Court Rules In Favor Of Trustee In Leiters Ford School Case

The Indiana Supreme Court ruled in favor of Fred Plantz, Aubbeenaubee township trustee in the long drawn out suit involving the construction of the township school building to replace the former Leiters school which was destroyed by fire in 1946 it was learned this morning.

The Supreme court in ruling on the case pointed out that there had been no fraud as alleged nor did the acts of the trustees constitute fraud in scaling down the amount of funds for the proposed building which was started some years ago. The court held that the trustee had acted in good faith and honest intent in the emergency.

The decision brings to a close the litigation which had prevented the construction of a badly needed school building.

Lions Place Order For First Fifty Street Markers

Morley Skinner, chairman of the Lions Club Community Betterment Committee, announced today that an order for some fifty Culver street markers will be placed this week. The committee anticipated that the markers will be delivered by mid-April and plans indicate that they should all be installed before summer.

The attractive two-arm adjustable signs featuring white lettering on black background will be mounted on 10 foot steel posts which will be set in concrete. It was indicated that donations of gravel for mixing the concrete to set the posts had already been made.

Hampton Boswell, president of the Lions, explained that the project had been submitted to the town board at their regular meeting in mid-December. The town board heartily endorsed the project and transferred all the remaining 1949 money out of the community earmarked funds so that the Lions Club could purchase additional signs.

As originally announced, the Lions had planned to initiate the long range project by placing signs at every intersection in Culver and by purchasing markers for Lake Shore Drive and Main Street. At the Board of Director's meeting last week the group went on record as agreeing to purchase enough additional signs for Ohio, School Street, College Avenue, and possibly Jefferson streets. Eventually as funds become available all streets will be marked.

The program calls for possible changing of street names. It has been definitely decided that what is known as Indiana Avenue will be named Academy Road. There was also some opinion expressed that the east-west streets beginning at the south end of town and running to the north section should be numbered. One or two signs may be ordered by rural groups for marking roadways, it was indicated.

The Lions Club will secure funds for the project from the forthcoming Minstrel Show which will be presented early in February.

PTA Hears Timely Foreign Policy Discussion

"As citizens we need to realize that our Foreign policy is an extension and a reflection of our domestic policy," Adm. John W. Bays, USN (ret), stated in an excellent and timely discussion of "The Citizen and His Stake in Our Foreign Policy" before the Parent Teachers Association here last night.

An attentive audience heard the former Chief of Foreign Service, who is now a member of the Academy staff, declare that "there is no such thing as neutrality for us anymore." Pointing out that people need to understand the machinery through which our relationships with foreign powers is carried out, the speaker cited the Hoover Report which shows that our Foreign relations actually function through 59 government agencies.

"As citizens we should (1) try to understand the American position in the world, (2) study what is behind the influences in the press and radio interpretations, (3) critically examine the policy to see if any person or group in the U. S. or elsewhere profits unduly, (4) within our educative pattern we should more intensively and understandingly study foreign nations and peoples, and (5) as far as possible keep local and domestic politics out of foreign policy."

Adm. Bays was introduced by Mrs. J. Dick Newman. Mrs. Howard Oberlin, PTA president presided at the meeting. The Chapel choir under the direction of Richard Gohn sang three numbers: "I Walked Today Where Jesus Walked" by O'Hara; "Dark Waters," by Will James; and "The Bluebirds," by S. Leontovich. The choral numbers were splendidly presented.

Lions Minstrel Tickets Now on Sale; Extravaganza Features Local Talent

With less than a month remaining before the curtain goes up on Culver's 1950 Minstrel Show, 150 local Lions have been released from their natural habitats fortified with tickets to this year's "Lion Extravaganza."

The first performance, scheduled at Culver Military Academy, February 3, will be followed by two presentations at the Culver Community Building at 8:15 p. m. Wednesday, February 8 and Thursday, February 9.

Arrangements have been made to facilitate the easiest and simplest distribution of tickets and J. P. Carter, chairman of the ticket committee, has announced the following plans: "Tickets may be purchased from any member of the Culver Lions Club. Tickets are 75c for adults and 50c for school children, to include all high school students."

"All seats for both shows at the Culver Community Building will be reserved. Reservations may be made at The State Exchange Bank Lounge on Saturday, February 4, from 9:00 a. m. to 5:00 p. m. If you would like for us to reserve and hold for you at the box office, seats for either the Wednesday or Thursday show, send us a check and

Hospital Board Names H. A. Boblett As New Administrator

Herbert A. Boblett of Culver has been named administrator of the Marshall County Parkview Hospital at Plymouth, it was announced early this week, by J. Abner Broman, president of the Parkview Hospital Board of Trustees. In announcing the appointment of Mr. Boblett, the Board stated that they had reviewed a number of applications for the position.

Mr. Boblett is the son of the late E. V. Boblett, who served for 27 years as commissary officer of the Culver Military Academy. The new administrator is a graduate of the Academy. He served as a first lieutenant in the Infantry in World War I and as a major in the Air Corps in the World War II where he worked in an administrative capacity.

He had wide experience in hospital administration having served the 1200-bed hospital at the Veterans' Administrative Center in Dayton, Ohio and the 1475-bed hospital at Wood, Wisconsin.

At the Veterans' Administrative Center at Wood, Mr. Boblett served as assistant manager. The Wisconsin Veterans' Hospital was directly under the supervision of the Dean's committee of the Marquette and Wisconsin Colleges of Medicine.

As one of the administrative officers at Wood, which is the third largest veteran administrative centers in the United States, Mr. Boblett was a member of the staff that devised and formulated administrative procedures which resulted in the center being designated as a training and pilot center for administrative procedures for the veterans' administration.

Mr. Boblett will assume his new duties at Parkview Hospital on next Monday, January 16.

we will be glad to do so. Address your requests to J. P. Carter, Culver, Indiana. Any tickets purchased in this manner may be picked up at the box office the night of the performance."

This year's Minstrel, comprised entirely of local talent, promised to afford the audiences some real surprises. Judd Stinchcomb, chairman of the on-coming production, expresses the opinion that he never before realized what latent powers rest in the vocal cords and humors of some of our citizens.

With Frank McLane filling the all-important position of interlocutor, the show promises to be the hit of the year. Solos by such members as Floyd Annis, Keith Reed, Jim Miracle, Ed Stephenson, Jim Little and Fred Wallstead together with a chorus of thirty capable voices are only a few of the high points of this production.

With end men such as Bill Washburn, Harold Robinson, Fred Wallstead, Al Petersohn, Frank Walaitis and Judd Stinchcomb popping the jokes the laughs will no doubt be of the variety that will keep them "rolling in the aisle."

Culver-Bremen Meet Tomorrow Night in Tourney

Culver basketball fans along with hardwood devotees from six other Marshall county communities will converge on Plymouth tomorrow evening for the second session of the 1950 County tourney.

All have hopes that their respective entries will come through the first round encounters for the semi-final round on Saturday afternoon.

Not all Culver fans can attend, in fact there will be several disappointed persons for the lo-

TOURNEY TICKET SITUATION

While Culver was not issued tickets for tonight's session of the County tourney it was indicated that fans might be able to procure tickets at the door. In the event that Culver wins over Bremen, officials here explained that the Culver allotment for Saturday's games may be more than the 330 tickets issued locally for tomorrow night's session.

cal share of precious ducats for tomorrow evening's session is in the neighborhood of 330. Local officials met the shortage in a most fair way, permitting all season ticket holders who applied to participate in a drawing for the tickets.

Culver will tangle with Bremen in the first contest tomorrow evening at 6:30 p. m. If the Indians win over their opponents they will meet the winner of the West-Tippicanoe game which will be played this evening.

On paper it appears that Coach Sering's proteges sporting a record of 8 wins out of 11 contests have the edge on their county rivals. Ever though Bremen was defeated by Plymouth 48-29 last Friday, the more cagey dopesters contend that history shows that when Culver meets Bremen the books may as well be thrown away.

The Plymouth Pilgrims will meet the Tyner Redmen in tomorrow's second contest and the highly regarded Lapaz five, which is expected to eliminate Argos this evening, will meet Bourbon.

"Old Man Weather" interrupted the local hardwood schedule here last Saturday as heavy rains and flood conditions south of here forced the postponement of the Delphi-Culver game here. Officials of the two schools are hopeful that the game can be re-scheduled on one of the following dates, Feb. 4th, 11th, or 18th.

Defeat Argos

All ten men who saw action in the Argos game on Friday contributed at least a minimum of two points toward Culver's 59-35 victory over the Walnut township quintet. Al Morris paced the Culver netters with 18 points to be followed by Davis who scored six field goals. Culver, off to an early lead, was never seriously threatened.

The Papooses lost a 40-34 decision to Argos in the preliminary contest.

Scientific Wonders to Feature Show Here Next Monday

General Electric's "House of Magic", a science show which has been presented before more than 13,000,000 persons during the past sixteen years, and which was one of the hit shows at World's Fairs and major expositions, will be presented at the Culver Community Building, next Monday evening at 8 p. m.

The show, which presents in an interesting and entertaining manner the marvels of modern science, is being sponsored by the Culver Lions Club. There is no admission charge and the entire public is urged to take advantage of this educational opportunity to see the show.

The "House of Magic" got its name from the late Floyd Gibbons, author, lecturer and foreign correspondent, who so dubbed the General Electric Research Laboratory, in which scientists discovered the phenomena presented in the science show.

Now entering its seventeenth season, the "House of Magic" has attracted capacity crowds at every performance. More than 2,500,000 persons saw it at the New York World's Fair alone. During World War II it was presented before 1,200,000 service men and women at camps throughout the country.

A man shaking hands with his own shadow, visible sound and audible light, a toy electric train which obeys voice commands, paper which explodes, lighting and electric light with a match - these and many other demonstrations will be presented.

Among the most impressive features of the show is that of sending sound across the stage on a light beam. A record is played, and the music is sent across the stage to a loud speaker on a narrow beam of light. The lecturer is able to interrupt the music program merely by breaking the beam of light with his head.

SEMESTER EXAMINATIONS

Mid-term examinations was the order of the day at the Culver Public Schools this morning as students began their series of tests in various subjects. The examinations will continue through tomorrow morning. Regular classes will be held tomorrow afternoon and Friday. The second semester of the 1949-50 school term will begin on Monday.

Don Anderson Purchases Lake Shore Garage

Don Anderson of Kokomo, Indiana, has purchased the Lake Shore Garage from Joe Schweidler. It was announced early this week. The new owner has already taken over the management of his newly acquired auto sales and service establishment here.

For the past ten years, Mr. Anderson has successfully conducted an auto sales and service business in Kokomo. He has purchased a home just east of the Lake Shore Garage on Forest Place and expects to move his family here within the next two weeks. The Andersons have two children.

In announcing the sale Mr. Schweidler stated that his plans for the future were indefinite. He and Mrs. Schweidler plan to soon go to La Jolla, California, for an indefinite visit.

"Joe" as he is familiarly known to his many friends has a wide acquaintance throughout the area. He is a veteran machinist and during the war did specialized defense work. He established his business here 31 years ago.

Survey Reveals Hoosiers To Be "Talkingest" State

Hoosier telephone users make almost 25 per cent more calls than the average for the country, Indiana Bell Telephone Company officials say. According to nation-wide statistics released today by the American Telephone and Telegraph Company, the national average was 346 telephone conversations in the year 1948 for every man, woman and child. Here in Indiana, the figure was about 430.

Telephone Statistics of the World report 66 million telephones in use at the beginning of 1949, a gain of more than 5 million in a year. The United States was far ahead of all other nations with over 38 million, nearly three fifth of the total; and the U. S. had 26 telephones per 100 population as contrasted with 2.8 for the world as a whole. Sweden with 22.1 was second; Canada was third with 18.9.

New York City, with nearly 2,800,000 instruments in service at the beginning of 1949, had more telephones than any other city in the world; even more than any other country except the Uni-

ted Kingdom.

San Francisco led the world in telephones per capita with nearly 50 telephones for every 100 persons. Indianapolis had about 36. America, as always, was the

"talkingest" nation, with over 50 billion telephone conversations in 1948. The average of 346 per person was an increase of 29 over the previous year.

Heiser-Way Vows Read
 Miss Mildred Way, daughter of Mr. and Mrs. Eugene Way of Silver Lake, Indiana, became the bride of David E. Heiser, son of Mrs. Eva M. Heiser, of Culver, on Tuesday evening, December 20, at 7:30 o'clock, at the home of Dr. Clyde Meredith, Upland, Indiana. Preceding the double ring ceremony Mrs. Clyde Meredith played nuptial music and the traditional wedding march.

The young couple left for a honeymoon in Florida and will be at home at Taylor University Trailer Court, Upland, Indiana, upon their return.

The bride is a graduate of Silver Lake High School. Mr. Heiser is a graduate of Culver High School and attended Olivet Nazarene College at Kankakee, Illinois. He is now attending Taylor University.

The bride, who was given in marriage by her father, wore a gray suit with dark green accessories and carried yellow rose buds and Christmas holly with green and gold streamers. Mrs. Bernard Green was the bride's only attendant and wore a gray suit and gray accessories with a corsage of glomalia. Rev. Bernard Green of Plymouth was the best man. The bride's mother wore a black dress with a corsage of red rose buds. Following the ceremony a dinner was served for the bridal party at the Ranch House near Marion, Indiana.

91st Birthday Observed
 Mr. and Mrs. W. O. Osborn entertained several guests on Sunday afternoon and evening for Mr. Osborn's father, John Osborn, who was observing his 91st birthday on Sunday. Guests with him were Mrs. Osborn, Mr. and Mrs. F. T. Strang, Mr. and Mrs. G. S. Williams, Mr. and Mrs. J. E. Foreman, and John Mitchell.

Wide Awake Class to Meet
 Mrs. Otho Warner will entertain in her home on Thursday evening, January 19, at 7:30 o'clock for the members of the Wide Awake Class of the Methodist Church. Mrs. H. L. Werner and Miss Pauline Speyer will be

the assisting hostesses. A large attendance is urged.

Do Not Get In the Cooler Over a Cooler

A rabbit, taken legally during the prescribed hunting season and which is worth somewhere in the vicinity of a buck can really become expensive in the event you are caught with it in your deep freeze at the close of the season.

And the close of the season, according to Henry P. Cottingham, director of the division of fish and game, Indiana Department of Conservation, is midnight, January 10 period.

A one dollar rabbit, found in anyone's deep freeze, ice box or sales counter, immediately becomes worth anywhere from not less than \$10 nor more than \$100 in the event the Conservation Officer places you under arrest and takes you before a court. And to that may be added not more than sixty days in the klink.

Also should the unwary individual be found possessing more than one, the above applies separately and in addition to the original court finding. A fine may be assessed for each rabbit found.

Should an individual be found in possession of a rabbit after having been previously convicted, his fine can not be less than \$25 nor more than \$250 to which may be added an additional confine-

ment in the brig of not more than 60 days.

Col. Millard Davis, chief of the enforcement division of the Indiana Department of Conservation, said that any evidence of the law governing possession of rabbits after the legal closing date of the season will be investigated by means of search warrants and violators prosecuted.

Largest Meat Production In '49

The year 1949 saw the largest peace-time meat production on record a year end report of the Chicago Stock Yards reveals.

A total of 22,636,000 pounds represented over a billion pounds or 19 percent increase over last year. It compared to the wartime peak of 25,178,000,000 of 1944.

Meat experts expect that wartime levels of production will be reached next year. They cite population gains and relative high consumer demand as causes for continued high production. They

point out that more and more the current huge corn supply will go into livestock production.

Beef production this year nearly ten billion pounds or nearly half a billion pounds over last year. The half billion pounds of lamb and mutton produced were the smallest slaughter in quarter of a century, but authorities are expecting high market incentive and an improved labor supply in the west to cause producers to increase their flock.

The Chicago Stock Yards 1949 handled the largest hog receipts in three years, due partly to the large pig crop, but also to a trend away from direct selling in the country. The price break is not expected to curtail production of hogs, since the hog ratio is favorable to hog feeding. The average for the year was \$18.25, a drop of \$5.00 from 1948.

The first census of the United States was taken in 1790 and showed a population of very nearly seven hundred thousand slave

Sheriffs Plan Drive Against Sex Crimes

A drive against sex crimes will be a major objective of the Indiana Sheriffs' Association in 1950. L. B. Clayton, Lake County sheriff and president of the Association, has announced.

Harvey E. Phillips, Marshall county sheriff, said he had received an outline from the Association president of a cooperative program which is expected to strengthen the activities of all sheriffs of the state in combating sex crimes.

Sheriffs will work closely with school officials and law enforcement officers to educate school children in the devices employed by sex criminals. A newspaper educational series is being prepared which will familiarize parents as well as children with the do's and don't's of protection against such criminals.

The Association, through the local sheriffs, also will intensify its activities to give courts and prosecutors evidence in sex crimes which will insure maximum penalties.

Polio Campaign Set For Jan. 16-31; Dr. Sexton Is Local Chairman

Dr. Hardigg Sexton of the Academy staff has been named local chairman for the annual March of Dimes campaign. Walter Glaub Marshall county chairman announced yesterday. The county chairman stated that the 1950 drive for polio funds would be conducted in the county from January 16 through January 31.

"This year, more than ever, people throughout the county should unite with chapters throughout the state and nation in meeting the need for funds," the chairman stated. "Everyone is well aware of the severe polio epidemic of the past year. There were eleven cases in our own county."

A quota of \$5700 has been set for Marshall county. This is \$400 more than the 1949 quota. Mr. Glaub stated that community chairmen in the county would meet Friday evening, January 13, in the Plymouth library to formulate final plans for the forthcoming campaign for funds.

TO SPEAK IN PLYMOUTH

H. A. Jaeger, Houston, Texas, will be the speaker at the meeting of Marshall County Youth for Christ meeting next Saturday evening at the Lincoln H. S. Auditorium in Plymouth. Rev. Jaeger is said to be a forceful speaker. Widely traveled, he toured Europe in 1948 as a part of the Gospel Invasion program sponsored by the Youth for Christ International.

There will be a Singspiration on Sunday evening, Jan. 15, from 9:30 to 10:30 p. m. at the Bourbon Presbyterian Church.

WINTER HERD CARE PLUGS PROFIT LEAKS

Low milk production during the winter months is an unnecessary foregone conclusion of too

many dairymen. Contrasted with this, winter time sees milk prices at their peak usually and the dairyman has more time to spend in care of the herd as compared with the seeding or harvesting seasons when production is high.

G. A. Williams, extension dairyman at Purdue University, suggests that steps often overlooked are the cause of profit leaks. Topping the list is the supplying of plenty of water which makes up 87 per cent of the milk crop ha-

vested twice a day.

A cow usually requires from three to five pounds of water for each pound of milk produced, in addition to water contained in the feed itself. If possible a cow should have an access to water after being fed hay, which is usually fed twice daily.

Adequate feeding means feeding the cow enough to maintain her body, produce milk and if bred, provide for the unborn calf. When mature, weathered grade of

hay is fed, many cows refuse to eat a sufficient amount to maintain a profitable level of production. For every ton of poor hay a cow is forced to eat, she must consume 500 pounds of concentrates extra, if production is to be maintained.

Regularity plays a part in keeping up production, and certainly during the winter months, there is no excuse for irregular feeding and milking, Williams said.

Finally, cows need to be outside part of the day regardless of the weather as signs of the heat period may not be apparent when cows are kept in the stable constantly.

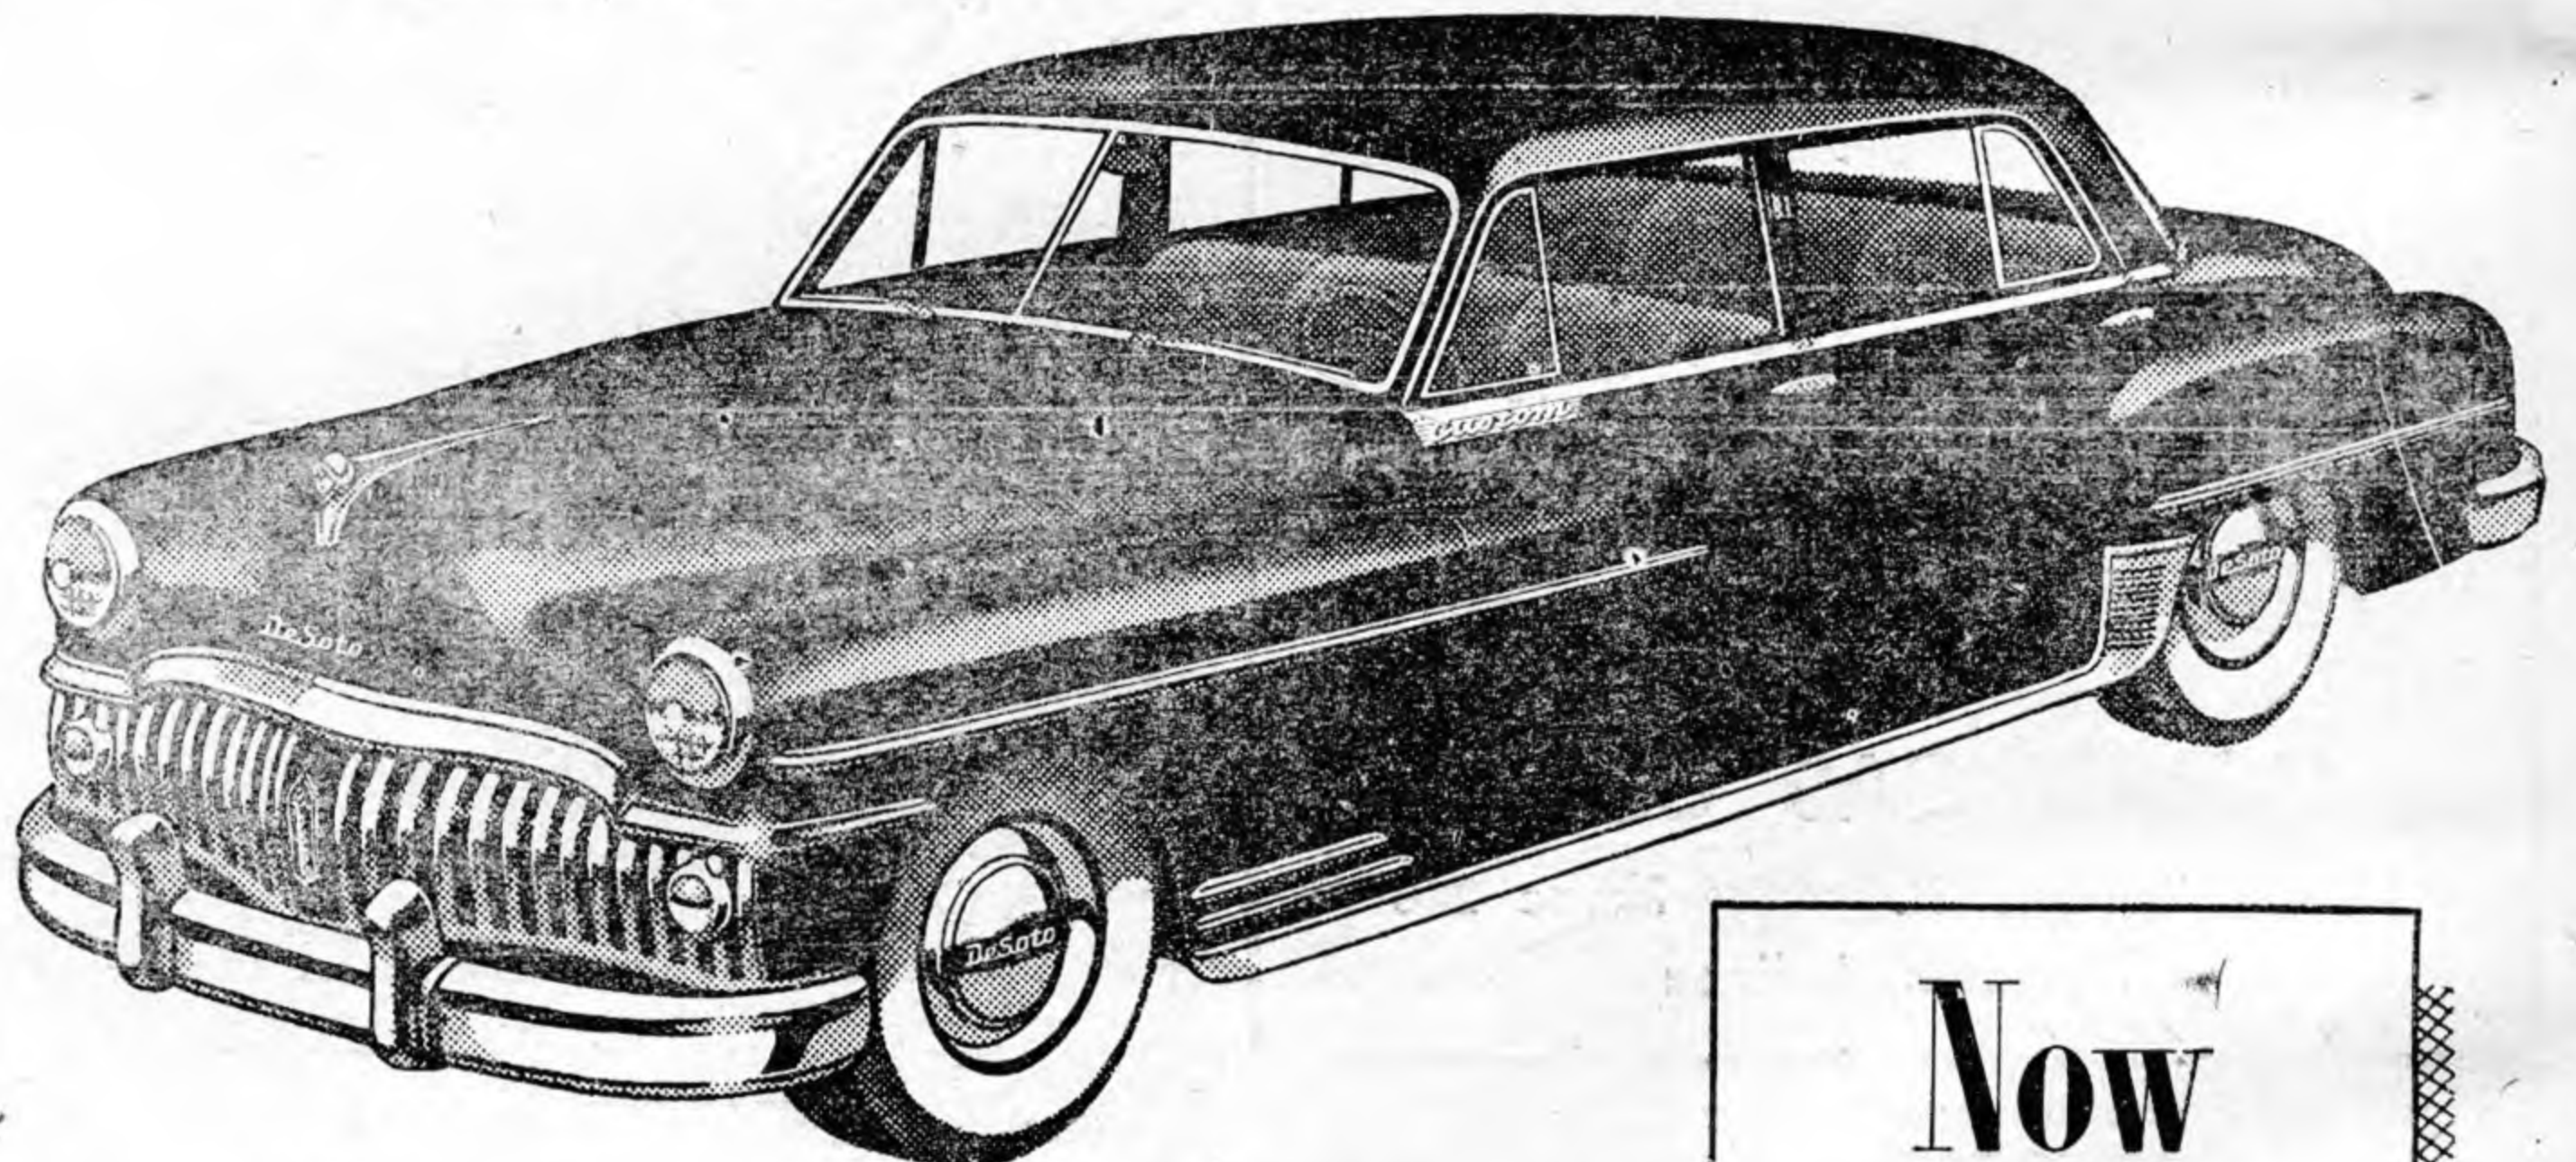

SPECIAL SERVICES AT MONTEREY CHURCH

The mid-week services "Our Faith Hour" is the title of the service to be held at the Monterey Methodist church on Thursday evening, 7:30 p. m. for the combined parishes of Delong, Leiters Ford and Monterey. The services will consist of a Fellowship Prayer and Discussion of the basic principals of the Methodist religion for deeper, understanding and commitment. This service is open to the community for all who seek further guidance and certainty in their religious faith.

PMA Conducts County Corn Survey

The recent survey conducted throughout Marshall County obtaining reports of corn acreage during the past three years will be used to establish individual acreage allotments, Harry I. Lemer, Chairman of the County PMA Committee, stated today.

Any farmer who operates a farm which produced corn in any of the years, 1947, 1948, or 1949, should contact the county PMA office if he has not furnished a committeeman corn acreage data for his farm.

If any farmer will be producing corn in 1950 on a farm where no corn was planted during the period 1947, 1948, or 1949, he should file a written request for a corn acreage allotment with the PMA office.

Whenever corn supplies at the beginning of the marketing year exceed normal by more than 20 percent, corn marketing quotas, as well as acreage allotments, must be proclaimed. Quotas may not be put into effect, however, unless at least two-thirds of the growers voting in a referendum approve their use.

In 1946 approximately 53,754,000 tons of raw materials were used in the manufacture of 164,064,188 barrels of portland cement in the U. S.

Ladies Aid Met

The aid met Thursday afternoon with Mrs. Willard Lawrence, Mrs. Roscoe White, assistant hostess. All prayed the Lord's prayer together. Mrs. Walter Clevenger led the group in singing, "The Little Brown Church." Mrs. Paul Beatty, president, read from Genesis for scripture reading. Mrs. Loueasa Van Schoiack gave a short talk telling how the aid was conducted at Berrien Centre, Michigan, where she lives. There they have a yearly membership fee and the aid here decided to do likewise with a fee of \$1.25 per year.

An auction of bazar articles and food will be held at the February meeting. Each member is to bring a guest. Mrs. Walter Clevenger won the door prize. Mrs. Gilbert Lawrence become a member of the aid. Others present were Mrs. L. D. Bales, Mrs. DeWayne Brown and Susan, Mrs. Robert Dodson, Carleen and Richard, Mrs. Robert Greenlee, Mrs. Ethel Lawrence, Mrs. Alfred Lawrence, Mrs. Cleo May and grandson, David, Mrs. William Piper, Mrs. James Smith, Mrs. Florence Strohecker, Mrs. Walter Wallace, Mrs. Nellie Zumbaugh, Willie Lawrence and Mrs. LeRoy Voreis.

Mr. and Mrs. Robert White and sons, Bobby and Donald of Lake of the Woods were Thursday evening supper guests of his mother, Mrs. Roscoe White. Mrs. Fred Manuwal of Plymouth called at the White home reporting that her husband, who underwent surgery at Parkview Hospital that morning was recovering satisfactorily.

Guests New Year's Day of Mr. and Mrs. Cleo May were Mr. and Mrs. Harold May and children of Plymouth. Their son, David spent the week with his grandparents. Guests of Mr. and Mrs. Cleo May Christmas were their sons, Marion and Harold and their families. Their other son, Charles and his family who live in New Jersey were not able to be here, because of the distance to travel.

Mr. and Mrs. George Van Schoiack left California January 4 for Coushatta, Louisiana where they will visit Loudon Van Schoiack.

Charles White was a Sunday dinner guest of Mr. and Mrs. Walter Clevenger and daughter, Betty and son, James. Miss Betty spent the week end at home and returned to South Bend Sunday evening. Mrs. Charles White is

(Second of a series of three articles designed to assist you in filing the new form for reporting your 1949 Gross Income Tax and World War II Bonus Tax due January 31. The first article of this series appearing in last week's Citizen, gave detailed instructions in computing Gross Income Tax. This article is devoted to computations of the new Bonus Tax).

Since the Bonus Tax did not become effective until July 1, 1949, the taxpayer will pay this tax only on earnings during the last half of the year in addition to Gross Income Tax upon the same income. Everyone receiving over \$500 in taxable Gross Income during the last half of 1949 and whose taxable Gross Income exceeded \$1,000 for the entire year, is likewise subject to the Bonus Tax. Regulations, exemptions and penalties are the same for the Bonus Tax as for the Gross Income Tax.

For the large majority of taxpayers, who are employees and receive wages or salaries, computation of both Income Tax and the Bonus Tax will be comparatively simple. They will be supplied by their employer with the illustrated Form 12A or a similar form which shows, as indicated by illustration, (1) total gross income for the year, and (2) gross income for the second half of 1949. Thus, the employee's Gross Income Tax will be 1% of the total year's income shown in (1) the illustration, plus other income for the year as outlined in Schedule A (not illustrated); and his Bonus Tax will be 1/4% of 1% of the amount shown in (2) of the illustration "July 1 to December 31."

For those operating their own business, or those having multiple sources of income such as rental income, receipts from investments, sales of properties, etc., it will be necessary for them to make their own division of income for the year, reporting income received in the second half of the year in Schedule B and computing the Bonus Tax accordingly. IMPORTANT: The law provides that the Bonus Tax applies to all income received on or after July 1, regardless of the fact that such income was earned or contracted for before July 1.

In entering computations on the Bonus Tax in the illustrated Schedule B, it is important to remember that your Bonus Tax rate is determined by your Gross Income Tax rate. Therefore, your official form is arranged so that your Bonus Tax computations are in the same column or columns and directly below the Gross Income Tax computations in Schedule A that appears on the top half of your official form and was illustrated last week.

Each Line of Schedule B Explained
Line 18. All taxable income received from July 1 to December 31, 1949 should be entered here in the same column or columns used in Schedule A to compute Gross Income Tax.

Line 19. Enter here in the appropriate column your allowable exemption which is \$500 for all except Retail Merchants. Retail Merchants Exemption in Schedule B will be a maximum of \$1,500 if in business the entire six months, July 1 to December 31, or \$250 times the number of months in business during that period.

Line 20. Subtract line 19 from line 18 and enter the difference here. This figure is the total income subject to Bonus Tax.

Line 21. Enter here your Bonus Tax which is 1/4% of 1% of the amount in Column 1, Line 20, 1/2% of 1% of the amount in Column 2, Line 20 and 1/4% of 1% of the amount in Column 3, Line 20. Then add and carry totals directly across to Column 4.

Line 22 & 23. These lines are to be filled in only by those who have made a quarterly return for the third quarter of 1949 as outlined in Schedule A.

Line 24. Add your total Gross Income Tax (Line 12 or Line 17, Column 4) to your Total Bonus Tax Line 21 or Line 23, Column 4.)

Line 25. This line is for computation of interest of 1% a month on your total tax (Line 24) if you are late in reporting your income.

Line 26. The penalty for failure to file your return before the January 31st dead-line is 10% of the combined total Gross Income Tax and Bonus Tax, and the minimum penalty is \$2.00. However, when payment is not made after proper notification from the Gross Income Tax Division, or, where there is a deficiency resulting from an attempt to evade or defraud, the penalty is 50% of the combined total Gross Income Tax and Bonus Tax.

Line 27. If you have completed computations of Gross Income Tax in Schedule A in accordance with instructions given in Article 1 appearing in the paper, and have completed computations of Bonus Tax in Schedule 2 as just outlined, you are now ready to fill in the general information data at the bottom and on the back of your official form. When this is completed, make out one tax remittance to cover the combined amount of Gross Income Tax and Bonus Tax and make it payable to the "Indiana Gross Income Tax Division." Make all payments by check, money order or draft. Do not remit cash or stamps. Sign your remittance, seal in the envelope and mail to the Indiana Gross Income Tax Division, 141 S. Meridian St., Indianapolis, Indiana before midnight, January 31, 1950.

A&P Charges Suit Aimed To Prevent Real Competition

The Great Atlantic and Pacific Tea Company charged last week that the current anti-trust suit against the company is really "a suit against efficiency and against real competition."

The company announced its intention of running a series of advertisements telling about previous suits brought against A & P by the anti-trust lawyers in which the charges were proved to be false.

"In case after case they made charges against A & P which were proved in court to be utterly without foundation," the ad stated.

Last week's ad cited one such suit in which it was cleared of anti-trust charges of conspiracy to fix bread prices. Under the caption, "The Washington Bread Case," the decision of Federal Judge Allen T. Goldsborough is quoted:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you there was not any evidence at all. Honestly," he said, "I have never in my forty years' experience tried a case that was as absolutely devoid of evidence as this. This is the honest truth. I have never seen one like it."

The fact is crystal clear, the food chain points out, that while the anti-trust lawyers constantly protest that they are not against "bigness," they only brought their bread suits against the big companies that sold good bread at the lowest prices, just as the current suit attacks a big company sells good cheap food.

"The real question involved in this suit is whether businessmen

are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people the most for their money."

The food chain points out that it was forced to carry out its present newspaper campaign to protect its business against the charges which the anti-trust lawyers were making in press releases, in speeches and on the radio.

"Charges," says A & P, "that would seriously damage our business, if they were believed by the public."

Pointing out that many of A & P's patrons "would not want to deal with the kind of people that the anti-trust lawyers represent us to be," the ad states that the anti-trust lawyers "have been wrong before," and "in this case we know they are wrong."

"We think," the company states, "that we have a right to protect this 90-year-old business which has made it possible for millions of American families to get more and better food for their money, which is providing high-wage employment for 110,000 Americans, and which is helping millions of farmers to improve the methods of distributing their produce."

"The anti-trust lawyers tell the public they won a previous anti-trust suit against us at Danville, Illinois. They did. What they do not tell you is that they brought case after case against the A & P in federal courts all over the United States. Before they won this case they suffered three defeats."

In conclusion the ad states the company will tell about the other

suits. "We are not going to duck, either. We are going to tell you about the criminal suit that the anti-trust lawyers won at Danville, Illinois."

CHRISTIAN EDUCATION MET

The Marshall County Council of Christian Education met Sunday afternoon in the First Evangelical and Reformed Church in Plymouth for the purpose of planning for the 75th annual convention which will be held in Plymouth the day and evening of February 16. The Marshall County Council of Churches will hold their annual meeting the afternoon and evening of February 15. The annual Fellowship Supper will be February 16.

For program committee Claude R. Newman, president, appointed Harold Pifer, Plymouth, chairman; Rev. William Loucks, Walkerton; Rev. Garfield Steedman, Bourbon; Rev. Quentin Hand and Rev. R. Richmond Blake, Plymouth. For publicity committee Mr. Newman appointed C. E. Mollenhour, Bourbon, chairman; O. S. Ellis, Bremen; Mrs. Harold Pifer, and Rev. Paul Marsh, Plymouth and Mrs. LeRoy Voreis, Twin Lakes. Mr. Newman was placed on both committees by the council.

This week blanks will be mailed to each Sunday School superintendent in the county for the annual report of their school. It is essential that the reports be filled out and returned promptly as part of the data will be used in the convention booklets.

Farm Leases Outdated By Changed Practices

Changes in farming methods and in prices have resulted in many old lease arrangements becoming inequitable on Indiana farms. Prices of items contributed by the tenant, mainly labor and management, have increased more rapidly than the price of items contributed by the landowner, which are largely real estate.

However, most of the changes in farming methods have tended to reduce the relative proportion of physical items furnished by the tenant, Lynn Robertson, agricultural economist, points out. Landowners now furnish larger acreages of land, for example, while the total amount of required labor has decreased. The expense of many services, hired on a custom basis, are shared also by the landowner, particularly on stock share rented farms.

These custom services replace labor that was formerly furnished by the renter. Some illustrations of this situation are custom trucking to market, hybrid seed corn production and the baling of hay. Tractors are a partial substitute for labor as well as for horses. If the landowner pays for part of the fuel cost for the tractor, he is contributing toward a service formerly furnished by the renter as labor, the agricultural economist points out.

On the other hand, some practices have increased the tenants' expense in proportion to that of the landowner. The expense of equipment is greater and there is considerable extra labor for such jobs as spraying.

Lease arrangements have lagged in their adjustment to these changes. Adjustments that overcome these changes need to result in equitable leases that are directed toward making the interests of the two parties mutual.

THREE ICE FISHERMEN SAVED FROM DROWNING IN NORRIS LAGOON

Fishing through the ice on the Dr. Norris lagoon on the southeast corner of the lake, three men narrowly escaped drowning on Sunday afternoon when the three-inch coating of ice gave way. O. S. Matchett of Culver was the

first to go through the ice. He was saved by those nearby who used planks and a rope.

The second to go through was an unidentified fisherman from South Bend who was rescued by Noble Sheatsley of Walkerton. Later Sheatsley fell through the ice and had to be rescued.

DEATH KNEEL OF THE TOWNSHIP?

Joint announcements by state political leaders, Hoosier State Tax Association officials, and State Teachers' Association officers last week end indicate that the battle to eliminate township government units in this state is under way. Senator John W. Van Ness of Valparaiso, president pro tem of the upper house of the general assembly, declared he would introduce legislation in the next session of the state legislature to drastically reduce the number of townships in the state. There are 1,011 townships in Indiana.

Support from the Democrats was indicated by the party's leader in the legislature, Senator Leo F. Stemle. Harry Miesse, chairman of the board of the Indiana Taxpayer's Association, and Walter Horn, executive secretary of the Association, publicly announced their support of the proposals, as did Robert Wyatt, executive secretary of the Hoosier State Teachers' Association.

While the opposing camps plan the political strategy for the fight which has been brewing for many months, many of us in rural communities like our own, will begin to take sides in this battle for the weight of public opinion.

Mr. Van Ness, Mr. Stemle, Mr. Miesse, Mr. Horn, and Mr. Wyatt, leaders of the growing list of proponents who advocate doing away with the townships are not without evidence in their claims that township government is costly, obsolete, and inefficient. However, the evidence does need examining not in the light of pure statistics but in the service to the community.

In general, present-day townships function in two major capacities: (1) As a civil corporation for the administration of poor relief, assessment of taxable property and limited functions; and (2) as a school unit for the administration of elementary and secondary schools.

While for all practical purposes, it may seem that the township has served its day, it nevertheless represents one of the last vestiges of local government which we have. And in this proposed move towards more centralization of government, particularly in a democracy such as ours, it would seem that considerable thought and common sense study should be given to both sides of the proposition before eliminating it entirely, for once the township is gone, it, or its likeness, will be difficult to regain.

"MULE TRAIN" LEADS TO ARSON

In Washington, D. C., last week an accused arsonist told the judge he was just trying to stop the everlasting playing of "Mule Train" when he set fire to his rooming house.

The sympathetic judge stated that the defendant stopped the music but didn't get a prize.

Ben Cole of the Indianapolis Star in reporting the incident, says that Indiana's Representative Andrew Jacobs whose fancy was caught by the whimsy of the thing, observed that the fitting penalty for the crime was to lock up the culprit and force him to listen to "Nature Boy."

"On second thought," Jacobs said, "the Constitution forbids cruel and unusual punishment."

INCREASE SOCIAL SECURITY TAX

On January 1, a 50% increase in Old-Age and Survivors Insurance payroll tax rate became effective. Since the social security

act came into effect, the tax rate has been 1% paid by the employer and 1% paid by the employees for all wages up to \$3,000 yearly. As of January 1, the rate became 1 1/2% for each.

Mincemeat Apples

Here's a clever addition to your ham or pork roast party—mincemeat apples. Core baking apples and peel them about a third of the way down. Place the apples in a deep baking dish and fill the cavity of each with 1 tablespoon of mincemeat and 1/2 teaspoon of butter. Pour a sugar sirup over the apples and bake them, uncovered, in a 350 degree F. oven for about 1 hour, basting frequently.

Fruited Ham

Flavor combining is wise, especially when it's smoky ham and apricots. For joining these flavors, choose a ham slice about one inch thick. Place the ham on the broiler rack two inches from the heat and sprinkle with spices, allspice and cinnamon. Occasionally baste the meat with apricot juice. When brown, turn and sprinkle spices on the other side and repeat the basting process. When the ham slice is broiled, arrange apricot halves on top and return to the broiler just long enough to slightly brown fruit.

Plymouth Farm Supply Builds New Addition

A large new John Deere Service Department (covering 4000 square feet additional floor space) has been added to the rear of the Plymouth Farm Supply building, which makes it nearly half-again as large as it was originally. Jim Morrissey, proprietor, announced this week.

This new Service Department has large 14 foot overhead doors and clearance to handle the largest service jobs. It is exceptionally well lighted, and includes the most up-to-date precision tools and testing equipment on the market, especially for tractors, and other John Deere machines.

The parts department, warehouse and showroom have been enlarged, and the place in general has undergone a complete remodeling program. This new addition was built because of their need for additional shop space and facilities, and a larger Parts Department to handle the much larger stock of John Deere repair parts now carried by the Plymouth Farm Supply.

Special effort was made to have this work all completed well

ahead of their coming "John Deere Day" which will be held on Wednesday, February 22nd. Last year's big day brought more than one thousand farmers to their program, and two theaters were used to handle the crowd. Mr. Morrissey is expecting an even larger turn out this year, because the movies to be shown this year are entirely new, and even better than last year's pictures.

WAR PRISONERS AND INTERNEES CAN FILE BENEFIT CLAIMS BEGINNING JAN. 3
 Governor Henry F. Schrieker announced this week that residents of Indiana who were prisoners of war or civilian internees at any time during World War II can secure official claims forms from The Indiana Economic Council, 140 North Senate Avenue, Indianapolis 4, Indiana, for benefits to which they may be entitled under the Federal War Claims Act of 1948.

Claims forms are now ready for distribution. All claims must be filed with the War Claims Commission before March 1, 1951. Only claims filed on the official War Claims Commission forms can be considered for benefit payments.

Persons eligible for benefits under the War Claims Act include military personnel who were prisoners of war in any theatre in World War II and certain American civilians who were interned by the Japanese in the Philippines, Midway, Guam, Wake Island or any Territory or Possession of the United States attacked or invaded by the Japanese on or after December 7, 1941. Survivors may be eligible for the benefit, in case of the death of a prisoner of war or civilian internee.

Former prisoners of war may receive \$1 for each day of imprisonment on which the enemy failed to provide adequate food. Under certain conditions, civilian internees may be entitled to \$60 for each month of their internment.

YOUR LIFE INSURANCE

A school teacher recently wrote the New York Life Insurance Company:

"Next year my policy will begin to pay me forty dollars a month. That amount, added to my pension and other income will make me very independent, financially. I am proud that I shall be able to care for all my needs, when I know so many people who have to depend on others."

"Although other teachers in the same high school in which I taught smiled at my innocence in buying life insurance instead of speculative stocks, I lived not only to smile, but to grin at them, for it was they who made the mistake. Quick money! There just isn't such a thing."

UNIVERSAL WEEK OF PRAYER SERVICES ATTRACTS FINE AUDIENCE

The Universal Week of Prayer Services held by the Culver-Union Township Council of Churches at the Emmanuel Evangelical United Brethren Church the last two Sunday evenings and the Wednesday evening intervening attracted fine and appreciative audiences. The attendance at this year's services was more than double that of the previous year.

The Council wishes to thank Dr. Hardigg Sexton, Rev. Quentin Hand and Rev. I. G. Roederer for their inspiring messages and the choirs of the Methodist, the Evangelical and Reformed and the

Churches for their special anthems. Thanks is also expressed to the Emmanuel Church for the use of their building in the holding of these services.

Lower Taxes in 1950, Says I. T. A.

Marshall Levy Cut, Says Taxpayers Association

That property tax reductions are possible was pointed out today by The Indiana Taxpayers Association, who cited five counties in northern Indiana, two of which will levy less taxes in 1950 than were due in 1949. The list includes, St. Joseph, Elkhart, Laporte, Marshall and Starke counties and with the exception of Elkhart, Laporte, and Starke, the bill presented to the taxpayers has been slashed.

"The largest cuts from advertised levies," the Association explains, "were made in St. Joseph County where the reduction was \$1,034, 847. Of this sum \$849,250 was pruned by the local agencies such as the city council, the school board, the county council and the county adjustment board. The remainder was eliminated by the State Tax Board after the final review of the budgets and levies."

"Cuts from advertised requests for next year amounted to \$96,379 in Elkhart County, \$398,057 in Laporte County, \$121,669 in Marshall County and \$35,898 in Starke County. In Elkhart, Laporte and Starke counties, however, the taxes will be higher next year than this year, despite the reductions made in requests of

public officials.

"We feel that this situation is most encouraging for the taxpayers as the trend has been consistently upward for the last several years. It shows what we were able to do as an organization by having our field men question each item in every budget and it demonstrates also the support for more economical government, given to the people by the newspapers. In St. Joseph county, for example, a cut was made in the levies of many taxing units and these economies were made possible despite the fact that there will be an election in 1950, something that did not have to be financed during the year now about to close.

"What the taxpayers should do is to make more vigorous protests in their own behalf. Our agents have attended hearing after hearing where no taxpayers appeared, or at best, only a few came to seek reductions. Under Indiana tax laws the public is all powerful and if this power is rightly used, the terrible tax burden that bears down upon all of us can be lightened. Once more we urge the taxpayers of Indiana to act in their own behalf."

NORTH JUDSON LIVESTOCK MARKET

—SALE EVERY MONDAY—

Without a doubt this sale has more buyers than any market in Northern Indiana. That is why you get better prices when you ship to and sell through North Judson Live Stock Market.

If you have never attended or sold your livestock through this market you do not know whether you are getting full value for your animals or not. The location of this sale and the many buyers that are here each Monday makes a difference.

When you get here with your consignment, one head or a truck load, it receives prompt attention and quick unloading service. Now that you have your farm work done and are not so busy drive over any Monday and watch us sell. You will see for yourself that we do our best to get the top price for any animal consigned.

We need a lot more butcher cattle, veal calves and dairy cows, and there is no limit on the number of hogs we can sell, both large and small.

If you need a truck call 161 North Judson as early as possible on Monday.

SPECIAL FOR NEXT MONDAY, JAN. 16

We have consigned from one farm 8 Holstein cows and 11 Holstein heifers. Some of these cows are fresh and the others are close up springers. The heifers are all from artificial breeding from the Newman Bulls. This herd has passed three clean blood tests.

Better make arrangements to be here next Monday. The owner will be here to tell you about them.

Lakers to Meet Chicago Collegians

John "Stoop" Jones, 6'-3" guard and center on the Chicago Collegian Basketball team. Stoop is from Knoxville State Teachers College, and is reputed to be the most tireless player on the squad.

The original Chicago Collegians, widely known professional basketball team will meet the Culver Lakers in one of the most important independent games of the season here next Tuesday evening, it was announced today.

The Collegians now playing their sixteenth season of top-flight basketball are among the nation's greatest cage attractions.

The Collegians played together for eight years as an amateur team before turning pro seven years ago. As an amateur team they won every honor and distinction in the book and were the only negro team that ever competed in the National A. A. U. Tournament. Their entry in the pro ranks immediately captured the fancy of the fans, when they took on the top professional clubs in exhibition and tournament play.

The dazzling speed and trickery deception of the Collegians offense, has earned them the sobriquet of "court magicians." The team has players who are artists at ball handling and one and two hand shooting. Last years club has been greatly improved, with the addition of noted negro athletes. The entire country has been thoroughly combed in digging up talent that is certain to give the fans the type of thrilling basketball they have a right to expect when ever the famed Col-

legians take the floor.

The team roster include such famed players as "Buzz" Matthews, 5'11" star from Wilberforce University. Buzz is a show-man de-luxe and performs tricks with the basketball that is reminiscent of famed state jugglers; LeRoy "Red Pryor," 6'1" De Paul University star; John "Stoop" Jones, 6'3" guard and center, formerly of Knoxville State Teachers' team; Tony Peyton, 6'1 1/2" guard and forward formerly of Toledo University; Ray Watkins, 6' guard and forward, formerly of John Howard University; Pete Wilson, captain of Princeton University team of 1945; Bob Mayes, 6'6" center, formerly of Wilson Jr. College; and Marshall Covington, 6' guard from St. Xavier of New Orleans.

As a preliminary to the Lakers-Collegians contest, the Culver V. F. W. will meet the South Bend V. F. W. The preliminary contest will begin at 7:15 p. m.

INJURED

Jesse Overmyer suffered severe bruises when he slipped on ice at the top of a stairway last Wednesday. An examination disclosed that two vertebrae were badly bruised. He was able to be up some yesterday.

Gas utility companies in the U. S. employ about 160,000 workers.

Lakers Win Two Out Of Three Contests

The Culver Lakers, led by Roger Thews with 31 points, downed the South Bend O'Chaps last Wednesday 103 to 69. The high scoring Lakers rolled up 38 points in the fourth quarter.

The scoring was as follows: Thews 31, Snyder 18, Heiser 11, Fishburn 10, Jordan 9, Reed 7, Baker 11 and Melton 6.

The Culver VFW lost to the South Bend McKee Truckers by a 55 to 44 score in the preliminary game.

On Sunday afternoon the Lakers defeated a stubborn Nappanee Pletcher Motor quintet at Nappanee, 53 to 49 for their 10th win in 11 games. Thews with 17 and Heiser with 12 points were high point men for the game.

Last evening a classy Laporte quintet which proved the nemesis of the local Independent squad on two occasions last year defeated the Lakers 63-39.

Name Col. Kitts As Equestrian Judge For Guatemala Games

Col. I. L. Kitts, director of horsemanship at the Academy, was selected this week as an equestrian judge at the Central American and Caribbean Sports Games to be held in Guatemala City Feb. 25 - March 12.

These sports events, sponsored by the International Olympic Committee, are regarded as the Little Olympics, the winners of which are usually selected for Olympic competition.

Competition will be held in 18 different sports, with Colonel Kitts being one of the judges of the various horsemanship events.

Colonel Kitts was a member of the United States Olympic equestrian team in 1932 and 1936. He is nationally recognized in equestrian circles as a polo player, point to point rider, and a jump and dressage expert.

He and Mrs. Kitts will fly to Guatemala in time for the start of the games there on February 25.

Cadet Netmen Meet Two Foes This Week

The Academy basketball team will take on two Mid-West Prep league foes this week end, meeting Glenwood School on Friday afternoon at 4:30 and Indianapolis Park Saturday at 6:15.

Russ Oliver's netmen continued undefeated last Saturday when they won over a powerful alumni team, 47-33. Fourteen grads returned to the campus for this game, all of them former members of the Academy varsity.

Last week's victory was the third consecutive for the Oliver coached squad. They have yet to be pressed, but may have strong competition in the games this week end.

RUSSELL CROY ELECTED PRESIDENT OF SADDLE CLUB

The Lake Maxinkuckee Saddle Club held it's first meeting of the new year recently. Twenty-three members attended the meeting where 1950 officers were elected.

Russell Croy was elected president of the Saddle Club. He succeeds Ced White who headed the equestrian group last year. Other officers named include: Faye Neidlinger, vice-president; Violet Neidlinger, secretary-treasurer.
