CULVER, INDIANA, WEDNESDAY, NOVEMBER 8, 1950

NUMBER 34

## Dr. Y. P. Mei, China Authority to Speak Here, January 9

On Tuesday, January 9, 1951, ten organizations of the community will cooperate to present a program which should be of interest to every thoughtful American citizen. Dr. Y. P. Mei, a Chinese scholar, philosopher and historian and visiting professor of philosophy at the University of Chicago, will speak on "China and the Asiatic Crisis." Dr. Mei is sponsored by The Chicago Council of Foreign Relations and is a recognized authority on problems of the Far East.

He was one of two Chinese philosophers who delivered lectures at the 1949 East-West Philosophers Conference at the University of Hawaii. He was for a time president of Oberlin-in-Shansi, General Secretary of the Chinese Industrial Cooperatives, and a member of the 1945-46 Cultural Mission to America.

When President Stuart Leighton (later ambassador to China) was imprisoned by the Japanese, Dr. Mei was elected Acting President of Yenching University. The faculty and students, who escaped from the Japanese occupied zone, went 2,000 miles west into the interior of China under Dr. Mei's leadership. After reorganization, they maintained their teaching program under difficult and trying conditions from 1943-1946.

A charge of fifty cents will be made to defray the cost of the speaker's fee and expenses. The program is entirely non-profit and tickets will be available through any of the ten sponsoring organizations. These are: the Parent Teachers Association, the Union Township Council of Churches, the Faculty Association of the Academy, American Legion, Farm Bureau, V. F. W., Home Economics Club, Culver City Club, Lions Club and League of Women Voters. Arrangements will be made soon for the school children to handle the sale of additional tickets on a competitive basis. Practically everyone in the township belongs to one or more of these organizations, so that each may feel that he is doing his duty by the community and his particular organization when he purchases a ticket.

It is hoped that an audience of not less than 300 will gather at the Community Building to hear this distinguished guest. The support which this program receives will determine whether or not the town can support speakers of this calibre again.

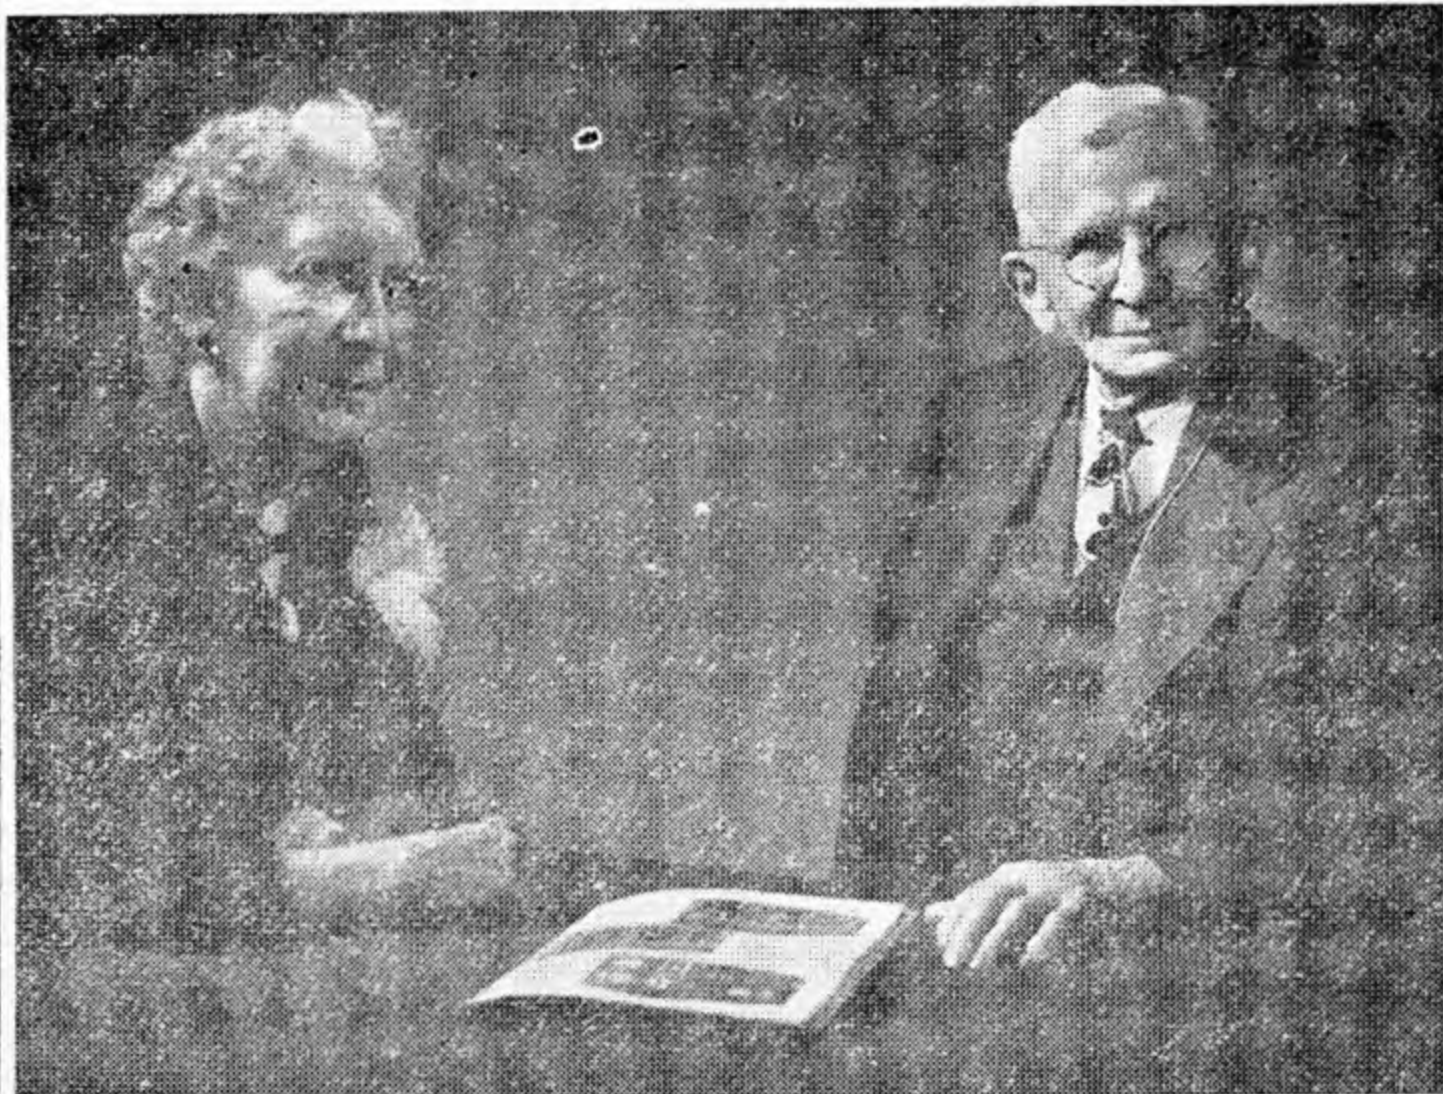

## Paper Drive

The Lions Club will conduct their second scrap paper drive next Thursday, November 16. Gather your old paper, tie into bundles, and place on the curb so that the truck drivers can pick it up. Proceeds from the salvage of the paper go to the Lions Community Betterment fund.

## Take Mrs. Mather To Ann Arbor For Operation

Col. C. C. Mather took Mrs. Mather to Ann Arbor, Michigan today where arrangements have been made for her to undergo a major operation tomorrow. Mrs. Mather will be at the Maternity hospital at the University of Michigan.

## Reminiscing Back Over Other Culver Years With Mr. and Mrs. Schuyler C. Shilling

REMEMBER—When the total population of Indiana was less than a million; when paved roads and the automobile were unknown . . . the political strife and aftermath of the Civil War—the assassination of Garfield, McKinley; the free silver campaign; the panics of '73 and '92 . . . Remember, too—when Culver's population at the turn of the century was only 505; when Culver's now famed bank was a small private financial institution located where the D. H. Smith Shoe Shop now stands; when the Culver Public Library was erected . . . REMEMBER—Well, Schuyler C. Shilling, pictured above reminiscing with Mrs. Shilling, recalls all this and more too.

Coming to Culver 49 years ago last August, Mr. Shilling, who was active in business until recently, is well known to the home folks of the Lake Maxinkuckee vicinity. He is President of the State Exchange Bank of Culver and Argos and the Farmers State Bank of Lapaz. Likeable and gracious, Mrs. Shilling has also been active in civic and social organizations. His children have been closely associated with him and Mrs. Shilling in making invaluable contributions in the business and civic development here and they are prominently identified with community activities. There are five children, seven grandchildren, and five great-grandchildren. One grandchild, John Richard Shilling, was killed in World War II, and a daughter, Mrs. Marion Jones, passed away in 1949.

### Family Party

Last night members of the family got together at the W. O. Osborn home for what has become in recent years an annual occasion. It was a combination birthday dinner for Mr. Shilling, who will be 88, December 20, and a farewell party for the couple, who leave November 15 for their 14th annual trip to Fort Lauderdale, Florida, where they will spend the winter.

It's a far cry from the pattern of pioneer living in the 1860's and '70's in Starke County, and, for that matter, from the early 1900's in Culver to the present mid-century scheme of living as all old timers can attest. Culver's oldest business man, Mr. Shilling has had an active leadership role in the business and civic development of this community.

He has had a part in the development of one of the region's, if not the nation's, most outstanding financial institutions. He has seen the present bank grow from a small struggling private bank with relatively small resources and one or two employees, to its present position where a large staff of trained personnel, using modern equipment, serve customers over a wide area with today's statement showing combined resources of \$17,000,000.

## Newly Organized Auto Sales and Service to Open Here Soon

Work is rapidly being completed for the opening in the near future of a newly organized auto sales and service business establishment in Culver, E Thoner, proprietor of E. Thoner and Sons, Chevrolet, Inc., announced today.

The business establishment will be located in the Medbourn building located at 211 East Jefferson Street. The structure has been completely remodelled inside and out. Mr. Thoner indicated body work, repairs of all kinds, sales of new and used cars will feature the new business and the establishment will be a home for Chevrolet in this vicinity.

Mr. Thoner, comes to Culver from Mishawaka, where he was manager of the Mishawaka store of L. O. Gates Chevrolet for nearly eight years. Associated with him will be his two sons, Robert E. Thoner, who at present is doing a second hitch with the United States Army and is now on his way to Korea; and William H. Thoner. Both boys are graduates of John Adams High School in South Bend and both have attended the General Motors Institute in Flint, Mich.

John Croy and Joe Eskridge, both veteran mechanics, have been employed, Mr. Thoner stated. Croy will also act as shop foreman. Parts and bins and modern shop equipment have been ordered and the equipment is expected to arrive in the near future.

The Thoners plan to occupy the Hanley Blackburn cottage along the East Shore Road. They expect to move in two weeks. In addition to their two sons they have three daughters, all married, two of whom reside in South Bend and one in Norfolk, Va.

### CLOSED ARMISTICE DAY

The State Exchange Bank will be closed all day November 11, Armistice Day.

## Large Local Vote Re-elects Curtis As Township Trustee; Republicans Win

### Indians Win Opener Defeat Flora, 47-41; Lapaz Here Friday

Local fans were treated to a thrilling opening to the 1950-51 basketball season last Friday night when an inspired Culver High School team out-fought and outshot a taller, more experienced aggregation from Flora, winning by 47-41.

The victory was especially satisfying since it avenged the triple overtime 55-53 defeat handed Culver by Flora in last year's opening game.

After a low scoring first quarter which ended with Culver leading 9-5, the Indians really started gunning for Flora Badgers, increasing their lead to eight points at the half, 21-13.

The Cass County aggregation proved they were still in the game in the third quarter when they pulled up to within three points of the Indians. The threat was short-lived, however, as the fast breaking sharpshooting tactics of Davis, B. Snyder, Baker and Kowatch again increased Culver's lead to 8 points, which was maintained the remainder of the game.

Along with the outstanding play of the above mentioned Indians, the job turned in by McCarty should not be overlooked. His aggressiveness under the bankboards was largely responsible in preventing Michael, Flora's huge center from scoring repeatedly on tipins.

Lapaz will furnish the opposition this Friday in the Culver gymnasium. The preliminary game is scheduled to start at 7:00 p. m.

### Local Voters Choose Capehart, Crumpacker, Deane E. Walker

A voting record was established in Union Township yesterday when the largest local vote in an off-year election kept election boards in the five precincts busy throughout the day and most of the night. The weary, but persevering boards finished their tabulation between 3 and 4 o'clock this morning. Their combined records show that Maurice Curtis, Republican, was re-elected as township trustee defeating Donald Miller by a total vote of 1,028 to 606.

Members of the township advisory board including James I. Rich, Earl Foreman and Paul Snyder were all re-elected. An analysis

Complete township tabulation of voting by precincts and other voting figures will be found on page 11.

of the township vote shows that practically all Republican state and county candidates received heavy support with the exception of Deane E. Walker, candidate for re-election to Superintendent of Public Instruction post. Mr. Walker carried the township, receiving 900 votes to his Republican opponent's 713.

While returns from Marshall county were incomplete it appeared that most of the Republican ticket was swept into office. Harvey Phillips, Democrat incumbent, was leading Dan Bollinger for county sheriff. William Oberlin was leading Alfred C. Lawrence in the race for county assessor; M. R. Robinson, county councilman candidate, appeared to be elected.

The total vote was approximately 1635 for the township which was about 75 per cent of the 2191 registered voters. The large vote was nearly 150 more than that recorded in 1946 and it nearly equalled the turnout in the presidential election in the year 1948 when 1695 persons voted in the township.

In other township elections in which there was a lot of local interest, E. J. Richardson, Republican, was elected trustee of West township; Owen Smith, Democrat, trustee of Green township; Arthur Pugh, Republican, trustee of Tippecanoe township, Pulaski county; Guy Shadle, Democrat, trustee of Aubbeenaubee township, Fulton county; H. Cecil Capps, Republican, trustee of North Bend township, Starke county.

Personnel of election boards follow:

Precinct One: J. C. Schumacher, inspector; Neil Shock and S. W. Jones, judges; Charles F. Triplet and Glen Tibbetts, clerks; E. H. Poland and Glen Snapp, sheriffs.

Precinct Two: Don Hand, inspector; Mrs. Genevieve Shively and Mrs. Edgar Shaw, judges; Mrs. Charles Cowen and Mrs. A. R. McKesson, clerks; Ben Mishler and Theodore Weiger, sheriffs.

Precinct Three: Don Trone, inspector; Mrs. Ruby Morlan and Whitney Kline, judges; Mrs. H. D. Maynard and Josephine Stevens, clerks; Paul Wynn and Elmer C. Martin, sheriffs.

Precinct Four: Harry Edgington, inspector; L. B. Hackett and Jake Cromley, judges; Evelyn (Continued on Page 16)

Defense Volunteers  
Man Posts For  
Test Air Attack

In accordance with the nation's plan to defend itself from air attack the ground observation post at Hibbard was manned by teams of local volunteers who worked in three hour shifts Saturday and Sunday from 9:00 a. m. to 6:00 p. m.

All went well with good co-operation from the observers although the weather was decidedly uncomfortable.

The function of the ground observation personnel is to scan the skies constantly during tests or actual emergencies and report observed aircraft in accordance with a prescribed form.

The local telephone exchange speedily connected the men at the post directly with the U. S. Force filter center at South Bend. Twenty-five planes were sighted and reported.

Piano Recital  
Pleases Audience

Martha Braden of Kalamazoo, Mich., granddaughter of Mr. and Mrs. Frank Brooke of Culver, and Doris Jean Martin of Paw Paw, Mich., presented a lovely piano recital in a special convocation at Culver Military Academy Friday night. A large number of friends and relatives of Miss Braden joined faculty members and the corps of cadets to generously applaud the splendid variety of numbers.

Miss Braden and Miss Martin were presented as a two-piano team and each girl also appeared in a group of solos. They were extremely well received and their performance showed an usually high quality of artistry and technical achievement. They showed themselves at home with many types of music thereby pleasing many different tastes of the audience.

IN MEMORIAL HOSPITAL

Douglas Lindvall, 3 year old son of Mr. and Mrs. Larry Lindvall, was rushed to Memorial Hospital last Friday, where his illness was diagnosed as spinal meningitis. It was learned yesterday that Douglas is getting along nicely.

St. Mary's Mission  
Services Open Sunday

Rev. Walter Heary, O. P., a member of the Dominican Order will conduct Mission services at the St. Marys of the Lake church here beginning next Sunday and continuing through Sunday, Nov. 19, when special services will be held.

Special Mission devotions will be held every evening at 7:30 and special masses will be held daily at 6:30 and 8:00 a. m.

Eight Culver Students Attending  
Indiana University

Culver has eight students enrolled on a full-time basis this semester at Indiana University. They are: Glen E. Hawkins, Donald W. Reed, Edgar A. Reed, Willard E. Snapp, Nancy Sutherland, Barbara J. Van Schoiack, Richard W. Van Schoiack and Edwin F. Walmer.

The University's fall enrollment report, announced at Bloomington, shows a total of 27,513 persons receiving instruction. The total includes 13,382 full-time students, 7,739 part-time students mostly in extension centers, 4,383 in correspondence study, and 2,009 non-credit students. The full-time enrollment represents a decline of two per cent from last year.

HOOSIER BUYS KANSAS DAILY

Ray F. Barnes, publisher of the Elwood, Ind., Call-Leader, and co-owner of the Alamosa, Colo., Daily Courier, has announced the purchase of the Pratt, Kan., Daily Tribune. The purchase of the Kansas newspaper by Mr. Barnes and three of his Elwood employees was announced last week.

President of the Wabash College Father's Association, Mr. Barnes has often visited in Culver. His son is a graduate of the Culver Military Academy.

SELECTIVE SERVICE RULING

Quoting from the Selective Service Operations Bulletin, the Marshall county Selective Service board points out that "any registrant of Class 1-A or 1A-0 who marries after being notified to appear for armed forces Physical examination will not be deferred from induction in the Armed Forces."

PTA Plans "Back  
To School" Night  
For Parents

Parents will have an opportunity to consult the teachers of their children and to learn first hand details of two phases of the school program at the monthly meeting of the Union Township Parent-Teacher Association, Tuesday, Nov. 14.

An open house will be held from 7:15 to 8:00 p. m. with teachers available for consultation in their respective rooms. Parents will have the opportunity to discuss with the teachers the work of their children and ask questions regarding any phase of the classroom work.

At the close of this period the business meeting will be held in the high school study hall, after which Miss Jane Roberts Tower, county nurse, will outline the

county health program and County Superintendent of Schools Dan Schafer will present the proposed grading system for the lower grades.

Refreshments will be served at the close of the busy evening.

MASONIC INSPECTION  
POSTPONED

The inspection of the Henry H. Culver Lodge No. 617 F. and A. M. and the Argos and Plymouth lodges which was scheduled to be held in Plymouth on November 15th, has been postponed until further notice because of the illness of the Grand Instructor, Ivory C. Tolle.

Ruffed Grouse - Prince of American Game Birds

Some fine autumn day when strolling through the woods do not be too surprised when the quiet of the woodland is suddenly broken by a loud but pleasant drumming sound. As suddenly as it started it will die away and stop. Of one thing you can be sure. You have heard the drum beat of the Ruffed Grouse, one of America's most beautiful and sought after game birds and the only one who makes

his presence known in the woodland by this strange and unusual noise.

The Ruffed Grouse is found in most parts of the Eastern United States and while it is seldom seen in the Lake Maxinkuckee vicinity, there have been reports of this bird here.

Known as the partridge of the northern wood, the pheasant of the South; and last but by no means least the prince of American game birds.

He is generally tan in color and when making his drumming sound, which he does with his wings, he has a fine full collar of darker feathers which stand out from his neck. Because he is strong, he can easily live in the northern winter. His wings are strong and can carry him great distances with most unusual speed. He is clever and more often than not, he can hide or get away from both hunters and bird dogs. The Ruffed Grouse, the National Wildlife Federation tells us, does not fly to different parts of the coun-

try as do other birds, but stays in one place.

In addition to speed in flight, the Ruffed Grouse like many of his feathered brothers, also has the advantage of what is commonly known as "protective coloring"—that is, the colors of his feathers are many and varied but will blend together in such a manner that unless you look very carefully you may easily mistake him for part of the countryside.

Harvey Says Seed Testing Should Be Done Soon

Marshall County Farmers with seed to sell or sow next spring should have the seed tested during the fall or early winter. County Agent R. C. Harvey said today.

Harvey and his assistant, V. M. Feaster, have offered to help farmers in this testing program by supplying instructions for drawing samples and special envelopes for sending the seed to the State Seed Laboratory at Purdue University. The tests, as well

as information on other seed matters, are available free of charge.

Seed advertised for sale by farmers is required to be tested and tagged. To be sold legally, seeds must be free of primary noxious weed seeds and must not contain excessive amounts of other weed seeds.

When farmers wait until just before planting time to send seed samples the laboratory is congested in February and March, Harvey said. The germination test required is 7 to 28 days, varying with the type of seed. It is important, he stated, to be sure the sample is representative of the

lot and is large enough to test. A teacupful of clover and grass seed and at least a pint of soybean or cereal seed should be submitted.

**LOCAL FIRE DEPARTMENT HELPS COMBAT STARKE CO. BLAZE**

Culver's Fire Department joined six other fire fighting companies from neighboring towns to extinguish a bad grass, underbrush and woods fire in Starke county last Wednesday. The fire, fanned by heavy winds burned over approximately 4 square miles, southeast of Grovertown before it was brought under control.

The racing blaze threatened several homes which were protected by backfiring. Fences were razed and damage was said to be heavy. Fire companies from Grovertown, Davis township, Plymouth, Knox, Walkerton, Koontz Lake, Hamlet and Culver were joined by residents in fighting the blaze.

Farm Wages Up, USDA Reports

Wage rates for hired farm workers averaged 84 cents per hour on Indiana farms at the beginning of October, according to information from the Bureau of Agricultural Economics of the U. S. Department of Agriculture.

This wage scale was three cents above that paid a year ago at this time of year. The national average was 59 cents and the highest wages of about \$1 an hour were paid on the farms of northwest states.

Farm wage rates by the week also increased. Wages without board or room increased to \$5.80 as compared with \$5.50 a week, paid in October of 1949. Farm labor which received board and room also received pay increases, the average weekly rate being \$4.90. Wages paid in '49 were \$4.45.

Increases in the number of hired farm workers in the east central states which includes Indiana, were reported as high as 20 per cent. A large percentage of these workers are furnished houses and their average monthly wage rate was \$114 in Indiana. The rate a year ago was \$106. Monthly average wages with room and board were reported as \$94 this fall as compared with \$87 last year. The average national monthly wage paid to workers furnished a house is \$123.

HOME SEWING MACHINES NEED REGULAR CARE

For good service, the sewing machine needs a little regular care, suggests Mrs. Lottie E. Sumner, Purdue extension clothing specialist.

Household machine oil should be used for oiling. Just a drop of oil is all that is needed in each hole. It is just as important to oil the lower part of the machine as it is the upper. However, neither the upper nor the lower tension of the machine should be oiled.

Too much oil can hinder the operation of the sewing machine. Especially is this true of the shuttle race and needle.

Care of the machine should also include removing the throat plate and blowing any lint out from under it, or removing it with a small brush. This part of the machine collects lint from fabric which packs down and is more difficult to remove if not cleaned out regularly. Keeping the machine free from dust should be a part of the regular care. Occasionally, it might be necessary to remove gummy deposits by brushing with kerosene.

When sewing machines have been given such proper care as periodic oiling, cleaning and adjusting, they should run easily, sew perfectly and require less adjustment of tension.

CATTLE FEEDERS DAY PROGRAM AT PURDUE

A full day program will be featured at the annual Cattle Feeders Day, Friday, Nov. 17, at Purdue University. The program will include a session beginning at 10 a. m. in the cattle experimental barn when members of the Purdue animal husbandry staff will report on experimental work. G. B. Thorne, vice-president of Wilson and Company, Chicago, will be the afternoon speaker and will discuss "Trends in Demand for Cattle and Beef."

Scholastic Honors At Denison

Norma Henderson, junior at Denison University received scholastic honors when the Dean's List of annual scholastic standings for 1949-50 was announced recently. Mention on this list means that she ranks in the up-

per fifth of her class. She is the daughter of Col. and Mrs. John W. Henderson, Academy Road.

## Where Is The World Headed

In the turmoil of today, just where is the world headed? There is both temptation and excuse for any thoughtful person to wonder about that. If one listens only to the pessimists, he might yield to their obsession that the world is going to the devil fast. On the other hand, if he casts his lot with the Pollyannas he is likely to be lulled to sleep dreaming contentedly of a world waxing wise and virtuous.

Neither view is normal. One drops us into a well of despair. The other exalts us on a pillar of pride. The former finds some foundation in the newspaper headlines day after day. The latter can be proved by a list of evils eliminated by civilization.

The world has not "gone to the dogs," neither has it reached the point where it does not need further improvement. If we want to see the world move on toward a more perfect fellowship of man, the important thing is not to worry about the world, but to wonder about ourselves.

The big thought is not, "Is the world getting better?"—but "Am I getting better?" Are the experiences I am having with life giving me a broader and more charitable outlook? Are my own disappointments teaching me sympathy for others who are likewise disappointed? Are my own successes inspiring me to pause at the peak to offer a helping hand to someone still struggling up the hill? Can I look deep into my own heart and truthfully find that it is growing finer as it grows older?

If enough of us make up our minds to meet that test, the world will take care of itself.

## COUNTIES: BIG, LITTLE, FAT AND SKINNY

The 3,069 counties in the U. S. vary widely in size and population. The range in square miles stretches from New York County's 22 to the 20,175 square miles of San Bernardino County, California. The area of the latter equals that of Massachusetts, Connecticut and New Hampshire combined.

Marshall county with 10 townships has a total of 441 square miles; Starke county, 9 townships, 305 square miles; Pulaski county, 12 townships, 432 square miles; and Fulton county, 8 townships, 367 square miles.

In population, counties vary from the 285 people the last census recorded in Loving County, Texas, to the more than 4 million inhabitants of Cook County, Illinois, which takes in the city of Chicago. But only 57 counties have a population of more than 250,000. Half have fewer than 25,000 residents.

## Obituary

### LOSSIE ANTHONY GREEN

Lossie Anthony Green, son of Amos and Idona Quinn Green, was born near Culver, Indiana, on September 15, 1890. He departed this life on October 30, 1950, at the age of 60 years, one month and 15 days.

He spent his boyhood days in and near Culver and when a young man was employed with the Ground Force at the Culver Military Academy. On August 2, 1913, he was united in marriage to Agnes Ruth Whitacre who preceded him in death in May, 1947. Seven children were born to this union, four of whom died in infancy.

In 1917 the family moved to South Bend where he was employed at Studebakers for 25 years, several years of which were spent on the plant protection force. In 1936 he moved back to Culver and in 1938 he retired from work because of poor health.

On November 17, 1947, he was united in marriage to Mrs. Triss Thompson who survives him. Also surviving are two daughters, Miss Helen Hazel Green, Toledo, Ohio, and Mrs. Ethel Rose Richter, of Mishawaka; one son, Robert J. Green, Toledo; one sister, Mrs. Alice Dees, St. Louis, Mo.; three grandchildren and other relatives and friends. He was a kind and loving husband and father and always put his home and family first.

## PMA Farmer-Committee Elections To Be Held

PMA farmer-committee elections will be held in each of Marshall County's ten farm communities soon, Harry I. Lemler, chairman of the county PMA announced this week.

Voting will be by balloting at election meetings, time and places to be announced later. Any farmer is eligible to vote who is an owner, operator, tenant or sharecropper on a farm that is participating in any program administered during the current calendar year by the county and community PMA committee.

At each of these community elections, farmers will vote for three farmers to serve as a community committee during 1951 and a delegate to a county convention where a county committee will be elected.

## Take Your Problems To Church Each Week; Millions Leave Them There

### "Triumphant Suffering"

"If any man suffer as a Christian, let him not be ashamed; but let him glorify God in this name." I Peter 4: 16.

It has often been said that the Christian faith gives dignity to every kind of suffering. "Suffering," says Taine, in a profound passage, "must be measured by inward emotion and not by outward circumstances." "Sorrow remarries us to God," says Dante. "Think it not strange!" says Peter. This world is in revolt. It is not to be wondered at that the servants of God should experience rough treatment at the hands of the rebel forces. Along this way the Master went. This is the way home. If we were universally loved we might truly question whether we were at all on the heavenward track. There is an object in such suffering. Look on to the end. We are to be compensated. God will see to it that we are not losers.

Robert Joplin, brother of Alex Joplin, died in Chicago Saturday. Funeral services will be held here on Thursday.

Glenn Snyder has purchased Snyder's Market from his brother, Paul, effective November 1. They have been associated together in the restaurant business for a number of years, so Glenn is no novice at serving the public.

Mr. and Mrs. Alva L. Porter of South Bend will celebrate their golden wedding anniversary on Saturday and Sunday, November 9 and 10. They are former Culver residents and have a wide circle of friends here who join in extending their congratulations to the couple.

Harding Court has been giving an oil mat paving by the property owners and the sidewalk at the entrance has been changed to allow better drainage.

Mr. and Mrs. Otho Warner are announcing the arrival of a granddaughter, Brenda Rochelle, born to Mr. and Mrs. Ralph Manuwal, of Plymouth, on November 3.

Henry Boyd Krieg, age 45 years, was electrocuted Tuesday afternoon at 4 o'clock when the concrete mixer on which he was working made contact with an electric light wire. The accident occurred on State Road 31 about four miles south of Plymouth.

Mr. and Mrs. Donald Hand announce the arrival of a daughter, Jo Ellen born on Wednesday, November 6.

The annual Halloween parade by the grade school children was held Friday afternoon and the wide assortment of costumes attracted considerable attention.

A business transaction was completed last week whereby Mrs. A. E. Thessin, for several years proprietor of the Coffee Shop, took over the management of the Home Restaurant.

Alfred Brooke was painfully injured Monday morning when a shot gun with which he was hunting was accidentally discharged when he stepped out of a boat. The shot grazed his forearm and elbow. His condition is not serious.

Carl Hartzel, age 70, passed away at home Sunday afternoon after a brief illness. He was taken ill Saturday but he had not been in good health for several years.

Miss Catherine Zimpleman of Logansport and Oscar Lahman of Monterey were united in marriage Monday, October 27, in Rochester. Both are well known young people and the community extend their best wishes for the future.

## Valuable Inter-Exchange of Ideas Benefits Farmers of Two Nations

Pier de Boer, Dutch farmer, who has spent the 1950 summer studying American farming methods and during the last half of the season was assigned to the J. D. Newman farm, is pictured here with the 1945 and 1947 Grand Champion Bull "Kuperus." The bull raised on Pier's parents farm in the province of Friesland was sold in Chile, South America. The photo shown here was the cover illustration for a Dutch magazine.

Pictured here with their Grand Champion Bull is Pier de Boer and his father at the time they were accorded high honors at the Netherlands Dairy show. The presentation of the high honor was made by Queen Wilhelmina. Pier is shown second from the right with his father at the extreme right.

One of 49 young Dutch farmers in the United States during the 1950 summer is Pier de Boer, who spent his second period on the Newman Holstein Farms, with Mr. and Mrs. J. Dick Newman and son.

These Dutch farmers come to the United States through the project sponsored by the Royal Netherlands Agricultural Committee, the Protestant Farmers Union and the W. S. Economic Co-operation Administration.

There are two purposes in this project; first - to study American farming methods, machines and living conditions; and second - to enable war damaged Netherlands to build up a generation of young farmers who know how to live and work in freedom and who have more international experiences and connections than was usual before the war.

In the states where they are assigned they learn to know the state agriculture college extension men, the county agents and their host farmers and friends.

Pier de Boer as one of these

49 young Dutch farmers brings with him the evidences of fine background experience and training. His father is a dairy farmer in the province of Friesland, original home of the American Holstein Friesian cow. On his fathers 106 acre farm near Sneek en Friesland are 45 cows, 30 young cattle, 10 bulls, 20 sheep, and 2 horses.

On this farm was raised by Pier's father and Pier, the Netherlands grand champion bull "Kuperus 295357, in 1945 and 1947 (in 1946 he was reserve champion). This bull was sold in Chile, South America in Dec. 1948. The farm would be the envy of many Holstein Dairy farmers in America for the entire acreage is in permanent pasture. Pier, age 26 can not remember when any plowing was ever done on their farm. Their pasture is a mixture of white clover, much like our Ladino and English Rye grass.

Early in the Spring, enough grass testing 22-29 percent protein is cut to have 50 tons dried

## Mr. and Mrs. Shilling

(Continued From Page 1)

20, 1862, just eleven days before Lincoln's famed Emancipation Proclamation went into effect. He was born near Round Lake, in Starke County, in a log cabin where his parents had settled in 1852. He was named for Schuyler Colfax, nationally known political figure at that time and who in 1869 became Vice-President under President Grant. Incidentally, Mr. Shilling was introduced to Mr. Colfax and baled at the Cooperative Drying plant. Subsequent cuttings are put in silos, and dried for the barn. This is used for winter feeding. Cows, sheep, and bulls are kept on pasture all summer - the cows even being milked in the pasture fields. If machine milking is done, the machines are taken to the field on a Jeep, around which animals are tied. Very little grain if any at all is fed dairy animals. Pastures are fertilized several times during the year.

Fertilizer is never applied unless soils are carefully tested and soil needs are met. Without grain, the milk and fat records are enviable as is the type of animal produced. U. S. Farmers think much of this enviable pasture record is due to plenty of moisture, but it should also be credited to good, intelligent, careful management.

The registering of Holstein-Friesian animals is more carefully guarded in Friesland than in our country. No animal can be entered in the Herd Book simply because it has been produced by a registered sire and dam. It must itself grade 70 points on a rigid testing chart.

Someone who visited The Netherlands since the war reported that the Dutch gave determined evidence in repairing the damages of war and of German occupation to a greater degree than other Europeans. They had much to repair - the Weeringmeer Polder - the first part of the Zuider Zee farm land project was flooded when the Germans bombed the dam - besides flooding 49,000 acres of farm land, all the new farm buildings were destroyed.

Cities were laid flat - perhaps of most concern was damage done to Rotterdam, the greatest European port and center of Dutch ship building industry. Any machines the Germans could move were taken - the farmers even lost tractors, many motors, one-fifth of their livestock, automobiles and radios.

To realize that the Dutch people have not been so discouraged by it that they didn't try to keep up their farms and herds is to know the kind of dairy men these Friesland farmers must be. Pier brings to this vicinity that spirit. He came to the Newman Holstein Farms when a herdsman was having a stint in the hospital with an injured knee and was soon milking a 40 cow herd with a 3-

(Continued on Page 15)

tax at the age of four, when Colfax made an appearance on the lawn of the courthouse at Knox.

He remembers the pioneering struggles of his family's early days in Starke County. Despite hardships, the Shilling family by hard work, made a good record. In 1854, his father took their first crop of wheat to Logansport to be ground, hauling it there with an ox team.

Attending Valparaiso University and the Bryant and Stratton Business College in Indianapolis, Mr. Shilling taught in the public schools of Starke County for two years, before becoming bookkeeper and cashier for the Keller Store in North Judson.

## Farms Kankakee Homestead

In 1887 with his brother he formed a partnership in farming the old homestead of 1,000 acres in the Kankakee valley. The partnership was dissolved ten years later, but Mr. Shilling continued to farm the homestead for five years more.

In the fall of 1900 he sold the farm and moved to Knox and on August 1, 1901, he purchased the Exchange Bank, a private institution here. It is interesting to know that the bank was located at that time in the D. H. Smith and Son Shoe Shop. The present bank building was erected in 1907 and the building was remodeled in 1920 after the first robbery. Although a private bank, the institution was successful from the outset and was soon made a State banking institution. In 1923 the stockholders of the bank incorporated and established the State Exchange Finance Company, an affiliate of the bank, and elected Mr. Shilling as president.

## Serves as State Representative

When Sam Tomlinson was Republican county chairman in 1918, he induced Mr. Shilling to accept the nomination for State Representative. He served in the State Legislature for two years, but chose not to run for another term. He has at various times served the Culver community as a member of the Town Board, the local water company, and the War Fund Board for the township in World War I. He has been instrumental in securing many improvements for the community, including the Culver Public Library.

Yesterday, Mr. and Mrs. Shilling went to the polls to cast their votes as they have done on occasions reaching back before the turn of the century. In fact, Mr. Shilling can well recall the presidential year of 1885. Down through the years he has seen a lot of changes and had a part in the development of the community.

Young dairy calves do not make good on pasture. Also their skins are thin and may suffer from hot sun and flies if they are turned out during hot summer days. They should be fed a good grain mixture along with some early cut well-cured hay in the barn until they are six months old.

## Dutch Farmer

(Continued from Page 14)

unit milker.

He has watched farming operations with much interest especially our hay making tools and operations and our making of silage. He has been interested in our cattle, their breeding and records. At the Indiana State Fair and International Dairy Show he was interested in the exhibits and he's shared his ideas with cattle breeders and farm people.

As a representative of the 49 Dutch farmers in America this year he may learn how we manage machines and make them work for us, and we learn too about the breeding of fine Holsteins in Freisland and about the wise treatment of soils and pastures.

Most important of all though we learn how a brave little country, The Netherlands, one third as large as Indiana, but with three times as many people recovers from a war and in the midst of that recovering process broadens its viewpoints and learns new ways of doing things. Pier de Boer and his fellow countrymen have, taught us much, not the least of which is the fact that the peoples of the world must together build the kind of world in which we can live well and work in peace.

### P.T.A. Sponsors Free Exam During Diabetes Detection Week

During Diabetes Detection week any person presenting a urine specimen to his family physician may have a urine-sugar determination free of charge. This test is of great importance in the detection of diabetes.

On Tuesday, Nov. 14, the Parent Teachers Association has arranged to examine urine on all school children who have obtained permission from home. The notes requesting the parents permission will be sent home today. It is urgently requested that these be signed by parents and be returned not later than Friday.

### "Oreint" Is Theme For Legion Program

"The Orient" will be the theme of a timely and interesting program for the special American Legion dinner meeting to be held tomorrow evening, 6:30 p. m., at the Maxinkuckee Inn. Three members of the local W. A. Fleet Post, each of whom has had a wide experience in the Orient, will present a phase of the program.

Tom Walker, World War II veteran, will show colored movies in and about Seoul; Colonel I. L. Kitts, Director of Horsemanship at the Academy who served in China throughout the past war, will have as his topic, "China, It's Citizens and Soldiers." Another veteran, Capt. James Miracle, will speak on "A Year in China."

Don Trone is program chairman in charge of arrangements for the meeting.

### County and Local 4-H Clubs Observe Achievement Week

The accent is on youth this week as 4-H Clubs, largest rural youth organization in the world, observe National 4-H Achievement Week.

This year Marshall County 4-Hers have carried 26 different projects. Nearly 80 per cent of those enrolled have completed work they have started. Achievement week has been planned to honor those who have finished projects in homemaking, farming, and other fields, carrying out the 4-H motto, "To Make the Best Better."

Highlighting the County Achievement Week observance will be the annual 4-H Clubs Crop Show, to be held tomorrow in the Conservation Clubhouse, Plymouth, under the auspices of the Plymouth Kiwanis Club. An exhibit of crops 4-Hers have raised this year will be open to the public from 1 to 6:30 p. m.

Local Achievement meetings, when parents, 4-H members and club leaders will meet to honor outstanding members, have been planned for Achievement Week. Green Township groups will have a cooperative supper in Green Township school Friday, Nov. 10 when Rev. Ivan R. Woods, of Plymouth, will speak. Union Township clubs will convene November 17 for a cooperative supper in the Culver Lions Den.

### Cadets to Meet Morgan Park Sat.

If past records mean anything, the Academy football team should win in their last game away from home over Illinois Morgan Park Military Academy next Saturday, but if the cadets repeat their performance of last Saturday against Chicago when they were defeated 12-6 then Coach Russ Oliver will have to reconcile himself to his third defeat in seven starts.

In three games played with Morgan since 1940 Culver has won every time and the Illinois team has failed to score a point. The two teams have not met since 1942. For games played before 1940 the schools are even with three wins apiece.

In the game last Saturday the Maroon and White was behind at the half 12-0 and at no time did they look like the same squad that defeated K. M. I. at Homecoming. The one score they did make was on a blocked punt recovery in the end zone by Ronnie Witort after a fumble had lost the ball on the one-foot line.

After this Saturday, only one game will remain on the Academy schedule: Chicago Hirsch High School will play here on Thanksgiving.

### Community Chest Fund Now Tops \$3,200

Contributions to the Culver-Union Township Community Chest Fund have reached above the \$3,200 mark, an incomplete survey showed yesterday afternoon. Many of the captains and canvassers have not yet filed their complete report and it would appear that there is a possibility that the goal of \$4,000 may be reached.

Several of those who have reported indicate that their figures are incomplete. The record to date shows \$3,236.75 reported as follows: Mrs. Raymond Lowry, \$129; Mrs. Alice C. Keller, \$39; Mrs. Larry Lindvall, \$37; Guy Davis \$324.25; Homer Kemple, \$112.75; J. R. Carter, \$256.50; E. W. Carter, \$912.50; Col. Robert Rossow, \$900; Mrs. J. Dick Newman, \$85; Jesse Sims, \$248.75; Glen Tibbetts \$150.00 and Mrs. Maurice Curtis, \$42.00.
