## Bomb Squad Called To CCHS

State Police officer, Bob Baldwin and a member of the Bomb Squad shown in the chemistry room at CCHS. The explosive chemical, Picric Acid, is being packed in a box for removal to an empty field.

Looking on from State Rd. 10 as bomb squad member goes deep into field with explosive chemical is left to right, Jud Dillon, CCHS principal; Superintendent William F. Mills and Town Marshal Jack Caudill.

After detonating the Picric Acid, bomb squad member returns to cover the hole left by the explosion.

Culver - On Monday morning students found an area cordoned off inside the high school following the discovery that a chemical called Picric Acid (2,4,6 - trinitrophenol) was found on a shelf in the chemistry room. The chemical is harmless in its liquid state and is used to dye slides in biology. However, according to Judson Dillon, high school principal the chemical hasn't been used in all the years he can remember at the school. He stated that although, as a liquid it is harmless in a crystalline state it takes on different properties and is explosive.

Chemistry teacher, Robert Konzelman, stated that there were two 4-ounce jars and there did not appear to be any liquid left in them. Bill Garver has been with CCHS since the reorganization and said the chemical hasn't been used in the years since he's been here.

The State Police with a member from the Bomb Squad were called in at 1 p.m. and the bottles were packed into a box and taken to an empty field north of Highway 10, just West of Highway 17 where it was put in a hole and detonated.

According to the member of the Bomb Squad the safety precautions taken that were recommended by the State Police, Town Marshal, Jack Caudill and Supt. William F. Mills, were very adequate and in the best possible safety interests of the students. Both the High School and Junior High Elementary school have been checked thoroughly and no other potentially dangerous chemicals have been found.

The State Police have requested that other area schools check their chemical supplies for this or any other potentially dangerous substance and contact your local authorities or the Indiana State Police and they will remove the items.

Super Market Memories  
When I see mothers in the supermarket with their children riding in shopping

carts, I'm reminded of the days when mine were all small.

Anytime I got away to the store by myself was a vacation. Then I actually enjoyed grocery shopping. But, more often than not, I had two in a cart and three more tagging along beside another cart in tow for groceries that I couldn't crowd into the first one.

Keeping ten little hands off the merchandise while wending your way down the aisles takes a keen eye and dexterity.

It wasn't odd to end up at the check out with several nibbled on items to pay for. Some I never intended to buy and didn't even know were in the cart. It amazed me what a hundred or so little teeth could do in such a short time.

It was bad enough with commercials that bombarded children then. I can imagine what young mothers go through today.

They have to buy margarine that says, "Butter," when you lift the lid. I know mine would have insisted on the bologna with a first name of O-S-C-A-R. They probably couldn't have pronounced the name of the guy with the gourmet popcorn, but they would have recognized his picture on the label.

Now, when I shop, I have time to carefully price items (they're so darned high you have to) and check amounts. I can select the best buy and never have to worry about little hands putting unwanted items in the cart.

I can shop at leisure and not have to hear a small child saying, "Mama buy this," or "Mama, why can't we have the cereal that makes noises?"

Back then I thought, "Boy, will I be happy when they're all grown!"

Next week, when I go grocery shopping, will someone lend me their kid?

## SOCIAL EVENTS

### OPEN HOUSE TO CELEBRATE 99TH FOR MRS. WM. KLINE

Culver - Mr. and Mrs. Wayne Kline will hold an Open House on Sunday, April 22nd from 2:30 to 5 p.m. in honor of Mr. Kline's mothers birthday. Mrs. William Kline will celebrate her 99th birthday on April 24th. Friends are welcome to stop in and say hello. The Wayne Klimes live on Queen Road.

### ARGOS PROGRESS CLUB

by Louise Pershing

Argos - With Mrs. Ardith Davis presiding, twenty-three members of the Argos Progress Club met in the Friendship Room of the State Exchange Bank on Tuesday evening, April 10.

Mrs. Leo Kline brought the devotional study, using Norman Vincent Peale's "Wonderful New Life For You" and Riley's poem "Away" and closing with one by Sara Henderson Hay. Our life here prepares us for a glorious life eternal which is achieved through our living Christ and His church. Death is not the end—only the beginning.

Mrs. Ward Redinger reported on the County Federated Club Convention held at Culver. Argos Progress Club sold the most blind goods, totaling \$327.30. Three entries from the recent District Art Contest held in Argos will be entered at State Convention. "The Lung Run", sponsored by the American Lung Association, will be held in South Bend on June 9. Mrs. David read the resolution passed by the convention.

Miss Irene Mahoney presented an interesting program of her trip to India. She suggested a magic carpet would be the ideal way to travel. India is a land of contrasts—of the new and of the very old and of the extremely rich and the poor, living side by side. The simple, plain dwelling of Mahatma Gandhi typifies his way of life. Market places are intriguing with a variety of goods and produce and all kinds of people. Unique attire includes the sari, dhotis, turbans and unusual white trousers.

A variety of modes of travel result in mass confusion on the streets and include motorized three-wheeled taxis, camels and water buffalo pulled carts, bicycles, and those on foot. Jaipur "the pink city" is one of the old walled cities. Delhi, the capital, is remembered for its Red Fort, tame elephants and the Taj Mahal. Other places visited were Calcutta, Nepal, Thailand, Hong Kong, Manila and Honolulu, each having its own particular features.

The closing thought was ten commandments for travelers.

The Hostess Committee—Mrs. Kenneth Powell, Mrs. Max Deamer, Mrs. Otto Gates and Mrs. George Wolf served refreshments during the social hour.

The next meeting will be in the Friendship Room on May 8 with Mrs. Clair Gurthel, Mrs. Franklin Bower and Miss Beatrice Pickler hostesses. Mrs. Ward Redinger is in charge of the program with Mrs. Orville Voreis giving devotions.

### JORDAN BAPTIST CHURCH

Argos - The Jordan Baptist Church has been invited to Chili, Indiana on April 29 at 2:30 for the dedication of their church. They had a fire about one year ago and the church was badly damaged. A love gift donation was given to them by the Jordan Baptist Church of Argos at that time.

### SNOW BIRDS START TO RETURN

by Barbara Hann

Argos - You can tell Spring is here because Argos' snow birds start to come home to roost. At the R.E.A.L. service meeting there were 4 to be counted on April 16. The Wayne VanDerWeeles and the Ed Rathburns are back and more are on the way. We will be glad to see them again. Also Ruth Hoffman has joined us again.

Sharon greeted the group and then read a very timely article out of the Enquirer. "Things written to the tax board about why they are late on their tax returns—and some very funny things they were. There were some we would have liked to said but knew we shouldn't."

The trips were announced again and all were told to keep them in mind if interested.

Pearl Woodcock brought some very interesting things to show and talk about. An ink drawing of the town of Argos in 1900 drawn by H. S. Wylie, showed a motel where Bob Thomas' filling station now stands. Each house was drawn in place and some recognized their own home. She also had an old account book of her father's from a butcher shop and told of the prices of the meat in 1893—4 1/4 lbs. of lard for 64 cents, steak was 30 cents, salt pork cost 30 cents. One man's whole meat bill for the month of February was \$23.39. Those were the good old days.

Mae Fisher from Plymouth was again a visitor and helped make out forms for the \$25 rebates on taxes and told how to get a refund on unpaid fuel bills for the year for senior citizens on low incomes. A single person earning less than \$3,925 or two earning less than \$5,200 can apply.

Easter events were reported on. Most attended church and some had dinners with their families.

The meal was served by the Progress Club. Those serving were Louise Pershing, Irene Mahoney, Luella Myers and were assisted by Vi Ward. They set the tables with giant yellow Jonquills and floating candles. They also furnished the door prizes.

The menu for next week will be prune juice, picnic pork shoulder, oven baked potatoes, Harvard beets, peach fluff, whole wheat bread, milk, tea, and coffee. The Walnut Ruralettes will serve the meal.

The guest speaker will be Beverly Jones, Argos own author who will tell about her book "From Diapers to Dishes". Phone in your reservations to 892-5012.

## PUBLISHER'S 'PINION

Spring cleaning time is now here! Show your pride in your property and your community by picking up the debris that has accumulated throughout the long cold winter. The wooden trim around the house is probably beginning to look weather beaten. The old dead leaves in the bushes need to be cleaned out. The garage and the basement need to be put back in usable shape.

If you have a gravel driveway or walkway it will need attention to get rid of the water-holding dips and valleys.

Get in touch with the local group that picks up newspapers and have them get those large stacks that have built up over the winter.

If you find you have many good items (too good to throw away) that you are no longer using - plan a garage sale.

It is time to get the lawn and garden supplies out of storage and prepare them for summer use. If you find that items need to be repaired or replaced, plan on visiting the local stores for your needs. Everything for your summer needs can be purchased locally.

Look around your neighborhood and politely contact those neighbors who have forgotten that Spring cleaning is now in progress. Encourage them to do their share in keeping the neighborhood a nice place to live.

All local business owners are reminded to check their properties for annual Spring maintenance. Several local

painters are available who can make the business have a fresh-new appearance. Those big display windows can use a good washing to get rid of the winter dirt and grime. Check out the sign and see if it needs to be repainted or replaced. A visitor or first-time customer only sees the exterior of the building. Make sure your building helps to create a good image for the entire town.

Show your pride in your home, business and community by getting your property in top-notch shape.

### JAYCEE CARNIVAL TO BE APRIL 27

Culver - The Annual Culver Jaycee Carnival will be held Friday, April 27th from 6:30 to 9:00 p.m. in the Culver Junior High School gymnasium.

LOOK OVER OUR RV's

Today's farming is big business.

Farm operations today may vary, but it is truly a business which involves basic knowledge, training and professional interest and skills. Today's farmer has an investment in land, buildings, equipment and stock equal to, and in some cases greater than, other businesses. In no small way successful farming is essential to the well being of our society.

Through the years The State Exchange Bank and the Farmers State Bank have been privileged to have a role in financial programs of many farm neighbors throughout the area. Perhaps this is why we have often been cited as one of the nations big "Country Banks". It's a title we don't mind at all since the reference suggests the active community interest of our bank. As always, we heartily say "Thanks" for banking with our bank.

## Schwartz with Sports

By Mike Schwartz

The 1979 version of "Major League Baseball" recently began its 6 month man around 26 major cities in the United States and Canada.

Cast changes have been made since last season, most noticeably those umpires in blue. Rod Caren and Pete Rose are wearing double knits of a different color, while Tommy John is starring in "The Traitor" in New York.

Overlooking the 162 performance each team will play this season look for the Yankees, Royals, Phillies and Dodgers to give repeat performances from last year's playoffs. Can the Yankees win one more time? Will the Royals and Phillies "Blow it Again?" Will the Dodgers finally pull it off?

Listed below are my 1979 predictions. Look for another Yankee-Dodger Series.

**COURT DENIES ATTORNEY PAYMENT**  
Culver - The Jasper Circuit Court ruled Monday that defendant Marvin Good cannot look to the plaintiffs to pay his attorney fees.  
Good defendant in a law suit which questioned the legality of his selection as a member of the Culver Community School Board in which for a time restrained him from serving as a trustee, looked first to the Culver Community School Board to pay the nearly \$7,000, attorney fee bill he claimed he incurred when he hired Indianapolis Attorney Nelson Grills to represent him in his fight to get seated.  
When the School Board determined through their attorney that the school should not pay to defend his seat on the board, Good then looked to the Plaintiffs in the law suit: Cecil and Joan Lucas, Diane Napier, Donald and Kay Muehlhausen, and Kenneth Crowel.  
The court found in its ruling that an agreement among all parties entered into on September 20, 1978 by which among other agreements the order restraining Good from serving as a member of the Culver School Board, was terminated, effectively was a bargain ending all controversies relating to the issuance of the temporary injunction and that Good could not now seek to change that agreement by asking for the inclusion of payment of the attorney fees.

# Legal Notices

**NOTICE OF BOND SALE**  
**Town of Argos, Indiana**  
 Sealed proposals will be received and considered by the Clerk-Treasurer of the Town of Argos, Indiana, at his office in the Municipal Building in said Town at the hour of 1:00 o'clock p.m. (ST), on the 24th day of April, 1979, for the purchase of the following described venue bonds of said Town: Electric Utility Revenue Bonds of 1979, in the amount of \$335,000; Dated as of April 1, 1979; Interest at a rate or rates not exceeding 7% per annum (to be determined by bidding), payable on August 1, 1979, and semi-annually thereafter; Denomination \$5,000; Registrable as to principal; Principal and interest payable at The State Exchange Bank, in the Town of Culver, Indiana; Maturing on February 1 in the years and amounts as follows:

Years	Amounts
1980-1981	\$25,000
1982-1984 incl.	30,000
1985-1986	35,000
1987-1988	40,000
1989	45,000

The bonds of this issue are not redeemable prior to maturity. Each bid must be for all of said bonds and must state the rate or rates of interest, not exceeding seven percent (7%) per annum, in multiples of one-eighth (1/8) or one-tenth (1/10) of one percent (1%). Not more than three different interest rates shall be named. A rate may be repeated without being considered a different rate. Bids specifying two or more interest rates shall also specify the amount and maturities of the bonds bearing each rate, but all bonds maturing on the same date shall bear the same rate of interest. The rate bid on any maturity shall be equal to or greater than the rate bid on the immediately preceding maturity. The award will be made to the highest qualified bidder complying with the terms of sale and offering the lowest net interest cost to the town, to be determined by computing the total interest on all of the bonds to their maturities, and deducting therefrom the premium bid, if any. All bids must be presented in sealed envelopes marked "Bid for Electric Utility Revenue Bonds," and each bid must be accompanied by a certified or cashier's check in the amount of \$3,350, payable to the "Town of Argos". In the event the successful bidder shall fail or refuse to accept delivery of the bonds as hereinafter provided, said check and the proceeds thereof shall be the property of the Town and shall be considered its liquidated damages growing out of such default. The checks of unsuccessful bidders will be returned immediately following the award of the bonds. The successful bidder shall make payment for the bonds and accept delivery hereof within five (5) days after being notified that the bonds are ready for delivery, at such bank in the City of Indianapolis, Indiana as it shall designate or at such bank as may be mutually agreeable. The bonds will be ready for delivery by the town within thirty (30) days after the date of sale, and if not deliverable within that period the successful bidder shall be entitled to rescind the sale, in which event the good faith check will be returned.

The approving opinion of the Honorable Justice Miller Donadio & Ryan, bond counsel of Indianapolis, together with the printed bonds, a transcript of the legal proceedings, and closing papers in the usual form showing no litigation, will be furnished to the purchaser at the expense of the Town. No conditional bids or bid for less than the par value of said bonds, plus accrued interest from the date thereof to the date of delivery, will be considered. The right is reserved to reject any and all bids. If an acceptable bid is

not received on the date of sale, the sale will be continued from day to day thereafter for a period of not exceeding thirty (30) days, but during the continuation of such sale no bid will be considered which is lower than the highest bid received on the original sale date. Said bonds are being issued for the purpose of improving the electric utility owned and operated by the Town of Argos, pursuant to Ordinance No. 287, adopted by the Board of Trustees on December 19, 1978. Pursuant to the provisions of said ordinance authorizing the issuance of said bonds, the bonds will be payable solely from the net revenues of the municipal electric utility and will not constitute and indebtedness of the Town within the provisions and limitations of the constitution of the State of Indiana. Said ordinance also authorizes the issuance of additional bonds ranking on a parity with the bonds now being offered under certain conditions more specifically set forth in said ordinance. All bidders shall be deemed to be advised of the provisions of the ordinance authorizing the issuance of the bonds now being offered and as to the property and revenues of the electric utility of the Town. The Town has prepared an Official Statement relating to the bonds. A copy of the Official Statement may be obtained upon application by prospective bidders to the undersigned Clerk-Treasurer, or to J. H. Umbaugh & Associates, 1500 Oak Road, Plymouth, Indiana, 46563, or to Ronald D. Gifford, Attorney at Law, 309 East Jefferson Street, Plymouth, Indiana, 46563. Dated this 3rd day of April, 1979. # Surflan saves.

That's why we recommend Surflan.

We don't make herbicide recommendations unless we know they work. And any soybean herbicide that can give you full-season control of many tough annual grasses and weeds—plus save you up to \$1 an acre\*—deserves a good word. Use it alone, or add it to a surface-applied tank-mix. Surflan has power enough to control problems like seedling johnsongrass, foxtails, lambsquarters and fall panicum through combining—whatever the weather, wet or dry. Waiting for rain when it's scarce in the spring, and not leaching out when summer rains are heavy. See us for Surflan and Surflan label information. In powder or new liquid form, Surflan is one of the best recommendations we can make for full-season grass and weed control... at a substantial savings over Lasso®.\* Elanco Products Company, A Division of Eli Lilly and Company, Indianapolis, IN 46206, U.S.A. \*Based on suggested retail prices of Surflan and Lasso at recommended rates.

## CHILD ABUSE DISCUSSED BY HOMEMAKERS

by Lida Thompson

Argos - Much is heard today about child abuse, but there are also cases where children abuse parents. Freda Gibbons listed possible causes for violence in the family in her lesson presentation at the Tuesday afternoon meeting of the Green Township Homemakers Club. They are lack of close family ties, frequent moving, pressures from loss of job and income, alcohol, religious differences and young parents who do not know how to assume the parental role.

Child Abuse Neglect Coordination (CANCO), an organization to identify the need of a community and use resources already available, is active in some areas. Representatives of public and private agencies, as well as individuals, are members of the organization.

Seventeen members and Mrs. Gilbert Gilchrist were present in the home of the hostess, Louise Voreis.

The president, Darle Smith, presided. Virginia Redinger read from the writings of Corie Ten Boom for her Easter theme devotions and Mary Winenger led group singing.

Mrs. Smith announced these appointments to fill the officer roster: Song Leader - Mary Winenger, Citizenship - Cindy Sargeant, Health & Safety - Ada Kring, Cultural Arts - Virginia Redinger, Scrapbook - Evelyn Hughes, Flower Fund - Louise Voreis, and Reporter - Lida Thompson.

Mrs. Guy Gross will not be able to present for Achievement Night on May 3 as previously announced. Freda Gibbons will furnish cookies for the social hour at the meeting.

Doris Miller gave a brief history of the Warren Paper Products Company located in Lafayette. The company makes such things as paper puzzles, flash cards, bingo cards, and a variety of card games.

The Extension Style Show will be held on April 19 at the Church of the Brethren in Plymouth at 7:30 p.m.

A cultural arts film "Wonder at Your Feet", will be shown at the Plymouth Public Library on May 2 at two showings, 1:30 and 7:30 p.m.

Edna Ruffing auctioned items brought to raise money for tables for the new building at the 4-H Fairgrounds.

Julia King will entertain the club in her home on May 8. Virginia Redinger will present the lesson on "Understanding the Welfare Program."

## CHIT CHAT

Mr. and Mrs. Tony Warner and sons Steve and Tony, Jr., entertained guests for dinner on Easter at their home in South Bend. Guests from Culver were Howard Warner, Mrs. Emma Swigart, Toby Warner and Arlene Nix.

## FEED GRAIN DEFICIENCY PAYMENTS

Argos - William E. Elliott, Chairman of the Marshall County ASC Committee, announced recently that the Marshall County farmers who participated in the 1978 Feed Grain Program received a 34 deficiency payment based on a target price of \$2.10.

According to Mr. Elliott, this amounted to an average of \$138.00 per acre of set-aside in Marshall County. Mr. Elliott said that the payment was made on April 11, 1979. The total farm payment was 34 per bushel times the farm's established yield, multiplied by the acreage of corn on the farm.

The deficiency payment protects farmers when the national average market price is less than the target price established by the Department of Agriculture. Mr. Elliott reminded farmers that the 1979 Feed Grain Program has encouraged target price protection to \$2.20, and he encouraged farmers to sign up before April 30.

# Letters to Editor

Dear Editor,

We live in town and due to our interest in animals, we leave much of our discarded food at our door, in containers for all the visiting animals of our neighborhood. We have one cat but find that there are many beautiful strays within the city limits. This is just to inform nosy neighbors, that if you see a pie tin at the door of your next door neighbor, just

remember - we're not slob! We've just decided to feed the hungry animals that you've turned out. Don't worry - if the animals don't eat the leftovers we dispose of them in the usual way.

Unfortunately in the Argos paper, I read an article called "Cat Owners Beware!" Well, by middle summer we hope to be in a home in the country and any animals that Argonians feel that they have the right to exterminate due

to annoyance from the pets, please send these animals or the description to us or the paper and we'll gladly take these animals with us so that the well-meaning owners don't do away with the innocent animals. Believe me, if all I have to do to save a few animals is to eat less, then "viva la diet!"

Signed, The animals fairy godparents

## Monterey, Indiana

by Pat Weaver

Where is this town? How big is it? Are there any stores or businesses there? Why would anyone want to live there?

These are some questions you might hear from people about any little town. We hope the area people might take time out for an afternoon drive someday to visit Monterey.

Monterey is about 8 miles south and west of Culver on State Road No. 17. The Tippecanoe River runs through here and this county town is quiet and friendly. Also here in Monterey you will find businesses, such as the Bank, Hardware Store, Gas Station, Post Office, Doctor's office, Laundromat, Catholic Church, Methodist Church, School House, Grocery Store, Liquor Store, Fire Station, Bait Shop, Gun Shop, Chicken Farm, Corner Bar, Library, Insurance Agencies, Supper Club, Beauty Shops, Private owned mechanical garages, Lumber Yard, Excavating operations, Lions Club, Freed and Supply Company, Blacksmith Shop, Boat house, Country Cupboard Shop.

We also have several clubs in the community, such as Home Ec Club, Girl Scout Troop, Brownie Troop, Lions Club, Kid's Community Club, Boys 4-H Club, Girls 4-H Club, St. Anne's Rosary Sodality, Methodist Church Women, the American Legion, and the Monterey School P.T.O.

We too have several activities going on in the community. You will always enjoy a trip by canoe down the Tippecanoe River which is a rewarding trip. The American Legion holds its annual Ox Roast on Labor Day each year, plus gun shoots and other activities.

We have Kleckner Park along the River for picnics or just a quiet afternoon. This is located next to the American Legion Building. The men have their softball teams, the women have a couple of softball teams, the boys

Little League has started as well as our girls softball league.

There is a lot of bicycling and skate boarding going on. Maybe you just want a quiet afternoon of fishing, Langenbaum Lake just

outside Monterey or the Tippecanoe River is fine for this.

Our population is only about 400 residents and new ones are always welcome. So feel free to visit Monterey the next chance you get.

**ARGOS REMEMBER WHEN**  
 Argos, January 15, 1951 - There was a big fire downtown Argos Saturday night but it was not the kind that fire departments usually extinguish. It was a "warm" reception for the Argos High School Cagers following their victory over LaPaz in the finals of the county tournament. It was the first championship for Argos, and fans and other citizens made the

most of it.  
 After the bonfire the group adjourned to the community building for an impromptu celebration. But the big celebration came this morning with a victory rally and there was no school this afternoon.  
 Superintendent of Schools, Dan Schafer, headed the speaking staff for the occasion. "Your victory came at an opportune time as Argos gets ready to celebrate its centennial," Schafer said

"While you have a fine coach you need to build tradition and this is the beginning," he added. He commended the team on its accomplishment.  
 Principal D. R. Rohrer reviewed the history of sports in Argos pointing out that it had always been a baseball town. He complimented the team on a job well done.  
 Coach Robert Hileman said that he was very happy but emphasized the part the

boys played in getting the job done. "They never gave up and come from behind to win," he complimented. Team members were called upon for speeches, but indicated by their bashfulness that it is a lot more fun to play basketball than to be a public speaker.  
 The Argos band provide the musical part of the program to make the rally livelier. But the chief topic of conversation was the grand

feeling it is to have a winner.  
 Bruce VanDerWeele, news stand specialist, donated a lot of scrap paper for the bonfire Saturday night. "It was worth it even if the price of paper has gone up," he commented.  
 Some of the boys in town dug out some fire works, probably saved for just such an occasion, and made good use of them Saturday night. There was even a snake dance.

It was on January 8, 1851 that John Plake and Mark L. Smith platted the town of Argos. It was on January 13, 1951 that the Argos boys fought an uphill battle to edge LaPaz, 63 to 59, to cop the title.  
 Appropriate celebrations are being planned this summer for the centennial but last Saturday night will go down in Argos history as very memorable.  
 (Editor's Note: Members

of that team were George Shunk, Jim Hardesty, Max Devane, Sherwood, Gene Thompson, Vernon Rohrer, Don Schultz and Jerry Carpenter.

**AWARENESS FILM SHOWN**  
 Argos - ECKANKAR is an ancient word derived from the Pali dialect which means "co-worker with God." According to the students of this teaching, ECKANKAR provides a way of living life. It precepts include such terms as karma and reincarnation, Soul Travel, total awareness, and God-realization.  
 Debbie Rouen, a Northern Indiana representative of ECKANKAR, will be presenting to the public, a free introductory lecture and film on ECKANKAR at the Plymouth Public Library on April 30 at 7:30 p.m. for Argos and Culver residents.  
 According to Debbie, ECKANKAR is "a religious teaching that provides each individual the means by which he or she can begin to get a control over their life circumstances. Every day, our thoughts, feelings, and actions create our outer and inner environments. What we are trying to do in ECKANKAR is to learn to balance our mind and emotions, so that we are in control, not ruled by our moods or thoughts. The true identity of man, Soul, is by its very nature a happy entity. Emotions such as anger, jealousy, depression, greed, or any other of the negative passions can make our lives miserable, if we do not learn to rise above them, and be ourselves-Soul. The teachings of ECKANKAR merely show the individual how to move beyond the influences of the negative emotions, into a more balanced, happy perspective on life. No one can do this for you; it is something you must do for yourself.  
 ECKANKAR is a non-profit religious educational organization. For free information write: ECKANKAR, P.O. Box 3100, Menlo Park, California 94025.  
**1979 INDIANA FESTIVAL MAPS**  
 Culver - The 1979 Indiana Festival Map, which identifies and describes 165 community festivals and events to be held in Indiana this year, is now available, according to Virgil Peterson, general manager of Hoosier Energy, which sponsors the map. Hoosier Energy generates and transmits electricity for REMCs in southern Indiana.  
 Peterson says the map is available through REMC offices, Welcome Wagons, the Indiana Department of Tourism service stations and motels located on main highways, and many restaurants.
