CULVER, INDIANA, WEDNESDAY, NOVEMBER 15, 1950

AUTHORIZED TO GO AHEAD ON LOCAL SEWAGE SYSTEM

Telephone Company Statement Sets Forth Objectives

"Indiana Bell has spent nearly \$50,000 in Culver since January 1, 1948, to bring more and better telephone service to this city. An additional investment of approximately \$48,000 is planned between now and December 31, 1952. The objective of this program is to provide the telephone service required by the increasing needs of the community." C. G. Sacre, Bell Telephone manager, said in a statement to The Citizen this week.

In the period beginning January 1, 1948, and ending September 1, 1950, Culver gained 235 telephones, the company spokesman pointed out. A total of 14 subscribers who requested service with fewer parties on the line were given better grades of service. The proportion of families in the exchange area with telephone service rose from 61% to 66%.

Long Distance Service

The statement pointed out that "Culver has participated in Indiana Bell's statewide long distance service improvement program, through which 790 new circuits were added to the company's facilities. The total outlay for improved, faster long distance service throughout Indiana was \$6,332,000 in the 32-month period. The average speed of long distance calls was improved 30%, from 3.3 minutes in 1948 to 2.3 minutes now.

"Also statewide has been a simultaneous effort to provide more and better service to people living in rural areas. Since January 1, 1948, Indiana Bell has added 15,850 rural telephones. The overall percentage of rural families having telephone service has increased from an average of 59% to 70% in its exchanges. To accomplish this it was necessary to place 9,150 poles and to add 4,600 miles of wire. The service is better—only 4% of rural subscribers are now served by lines with more than 8 parties; on January 1, 1948, this figure was 36%. People living near Culver shared in all of these benefits.

Planned for '51-'52

"The amount of \$48,760, planned as gross additions to company plant investment here between now and December 31, 1952, is primarily for the purpose of keeping the telephone service abreast of the community's progress. It is expected that over 150 new telephones will be served within that time.

"There are now 17 applicants awaiting telephones; 26 present subscribers want service with fewer parties on the line. Expansion projects required for this present demand and that expected in the future are designed to provide facilities both for new telephones and for those subscribers who wish service with fewer parties on the line.

"Future long distance plans for all of the exchanges served by Indiana Bell include addition of 535 circuits before the end of 1952. Even faster and better long distance service will come with the

Indians Win See-Saw 48-46 Victory Over Lapaz Vikings

In a see-saw basketball game on their home floor last Friday night, the Culver Indians managed to edge out the Lapaz Vikings, 48-46. The score was tied several times during the game, and when La-

Culver to Dedicate Akron Gym

Next Tuesday the Indians will meet Akron in a history making hardwood contest at Akron when the Fulton county school will dedicate its new gymnasium.

F. M. Annis, principal of the local school, announced today that Akron officials had sent a block of 200 tickets for Culver fans. As has been the practice in the past, high school students will have first chance at these tickets. Any remaining will go to adult fans. Students may secure their tickets at the principal's office on or after Thursday, November 16; adults on or after Friday, Nov. 17.

paz forged ahead by a 40-38 score early in the fourth quarter it was doubtful whether Culver would be able to win their second game of the campaign. Timely goals by Capt. Ed Davis, Jim Kowatch, Jim Snyder, and Bill Baker, however, soon shot the Indians into a lead which the determined Vikings were unable to overcome.

Culver's inaccuracy from the free throw line (they made only eight out of 28) almost lost them the game. Snyder and Davis with

Community Chest Goes Over Top

The Culver Union Township Community Chest Fund has gone over the top with subscriptions totaling 4,129.60 in a semi-final report made yesterday by E. W. Carter, chairman of the Community Chest Board of Directors. In making the report Chairman Carter stated that there were many persons in the township who had not yet been contacted and those who wish to have a part in the chest program may make their contributions directly to him or to Wilber Taylor, treasurer.

Colonel Rossow, Mr. Carter and Dr. Oscar Wesson lauded the generous response of the public and particularly the efforts of those who canvassed the community. Colonel Rossow, who conducted a virtual one-man campaign, personally collected \$1,212.50. The combined gross collection exceeded the goal by \$129.60. Collections were turned in as follows:

Col. Robert Rossow	\$1,212.50

Bishop Pursley To Administer St. Mary's Church Confirmation

St. Mary's of the Lake Church will be the scene of impressive ceremonies on Sunday afternoon, November 19th at 3 p.m. when the Most Reverend Leo Pursley, D.D., Auxiliary Bishop of the Fort Wayne diocese will administer the sacrament of Confirmation to 42 children and adults from St.

Bishop Pursley

Mary's parish and 12 cadets from Culver Military Academy.

Father Joseph A. Lenk, pastor, has announced that plans have been completed for the solemn ceremonies and visit of Bishop Pursley which will mark a most significant occasion - the first time that the sacrament of Confirmation has been administered in the history of the local Catholic mission and parish.

The Most Reverend Bishop will deliver the sermon which will be followed by Solemn Benediction of the Most Blessed Sacrament. The Schola Cantorium from the Preparatory Seminary at Donaldson will chant the psalms and sacred hymns at these ceremonies.

A banquet in honor of Bishop Pursley, the Confirmandi, their sponsors and distinguished guests will be held in the social rooms of the Catholic Rectory at 5 p.m.

Bishop Pursley is widely known for his leadership in youth work. For nine years he was stationed in Lafayette, Ind., where he in-

Church Council Plans Thanksgiving Service

The Union Township Council of Churches is holding its annual Thanksgiving service Sunday evening, Nov. 19, at 8:00 p. m. in the Poplar Grove Methodist Church. The speaker at this service will be the Rev. Dr. Meredith Sprunger, pastor of the Grace Evangelical and Reformed Church. The Rev. W. Ray Kuhn, pastor of Poplar Grove Church, will be in charge of the service.

OPEN HOUSE PLANNED

Friends and former students of Mrs. Elizabeth Hubbell are urged to attend the open house which will be held in honor of her 70th birthday anniversary on Thanksgiving afternoon from 4 to 6 o'clock. The party is being planned by a group of former students.

Plan Construction of System for the Joint Use of Town and Academy

To Be Financed by Thirty Year Revenue Bond Issue; Contemplate No Tax Levy

An important step towards the realization of a sewage disposal system for the joint use of the town of Culver and the Culver Military Academy was taken this week when Donald Lessig and Son, sanitary engineers of Warsaw, and Marshall Kizer of Plymouth, special counsel for the project, were authorized to proceed with plans for the construction of sanitary sewers and the erection of a sewage disposal plant.

One of the most important and far reaching civic announcements in the 106-year history of this Lakeside community, the go-ahead signal came after months of study by both town and Academy officials. Approval of the financing and the preliminary construction plans was announced by local town officials following approval by the Board of Trustees of the Culver Educational Foundation.

Plans call for a sewage disposal

sewage waste from more than plant large enough to handle the 500 homes and business establishments in the town of Culver, the Culver Military Academy, North Terrace, and the Maxinkuckee Inn area. A main sewer will connect with the disposal plant to be located south of town running north along Main street and Lake Shore drive east along the Academy Road to Academy property near the railroad boundary.

The Academy will build a main sewer to connect at the railroad. In Culver lateral lines will be run to every section of town. To the south and east of Main street, and Lake Shore Drive, a pumping station will lift the sewage to the main sewer line.

The entire cost of the project, to be raised through the issuance of revenue bonds, is expected to run in the neighborhood of \$375,000. Electricity is the one big item of operation expense according to the engineers.

No Tax Levy

In financing this project it is emphasized that no tax levy is contemplated. The plans call for the issuance of revenue bonds which will be spread over a thirty year period. The cost for the home is expected to be someplace between \$2.00 and \$2.25 per family or user a month. Larger users will pay on a per capita usage of water. The Academy will pay its share in a yearly rental based on their per capita usage of water.

At a recent meeting between local officials and engineers it was explained that even under normal conditions it would be several months after approval was extended before actual work could be initiated. World conditions will probably retard construction.

Result of Long Study

Nearly 20 years ago the town studied the feasibility of building a sewage disposal system. Because of other W. P. A. projects here at that time the proposal was dropped.

On June 12, 1941, a complete plan for a sewage and drainage system was approved by the Works Progress Administration in which the Federal Government was to defray 75 per cent of the estimated cost. Before work could be started the war cancelled the project.

Early in 1949 the town board once more explored the possibilities of developing a sewage system. Using the 1941 plans, the town again retained Mr. Lessig and requested that he bring the plans up to date and submit cost estimates. After an exhaustive study of costs it was shown that it was virtually impossible for the town to finance the project at that time.

Although the Academy has a sewage disposal system, officials there, recognizing the need of the community and in lieu of their post-war construction program, were considering further development of their own plant. The physical aspects of the problem at first appeared insurmountable. Following a survey of the situation and a close study of the various aspects officials agreed in principle to the project.

The Day Off

We're going to take the day off, — Thanksgiving Day, that is. We plan to fill up on turkey, and count our blessings — so a week from tomorrow, Thursday, November 23, the Citizen Office will be closed.

Furthermore, folks at the bank, the post office, and the stores have the same idea — nearly all doors will be closed a week from Thursday and there will be no mail delivery.

The Academy campus will again be the setting where parents will join their cadet sons for the Holiday occasion.

Happy Thanksgiving!

Dr. Vance to Speak At CMA Chapel Thanksgiving Service

Thanksgiving Day activities at Culver Military Academy will get underway next Wednesday afternoon with ROTC drills for the benefit of visiting parents and guests and will reach a climax on Thursday with chapel services, a garrison parade, football game, and a formal Thanksgiving Military Ball.

The program will be concluded on Friday with military exhibitions by the Infantry, Cavalry, and Field Artillery and special drills by the Culver Rifles Honor Guard. At chapel Thursday morning, Dr. Joseph A. Vance, Pastor Emeritus of the First Presbyterian Church in Detroit, Michigan, will deliver the address. This is the 27th consecutive year that Dr. Vance has spoken at the Academy Thanksgiving Day chapel services.

Hirsch High School from Chicago will supply the football competition for the Academy's eighth and concluding game of the season.

County Home Econ. Club Announces Series Of Four Training Meetings

Four training meetings for Marshall County Home Economics Club leaders were announced this week by Miss Eva Goble, specialist in home economics from Purdue University. Topics for the sessions were chosen by county club officers. Mrs. Guy Davis of Culver is

president of the Marshall county club.

First in the series will be a discussion on "Legal Matters," Tuesday, January 16, in the Conservation Clubhouse; April 20, "Time Management;" "Building Wholesome Attitudes, July 25; and on Sept. 26, "Good Grooming."

Following each meeting, club leaders will report to their clubs on the subjects considered. Each

session will begin in the morning and continue into the afternoon. The program is under the direction of the County Extension Office.

Armistice Day Memorial Service

Commemorating Armistice Day, the William A. Fleet Post of the American Legion of Culver held a memorial service last Saturday morning at the Memorial Rock

on the lawn of the Public Library in Culver. A color guard from the local Boy Scout Troop placed the American Flag and also the Legion flag at the Memorial.

Wreaths were placed at the foot of the stone by representatives of the War Mothers, the American Legion and the Veterans of Foreign Wars. In the absence of Post Commander, Col. Kemp Moore, William R. Easterday had charge of the ceremony.

BUSINESS MEN TO MEET THIS EVENING

Earl Dean Overmyer, chairman of the Business Men's Committee, of the Lions Club has called a meeting of all Culver businessmen to be held this evening at the Lions Den at 7:30 p.m. The meeting will consider a proposal of the committee for the formation of an Association of Business Men.

Lakers Lose and Triumph in Initial Net Encounters

The Culver Lakers lost their season opener in the State A.A.U. Basketball League last Sunday to Akron. In the game played at Delphi, Akron came from behind in the closing minutes to win a 51-50 heartbreaker.

The Lakers bounced back in fine style last night, however, and hung an amazing 69-63 defeat on Kokomo, last year's State A. A. U. Champion. Sparked by Vern McKee, 1950 Culver H.S. player who netted 21 points, and directed by player-coach Paul Snyder, another former high school star, the Lakers exchanged the lead several times with their opponents during the course of the contest before forging ahead to win in the final quarter.

Although rated underdog to the Kokomo team, which boasts such players as Berkinbine, 6'6" center

Bridal Shower Given For Miss Fechner

Mrs. Dwight Kline, Mrs. Everett Young, the Misses Jean Master, Jean Bair, Billie Ann Overmyer and Hazel Reinhold entertained 20 guests at a bridal shower Tuesday evening in the bank lounge, honoring Miss Mona Pearl Fechner, a bride elect. The gift table was centered with a miniature bridal party and the refreshment table was decorated with white candles and a bride's maid doll. The color scheme of blue and white was carried out in all details. The evening was spent socially after the bride-elect opened her many lovely gifts.

Tuesday evening dinner guests of Mr. and Mrs. W. R. Easterday were Mrs. Clark Ferrier of Rushville, Miss Bess Easterday and Mr. and Mrs. Charles Ferrier.

and Windy Maulpin, 6'5" former Kokomo H.S. and Manchester college star, the Lakers excellent rebounding play and fast breaking offensive tactics brought them the well earned victory.

In the preliminary game played in the Culver gym, Akron easily defeated South Bend Local 5 by a 61-50 score. South Bend, although sporting such stars as Parson Howell and Carl Lloyd, was no match for the strong Akron quintet.

On Thursday, Nov. 16, the Lakers again meet Akron, this time in a non-league game played at South Bend as a preliminary to a tilt between South Bend Local 5 and the nationally known Globetrotters.

Culver will resume league play on Thursday, Nov. 23, in the Culver Community Building. Kokomo is scheduled to meet Akron at 7:15 p. m., followed by Culver vs. Delphi at 8:45.

If last night's doubleheader is any indication, fans should expect to witness many thrilling independent ball games this season.

Scoring: Culver (69) Alberts 6, Goodman 15, Dille 9, Snyder 2, Heiser 2, McKee 21, Kanouse 0, Fishburn 10, Melton 0, and Morris 4.

Kokomo (63) Leslie 3, Hankins 13, Maulpin 4, Mills 12, Talbert 25, and Berkinbine 6.

Score by quarters:
Culver — 19 32 48 69
Kokomo — 12 36 51 63

Diabetes Detection Test Administered To 272 Students

On Tuesday, November 14, the health committee of the Parent Teacher's Association conducted a screening test for the detection of diabetes at the school. In the grade school 272 were tested, 80 per cent of the enrollment. In the high school 111 were tested, nearly 37 per cent of the enrollment.

There were 49 positive tests among the grade children and 23 positive tests among the high school group. The parents of all children with positive tests will be individually notified and urged to have a re-check examination of the child by the family physician.

Of the 72 positive tests only a few will prove to have diabetes, but the re-check examination is the only way to determine who these may be.

The following persons assisted with the testing program: Miss Jane Tower, county nurse; Mrs. Donald Osborn, Mrs. Ted Ervin,

Mrs. Donald Reed, Mrs. Burt Curry, Mrs. Oscar Wesson, Mrs. Sam Medbourn, Mrs. Ralph Osborn Jr. and Mrs. Robert Witham.

PLAN MEALS AHEAD TO ENJOY HOLIDAY

Planning holiday menus a week ahead gives the homemaker time to enjoy her family and relatives, according to Miss Lois Oberhelman, extension nutrition specialist at Purdue University.

The efficient homemaker will plan her menus and make out a daily schedule of work for the week preceding the special dinner. A suggested menu for Thanksgiving dinner might be: canned or frozen fruit juice cocktail, roast fowl with stuffing, scalloped or baked potatoes, a fresh, crisp, tart fruit or vegetable salad, frozen or fresh green vegetable, an attractive relish tray of carrot strips, celery, radishes or green pepper, cranberry sauce, hot rolls and butter, and pumpkin pie. For appetite appeal, the meal should have an attractive color combination, something crisp and chewy, and something tart.

WEST HIGH STUDENT WINS ESSAY CONTEST

A West High school student, Miss Bernice Sporer, wrote the prize winning essay on "Save—it's the American Way to Success," the sponsoring organization, the Marshall County Building and Loan Association, announced this past week. Second place went to R. R. Slough, a student of Bourbon High school.

D. L. McKesson, secretary, said the contest was open to all high schools of the county and the following schools entered: Plymouth, West High, Bourbon, Culver, and Tyner. Judges of the contest were Mrs. M. L. Mosher and Mary M. Corbitt, retired English teachers of North Judson.

Name J. S. Kitts Officer In Princeton ROTC Unit

John S. Kitts of Culver was one of 22 outstanding Princeton University upperclassmen, including residents of 11 different states and Mexico, who have been appointed cadet officers in the University's Field Artillery ROTC battalion for the remainder of the current year, it was announced on Monday. Kitts was appointed cadet lieutenant.

A graduate of Culver Military Academy, he is the son of Col. I. L. Kitts, director of the School of Horsemanship at the Academy, and Mrs. Kitts.

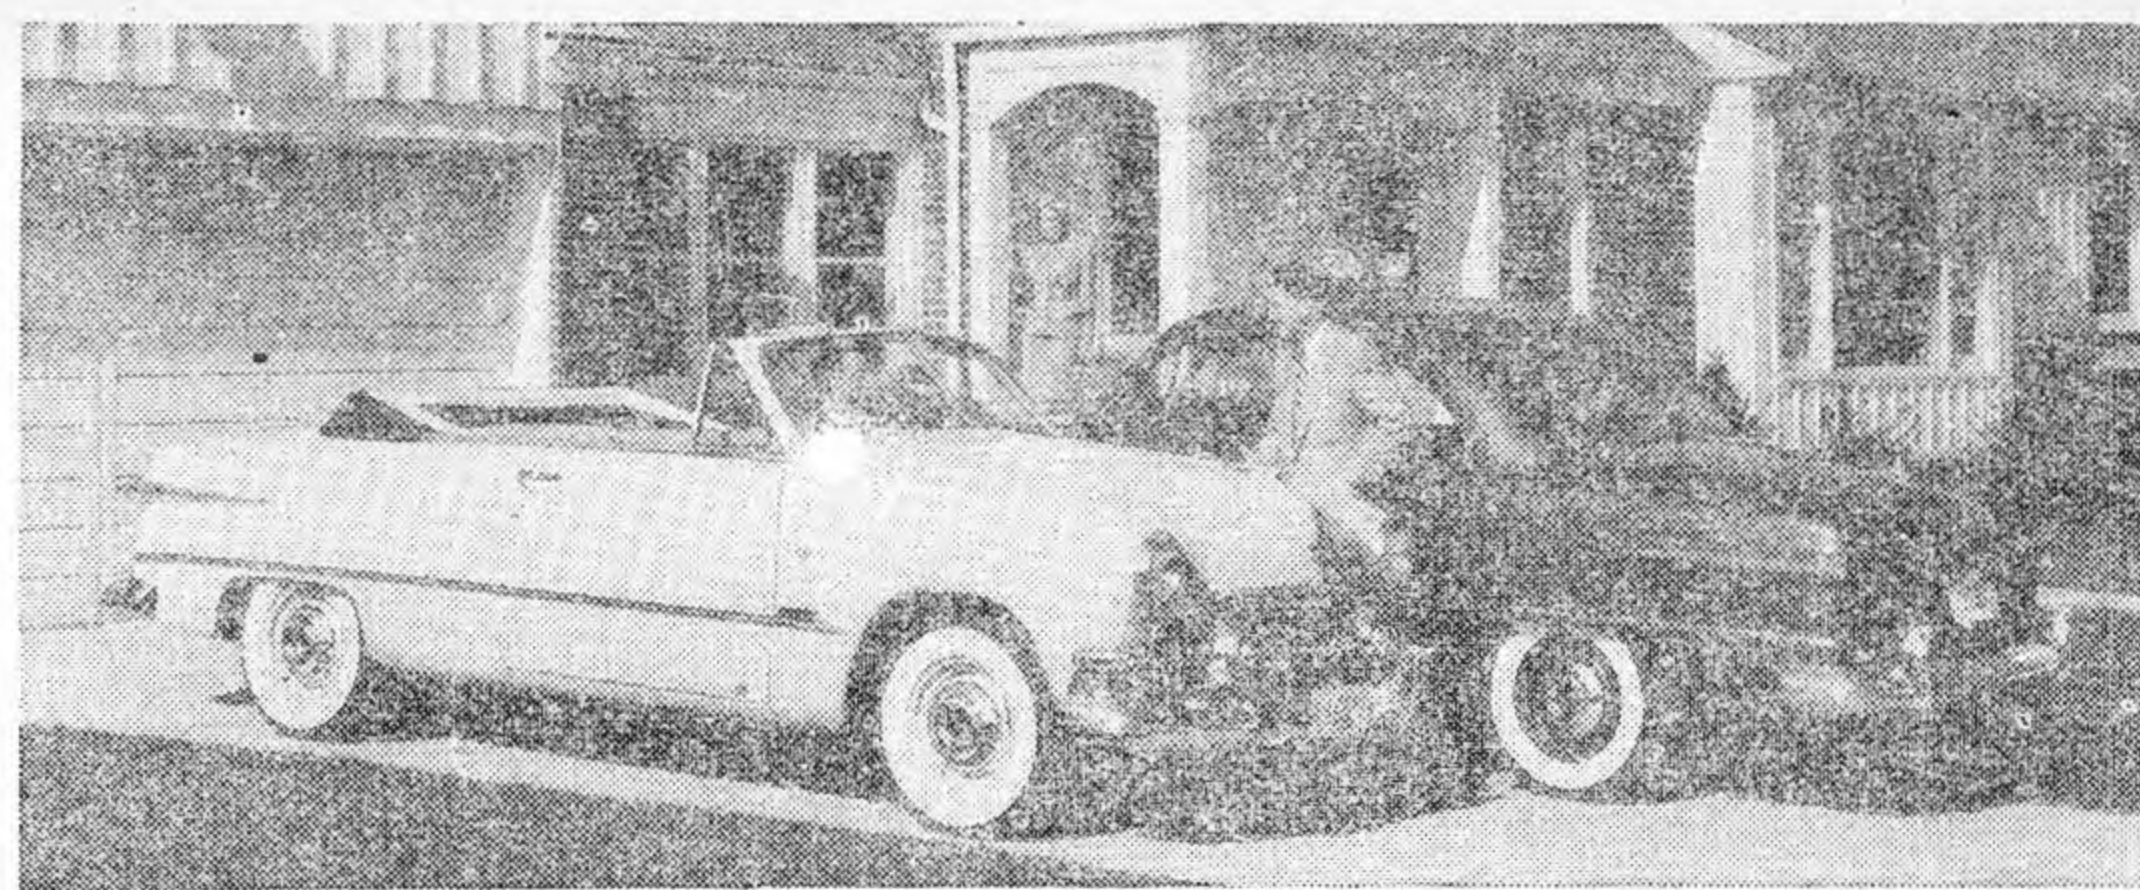

CMA-Morgan Park Grid Teams Battle To 12-12 Deadlock

The Academy came within two seconds of bouncing back into the win column in their game with Morgan Park Military Academy last Saturday, but the cadets had to settle for a 12-12 tie when the Chicago team carried over from the one-foot line on the final play of the game.

With many of his first string out with injuries including half-back co-captain Bob Sabo, leading scorer on this year's team, Russ Oliver had to depend on underclassmen to carry the load. One of them, young Charles Parks, Gallatin, Tenn., scored twice in the first period on 30-yard runs to start what threatened to be a rout.

From that time on, however, penalties and additional injuries caused the Culver offense to bog down. Thirteen penalties called against the Indiana cadets, two of which cancelled P. A. T.'s, kept the visitors from scoring threats for the last three quarters.

The Academy's only remaining game is with Chicago Hirsch High School here on Thanksgiving.

Distinctive new styling of both front and rear of the new 1951 Fords is shown in this photo of the Convertible and the Custom Club Coupe. The dual-spinner grille and longer, wrap-around bumpers give the front end a wider, more massive appearance and additional chrome and wider tail lights add to the rear end appearance. The 1951 models feature Fordomatic Drive, the new automatic transmission, as optional equipment.

In spite of a loss and a tie in their last two games, their record of 4-2-1 is still the best that a cadet eleven has had since 1946 when the team ended the season with a 5-1-3 record.

WHAT

TAKES A SMALLER SHARE OF THE FAMILY BUDGET THAN IT DID IN '39?

WHAT ELSE BUT THE TELEPHONE!

Sure—you pay a bit more for telephone service today. But unlike other items such as food, clothing and entertainment—the telephone's share of the family budget is much smaller now than in the "good old days" of 1939.

So although further rate increases are needed in order to catch up with past increases in costs—the price you'll pay will still be less than 1¢ an hour!

KITCHEN PERILS

Statistics from various sources covering home accidents differ as to which is the most dangerous room in the home, but all of them are in agreement that the kitchen stands at or near the top of the list.

Since the kitchen is the place where sharp knives and other instruments capable of inflicting wounds are kept and used, it could be assumed that cuts of one kind or another would constitute a high proportion of kitchen accidents. It could also be assumed that another high proportion would consist of burns and scalds from handling hot liquids and containers.

Your own kitchen will be a safer place if you keep knives in a separate drawer or compartment, and if you are careful to cut away from, never towards, the hand that is holding the object you are cutting. Use a pot holder when handling pans in which food is cooking, and never leave handles protruding over the edge of the stove.

Another sound precaution is to keep on a kitchen shelf a small bottle of antiseptic, a tube of burn ointment and a few adhesive bandages—those ready-to-use dressings with the gauze pad already affixed to the adhesive tape. This will make it easy to attend promptly to minor cuts and burns, which if neglected are only too likely to become infected.

Water is a conductor of electricity. To avoid the risk of a jarring shock, never handle electrical appliances with wet hands. Always wipe up immediately anything you spill on the floor. Slipping on spilled grease may result in a fall that may have more serious consequences than can be taken care of with a touch of antiseptic and a ready-made adhesive bandage.

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

● In the truly humble sense of American thanksgiving, the electric companies of this State are thankful they have been able to continue building the new electric power capacity necessary to serve the fast-growing needs of Indiana electric users.

In terms of capability, Indiana's power supply has jumped from 931,700 to 1,919,400 kilowatts between 1940 and 1950, and construction providing another 581,000 kilowatts will be completed by the end of 1953. During these same 13 years, the electric companies will have invested over 500 million dollars to provide the power required to meet the increasing electric needs of Indiana industries, stores, farms and homes. Obtaining this money requires the sale, to the investing public, of additional stocks and bonds.

No matter what the future brings . . . of this you can be sure, *the electric companies of Indiana, directed by thoroughly experienced managements able to expand their companies under America's system of free enterprise, will continue to build ahead . . . will continue to provide dependable electric power when and where needed, no matter what the job!*

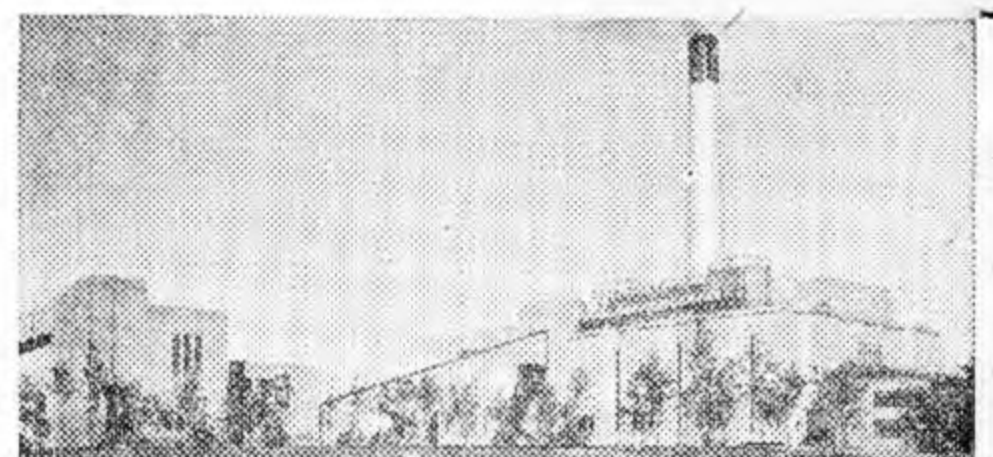

NOW—Twice the Electric Power AND MORE TO COME!

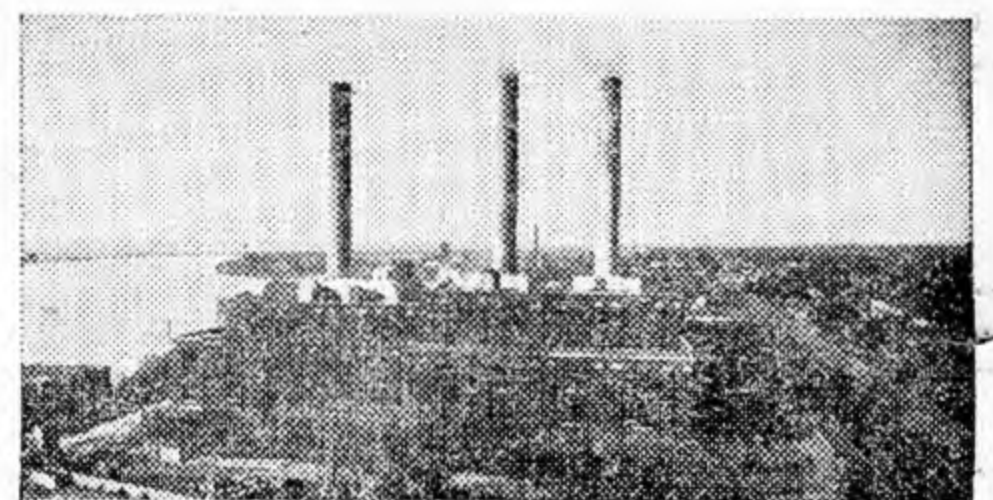

The Dresser Generating Station of the Public Service Company of Indiana is located on the banks of the Wabash, near Terre Haute. It has a total capability of 225,000 kilowatts.

The Harding Street Generating Station of Indianapolis Power & Light Company in Indianapolis. Its four units have a total capability of 160,000 kilowatts, the last of which was placed in service in 1947.

The Michigan City Electric Generating Station of Northern Indiana Public Service Company, designed for a total capability of approximately 195,000 kilowatts by 1951. The first two 65,000 kilowatt units are already in service, and the No. 3 unit is scheduled for completion during 1951.

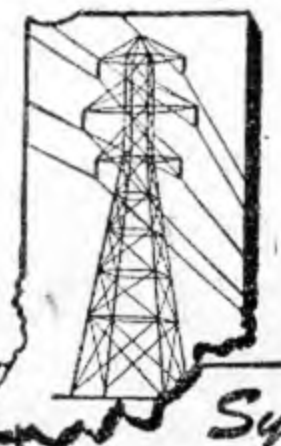

Ohio River Steam Generating Station of the Southern Indiana Gas and Electric Company at Evansville. Station capability has been increased 75% since 1944. Another turbo generator, now being installed, will make the total increase 115% by 1951.

You Hear It Every Year

You hear it every year about this time: November—"Shall we have turkey, chicken or duck—or just plain pork chops?" December—"We're buying no expensive presents—just a few playthings for the kids;" and January—"Beginning the first of the year I'm doing things differently, and / or I believe in waiting for the big sales they always have in January."

The mid-century year is drawing to a close and the annual holiday season is virtually here. Regardless of the menu for Thanksgiving, the planning of gifts for Christmas, or the New Years resolutions or the planned buying splurge; it's a time of refreshing hopefulness for the individual and the American family.

Indoor Gardens Respond To Good Potting Soil

Now that the outside garden is covered for the winter, some garden lovers are preparing for indoor blooms. M. B. Ward, extension horticulturist at Purdue University, makes some suggestions for care of popular house plants and mixing of soil for such uses.

Ward says that many of the troubles which indoor gardeners experience during the winter may be traced directly to the container and potting soil. The common flower pot is still the best container. The potting soil should be built up while the soil outside is warm enough to dig easily and be stored where it is handy.

A good soil consists of approximately equal parts of fertile soil and compost, manure or peat. Sometimes a small amount of

sand will benefit certain soils and plants. As some soils may lack fertility, a good handful of commercial fertilizer, such as 3-12-1, should be mixed with each bushel of potting soil.

In the next few weeks, green thumb gardeners will be watching for blooms on the Christmas cactus. A green thumb is not really necessary but it is important not to over-water or shade the cactus if it is to bloom.

Your Life Insurance

The need for life insurance is very clear and simple:

When a father passes on, his pay envelopes stop.

There is no more regular income to cover the family's bills.

Life insurance funds can pay these bills every month.

Life insurance gives the family courage, and the income to carry on, proud in the memory of a father who cared enough to own enough life insurance.

Will you think it over? Then, let's talk it over.

Knox Publishing Co. Acquires Starke Co. Paper

Claude S. Steele of Knox, former publisher, is the new editor of the 75 year old Starke County Republican, according to an announcement made last week. Publishing rights for the paper were acquired by the Knox Publishing Company, a company formed by Ware Edgar and Mr. Steele.

The newly formed publishing company has made public its plans to consolidate the mechanical departments of the Starke County Republican and the Starke County Democrat. Neither paper will lose its identity and the editorial departments will remain separate, "in order that they may continue to speak for and to champion the aims and ideals of their respective political parties," the announcement stated. The property was acquired from L. S. Fenwick.

Indoor Gardens Respond To Good Potting Soil

Now that the outside garden is covered for the winter, some garden lovers are preparing for indoor blooms. M. B. Ward, extension horticulturist at Purdue University, makes some suggestions for care of popular house plants and mixing of soil for such uses.

Ward says that many of the troubles which indoor gardeners experience during the winter may be traced directly to the container and potting soil. The common flower pot is still the best container. The potting soil should be built up while the soil outside is warm enough to dig easily and be stored where it is handy.

A good soil consists of approximately equal parts of fertile soil and compost, manure or peat. Sometimes a small amount of

In the next few weeks, green thumb gardeners will be watching for blooms on the Christmas cactus. A green thumb is not really necessary but it is important not to over-water or shade the cactus if it is to bloom. The soil should be light. A little sand mixed with ordinary garden soil helps cactus. A flower pot is the best container for this plant.

Your Life Insurance

The need for life insurance is very clear and simple:

When a father passes on, his pay envelopes stop.

There is no more regular income to cover the family's bills.

Life insurance funds can pay these bills every month.

Life insurance gives the family courage, and the income to carry on, proud in the memory of a father who cared enough to own enough life insurance.

Will you think it over?

Then, let's talk it over.

Knox Publishing Co. Acquires Starke Co. Paper

Claude S. Steele of Knox, former publisher, is the new editor of the 75 year old Starke County Republican, according to an announcement made last week. Publishing rights for the paper were acquired by the Knox Publishing Company, a company formed by Ware Edgar and Mr. Steele.

The newly formed publishing company has made public its plans to consolidate the mechanical departments of the Starke County Republican and the Starke County Democrat. Neither paper will lose its identity and the editorial departments will remain separate, "in order that they may continue to speak for and to champion the aims and ideals of their respective political parties," the announcement stated. The property was acquired from L. S. Fenwick.

Methodist Groups To Sponsor Bazaar-Dinner

Several organized groups of the Culver Methodist Church are currently making final plans for one of the most unusual Bazaar's and dinners to be held in many a year. Each of the several classes are planning their own individual booths and the entire affair should present something of unusual interest to the general public.

The Bazaar fair will be held in the Lions Den on Friday, December 1. The booths in an improvised midway will be open for business at 2 o'clock in the afternoon. At 6 p. m. the Pathfinder Class will sponsor a dinner in the Lions Den. Mrs. Ralph Osborn, Jr., and Mrs. William Oberlin are co-chairmen supervising arrangements for the dinner. Tickets for the dinner are \$1.00.

E.U.B. To Present Movie "Second Chance"

Telephone Company

(Continued from page 1.)
addition of many new circuits and exchanges to the growing intercity dial network. Culver, with other cities, will benefit by improvements resulting from the \$8 million expenditure required.

Depends on Adequate Earnings
"Further telephone progress in Culver and other Indiana Bell exchanges was virtually halted as a result of the Public Service Commission's rate order of September 5. This order granted Indiana Bell less than one-half the increase in rates needed.

"In an era of industrial expansion, home-building and the increasing demands of our country's preparedness effort, telephone service must keep pace with the times. It cannot keep pace unless earnings are adequate to justify whatever increased investment is necessary to do the job.

"Indiana Bell, conscious of its responsibility to furnish good and sufficient telephone service, is going to ask the PSC this month to

take another look at its rates. Proposed revisions in the rate schedules that recently went into effect are being prepared to file with the petition.

"A prompt and favorable decision on this request for adequate rates is of great importance to Culver and all Indiana Bell exchanges, to again set in motion the expansion program halted in September. This is the program Indiana Bell wants to go ahead with and will go ahead with subject to its ability to get the materials necessary to do the job.

R. W. Ransbottom Pioneer Resident Passes Away

Riley William Ransbottom, age 84, died early Tuesday at Memorial hospital, South Bend, after an illness of three weeks. He was born at Ada, Ohio, on Dec. 17, 1865, and came to Marshall county, west of Plymouth when a boy. He lived in South Bend for a few years before moving to Starke county 58 years ago.

Surviving are three daughters, Mrs. Cora Feece, R. I. Culver, Mrs. Ruth Silvers of South Bend and Mrs. Stella Hissong, Plymouth; one son, Richard Ransbottom of Sanford, Fla.; 19 grandchildren, 23 great-grandchildren; two half-brothers, Lee Ransbottom, of Florida, and Walter Ransbottom of Wisconsin.

He was a member of the Salem Church of the Brethren northwest of Culver, where services will be held at two o'clock Friday afternoon with Rev. Ben Cross officiating. Burial will be in the Barr Oak cemetery. Friends may call at the Easterday Funeral Home.

TO UNDERGO SURGERY

Dale Brown will undergo surgery on Friday morning at Robert Long Hospital, Indianapolis.

Record Crowds Jam State Parks

Hoosier motorists must spread the word about Indiana state parks, because attendance records at the various park and memorial properties jumped 80,000 over last year's figures.

Indiana Dunes showed the largest attendance with 313,670 thus far in 1950, 1400 more than in 1949. Brown County and Spring Mill parks followed, recording 221,921 and 204,665 respectively. Turkey Run State Park, perennially popular with Hoosiers, showed an increase of 13,862, while Clifty Falls State Park reported 9,452 more visitors than in 1949.

Probably the most remarkable increase in attendance was shown at Shades, most recently acquired of the state properties. Attendance here went up more than 10,000 with park facilities accommodating 32,854 guests from May to November.

Since only five of Indiana's state parks are open the year 'round, these figures cover seven months attendance at ten of the parks, and eleven months at Clifty Falls, Spring Mill, Turkey Run, McCormick's Creek, and Pokagon. So far, 1950 has been the biggest year in state park attendance.

The Disappearing Prong-horned Antelope

Imagine yourself on a Western paint pony racing like the wind after one of the most beautiful animals you have ever seen. He is in full view and you are almost

upon him, when quite suddenly he disappears into thin air.

This would very probably happen if you were chasing the beautiful and rare Prong-horned Antelope, which many years ago lived and fed upon the great western plains of the United States, but today only exists in very small herds. The Prong-horned is not like any other antelope in the world, and was once considered by

sportsmen one of the many prized wild animals. It was because so many of them were killed that their numbers are so small today.

According to the National Wildlife Federation, the Prong-horned carries an unusual coloring which enables him to disappear from sight instantly. This is how he does it. From the middle of his stomach to the tip of his tail he has long pure white hair. When excited or frightened these hairs stand up on end.

From his stomach to the tip of his nose, however, his color is light tan and blends almost perfectly with the ground and the trees around him. His trick of disappearing is done simply by his stopping short and turning completely around, thus hiding his white hair from view, and showing only his tan coat which closely matches the countryside around him.

Prong-horned Antelope is found in the greatest numbers from Edmonton, Alberta, all the way south to the Valley of Mexico, and from Central Iowa west to the Pacific Ocean.

The Prong-horned Antelope looks something like a deer, but is smaller and his horns are not as big as a deer. He is one of the fastest of the four footed animals and can, when frightened or excited, leap great distances.

FULL PROGRAMS PLANNED FOR INTERNATIONAL WEEK

Plans are in progress to make the 51st International Live Stock Exposition the most interesting and attractive ever held, according to William E. Ogilvie, manager.

Every day of the big eight-day pageant of agriculture will be a "red letter" occasion offering full programs of interest to farm folk, he states. No effort is being spared to make it entertaining and colorful, as well as educational.

The Exposition runs from Saturday through Saturday, November 25 through December 2, in the International Amphitheatre of the Chicago Stock Yards. Many of its exhibits will be in the pens, where overhead walks will enable perfect view, and in the barns of the Chicago livestock market itself, largest in the world.

First all-steel bridge in the U. S. spanned the Missouri river here in 1879.

Green alfalfa or clover leaves gathered where hay is unloaded or baled will make a fine vitamin supplement for poultry next winter.

Condition of Croy Fair After Loss of Lower Left Leg

John Croy, who was severely wounded in the accidental discharge of a gun last Saturday morning, is progressing as well as it can be expected at the Hines, Ill., hospital where he was rushed from the Rochester hospital on Sunday afternoon.

The severity of the wounds made necessary the removal of the lower left limb late Monday night. Mrs. Croy who was called to the bedside of her husband said this morning that John came through the operation as well as could be expected.

The accident occurred while Croy was at work picking corn on the Yelton farm south of Delong at 11:30 a. m. last Saturday. He had stepped down from the tractor when a gun, which he carried while working, to kill foxes and other game, accidentally discharged, the shot entering the calf of the left leg. Working with him was Noah Goodnight.

The former commander of the local American Legion was rushed to Woodlawn Hospital at Rochester where his condition was reported as critical. Friends and neighbors of John, shocked to learn of the accident, hurriedly answered the urgent call for the rather rare type of blood needed for a transfusion. Legionnaires were joined by members of the VFW, the Lions Club and other groups in offering blood. Harlan Butler, Steffen Rector, and Al Thessin hastily organized a group of thirty donors who offered their services.

On Sunday afternoon Croy was taken to Hines Hospital. Friends may write him by addressing as follows: Ward A-2, Hines Hospital, Hines, Ill.

Croy had just recently been appointed on the staff of the newly organized E. Thoner and Sons Chevrolet, Inc. The father of five children ranging in ages from 22 months to 14 years, he is 34 years of age.

The Lions Club will conduct a scrap paper drive tomorrow (Thursday). Your cooperation will be appreciated.

ACHIEVE HIGH PRODUCTION IN MILKING TESTS

Several registered Holstein-Friesian cows in the herd of J. Dick Newman, Culver, have completed official production tests under herd improvement registry rules.

Testing was supervised by Purdue University. Highest producer was Maxinkuckee Eden Hilly, 644 pounds butterfat, 17,804 pounds milk made on two milkings daily in 365 days at the age of 4 years 11 months.

Other high producers included: Maxinkuckee King Emma with 626 pounds butterfat and 18,763 pounds milk made on two milkings daily in 365 days at the age of 8 years 2 months, and Maxinkuckee Beauty Doris with 603 pounds butterfat and 16,755 pounds milk made on two milkings daily in 322 days at the age of 8 years 9 months.

Legionnaires and Guests Enjoy Program on China

Motion pictures in color taken by Capt. Ivan Walker in Korea, as well as timely and interesting talks by Col. I. L. Kitts and Major James Miracle on China, rounded out the program of the W. E. Fleet Post of the American Legion last Thursday evening. Dinner was served to about forty members of the post and their wives at the Maxinkuckee Inn, followed by a short business session.

The pictures Capt. Walker made while on his recent tour of duty in Korea showed scenes in and around Seoul, and covered much of the ground and principal roads over which the United Nations troops traveled in capturing that city. Close-up pictures of the island at Inchon where Gen. McArthur's troops landed were of particular interest.

Colonel Kitts spoke on the political importance of the Communists in China, and the effect of such influence on the people of that country.

Major Miracle described his experiences as a bombardier in the Air Force during World War II, and gave a vivid picture of the defenses of Formosa as well as some interesting side-lights on the community life and the schools in the rural sections of China.

Colonel E. K. Moore, commander of the Legion Post, presided at the dinner. This is the first of a series of such meetings to be held during the year, at which prominent speakers will be scheduled and subjects of general interest will be presented.

David Bigley, Jim Davis Win Sweepstakes In County 4-H Crop Show

David Bigley and Jimmy Davis, both of Union township, were among the first and second place winners in the annual Marshall County 4-H Crops Show held last Thursday at Plymouth. Davis won second place on the oats Division I class and Bigley won first place in the orchard, Division III class.

Both boys will join other first and second place winners in a trip to the International Live Stock Exposition in Chicago. The show was sponsored by the Plymouth Kiwanis club and was directed by the Marshall county agricultural extension service under the supervision of R. C. Harvey and Y. M. Feaster.

Annual Turkey Supper Scheduled by Farm Bureau

The annual Union Township Farm Bureau turkey supper is scheduled to be held in the Lions Den on Friday evening, November 17, at 7:00 o'clock. The turkey will be furnished by the Farm Bureau and everyone is asked to bring a covered dish. Virgil Feaster, county agent from Plymouth, will make 4-H achievement awards and all 4-H members and prospective members are urged to be present. Entertainment will be presented by Robin Lee Howard, child musician, from Macy, Ind.

Mrs. Mather at University Hospital

Mrs. C. C. Mather is as well as can be expected after undergoing an operation last Thursday morning at the University Hospital in Ann Arbor, Michigan. She underwent the planned operation at 8:00 a. m. last Thursday, and while her condition was considered serious immediately following the operation she responded to blood transfusion. Friends are asked to note that her address is the University Hospital, Ann Arbor, Mich., rather than the Maternity Hospital, where it was originally planned to take her.

CITIZEN PRESS PRINTED ANNUAL WINS LAURELS

The 1950 Miskodeed, yearbook of the Mishawaka high school has been accorded the top rating of "All American" in the competition conducted by the National Scholastic Press Association; and also highest laurels by the Columbia University Press Association.

The Culver Citizen Press, printers of the top ranking book, takes pride in the 1950 competitive ratings of the outstanding book.

Cadets To Be Hosts For Horsemanship Show Sun.

Thirty horsemen and horsewomen will participate in a horse show at the Culver Military Academy next Sunday. Major Paul Stjernholm and Colonel I. L. Kitts have announced. The group will represent the Academy, Morgan Park, the Woodlawn Valley Stables, and the Christiansen Riding Academy of Chicago.

The competition will feature working hunters, pair jumping, horsemanship, over jumps and open jumping. Trophies and ribbons will be presented to those placing in the events. Following the show visitors will be guests at a tea in the Chapter Room of the Memorial Library.

MRS. LAURA BAKER ILL

Mrs. Laura Baker of Elkhart, mother of Harold, Alvin and Harry J. Baker, all of Culver, is critically ill in the Elkhart hospital. Mrs. Baker suffered a heart attack on Friday evening. Her sons were called to Elkhart on Friday evening because of her condition.
