THE WONDER YEARS

Now And Then

History book our grandparents may have used.

This is a History book we use today.

Our school mascot, the Culver Cavalier.

In 1900, the Indian was Culver's mascot.

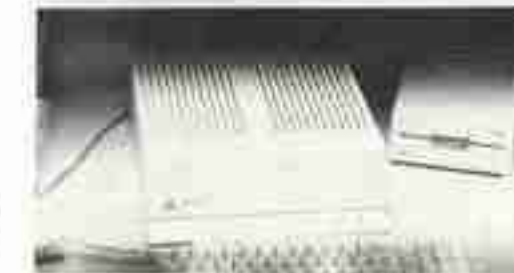

Now we use one-piece pens like this ball point pen.

Before we had ballpoint pens, people used bottle ink. O' leather pens.

In the 1920's, people may have used a type-writer like this.

But today, we use a more modern type computer.

A school where our grandparents may have been students.

Culver Community Jr. Sr. High School in the 1960's.

High School Vs. Junior High

Although we stay in the same building, our first year of high school is very different from junior high. Here is what some freshmen had to say about the differences.

"You have a lot more clubs to choose from." — Kenny Peterson

"Everybody is more mature." — Kathy Smith

"High schoolers don't mess with you as much." — A freshman guy

"I think there are more privileges and more freedom. I can get out more." — Lorraine Day

Dream Big

Only ten years ago
our Freshman class

we will be in another
ten years? Rich, poor,

thinking about it. She,
like most Freshmen
often dream about it.

YeeHaw!

In Earth Science we have human specimens.

More school anyone? It seems as though everyone in the sophomore class complains constantly about the length of the year, anxiously awaiting vacation. Yet further education is top priority with these brainy tenth graders. 63% plan to go to college.

And what makes the school year fly by? Dating, even on school nights, ranks high on their lists. We asked the Class of '92 whether they could go out on dates during the week. 89% of the courting males are available anytime during the week. But they may be alone, since only 68% of their female companions are allowed to be out.

Weekends

"That's all the announcements. You may be dismissed." Classroom doors open, and the hallways are instantly filled with bodies rushing to get out of the school. It's Friday and the weekend has finally begun. Two entire days to do whatever you want. No teachers, tests, homework or school lunches to think about. You don't even have to get up early to catch the bus.

By the time we are Juniors we will have had a lot of Subs. Some we like, some we hate, but no matter what they always get the short end of the deal. Danny just found out that he has a Sub today and he has a few tricks up his sleeve.

Although 7th grade girls may prefer Mexican food, the guys just might take them out for Italian.

In the 8th grade, surprising as it is, not one girl said she has naturally curly hair, but, 14% of the guys say they do!

For the second time in three years, the Cavaliers won their own 4-way tourney. The other schools involved in the tournament were Argos, Caston, and Triton.

Culver defeated Argos in the opening round, while Caston beat Triton in their first game. In the championship game, Culver defeated Caston by the score of 72-54.

Free throw shooting seemed to be the Cavaliers strong point during the tournament. The Cavaliers were 21 of 24 for 88%. From the line in the Argos game and 23 of 27 for 85% against Caston in the championship game. These percentages were well above Culver's season free throw percentage of 66%.
