbored by friends in a Chinese joss house. The house was a regular fort. In the place with McKinney was Hal Hulse, a desperado. McKinney had a sawed-off shotgun in his hand, while Hulse used a pistol. Hulse would not obey the order to come out of the barricaded house, and the fire department was ordered to the scene. Hulse gave up. He was taken to the county jail. A great mob surrounded the jail and tried to take him from the officers. Another accomplice of McKinney was known to be in the house where the battle took place, but he would not surrender like Hulse. At 4:30 p. m. the building was set on fire, and in fifteen minutes the man was smoked out and taken to jail.

He Was a Tough Citizen. McKinney was accused of having committed several murders. He was a native of California, and was first sent to the penitentiary from Tulare county for assault on murder, and after his release went to Randsburg, Cal., where he figured in some further shooting trouble. He escaped trial, coming to Bakersfield soon afterward, where in the latter part of 1900 he shot and killed Tom Sears, a gambler, as the result of a dispute over a game of cards. Last July in Porterville he killed Billy Lynn and wounded Constable John Willis and another man in a drunken row.

Adds Two More Murders to His List. He made a sensational escape from capture and for several months wandered practically unmolested around the country. His next crime was heard of April 5, when news came from Kingman, A. T., that McKinney had murdered Charles Blakey, known as the "Cowboy Pianist," and Roy Winchester, a young miner. After the shooting the murderer went to a ranch and compelled the rancher to shoe two horses finally reached this place, where he finally reached that place where his two brothers live, and met his fate.

Clinton, Ind., April 20.—Ora Eddington, his wife and their three small children, with two neighbors' boys, started to cross the Washburn bottoms in the face of a warning of danger, and the three children and William Eddington were drowned. The party got away in a boat and soon was beyond the help of any of people witness.

OPPORTUNITIES IN THE SOUTH.

No portion of the United States has made greater progress in the last year or two than the South. Northern and foreign capital is rapidly invading that section, finding profitable investment in the various industries and factories that are being rapidly developed and built. The great influx of settlers is creating an increased demand for lands of all kinds and prices are gradually advancing, as they will for years to come. Work is plentiful and poverty practically unknown. Alabama is supplying coal and iron to all the world. More money can be made and with less labor in the raising of small fruits and berries and in truck patching on the Gulf Coast than in any other state in the Union. Strawberries from Alabama reach northern markets before those from the states in the southeast. Cattle can be raised with great profit, there being millions of acres of cheap range lands. If you are interested in the south and its resources and desire information on any subject, address G. A. PARK, General Industrial and Immigration Agent, Louisville and Nashville R. R., Louisville, Ky.
