## Indians To Pry Open Basketball Season Here Friday Night

Coach Harold Sering will unveil his 1950 model of the Culver Indians basketball quintet in the local gymnasium here on Friday night as the team meets Flora. The public will find that the machine is made up of almost all new parts.

The one cog left from last year's classy model, Eddie Davis, has been named captain of the 1950-51 streamlined version which hopes to withstand the long road tests. Fans, realizing that there would be complete reconversion are hopeful that the new model will have all the "old zip" of former models. It is believed that the new model, much smaller than previous ones, will be speedier and much more sturdy.

No starting lineup has been announced by Coach Sering, but it is probable that Captain Ed Davis will be at guard with Jim Kowatch as a running mate. Bill Snyder, who saw plenty of action last season will be at one of the forward slots. Bill Baker, only six-footer on the squad will be tried at center and others who will see action include Joe Currens, C. Kline, forwards; Allen Crabb, center, and K. Martin, guard.

Flora will furnish a real test for the revamped Indians. The opponents have been highly regarded during each of the past three seasons and there is no evidence why they should not be so considered this year. Last year in the initial game Culver dropped a triple overtime 55-53 decision.

The Papooses, under the tutelage of Coach Ted Ervin will play in the curtain raiser. He has a large squad working out daily, including several from last year's eighth grade team. The first game is scheduled to begin at 7:00 p. m.

The Culver high school Junior Band will be presented between halves of the varsity game. Varsity cheer leaders named recently are Joanna Snyder, Joyce Overmyer, Mary Havlin, and Marilyn Hook. Reserve team cheer leaders include Virginia Hook, Patricia Stovall, and Jean Curtis. The 1950-51 cheerleaders were selected from 21 students who tried out for the positions. Final selection was made by a committee composed of four faculty members and eight high school students.

## Lossie A. Green Passes Away

Lossie Anthony Green, age 60, died early Monday morning at Parkview hospital, Plymouth after an illness of about one week. He was born near Culver on September 15, 1890 and with the exception of 32 years in South Bend when he worked on the police force at Studebaker's, he lived his entire life in Culver.

Surviving are his wife, Triss; two daughters, Miss Helen Hazel Green, Toledo, Ohio; Mrs. Ethel Rose Richter, Mishawaka; and one son, Robert J. Green, Toledo, O.; one sister, Mrs. Alice Dees, St. Louis, Mo. and three grandchildren.

Funeral services will be held this afternoon at the Evangelical United Brethren Church with Rev. I. G. Roederer officiating.

## 1950 Hallowe'en Art

Hallowe'en artists put the finishing touches on their windows in the downtown business area last Friday. Left to right are: Joan Elaine Hoffman, Warren Curtis, Patty Taylor, Beverly Baker, Don Mikesell and Sandra Seese. Both windows were judged winners in the competition.

## Mrs. P. D. Pointer to Speak at World Community Day Service

Mrs. P. D. Pointer of South Bend will be the speaker at the Annual World Community Day services to be held Friday afternoon at 2:30 o'clock in the Methodist church. The final plans for the Community Day services has been announced by Mrs. I. G. Roederer, president of the Culver-Union Township Council of Church Women.

Mrs. Eugene Benedict, general chairman supervising program arrangements, has announced that the project for the meeting will be for the women of the community to either knit garments, bring good clean knitted garments, or bring yarn and knitting needles. These "pieces for peace" garments will be sent abroad through the United Council of Church Women.

Mrs. Pointer, member of the National Department for Christian World Relations of the United Council of Church Women, will speak on "Love Thy Neighbor."

The meeting is sponsored by the committee on Christian World Relations. Representatives from the various church groups on the committee include: Evangelical United Brethren Church, Mrs. A. R. McKesson and Mrs. Ernest Crabb; Culver Methodist Church, Mrs. Maude Lindley and Mrs. Quentin Hand; Mt Hope Methodist Church, Mrs. Clarence Kline; Maxinkuckee Methodist Church,

## Funeral Tomorrow For Mrs. Sarber

Mrs. Dora Sarber, age 59, passed away Monday evening at 7:00 p.m. at the Logansport Hospital. A resident of Royal Center, Mrs. Sarber had been ill for ten months and death was attributed to coronary thrombosis.

Born October 27, 1891 at Plymouth, Ind., Mrs. Sarber moved to Royal Center two years ago. In addition to her husband, Roscoe Sarber, she is survived by three daughters, Mrs. Violet Ludwig, Argos, Mrs. Marjorie Baker, Culver, Mrs. Burl Flagg, Argos; her mother, Mrs. Mahala Zumbaugh, Plymouth; one brother, Lloyd Zumbaugh, Los Angeles, Calif., and five grandchildren.

The body was removed to the Grossman Funeral Home in Argos where friends may call. Funeral services will be held from the Funeral Home at 2:00 p.m. Thursday with Rev. Lloyd Mauer of the E.U.B. Church of Royal Center officiating. Burial will be in Old Oak Hill cemetery, Plymouth.

Mrs. Lee Wynn; Grace Evangelical and Reformed Church, Mrs. Glenn Voreis and Mrs. Wilbur Brown; Hibbard Evangelical Church, Mrs. L. Grace; Rollins Chapel, Mrs. Coleman Jackson; Burr Oak Church of God, Mrs. D. Hatten; and Burr Oak E. U. B. Church, Mrs. George Thornburg.

The weather was warm last evening, but Brr, the water was cold, boat jugglers report.

## Community Chest Funds Lag

Incomplete reports from over the township indicates that the 1950 Community Chest is dragging, with less than fifty per cent of the goal of \$4,000 pledged or paid in, yesterday evening. The incomplete report showed that \$1720 has been turned in.

With the drive scheduled to close this Saturday, Nov. 4, it would appear that the goal may not be reached. One bright side of the picture is noted in the fact that not all canvassers and captains have made their reports. The record to date shows: J. P. Carter's group of canvassers turning in approximately \$167; Mrs. Maurice Curtis, approximately \$42; Homer Kemple's group \$94; and Jesse Sims, \$70. Mrs. C. Jackson's name was not included as a solicitors in last weeks published list.

E. W. Carter reported \$887 with more than half the work remaining to be done. Col. Robert Rossow, with two-thirds of his area to be heard from, has a total of \$445.

All canvassers are asked to make a final check of their respective areas and citizens are requested to make their contributions now.

## JUNIORS SPONSOR DANCE

A public dance will be held Friday night, Nov. 3, in the Lions Den immediately following the Flora-Culver game, under the sponsorship of the Junior Class.

## Voters to Elect State, County and Township Officers Next Tuesday

Reputed to be the most spirited campaign in many years, voters will make their selection of candidates at the polls next Tuesday, November 7 as they mark their local county and state ballots. Political party activity throughout this and adjoining counties has reached a new high during the past few weeks as candidates and their party's have sought votes.

There appears to be advance evidence pointing toward "splitting" the ticket on both the county and state tickets. Both Republican and Democrat party leaders have expressed the hope that the turnout of voters will be larger next Tuesday than those of past general elections.

The list of candidates for the two major parties is published in today's Citizen. The voting places are as follows:

### Union Township —

Precinct 1: Currens Building, Burr Oak.

Precinct 2: Van Meter's Implement Store, Culver.

Precinct 3: Basement, Maxinkuckee I. O. O. F. Lodge Building.

Precinct 4: Hoessel Insurance Agency, E. Jefferson St., Culver.

Precinct 5: Town Hall, Culver.

Green Township —

Precinct 1: Green Twp. School Building.

Precinct 2: Santa Anna Church Basement.

West Township —

Precinct 1: West Twp., H. S. Gym.

Precinct 2: Twin Lakes Conservation Club House.

## Death Claims Mother of Mrs. Bertha May Rust

Mrs. Mary E. Setser, age 70, of Columbus, Indiana, and mother of Mrs. Bertha May Rust of Culver, passed away early yesterday morning following a brief illness at the Bartholomew County Hospital at Columbus. Although she had been ill her condition had not been considered critical and her death came as a shock to her family and friends.

She was apparently much better after having been taken to the hospital on Monday afternoon. Mrs. Setser had often visited here during the past twenty years. She is survived by her husband, Scott Setser, Columbus bank official; two daughters, Mrs. Paul Deranian of Waukegan, Ill., and Mrs. Rust of Culver, and granddaughter, Barbara Jane Rust; three sisters and one brother. Funeral services will be held tomorrow afternoon at 2:00 p.m. at Columbus.

## MOBILE X-RAY UNIT TO BE IN CULVER

The State Mobile x-ray unit will be in Marshall county during the week of Nov. 6 so that high school students and the general public may get free chest x-rays.

The Marshall County Tuberculosis association urges the public to take advantage of the program.

During the noon hour, the unit will be open in Culver for working people. The Culver schedule is: Tuesday, Nov. 7, Culver High School, 9 a.m. to 1 p.m. and 2 p.m. to 4 p.m.

### Schricker Sparks Third District Rally Friday

Some 700 persons attended the Third District Democrat Rally and Homecoming celebration for Deane E. Walker, state superintendent of public instruction, held at the Centennial Auditorium at Plymouth where Governor Henry Schricker addressed the district gathering last Friday evening.

Drawings liberally on wide political experiences, Governor Schricker told of the development and achievements of the Democratic party. A native of Starke county, the Governor described the political tactics and battles of the 1890's in requesting a fairer interpretation and appraisal of party achievements and leadership today.

The speaker pointed out that not only opposition candidates, but the press too, is guilty in lending a misinterpretation of governmental leadership. "The republic's two-party system is an integral feature in our system of government, let's keep it on a high plane," the speaker stated.

Expressing the opinion that the post of state superintendent of schools should not be elective, the speaker implied that as Governor, he hoped to change the present method of selecting the head of the state schools before his present term expired. Paying tribute to Mr. Walker, the Governor stated "since the inception of the office 100 years ago, Indiana never elected a more understanding, a more diligent and capable person to head the schools than Deane Walker, who has brought honor and dignity to the office."

Francis Johnson, Plymouth mayor, presided at the meeting. Marshall Kizer, county chairman

introduced candidates for state, county, and township offices. Alex Campbell, candidate for the U. S. Senate, and Thurman Crook, congressional candidate spoke to the assemblage. Deane Walker introduced Governor Schricker.

### Ewing Re-Opens Oak Grove Store

Friday, November 3rd, will be an important day in the Oak Grove Community and particularly for Carroll and LeVerna Ewing and all the customers whom they served in their store prior to the time of the disastrous fire which completely destroyed their C & L store, house and garage on July 28th.

In record time, actually a little more than three months, they have rebuilt their store and living quarters and on Friday and Saturday they will celebrate the occasion by holding a Grand Opening. A large number of visitors are expected to attend the opening and view the 24x68 cement block building, which is a fire-proof structure. The store is located in Oak Grove on Rural Route 2, Culver.

### EUB PARSONAGE REMODELED

Reverend and Mrs. I. G. Roederer moved back into the newly remodeled Evangelical United Brethren parsonage yesterday. Work on the remodeling of the dwelling and garage was initiated in July. The home of the church minister has been completely modernized.

### BOB SIMPSON WITH ROTC OUTING

Robert Simpson of Culver, was among a group of 60 Air Force ROTC students from Ball State Teachers College who visited Wright-Patterson Air Force Base, Dayton, Ohio, on a college field trip recently.

### Harvey Addresses County G. O. P. Rally Thursday

"Socialized medicine and the Brannan Farm Control Plan are just two examples showing how the national administration is ambitiously seeking to extend the power of the party in power over the life of the individual," Ralph Harvey, representative of the 10th Indiana Congressional district, stated in an address before a capacity audience attending the County Republican Round-up Rally held at Plymouth H. S. last Thursday evening.

The speaker declared "we need a change from those in power who are tearing down the foundations of public honesty, honor and decency." The speaker lashed out at the "erratic Truman foreign policy."

Preliminary to the main address of the evening, Leland

Smith, candidate for secretary of state, promised an efficiently run office, declaring that he would clean up the present process of issuing licenses. Mr. Smith, an attorney, is a former mayor of Logansport.

More than 45 persons from this locality were among the estimated 550 attending the Round-up. Representative Harvey was introduced by Bob Grant, former third district congressman. Shepard Crumpacker, congressional candidate, state, county, and township candidates were introduced by Mrs. Theda Grant and Roy Banta, county Republican party leaders. Art Becknell presided at the meeting, which followed a chicken supper served in the Lincoln gymnasium. The Plymouth Men's Chorus, of 19 voices presented an excellent variety of choral numbers to open the program.

The evening program culminated a county wide caravan where

candidates were presented at towns throughout the county.

### TWO MEN HURT IN ACCIDENTS

Jim Burns and John Crump, of this vicinity, were injured in accidents last week.

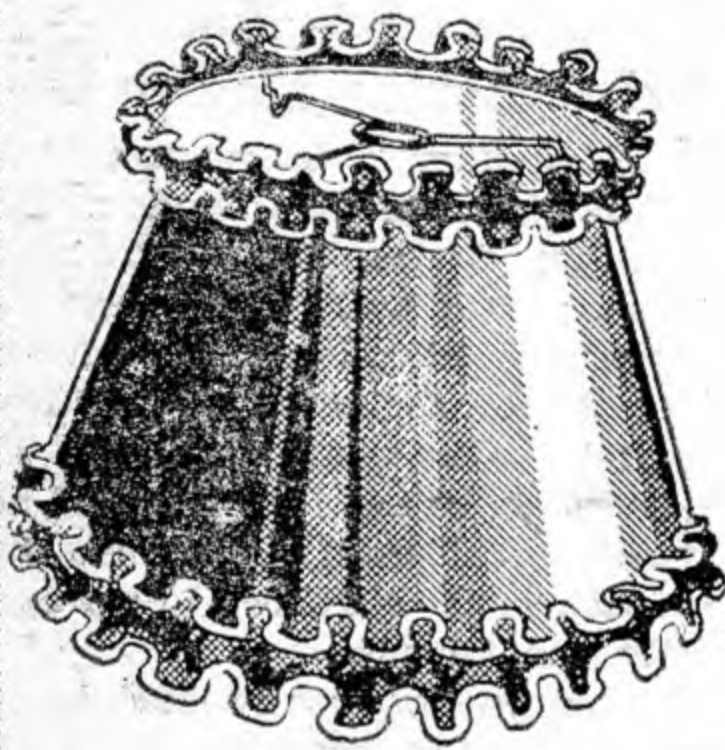

Burns received a broken leg in a fall from a scaffold while working on the new chapel building at the Culver Military Academy last Thursday afternoon. He fell about 17 feet and was taken to the Academy hospital.

Crump, of Burr Oak, lost the index finger of his right hand and severely lacerated several other fingers in a drill press accident at the Studebaker Corp. in South Bend last Thursday. After treatment at Memorial hospital for the injury he was dismissed to his home. Hospital authorities indicated further treatment and amputation of other fingers may be necessary.

It takes teamwork among a lot of people to operate your A&P store.

First, there are the farmers and manufacturers who grow and process the foods we sell, and our skilled buyers who purchase them.

Then there are the thousands of people behind the scenes who operate our warehousing and delivery facilities.

And finally, there are the fine, loyal men and women in our stores who, day in and day out, are striving to make your A&P a better place to shop.

You can help this team serve you by telling us how you think we can improve your A&P. Please write:

**To the Voters of Union Township**

As a candidate for re-election to the office of Trustee of Union Township I wish to solicit your support.

As a matter of record and for your information, I have no personal ambitions or "axes to grind." Most of you appreciate that the only worthy compensation in township offices is to be found in terms of community service. In this respect, my record of the past four years is worthy of consideration.

Every effort has been made to improve and to develop the splendid program of our schools in terms of the principles and requirements set up by the State Board of Education, The North Central Association of Secondary Schools and Colleges, and the County Board of Education, and according to local needs. Within the strict limitations of available funds and with the approval of the Advisory Board and the State Board of Tax Commissioners, I have earnestly endeavored with your cooperation to carry out this program of development.

For the most part, relations with the public have been satisfactory and I am most appreciative to many friends for their cooperation.

If this is of interest to you, I will sincerely appreciate your support, November 7, 1950.

The Marshall County School of Christian Service closed last Wednesday with a total registration of 106 excluding officials of the conference. Rev. Frank C. Martick's closing talk was "The Nature of The Church Necessary for Salvation." He stated that Christianity is not a straight line between the individual and God as many people think, but a triangle in which the church is the between angle of our direct relationship with God.

## BIG CHICAGO STOCK SHOW OPENS 2ND HALF CENTURY

When the International Live Stock Exposition gets underway in the Chicago Stock Yards Nov-

ember 25 for an eight-day run through December 2, it will be the start of a second half century for the country's biggest pageant of agriculture.

The 51st International, with prize money boosted beyond the usual \$100,000 total, should outsize past shows of the more than 50 years in which it has become ever larger and more impressive as one of the country's greatest institutions.

Total prizes for all cattle in the show will be \$61,370, the largest amount ever offered at the International, according to William E. Ogilvie, manager of the Exposition. Many increases made in other breeds to mark the 50th anniversary last year are retained this year.

## Ex-Army Officer Indorses Bollinger

Note: The following is in part a letter sent to Danny from Ben F. Nolan, Supervisor of Security, Ellis Island. Mr. Nolan was one of Danny's officers in the U. S. Army during the war.

1840 Amethyst St., Bronx, New York 60, New York, October 27, 1950

Dear Danny:

I am pleased to see that you are running for the office of Sheriff, and I am sure that the people of Marshall County will sweep you into office if you have done your part in acquainting them with your experience in police work, which I believe to be more thorough, more unique and of far greater scope than is usually presented to the public in a candidate for Sheriff.

DANNY BOLLINGER

The people of Marshall County are certainly fortunate in having a chance to install a person like yourself in the Sheriff job because you will carry into that office varied experiences and techniques acquired in your liaison duties during the war when you operated with representatives of Scotland Yard in England, with Federal agents in the U. S., with police representatives of the British military forces abroad, with local city detectives combating crime in localities near military camps, and, of course with fingerprint experts both here, in the U. S., and in England. Your election will equip your office with a viewpoint geared to and familiar with modern scientific criminal investigation techniques which you actively participated in with me when I was officer in charge of the Criminal Investigation Division in Western England. I trust that in your campaign you will acquaint the voters with the disorderly conditions which you and our police organizations had to overcome during the war, i. e. during air raids, fog and over-population; and that conversely you should be far more productive in a police job during peace times with modern police equipment at your disposal.

Sincerely... BENJAMIN F. NOLAN  
Asst. Supervisor Security  
Immigration Service,  
Ellis Island, N. Y.

## Hallowe'en Paintings

The Hallowe'en atmosphere was gaily enhanced in Culver this year through the window paintings of youthful artists working under the direction of Mrs. Mary Allen, art instructor in the Culver School. There was literally a "bewitching" scheme of decorating which attracted plenty of on-lookers, particularly as the enthusiastic and youthful artists initiated their projects on the windows of the downtown business places last Friday morning.

Divided into three classes, high school, seventh and eighth grade and fifth and sixth grade, approximately 40 students working in pairs or in larger groups, worked on the project. Everything from the familiar witches to the fodder shock and pumpkin was included in the various decorations.

The Veterans of Foreign Wars and the American Legion helped with the expenses and supervision, and awarded prizes to the winners of first and second place in each division. The project was so successful that the sponsoring group is already laying plans for next year's Hallowe'en painting. Because so many adults expressed an interest it may be that the oldsters will have an opportunity to display their originality in art. The sponsoring groups are most grateful for the cooperation of the merchants.

Judges for the competition were Mrs. Betty Medbourn and Mary Amanda Hoffman, representatives of the Music and Art Division of The Culver City Club. Winners were as follows: High School Division first place (Foreman's side window) Barbara Hinkle and Gary Bennett; second (Rector's) Mark Fisher and John Lewis; honorable mention (Easterday's) Mary Jean Johnson and Barbara Hinkle.

Seventh and eighth grade di-

vision first place (south window Taylor's Ben Franklin) Sandra Seese; second (Taylor's Ben Franklin north window) Beverly Baker, Joan Hoffman, and Martha Busart; honorable mention (Culver Cleaners) Arlene Baker, Eileen Warner, Jackie Doll and Betty Burns.

Fifth and sixth grade division first place (front window Foreman's and A & P Store) Ann Jurgenson and Linda Reed; second (Bechtel's Royal Blue Store) Lucinda Piersol and Sally Medbourn; honorable mention first (A & P Store inside window) Barbara Rust, Virginia Piersol and Virginia Reed; second (Gordon's Standard Service) Tommy Cultice and Carl Wagner.

## HALLOWE'EN PRANK COULD HAVE BEEN SERIOUS

The most flagrant disregard of human life and property which was reported during this year's Halloween season occurred last Thursday night when an automobile escaped by the narrowest margin from running into a road block near the Lake outlet on State Road 17. A boat, bench and white fence completely blocked the pavement.

It pays to advertise.

Let's All Vote, And Vote For Our Candidate

With only a few days to get in their final licks, political candidates and party leaders will round out their campaigning next Monday night and await the decision of the voters on Tuesday.

Round-ups, Caravans, Rallies, Political Party dinners, direct mail, approach through newspaper columns, and even door knocking, have featured the efforts of the congressional, county, state and local party candidates and leaders.

Unfortunately, if the past record can be taken as a criterion, then 52 per cent or less of the voters will express their opinion by voting next Tuesday.

Another omen of the political times is suggested in the fact that we as voters do not vote for our candidate and the things we believe him or her to stand for, but rather we vote against someone.

We should so live and labor in our time that what came to us as seed may go to the next generation as blossom and what came to us as blossom may go to them as fruit.

The more extensive a man's knowledge of what has been done, the greater will be his power of knowing what to do. (Disraeli)

Take Your Problems To Church Each Week; Millions Leave Them There

When Some One Believes in You

OF ALL THE CONDITIONS of life, loneliness is certainly the most unnatural and perhaps the most unnecessary. It would be absurd to say that real people are never really lonely.

Man naturally seeks the company of his kind. And while he is seeking, so also is he being sought. When he is living up to the requirements of his nature, every man has an ally in every human heart.

Ralph Waldo Emerson said that "the glory of Friendship is not the outstretched hand, nor the kindly smile, nor the joy of companionship; it is the spiritual inspiration that comes to one when he discovers that some one else believes in him and is willing to trust him with his friendship."

That discovery leads one to the heart of the Christian fellowship, in the friendship of Jesus and in the friendship of the Church.

Friends can be found outside the Church, but the meaning of friendship is only fully revealed in the Cross of Christ and in the fellowship of the Church.

This Little Message

Dedicated To Cpl. Thomas Andrews

This little message I send to you To wish you luck Tom, in the things you do

This little message comes from my heart To keep us close Tom, while we're apart

I'll say a prayer Tom, for you tonight And think of you Tom, each time I write

When the bugle blows you douse the lights Do you think of home Tom, these army nights

The family's waiting for your homecoming day And hope that from us you'll never stray

A thousand miles Tom, and many more Before you'll reach the family door

The family's waiting they are alright And they think of you Tom each and every night

It's getting late Tom, I'd better close.

Mrs. Mary Pennington

Over There

Dedicated To All Boys Who Are Serving

Over there our boys are fighting, dying while their folks are growing gray

Over there our boys are wishing that homeward they could stray Over there at mail call a few boys don't get mail

Over there our boys are living a rugged life of hell

Over here we are all praying that soon they will return

Over here parents and sweethearts all know what it's like to yearn

So if a loved one of yours is in service write a letter every day Cause over there at mail call letter is their pay

PLAN CELEBRATION DAY

Next Saturday, November 4, will mark the first birthday of Marathon Cat Gas, and Byron Studebaker has announced plans for a celebration Day to mark the occasion at Studebaker's Friendly Service Station. Gifts for the men, roses for the ladies, and children accompanied by their parents will receive balloons, the proprietor has announced.

To maintain strong bones, an adult requires one and one half pints of milk daily to get the required amount of calcium or lin in his diet. Medical authorities say that weak bones which snap under strain have caused many elderly people to fall.

GETTING OUT THE VOTE AT OKINAWA POLLING STATION—Americans who take their right of a free ballot for granted could learn a lesson in free balloting from these citizens of Okinawa who went to the polls for the first time to elect their governor. Young mothers, with their babies nursing or strapped on their backs, to aged grandmothers were representative of the voters. Three parties had candidates in the race. By 11 a.m. two-thirds of the town. And it was a rainy day.

### U. S. PRODUCTION AND PRICES

Production has varied much less and prices much more in U. S. agriculture than in industry. During and immediately after both World Wars, farm products prices rose more than wholesale prices of manufactured products. Subsequent declines, however, were greater for farm products.

Prices received by farmers in 1950 are expected to average well below the 1948 peak. On the other hand, wholesale prices of manufactured goods are likely to average little below their 1948 peak.

## Election Board Explains Ballot

The Marshall County Election board have called the attention of the voters to certain sections of the county and township ballots that have not been generally understood.

It must be remembered that if a voter desires to vote a straight ticket, he then marks his "X" in the circle above the names listed and makes no further marks.

On the bottom of the county ballots will be found three candidates for County Councilmen-at-large against all the other five candidates. Any combination of three may be voted. When the ballots are counted the three men with the highest number of votes win.

The same thing is true on all the township ballots with reference to the six men running for members of the advisory board. Any combination of three men may be voted for without mutilating ones ballot.

The members of the county election board are Hubert Tanner, Omer Bixel and Mearl Strombeck.

### Large Crowd Sees Halloween Parade

The climate was more suitable for a Mardi Gras than the traditional Hoosier Hallowe'en celebration here last night, and in keeping with the "July in October" temperatures the large crowd of adults and young people made a real for sure Culver mardi gras of the occasion.

More than 175 boys and girls and adults were suitably masked and costumed for the traditional occasion sponsored by the Fire Department and the Lions Club. The parade was led by fire trucks and the Culver High School Band. Don Lininger and his son won first place for the most clever costume: Richard Harris, second; Michael Fitterling and Danny Little third; and Larry, Linda and Mary Welch, fourth.

Fifth prize was awarded to a trio of Kemple's, Mary Ann, Martha and Shirley; 6th, Patricia Shockema and David Booker; 7th, Jim Ott and Jane Reed; 8th Robert Close; 9th, Anna Osborn; 10th, Charles Voreis; 11th, Patty Gentry; 12th and 13th, Ray and Linda Carpenter; 14th, Melvin Shafer; 15th, Kathleen Hoffman and 18th, Virginia and Lucinda Piersol.

The apple eating contest was won by Don Gersson and Linda Lockridge; Cracker eating, Bob Calhoun and Kate Osborn; corn shelling, David Washburn and Marilyn Carson; string chewing, Carl Wagner and L. Gabe; and pie eating, David McCarty and James Piersol.

James Rich again performed in his usual excellent style as emcee; Jim's Electric Service supplied the loud speaker system for the announcing and the music for the street dancing which climaxed the evening of fun.

Afghanistan's constitution, a frog legs exported from Japan in dependent constitutional monarchy, with a king, a senate and national assembly. All males over 20 may vote.

### List CHS Honor Students

Seven students in Culver High School, grades seven to twelve, were named to the Honor Roll for the first six weeks grading period. It was announced this week. Carolyn Robinson, Marilyn Tasch and Edna Mae Von Ehr are members of the Senior class who achieved the coveted rating. Other students named to the Honor Roll are Thomas Hurt and Alice Quivey of grade eleven; Charles Faulkner, grade eight; and Bruce Oliver, grade seven.

The basis for the rating is on a point system with a grade of A receiving three points; B - two points; and C - one point. At least eleven points are needed for the Honor Roll and nine for honorable mention.

Thirty two students were accorded honorable mention rating as follows: grade twelve, Freda Condon, Edward Davis, Mary K. Harper, Ronald McKee, Elizabeth Mahler, John Morris, and John Lewis; grade eleven, Larry Behmer, Marilyn Hook, Mary Jean Johnson and Ted Powers; grade ten, Phebe Aley, Arlene Kolar, and Maxine Tasch; grade nine, John Middleton, Nancy Morrison and Paul Overmyer; grade eight, Beverly Baker, Richard Hand, David Henricks, Marilyn Miller, and Winifred Reed; grade seven, Betty Bennett, Larry Berger, John Edgington, Judith Heeter, Alfred Johnson, Donald Mikesell, Carol Osmun, Sue Schock, Elaine Warner and Lloyd Williams.

### Young Republican Pre-Election Dance, Friday

Marshall County Young Republicans will hold their traditional pre-election dance after the county basketball games Friday night in the Centennial Auditorium, Plymouth. Bill Taber's orchestra will play from 9:30 to 12:30. Phil Klein, dance chairman, announced today.

The dance, which is open to the public free of charge, will feature an after-game theme, according to Klein. "Young people of high school age, and all are welcome."

### PAPER DRIVE TOMORROW

For the first time since the war, the Culver Lions Club will conduct a paper drive tomorrow (Thursday) afternoon. Citizens are requested to gather old papers, tie them into bundles, and place on the curb where they will be picked up. Three trucks will be used to pick up the paper. A Lions committee will process the paper which will be sold, proceeds going to the Community betterment fund.

### Lions Hallowe'en Party Attracted Crowd of 200

A capacity crowd of more than 200 persons enjoyed the Lions Ladies Night Hallowe'en program held last Wednesday night.

The program, under the supervision of Jim Little, featured novelty entertainment as a prelude to special music by a trio composed of G. Alderfer, J. Baker and Bob Flora; an instrumental quartet including the former group and Russell Flora; and the premiere public performance of the Culverchoralliers under the direction of James Miracle, with Mrs. Richard Bowles as accompanist. The audience enthusiastically approved their numbers, "Old Jonah" and "Some Enchanted Evening."

Dr. Hardigg Sexton pronounced the invocation; President Ray Manis welcomed the guests.

### TAX DEADLINE

Next Monday, November 6 is the deadline for making final tax payments. Harold Rose, county treasurer, has announced that the treasurer's office will be open again this Saturday afternoon, so that taxpayers may have this added opportunity to make payment of the fall installment of taxes.

The average American walks between 7 and 78 miles a day, a recent survey disclosed. Mailmen cover 20 miles, policemen 14, and the average housewife nearly 9.

## TO THE VOTERS of MARSHALL COUNTY

DO YOU KNOW that the office of PROSECUTING ATTORNEY plays a very vital part in law enforcement? Indeed, it is within the discretion of the prosecuting attorney to bring those accused of crime before the courts or to refuse to prosecute at all.

CRIMINALS, as a general rule, employ the best legal talent available to defend them in our courts of justice. Therefore, unless the prosecuting attorney is a man of equal skill, justice is not always done, and the criminal is set free to continue his acts against the peoples of our county.

IT IS THEREFORE OBVIOUS that a candidate for this office must be a man of wide experience, as well as a well seasoned trial lawyer.

WE DO NOT ASK YOU to vote for ROSCOE L. EGGER for this office merely because he was born in Indiana; raised in Indiana and attended school here, nor because he has taught school here. Neither do we ask you to vote for him because he has studied law and been admitted to the bar to practice law. These are only the minimum qualifications that any one must have to qualify him as a candidate for this office.

WE ASK YOU to vote for him because of his REAL and ESSENTIAL qualifications. That is because:

1. He has practiced law in Bremen for about 17 years;
2. He fully understands the duties of this office;
3. He has had many years of experience both as a teacher of law, as well as many years of experience as a practicing attorney;
4. He is 55 years of age — old enough to be seasoned by years of experience, yet young enough to properly discharge the duties of this office;
5. He has reared a family of 5 children and therefore understands the problems of family life;
6. He has a reputation among the members of the bar as a reputable and skillful trial lawyer.

THEREFORE, WE EARNESTLY solicit your help in electing a competent man to this office to the end that we may be adequately represented before the courts in criminal matters.

**Muck Crop Show Holds  
Forth Educational Bid**

Visitors attending the 1950 Muck Crop Show in the Warsaw Fairground Armory, closing Friday, Nov. 3, go not only to look but also to learn. An intensive educational program has been announced by Dr. N. K. Ellis, head of the department of horticulture at Purdue University.

Muck crop growers, who farm the fertile lands which have been created by draining the former swamps or shallow lake beds of 19 northern counties, are urged to attend the education session each day through Friday.

Thursday morning, starting at 9:30 o'clock, more than 50 teams from vocational classes and 4-H clubs will compete in the junior judging and grading contest.

At the same hour Thursday senior growers will discuss problems of producing peppermint and spearmint. Dr. Ellis will preside. Topics will concern peppermint wilt and control of nematodes in muck soil. In the afternoon, fertilization and drainage of muck land will be discussed.

Subjects scheduled for Friday morning include "Icing Sweet Corn," "Weed Control in the Muck Area," and "Keeping Onions Sound for Marketing."

Friday afternoon has been designated as "Potato Day." Phases of potato production to be presented include varieties, late blight, the Federal potato program, and short cuts in handling produce.

Climaxing activities will be a giant fish fry in the Armory and evening entertainment, featuring the naming of the Muck Crop Queen.

**Rochester Insurance Co.  
Hold 56th Annual Meeting**

The annual election of officers of the Rochester Farmers Mutual Insurance Company was announced last Thursday following the 56th annual meeting of policy holders held in Rochester.

**Academy Eleven  
Beats St. Johns;  
Play Here Saturday**

The Academy's football team accomplished at Delafield, Wis. last Saturday what only one other Maroon and White eleven has been able to do since 1940 — defeat St. John's Military Academy on their own field.

A first quarter 23-yard run by Co-captain Bobo Sabo provided the winning margin as the two traditional rivals battled between the 30 yard stripes during the last three quarters of the game. The 7-0 victory gave Russ Oliver's team their best opening five game record since 1944 when that year's squad also won four out of their first five games.

This Saturday in the third home game of the season Culver will play Foreman High School of Chicago in what may be a breather before taking on Morgan Park Military Academy in another Homecoming game there a week from Saturday.

Foreman had only a mediocre season playing in the Chicago Public School League, but they could pull an upset especially if the cadets let down after having met their toughest opponents during the last three weeks. Game time is two o'clock. This will be the last home game until Thanksgiving.

Harry Edgington was elected president of the Union Township Farm Bureau last Friday evening at the annual meeting of the farm group. He succeeds Don Davis, retiring president. Howard Oberlin was named vice president; Ferris Zechiel, secretary treasurer; and Mrs. Maurice Curtis, social and educational leader.

A large group enjoyed the evening's program which was under the supervision of the local 4-H boys and girls. The program featured a baking demonstration by first year girls, a skit on proper sewing methods by older girls, a series of presentations by the boys which told of their 4-H projects including beef, dairying, and corn. The group also heard a report on the trip taken to South Bend in August by the 4-H group.

Andrew Metheny of Plymouth showed a movie entitled, "Bermuda and The Goolibah Tree," following which refreshments of cider and doughnuts were served.

Mrs. W. W. Strait, sponsor of the girls 4-H group, supervised the baking demonstration. Mrs. Eldon Davis was chairman of the refreshments committee.

**Marshall Tax Injunction  
Suit Venued to Starke Co.**

The petition of the state board of tax commissioners for a change of venue in the injunction suit against the county treasurer and county auditor brought by Eugene Stanley to prevent the ordered 10 per cent increase in property taxes, was granted last Thursday by Marshall Circuit Judge Alvin Marsh. The case will be heard in Starke county.

Deputy Attorney General H. V. Whitelock of Indianapolis filed the petition on behalf of the state board, charging that the plaintiffs have an undue influence in Marshall county and that prejudice exists against the tax commissioners.

Stanley and his wife, Ruth, filed the injunction against the two officials to prevent them from recording the increases.

**49th Wedding  
Anniversary Celebrated**

Mr. and Mrs. George Crabb celebrated their 49th wedding anniversary and Mr. Crabb's birthday with a potluck dinner at their home on the east side of the lake on Sunday, October 29th. Mrs. Gladys Klinefelter and son, Jack; Mrs. Helen Hemminger and son, Mike, of Ft. Wayne; Mr. and Mrs. Dennis Sedam and daughters of South Bend; Mr. and Mrs. Don Johnston and family and Miss Bonnie Johnston of Kewanee, were dinner guests. Mr. and Mrs. Francis Crabb of Plymouth; Rosemary and Jerry Kimmel of Hammond; and Mr. and Mrs. L. A. Crabb were afternoon callers.

Ten grandchildren and three great grandchildren were included in the group. All enjoyed the day together which is an annual dinner at the Crabb home.

### Clay Molding Is Excellent Media For Play Experience

One of the most valuable kinds of play experience is working with or molding clay because it gives the child a chance to express his ideas and feelings, and to be creative. Younger children will enjoy rolling, patting or breaking clay into small pieces, while older ones may make balls,

bowls, baskets, or animals. Those allowed to play with clay regularly develop considerable skill.

Miss Dorothy V. Mummery, extension family life specialist at Purdue University, suggests that a bread board or end of an orange crate or oil cloth be placed on the table to protect it.

Homemade clay may be made by using one cup flour, one-half cup salt, three teaspoonfuls alum, enough water to hold flour together and vegetable coloring if desired.

After dry ingredients have been sifted, water should be added until "clay" can be kneaded with the hands. If coloring is used, it should be added to the water to give an even color. The clay may be wrapped in waxed paper and put into a tight container, to keep it from drying out.

### Research Grass Expert Gives Hint For Lawn

What bothers lawn makers most is to get a good green turf in the shade. According to Dr. Fred V. Grau, who carries on research for the U. S. Golf Association, in cooperation with the U. S. Department of Agriculture, the public asks more questions about this shade problem than about any other matter related to grass growing on home grounds. "This sounds reasonable," he says, "when we consider that nearly everyone likes shade trees and a good lawn, and that in 99.44 percent of the cases you can't have both. The shade is above the grass and the roots of the trees are underneath, leaving the grass in a pinch — and the loser."

But Grau gives out some helpful suggestions to people in the various regions: In the South, St. Augustine grass will grow to the bases of shade trees if the trees are high and open. In the North, the fescues (Chewing's fescue and sheep's fescue) do pretty well under shade trees when soil is well drained. Roughstalk (Poa trivialis) is good if it gets plenty of water. But under the Norway

maples it is practically impossible to have a good turf because shade is so very dense and the feeder roots are so shallow.

A common mistake in attempting to grass shady places is to sow in the spring so that the seed sprouts about the time the trees become strong competitors for moisture and light.

Fall is the best time for two reasons — the special reason that trees are about to drop their leaves, and the second and general

reason (for lawns in shade or sun) that weeds and trees are not such vigorous competitors then.

### Academy Harriers Find State Champs Too Fast

The Academy cross country team took their worst trouncing of the year last Saturday as the state champions from Anderson romped home to a grand slam victory, 15-55.

The eight runners on the visiting team left the field between halves of the Regimental Football game, bunched in a pace-making lead; approximately ten and a half minutes later they returned well out in front of the nearest Culver runner, still bunched together setting the pace.

In the Regimental football game, Troop 11 coached by Maj. Kenneth Hesgard walked off with the title, 13-0, over C Company coached by Capt. James Sayre.

John S. Meck

CHICAGO—"How are you gonna keep 'em down on the farm after they've seen TV?"

That question has been raised by one of America's leading manufacturers of television receivers, John S. Meck. The head of John Meck Industries and Scott Radio Laboratories has started a campaign to speed up television for rural areas.

"Of all the attractions that have come up to lure rural people to the cities, television is one of the most potent. Unlike movies and radio, under present conditions this new source of entertainment and culture cannot be brought within reach of most farm areas. With television quickly gaining a dominant place in the leisure activity of city people, it is bound to exert a strong pull on farm people who can't receive it."

Meck is urging farm groups to call on the Federal Communications commission, television stations and manufacturers to take immediate steps to bring television to rural families.

Meck has been in the forefront of several movements to extend the influence of television to all segments of the American public and to assure its wholesome influence on American life.

### Automatic Washers Quickest, Use Most Soap and Water

Non-automatic washing machines get the most soil out of clothes with the least water and detergent, but automatic washers save the housewife the most time.

In Agriculture Exposition Station tests at Purdue University it was found that automatic washers use two and one-half times as much water and one and one-half times as much detergent as do non-automatic machines. These differences occurred when the average family sized wash of three loads was laundered.

Miss Gail M. Redfield, household equipment home economist in charge of the research project, learned these other washday facts during the experiment:

The hotter the water, the more soil was removed from clothes. Consequently Miss Redfield advises homemakers when washing cottons to set the automatic machines at the hottest level and to use as hot wash water as she can stand in the non-automatic washers. Of course water temperatures will be lower for other fabrics such as rayon or nylon.

Soft water reduces the amount of detergent needed to remove soil compared to the amount needed with hard water.

Also, it is the way a machine agitates clothes and not the type of machine that determines the amount of wear on fabrics that are washed.

The drop in per capita farm income last year was the first since 1938, according to the federal Department of Agriculture.

Thomas Jefferson aided in establishing the National Gazette in 1791.

### Employment Hits New High Survey Shows

Nonfarm employment in Indiana gained 9,200 workers last month to hit an all-time high of 1,269,000 on September 15, according to the Indiana Employment Security Division. The regular estimates prepared by the Division in cooperation with the U. S. Bureau of Labor Statistics showed that the rise in employment between August 15 and September 15 was at a slower pace than during the previous month when 32,000 persons were added to industrial commercial pay rolls.

Aside from seasonal trends and several work stoppages, most industries showed little variation in employment last month. The number of the men called into military service had not made a dent in Indiana's total employment figure by September 15.

Only 13 states had birth registration laws before 1910.

### New Soybean Offers High Yield Oil

A new soybean variety has been announced today by U. S. D. A. and Purdue agronomists. Named Blackhawk by the agronomists who helped develop it, it is well adapted to the muck and marshland area of northern Indiana. It has yellow seeds and a high oil content. It matures early, is lodging resistant, and yields high.

A. H. Probst, Purdue and U. S. D. A. agronomist, and Dr. G. H. Cutler, assistant chief of agronomy at Purdue University, have been in charge of tests of the new soybean in Indiana. It has been developed cooperatively between the agricultural experiment stations of the north central states and the U. S. Regional Soybean Laboratory at Urbana, Ill.

Seed for Blackhawk soybeans will be available for Indiana farmers by the spring of 1952. It will be grown next summer by certifi-

ed seed growers in the northern part of the state so that enough seed will be ready the following year for general distribution. Locally the R. A. Osborn Seed Company, Certified Seed growers, will take part.

Tests of the new soybean in the muck soil area of northern Indiana have shown that it matures

a day earlier than Earlyana, seven days earlier than Hawkeye, and 10 days later than Mandarin (Ottawa). It has averaged 3.2 bushels per acre more than Earlyana and 4.1 bushels more than Mandarin (Ottawa), the Purdue agronomists report. Blackhawk is a selection from a cross between Mukden and Richland varieties.

### Diabetes Detection Week Nov. 12-18; PTA Sponsors Exams of Children

Diabetes is no respecter of age, race or sex. Anyone may become a diabetic, but the disease is found more often in the following categories of people: People in whose family there are already known diabetics; those over forty; the overweight; and women in more cases than men.

On Tuesday, Nov. 14, 1950 the local Parent Teachers Association will examine the urine specimens of all school children who have their parents permission that this be done. Notes requesting this permission will be sent home from school with the children, Nov. 8. Only those who obtain written permission from their parents will be tested.

Diabetes has a tendency to be more severe in children, and when it is present it must be treated early and adequately. Have your child tested!

# SOCIALIZED MEDICINE?

● Is it really 'free' ... something for nothing? Or will it cost you more than you're paying now?

If Socialized Medicine comes in, going to the doctor as you know it will be a thing of the past. The government pays for every call, every patient, every pill.

*But, as a taxpayer, you foot the bill.*

For example, if the payroll tax is 4 per cent, a truck driver making \$3,000 contributes \$120—over and above his already staggering tax burden. If it is 10 per cent, which is more likely, it means an extra deduction of \$300 from his pay.

And all you get for the money is second-rate medical care—cheap medical care palmed off at a high price.

Our Nation's health is at an all-time high under the present system. Let's keep it that way.

Let those who represent you in Washington know you are against government control of medical services.

Remember, it's your health ... and your money.

### 125 ATTEND INDIAN HILLS SALE

The 2nd annual sale of registered Aberdeen-Angus calves by the Indian Hill Farms at Rochester last Thursday attracted 125 breeders and reports from the sale indicate that the bidding was brisk.

Phil Swanson, manager of Indian Hill Farms, reported that the average on the thirty head of young calves was \$216. The top five heifer calves averaged \$283 and the five top bull calves averaged \$236. There were twenty-three buyers. Indian Hill Farms plans to make this an annual event.

### Compost—Don't Burn The Falling Leaves

Many a gardener will regret next spring that he burnt his leaves so thoughtlessly this fall. When garden soils and flower beds fail to hold moisture gardeners remember that making of compost beds was one of the good intentions that failed to materialize.

W. B. Ward, extension horticulturist at Purdue University says that the burning of leaves results in a small amount of ash but with little value to the gardener and often times the streets or other properties are damaged when the leaves are burned on the streets.

Leaves, trimmings from vegetables, corn stalks and other garden residue could be made into compost. A flat area 6x6 feet and two or three feet high, where the rain or snow can reach, will make a lot of good material for mulching or improvement of the soil. Ward suggests that the garden-

er begin with a well tramped layer of leaves, five or six inches deep, a few inches of soil or manure and a few handfuls of almost any commercial fertilizer. Alternate layers may be built up to four feet. The compost pile should be kept flat and with straight sides for quicker rotting of the vegetation.

### 4-H ACHIEVEMENT WEEK OBSERVED IN INDIANA

During the week of Nov. 4-12, Indiana communities will give emphasis to the accomplishments of their club members as the largest rural youth organization in the world — the 4-H clubs — observe National 4-H Achievement week.

Members in the United States number nearly two million of which Indiana can boast 71,500 members, reports Harold Taylor, state leader of 4-H clubs in Indiana. Membership a year ago numbered 68,151.
