RICHARD CHAMBERS

Richard C. "Rick" Chambers, Jr., is the Republican candidate for town board trustee, Ward 1, in Culver's upcoming election. He is the owner of Lake

Realty and is 36 years old. Rick and his wife Kathleen have four children, Dick 13, Chris 10, Josh 8, and Nate 5. They reside at 510 College Ave.

Chambers attended Hammond Elementary School, high school at Tennessee Military Institute and attended Indiana University. He served in the U. S. Army from 1964 to 1969 enlisting as a private. After two tours in Vietnam, Rick received an honorable discharge in September of 1969 as a Captain.

Although he has not sought a political office previously, he wishes to serve because he's a concerned citizen. When asked the reason he is seeking the Town Board Trustee office, Rick replied "to serve the town and the people of Culver."

MARIZETTA KENNEY

Culver - Mrs. Marizetta Kenney, having served as Clerk-Treasurer for over seven years, is running for re-election on the Republican ticket and is unopposed. She stated that the position of Clerk-Treasurer is not one of policy-making, nor does she have a vote in the decisions of the Board of Trustees. The position includes keeping true and accurate financial records, as audited by the State Board of Accounts; keeping orderly, correct records of other town affairs and keeping accurate utility billing records.

Mrs. Kenney and her husband Harold reside at 222 Marmon Street with their two children, Alethea 8 and Jeff age 5. She is 36 years old.

Her duties as Clerk-Treasurer also include serving as secretary to the Town Board of Trustees and referring complaints and requests to the proper quarters.

She graduated from Culver High School in 1962 as co-salutatorian of her class, attended Indiana University at Bloomington for three years, has a BA in German from Rosary College in River Forest, Ill. and also an MA in Library Science from Rosary College.

Mrs. Kenney is a member of Culver Bible Church. When asked why she is seeking re-election she replied, "I wish to continue serving the Culver residents and the Culver Town Board as I have done for the past seven years, and I hope to improve upon that service in the four years ahead."

His degrees include a BS from Purdue, MS, Purdue and CAS, Wesleyan University. He is a member of Grace United Church of Christ, Culver and served in the U. S. Army from 1953 to 1955.

Alan is a high school mathematics teacher and supervises the mathematics department at Culver Academies. I've lived most of my adult life in this community and I care very much for it."

RICHARD L. BALKEMA

Culver - Richard L. Balkema is the Democratic candidate for town board trustee, Ward 2. This is his first time for seeking public office, but stated that he had either been in or a student of politics and government for as long as he can remember.

Balkema is 41 years of age and resides at 316 E. Washington Street with his wife, Anna and their two sons, Richard Todd 15 and Andrew James age 10. He is a professor-teacher at Valparaiso University and instructs classes in American, State and Local Governments, Metropolitan Governments, Public Administration and Public Policy Analysis. He was a

page in the Michigan State Senate for two years at age 16 and believes this gave him a fairly good introduction to the public policy processes.

Richard attended elementary and high school in Grandville, Mich. He attended Western Michigan University, Southern Illinois University, the University of Michigan and Indiana University. While in college he was president of the University's Young Republican Club, was a precinct captain and an alternate delegate to the state convention.

He is a member of the Grace United Church of Christ and served in the U. S. Marine Corp., receiving an honorable discharge at the rank of Sgt.

Balkema replied when asked why he is seeking election to the town board, "I have been a student of governments for some time as well as having received a fair amount of training in the field. I think that both the formal as well as the in-field experiences and the fact that my family has been involved in local governmental affairs may be of some help to me. My father was a city-councilman and vice-mayor of a small city in Michigan. I'd like the opportunity to help my community through this form of public service.

Board of Zoning Appeals. Mrs. Williams is a part time calligrapher and letters testimonials, diplomas and quotations.

She and her husband, Warner, live at 309 White Street. They have three children, Earle 27, Sylvia 24 and David 26. Jean is 63 years old.

Mrs. Williams attended Gilbert Knapp School and McKinley Junior High in Racine, Wisc., and Washington Park High School in Racine. She received a BA degree in 1937 from Oberlin College in Ohio.

When asked her reason for seeking the office of town board trustee, she replied, "I have the time and energy to serve our town in seeking ways of supplying the most service for the least cost, giving satisfaction when possible to all complaints and continuing the effort to be fair in all decisions. PUBLISHER'S 'PINION

by Dave Tranter

It is with great pride that your local newspaper publishes the candidate profiles on the front page of this issue. We invite you to look over these profiles so that you can make a voting decision based on your knowledge of the candidate.

The information on these profiles was written by the candidate on a form supplied by the newspaper. Questions asked included: If you are seeking re-election, what has been accomplished during your term of office? If this is your first time seeking this office, please list your qualifications or previous political experience? Occupation and duties? Family Data? Education? Reason you are seeking this office? and Comments?

The newspaper staff then transformed the responses into paragraph form.

One of the great benefits of living in the smaller communities of America is being able to have a voice in the many day to day happenings. If we don't like the school system, we can voice our opinion and know that it will be heard. This is also true of every club, organization, governmental body, church, etc.

This chance to "voice your opinion" is only a benefit if we exercise it. If we sit back and say nothing when deci-

sions are being made, then we have no right to find fault when the project is being carried out.

The approaching town elections on Tuesday, Nov. 6th are a prime example of exercising one of the benefits of living in a smaller community. On this election day, we will be given the opportunity to voice our opinion by selecting people who will run our town for the next four years.

This will not be an election where thousands of votes are cast. It will be an election where the victor will win only by a few votes and the total votes cast for any one candidate will not pass 1,000. Consequently, your vote is very important.

Cavaliers Win 30 - 7

by Carol Elliott

Culver - The CCHS Cavaliers went to Jimtown Friday night for their conference football game of the year, and won 30-7.

After a lackluster performance in the first half, the Cavaliers came back in the second half, and played a completely different game on offense and defense. Coach Doc Heath said, "In the first half, it looked like a good practice. We were flat. The kids lacked mental alertness, and were slow to react. At half-time, I had a few points to make and the kids got the message. They came out in the second half and played hard, sound football."

Heath added, "Many people probably wondered why we didn't throw the ball this game. It was because the Central's coach was here, and they had scouted the week before at North Liberty. I didn't want to show them everything we had. The team did well without having to pass."

After Friday night, the Cavaliers played South Central in the first quarter, Robert Hart carried the ball one yard for a TD. The 2 point conversion failed, and

Culver led 6-0.

The second quarter saw Jimtown take the lead on a 26 yard pass. The PAT was successful, and Jimtown led 7-6 at halftime.

Culver "put it together" in the third and fourth quarters. They held the Jims to just 7 yards rushing, and didn't allow a completed pass for the entire second half. Every player on the team played.

Hart scored in the third quarter on a three yard carry. He also carried the ball in for the 2 point conversion, giving Culver a 14-7 lead.

In the fourth quarter, Culver scored twice. Hart ran the ball four yards for a TD, and Doug Farmer added 2 points with the conversion run.

Next, Pete Peterson rolled over from the 1 yard line. The 2 point conversion was successful as Ron Harris caught a pass from Mark Wynn and the Cavaliers led 30-7, which was the final score.

With only seconds left on the clock, Culver unsuccessfully attempted a field goal. Had it been good, Culver would have set a "high score" record by one point. The old record of 32 points was set just last week

DIANA BELL INFORMATION

Culver Disabled telephone customers of Diana Bell can start making up applications to seek exemption under the company's directory assistance charging plan. Forms are available at all business offices and PhoneCenter Stores. The charging plan is to begin in early 1980 with a monthly free-call allowance.

The charge will be 20 cents per call for non-exempt requests. Experience in other areas which already have directory assistance charging indicates that about 90 percent of all customers receive no charges for using the service, since they don't exceed the monthly call allowance.

Customers whose visual or physical impairments prevent their using the telephone directory will be

exempt. And so will calls from public coin phones and hospitals and requests for numbers outside the customer's telephone area code. Any residential customer or a member of his household who cannot use the directory because of visual or physical limitation will be exempt from directory assistance charges, if any exemption has been established for the account.

To establish an exemption, a customer should complete a simple exemption certificate. The applications are available in Indiana Bell business offices and PhoneCenter Stores or by calling the customer's service representative. They also are available at agencies which assist those with impairments. Representatives of such agencies advised Indiana Bell in designing the exemption certificate to

make it easy to understand and complete. Exemptions for business customers normally will be limited to small businesses which are totally operated by persons with visual or physical disabilities. Business exemption certificates are available by calling the service representative. The exemption certificate will identify the disabled person and type of impairment; the address and

telephone number of the account to be exempt, and the name and address of a physician, optometrist, therapist or agency worker who can verify the disability. As approved by the Public Service Commission, charging to start early next year allows 5 calls to local directory assistance (1-411) per month without charge from each main line. In addition, there is an allowance of one call to the customer's home area code directory assistance number (1-555-1212) for each customer-dialed long distance call within the same area code, up to a maximum of five per month. A charge of 20 cents will apply for each customer-dialed local and home area code directory assistance call in excess of the appropriate monthly allowance.

WHEN HONESTY TAKES A HOLIDAY

Honesty is as basic as the air we breathe, the water we drink, the food we eat. When honesty takes a holiday...lethal gases, poisonous wastes, toxic additives...gradually make our air unbreathable, our water undrinkable, and our food inedible. Honesty affects where we are, what we do and the things we use every day.

and our families.

When honesty takes a holiday...A President's oath of office, a doctor's Hippocratic oath, a couple's marriage vows...mean little or nothing. Yet honesty takes a holiday every time one person... "bends" the truth a little, looks the other way, "borrows" something from the office, factory or classroom, overcharges a stranger or undercharges a friend, puts convenience, face-saving or money ahead of principle. Enough of these "holidays" could make our world unlivable. That's what happens... when honesty takes a holiday.

ARGOS SENIORS ENJOY PORK CHOPS

by Barbara Hann

Argos - Monday was a big day for the Argos folks. They knew there was something different in store for them when they arrived at the Argos United Methodist Church on October 22. Sharon Mevis hadn't arrived but Judy McCulla was there and as the room filled, she passed out a sheet of sayings to be figured out. Everyone busied themselves trying to decide the answers.

When Sharon arrived reports on illnesses were given. Lucy Good is back in the hospital. She needs our prayers. Strips of cloth were brought for our mystery bag. Mary Waltz is having a birthday, so she had as her guests, Pauline Fites, Ardene Batsit, and Jennie Freeze. Grover Shafer also shares her birthday date October 27. Happy Birthday was sung to them.

Sharon Mevis then introduced Judy McCulla, who is with the County Extension Office, but is working with the Marshall County Pork Producers Association. She showed the picture of our pork queen, Tracy Koopman. She reminded us Pork is not the only thing derived from pigs. Many by products are used to make medical things. Pigs hearts furnish valves for humans. Shins used in burms.

Pork products also make gloves, bristles for brushes, floor wax, brick softener, glue and Nitro Glycerine pills. These are things we didn't know. We were given a quiz on "Hog Wash" to see how much we knew about pigs.

Ed Rathbun offered the noon prayer and everyone hurried to the dining room where the ladies of the Cum-Joy-Nus had set the tables. Bouquets of fall flowers were on the tables. After everyone found a place the bountiful meal prepared by the ladies and furnished by the pork producers was served. Pork chops so tender, dressing, gravy, escalloped potatoes, green beans, slaw, cottage cheese, applesauce, coffee and topped off with delicious apple squares were served. Thanks ladies for a job well done. We have good cooks in Argos.

New first comers were George and Betty Clayton. Next week's volunteers will be the Home and Hobby Club and the menu will be grapefruit juice, hot dogs on a bun, relishes, potato salad, celery and carrot sticks, oatmeal cookie, coffee, milk and tea. Call reservations into 892-5012 before noon Friday. Many thanks for today's meal, Pork Producers.

CULVER BOARD SEEKS DO-IT-YOURSELF PLAN TO ADJUST SEWER RATE HIKE

Culver - The Culver Town Board at an emergency meeting Tuesday night appointed a committee of local citizens to complete a study of necessary rate increases.

Faced with increased deficits in the sewer operating funds the board had hired H. J. Umbaugh, Certified Public Accountant and expert in the Public Utilities field to do a preliminary study. The study shows the rate increase of four years ago has not kept pace with inflation, it does not provide adequate revenue for its operations. For necessary repair to the sewer system nor for capital improvement nor does it meet requirements for its bonded indebtedness.

To complete this study and arrive at a new schedule of rates H. J. Umbaugh and Assoc. require a fee of between \$3,000 and \$4,200. The board, already deeply concerned about the sewage fees, feel that it cannot morally or financially impose this burden on its already financially depressed citizenry. It has sought the expertise of qualified local people to meet this emergency.

Donald Slyh, certified public accountant will head the volunteer committee. Members are Alan Dummer, computer math teacher at CMA, Ed Allyn accountant at McGill, Bob Breyfogle, superintendent of the sewer dept. Marizetta Kenney, clerk-treasurer and Bob Natier Jr., supt of the sewer system.

The committee will revise the rate schedule and submits its recommendations to the town board for approval. The town attorney will then write the new ordinance.

While it is legal for the Culver board to set its own sewer rate increase the town attorney Fred Jones, present at the meeting warned of perhaps being penny wise and pound foolish in not continuing with Umbaugh and Assoc. He admitted however not knowing the qualifications of the committee members, a committee within whom the board has confidence and pride.

Performances At Eppley

Culver - An evening of drama-song-dance will be presented on Friday evening October 26, at 8:00 in Eppley Auditorium by the Fine Arts Department of the Culver Academics. This evening of entertainment is part of the Fall Festival and is open to the general public without charge.

A solo theatre performance by Cadet Chris Kremksi of Saginaw, Michigan will begin the entertainment. Running 35 minutes, Teddy is based on the life and writings of Theodore Roosevelt, who many feel is the last American hero. Collated and directed by Harvey Firari,

Teddy is a "homemade" product and if it proves to be sufficiently interesting on Friday, it will be taken on tour. Chris Kremksi played the lead role in last seasons Deadlock, an adajetation by Firari.

Kremksi's performance will be followed by a number of songs by on-campus choral groups and Dance-vision, a series of modern dances under the direction of Cathy Duke.

On Sunday afternoon at 2:30, another solo-theatre performance will be offered. In this case, however, the role of Erma Bombeck, well-known columnist, will be brought to life by two ac-

tresses of the Culver Girls Academy; Jacque Tahse of Downey, California and Mimi Valiulis, Shreveport, La.

They will take turns reading columns collated by Director Harvey Firari. The show is called 'Erma' and this is the first time the show will be given before an audience anywhere.

Along with the two solo-theatre shows, Harvey Firari is directing George S. Kaufman's The Butter and Egg Man, a full length comedy about behind the scenes activities of show business. Production dates for this show are November 11 and 16 again on the main stage of Eppley Auditorium.

Cadet Chris Kremksi is in his makeup for his enactment of Theodore Roosevelt in a one-man show called

Teddy. He will give the show Friday evening at 8:15, and he will be available to entertain clubs and

organizations. The show was written and directed by Harvey Firari, with makeup by Gordon Uytterbrouck. (photo by Dan Moore)

RE-RESERVATIONS OF PERSONALIZED LICENSE PLATES BY OCT. 31

Commissioner Ralph W.
VanNatta of the Bureau of
Motor Vehicles announced
today that re-reservations of
Personalized License Plates
purchased last year must be
made by October 31, 1979. If
a plate is not re-reserved by
this date, the initial ap-
plicant loses the exclusive
right to this plate for the 1980
registration year, and the
configuration becomes
available to any individual
November 1, 1979.

The Bureau of Motor
Vehicles reserves the right
to deny any personalized
license plate application
found objectionable,
however, an individual may
order almost any letter-

number combination
provided it does not
resemble an existing Indiana
license plate configuration.

Commissioner VanNatta
noted that the most popular
configuration was "...probably initials, with
team nicknames, business
names, and car descriptions
following closely behind.
However, lately, there had
been a light-hearted trend
with examples such as :
2TAL4U, IXL8R, and
UNOWHO among the plates
ordered. There is also a book
toward the fuel situation
with plates that say [MAGAS
and NOGAS."
The fee for the reservation
of Personalized License
Plates remains \$40.00, to be
paid at the License Branch in

the county in which the
applicant legally resides, at
the time of the reservation.
This fee is in addition to any
excise tax and plate fees
incurred at the time of
registration.
