## SCHOOL BOARD

The Culver Community Schools Corporation Board of School Trustees met in regular session in the central office on Tuesday, March 6.

Mrs. Marilyn Coby, chairman of steering committee for the upcoming North Central evaluation, was present and gave a brief report to the Board concerning the North Central Association of Colleges and Secondary Schools and the evaluation which they will make of the Culver Community High School on March 13 through March 16. Mrs. Coby stated that membership in the North Central Association means that the school must maintain a high quality or level of education in order to maintain membership. Each member is evaluated every five to seven years. Mrs. Coby further stated that each teacher and each department is required to make a detailed report on themselves and on their department. The faculty has worked diligently throughout the school year in this self-evaluation in preparation for the North Central visit.

The Board will attend a dinner meeting on March 13 at the Three Sisters where they will meet with the members of the North Central evaluation visiting committee and learn of the work that the committee will be doing in the high school.

The Board approved a request to purchase a power take-off override for the Ford tractor and mower outfit at the Culver Community High School.

The Board also approved a request by Mr. William F. Mills, elementary and Junior High principal, to attend the National Association of Elementary School Principals Conference to be held in Detroit, Michigan.

The board then reviewed several applications from individual interested in the varsity basketball coaching position. It was agreed that screening of applicants should begin as soon as possible.

## ANNOUNCE DISTRICT CONTEST WINNERS

Marshall County Federated Women's Clubs sponsored the county Music and Art Contest on March 4. There were divisions of vocal music, instrumental music and art.

The winner and district representative in the vocal music competition was Elizabeth Pinder, of Culver Community High School, and the alternate is Susan Middleton also of Culver. Instrumental music winner is Mike Leiter of Triton High School, and his alternate is Bill Reese of Argos High School. Representatives in the art contest will be Ed Ruhnow, winner and Debbie Bernhardt, alternate. Both attend Culver Community High School.

The district contest will be held April 8 in Warsaw, and all who are interested are invited to attend. Winners of the district competition will be awarded an expense paid week at Indiana University and will visit the music and art schools there.

## Mrs. G. E. Overmyer

Mrs. Grace E. Overmyer, 86, Monterey, died at 1:25 p.m. Sunday, March 11, at South Bend's Healthwin Hospital, following an 18 month illness. Born April 6, 1886, in Indiana, she resided in the Monterey area most of her life.

Mrs. Overmyer was married November 18, 1903, to John W. Overmyer, who preceded her in death in 1958.

Surviving are five children, Mrs. Mary Langbeen, Lansing, Ill.; Mrs. Leona Engel and Mrs. Viola Tinberg, both of Culver; Mrs. Geraldine Decker, South Bend; and James Russell Overmyer, Highland; two sisters, Mrs. Mary Parker, Porter; and Mrs. Bessie Stephenson, Ora; 28 grandchildren; and 59 great-grandchildren. She was preceded in death by five children.

Services were conducted Wednesday at Bonine Funeral home, Culver, with Rev. Phil Lutz, pastor of the Monterey United Methodist Church, officiating. Burial was at Hartz Cemetery, near Monterey.

## Ethel M. North

Ethel M. North, 83, passed away February 27 in Dallas, Tex. She was the widow of William G. North. Surviving are a daughter, Mrs. Martha Turner, Wheaton, Ill.; a son, William F. North, Dallas, Texas; a sister, Mrs. Marie Shannon, Greensburg, Ind.; a brother, Paul E. Doles, Punta Gorda, Fla.; and four grandchildren. Mrs. North was from River Forest, Illinois, and had spent many summers on Lake Maxinkuckee since the late 1930's. She was a native of Indiana.

Funeral services were held in Oak Park, Ill., with burial in Mt. Emblem Cemetery, Elmhurst, Ill.

## BOY SCOUTS AID ECOLOGY SAVE PAPERS AND MAGAZINES

The next paper and magazine collection by Boy Scout Troop 290 of Culver will be Saturday, April 21 in the morning. Save your papers and magazines each day and phone 842-3236 or 842-3498 to have your name on the pick-up list not only for April 21 but for every other month (3rd Saturday) during this year.

The Scouts do not realize any monies from magazines but will pick them up to help residents. The Salvation Army distributes magazines to charities and hospitals.

## Gun Registration

The Culver Police Department is updating all gun registrations. If you have bought, sold, or traded a hand gun in the last two years it would be wise to check with the police on correct registration, or to register all guns owned by you, including rifles, and shot guns. This is for your own protection against theft and also for insurance purposes. It is not a law.

It is a law to register all hand guns and to obtain a permit for hunting and target or for protection. This can be done by contacting the Culver Town Marshal if you live within the city limits of Culver. All others may contact the Marshall County Sheriff in Plymouth.

## Unpleasant Odor To Be Corrected

Due to weather conditions and mechanical difficulties at the Wastewater Treatment Plant, a certain element of unpleasant odor has already occurred. We regret this occurrence and are in the process of trying to correct the mechanical difficulties, but until they are corrected, the odor will continue on warm and humid days. We most sincerely apologize.

## RETIREMENT SEMINAR THURSDAY, MARCH 29

The Culver Community Churches will sponsor a Retirement Seminar on Thursday, March 29, at 12:00 noon in Zion Hall of Grace United Church of Christ. The women of the Burr Oak Church of God will serve the noon meal at a cost of 50c.

The speaker will be Mr. James Beard who is the field representative for the Social Security Administration in South Bend. He will explain new changes in the Social Security program and then answer questions from those present.

Those desiring to attend this meeting are asked to make their meal reservations by calling 842-2900 by March 26.

## Polo Team To Defend Title

Culver Military Academy's varsity polo team will defend its U. S. Polo Association interscholastic championship title April 12-15 when it hosts the Robert Louis Stevenson School of Pebble Beach, Calif., and Valley Forge Military Academy, of Wayne Pa.

At the same time, Culver's Department of Horsemanship will conduct a polo umpire school and equitation clinics featuring a panel of Olympic riders and other noted horsemanship authorities. This week end, which marks the 75th anniversary of Culver's famed Black Horse Troop, will also include an exhibition of classical Lipizzan dressage.

Culver won its third straight polo championship title and the Sherman Memorial Interscholastic Cup last April in Roswell, N. M., competing against New Mexico Military Institute and Robert Louis Stevenson School. Competition for the interscholastic polo championship began in 1928. The Sherman trophy was retired in 1941 and reinstated in 1970 after a 29-year lapse. Culver has won the tournament every year since.

This year's competition involves one round-robin polo match on April 12th, one on the 13th, a by-day to rest the horses on the 14th and the final playoff the next day. Playing on Culver's 1973 polo squad are Warren Bonnie, of Urbana, Ohio; Ben Krueger, of Lubbock, Texas; Eric Oppenheimer, of Raytown, Mo.; Linc Sinclair, of Sedalia, Colo.; and Jud Wrcce, of Austin, Texas.

Also beginning April 12 will be a polo umpire school under the direction of Pat Connor, one of the country's outstanding indoor-arena polo players and umpires. A six hour course, the umpire instruction will include the game time of the championship polo matches.

Making their second Culver appearance in three years will be the magnificent Lipizzan stallions, which appeared in President Nixon's inaugural parade in January. The Lipizzans are owned by Temple Smith of Temple Farms in Wadsworth, Ill. Exhibitions will also be given by Culver's

## Honey Sunday At Culver

Members of the Culver Jaycees, this week end, Sunday, March 18, will be taking part in a statewide effort to raise \$150,000 for the mentally retarded in Indiana. They will be selling special containers of honey door to door.

Governor Bowen has proclaimed Sunday, March 18, as Indiana Honey Sunday and has called upon all Jaycees and all Hoosiers to support this worthwhile effort. The Governor's wife, Mrs. Bowen, is Honorary Chairman of the Indiana Jaycee Project; with the Indiana Association for Retarded Children as co-sponsors.

Ned Davis, president of the local Jaycee organization has named Carl Stoces as local project chairman. Mr. Stoces states that the town has been divided into areas with a team for each area. Calls will be made from 1:00 to 5:00 p.m. "We have 288 containers of honey on hand and will be asking for a donation of \$1.00 or more for each container." All proceeds will go to the Marshall-Starke Development Center, for the mentally retarded.

Anyone wishing to obtain honey before Sunday, March 18, may do so at Mr. T's, Village Liquor Store, Culver Clothiers, McKinis Pharmacy, Chuck's Standard, Jo-Bo's Pizzeria and Park and Shop.

The subject of the lesson is Substance. Golden Text: Prov. 3:9 Honour the Lord with thy substance, and with the first fruits of all thine increase. Heb. 11:1 Now faith is the substance (assurance) of things hoped for, the evidence (conviction) of things not seen. From the Christian Science Textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy, Substance is that which is eternal and incapable of discord and decay. Truth, Life and Love are substance, as the Scriptures use this word in Hebrews: "The substance of things not seen." Spirit, the synonym of Mind, Soul, or God, is the only real substance.

## Rainbow News

At the stated meeting of the Culver Assembly Order of Rainbow for Girls, Monday, March 5, Josephine Drews, grand deputy of District 26, inspected the work of the Assembly. Nancy Nicodemus, worthy advisor, presided in the East.

Mrs. Drews was escorted behind the altar by Susan Middleton, drill leader. After she was presented, she was escorted East through an aisle of Rainbow Girls who welcomed her with verse and presented her with merit badges.

Other distinguished guests introduced were Alfred Drews, grand lecturer of Districts 1 and 26; Mrs. Catherine Bradfield, assistant grand deputy of District 3; Mrs. Irene Place, grand organizer of District 26; Norma Carlson, grand immortality; Nancy Heiser, grand ambassador of good will; Mrs. Dorothy Stephenson, mother advisor of Union Mills Assembly; and Mr. and Mrs. Bill Allen, worthy patron and worthy matron of Emily Jane Culver chapter, Order of Eastern Star.

Karen Kowatch, daughter of Mr. and Mrs. Edward Kowatch, was initiated. Gerri Becker, of Union Mills was the proxy. After the initiatory ceremony, Sandy Nicodemus sang, "I Shall Not Pass Again This Way," and the traditional rose lecture in honor of all mothers was given by Connie Kelly. As she placed roses on the altar, Miss Nicodemus sang "Only A Rose." Carol Dehne accompanied at the piano. Susan Middleton was appointed big sister for Karen.

The worthy advisor announced that Friends Night will be observed at the next stated meeting, March 19, when Col. E. Kemp

Moore, Rainbow Dad, will show his slide pictures and tell of his recent trip to the Holy Land.

Mrs. Sam Allen was in charge of serving the group refreshments. Preceding the inspection meeting, a dinner was served in the club room by members of the Rainbow board.

### MAXINKUCKEE JUNIOR WOMAN'S CLUB MEETS

Mr. William Mills was the guest of the Maxinkuckee Federated Junior Woman's Club Monday evening. He discussed several of the problems faced by a principal of junior high and elementary students. In addition, he spoke about the proposed plans for unification of the junior high school and redistricting of some elementary students.

A business meeting followed, and members were reminded of the training date for visual screening. It will be March 29 at the Wesley United Methodist Church in Culver, and the hours will be 8:45 a.m. until 2:30 p.m.

March 26 is the date of the an-

nual Blood Bank. The unit will be set up from 12:00 noon until

6:00 p.m. and all interested persons are urged to donate blood during those hours.

The next glass recycling date is April 7. The schedule will remain the same with glass being collected from 9:00 a.m. until noon at the home of Mrs. James

Kalinke.

Maxinkuckee Juniors will have a bowling and pizza party for members and their husbands on March 25. The next regular meeting will be April 9.

The hostess Monday night was Mrs. Roy Shepard, and co-hostesses were Mrs. Ray Houghton and Mrs. Charles Cullins.

## TIPS ON MAKING BETTER COFFEE

If you are one of the typical American real coffee lovers who drink about 750 cups a year, you'll probably agree that hardly anything can perk up your day better than a better-tasting cup of coffee. Here are some tips on making better coffee.

First, remember to always start with a really clean and "sweet" coffee pot. Coffee flavor is delicate, and a clean coffee maker preserves its natural flavor. Use a mild detergent to clean your coffee maker; or better yet, one of the already prepared coffee pot destainer products. Dip-It is the most popular.

Second, always use cold water when filling your percolator or other coffee maker. Percolators and drip pots are designed for cold water use.

Third, try placing one of the new "wraparound" coffee filters in the top of your coffee maker, before you add the correct measure of your favorite blend of coffee. Using coffee filters is the newest basic step developed for getting better taste from any kind of coffee, made in any kind of coffee pot or percolator. Star coffee filters, the largest selling brand, are now available for little more than a penny each in supermarkets

and other fine food stores nationally.

Here's how the filters work. When placed in the top of the percolator, they keep all of the coffee grounds, including the tiniest ones, from entering the brew and causing bitter taste in the coffee. Recent discoveries showed that the tiniest coffee grounds when they fell into the brew were often causing bitterness. Why? The brewing part of the percolator gets up to 15 degrees hotter than proper flavor temperature, and the overheated tiny grounds secrete excess tannic acids, oils, and other distasteful elements. Coffee filters now prevent this bitterness.

Convenience is another welcome advantage to homemakers who regularly put a Star coffee filter in their coffee pots. After you pour out clear, full flavor cups of delicious coffee for your family, you simply dump out the entire "filter pack" of used coffee grounds into your trash receptacle. This saves you time, and helps you keep your filter basket clean.

Most important, your family and guests will wonder how in the world you consistently brew such excellent coffee.

### MAXINKUCKEE REBEKAH LODGE MEETS

On Monday evening, Mrs. Edna Alderfer, Mrs. Ethel Simons and Mrs. Kay Keefer conducted memorial services and draped the charter for Mrs. Verna Jones who passed away recently.

Mrs. Juanita Frain conducted the business and stated that inspection of the lodge would be on April 30 by the deputy Mrs. Margaret Kistler of Kewanna. All members are urged to attend and review their charges.

An invitation was received from Sophronia Lodge, of Winamac, to attend their district meeting.

The subordinate lodge will have all degree day on April 14, with the ladies preparing the evening meal. There will be a need for pies and members are to contact Mrs. Carrie Curtis.

Visitations were made to Tippecanoe and Richland Center this past week.

### SANGRALEA BOYS TO BE HERE SATURDAY

The boys from Sangralea Valley will be in Culver Saturday, March 17, to sell their homemade candies. They will be in town the entire day will also be a Park and Shop Super Market. The boys are sponsored by Culver City Club.

### YOUR OWN PERSONAL

### POCKET STAMP

PERMA-STAMP — the pocket stamp that goes wherever you go — neat and clean — ready for instant use WITHOUT AN INK PAD!

Your light-weight PERMA-STAMP Pocket Stamp is perfect as a personal signature stamp . . . a time-saving check endorsement stamp . . . or a name and address stamp for imprinting envelopes, identifying books and other personal or household items.

Every impression is crisp and clean — as if it came off a printing press. Smallest details and finest lines are reproduced with consistent clarity and cleanliness.

Snap-top lid protects your stamp until you're ready to use it. Attractive jade-green plastic case keeps stamp safe from dust, lint and dirt. Available in your choice of ink colors: violet, red, black, green and blue.

Best of all, a PERMA-STAMP Pocket Stamp costs little more than an old-fashioned rubber stamp.

PERMA-STAMP and PERELON are registered trademarks of S. C. Johnson & Son, Inc., Racine, Wisconsin, U.S.A.

not with a  
continuous  
cleaning gas  
range oven!

Thousands of smart homemakers have given up major oven cleaning for good. They chose a new Gas Range with a continuous cleaning oven.

Continuous cleaning goes to work the minute you start using the oven to bake, broil or roast. Food and grease splatters clean away gradually as the oven is used . . . almost like magic!

With all its work-saving features, a modern Gas Range gives you a better deal.

**The Continuous Cleaning Oven Story**  
A continuous cleaning gas oven has specially coated oven liners which assist in soil removal during normal baking, broiling or roasting operations. The result is that most splatters will disappear as you cook. Major spillovers should be wiped away.

**UNITED METHODIST  
 WOMEN MEET**

The United Methodist Women  
 of the Culver Wesley United  
 Methodist Church met in Fellow-  
 ship Hall on March 8 at 7:30  
 p.m. A Lenten devotional period

was led by Mrs. C. C. Clarno.  
 Mrs. Earl Graham, vice-presi-  
 dent, introduced the speaker,  
 Mrs. F. L. Babcock, who attend-  
 ed the School of Christian Mission  
 at Epworth Forest last summer.  
 Her topic was India with empha-  
 sis on facts about India in the  
 1970's and a look at the role of  
 the missionary in Indiana today.  
 She closed the program with a  
 prayer by Mohatma Gandhi.

Mrs. Ray Houghton conducted  
 the business meeting. Mrs. Rob-  
 ert Lindvall read the minutes of  
 the January meeting and of the  
 Executive Committee. A letter  
 was read concerning the Blanket  
 Appeal for March 11 for Church  
 World Service.

Mrs. Earl Graham reported on  
 the March 6 meeting of the Lo-  
 gansport District United Metho-  
 dist Women where several of the  
 group heard Miss Lois Miller from

the Board of Global Ministries  
 in New York City.

Mrs. Houghton announced that  
 the Wesley local unit will ser-  
 luncheon to the Marshall Court  
 Federation of Women's Clubs  
 Wesley church on March 23. M  
 Hampton Boswell and Mrs. Fr  
 Lane are co-chairmen for the  
 luncheon.

The budget for 1973 was  
 proved.

Mrs. Houghton closed the me-  
 ing with the reading of an In-  
 blessing.

Mrs. J. T. Stinchcomb and M  
 Ralph Thornburg presided at  
 tea table decorated with a cent  
 piece of flowers and lighted  
 dles. Refreshments were serv-  
 by the hostess committee, M  
 Ted Strang, chairman.

 please family and friends.  
 Pork sausages will give a  
 spicy touch to hors d'oeuvres,  
 add heartiness to a man-sized  
 sandwich, and provide a saucy  
 taste to a delicate cheese dish.  
 Sausage may be your favorite  
 breakfast meat, but don't for-  
 get it is just as tasty in the  
 afternoon and evening!

**SAUSAGE QUICHE**  
 1 10" pastry shell, uncooked  
 3 eggs, beaten  
 1 cup Half & Half  
 1 cup milk  
 1/2 t. salt  
 1 t. dried parsley  
 1 T. butter, cut in thin slices  
 1/2 cup grated American cheese  
 1/2 cup grated Cheddar cheese  
 12-oz. pkg. Eckrich pork  
 sausage links, cooked  
 according to package  
 directions

Slice each cooked sausage  
 crosswise into 1/2" circles.  
 Combine sausage with remain-  
 ing ingredients and pour into  
 pastry shell. Bake at 375° for  
 30 minutes. Let the quiche cool  
 for 15 minutes, then cut into  
 bite-sized pieces to serve as  
 appetizers. Makes 20 pieces.

**PORKER SANDWICH**  
 1 huge Italian or French loaf  
 of bread  
 leaf lettuce  
 2 large tomatoes, sliced  
 1 large onion, thinly sliced  
 1/4 lb. Swiss cheese, sliced  
 12-oz. pkg. Eckrich fresh pork  
 sausage patties, cooked  
 according to package  
 directions

**Sweet Pepper Sauce**  
 1/2 cup sour cream  
 1/3 cup salad dressing or  
 mayonnaise  
 1/4 cup mild sweet banana  
 peppers or dill pickles,  
 chopped

Slice the Italian bread lengthwise. Arrange lettuce, tomatoes,  
 sliced onion, Swiss cheese and cooked sausage patties down one  
 side of the loaf of bread. Combine sauce ingredients and pour  
 over the sandwich. Place sandwich on a long tray and cut cross-  
 wise into 3" sections to serve 8 people.

**QUICK PICK-UPS**  
 12-oz. pkg. Eckrich fresh pork sausage links, cooked according to package directions  
 1-quart jar mild sweet peppers, 10-oz. jar medium  
 spanish olives and can of chunk pineapple  
 1/2 lb. chunk Swiss cheese, cut in 1/2" cubes  
 Toothpicks

Cut each cooked sausage into four pieces. Slice the peppers  
 crosswise. Arrange one piece of sausage, a piece of pepper, pine-  
 apple or olive, and 1 cube of cheese on each toothpick. Makes  
 42 hors d'oeuvres.

**SAUCY PINWHEELS**  
**Sausage Mix**  
 1-lb. roll of Eckrich fresh pork sausage\*  
 1/2 t. oregano  
 1 1/2 t. fennel seed  
 3/4 t. garlic salt  
 1 t. paprika

**Pastry**  
 3 cups Bisquick mix  
 3/4 cup cold water  
 Mix Bisquick and water with a fork to make a stiff dough.  
 Divide dough in half and roll each into an 8" x 12" rectangle.  
 Combine the sausage with garlic salt, oregano, fennel seed, and  
 paprika. Divide sausage in half. Spread each rectangle of dough  
 with the divided sausage. Roll the dough lengthwise in jelly-roll  
 fashion, wrap in waxed paper and put in the refrigerator for 2  
 hours, or until firm enough to slice. With a very sharp serrated  
 knife, slice off 1/4" thick pinwheels. Place on cookie sheet and  
 bake at 400° for 15 minutes. Serve hot. Makes 40.

\*NOTE: Work with sausage immediately after taking it from  
 refrigerator. Do not allow it to warm to room temperature be-  
 fore returning it to the refrigerator to harden. Fresh pork sau-  
 sages, like all fresh meats, should not be permitted to warm and  
 then be returned to the refrigerator.

## Nature Winning At Niagara

(Photo courtesy Ontario Hydro.)

**WATER ON THE ROCKS** — This scale model of Niagara Falls is being used to study the problem of clearing the talus rock from the base of the American Falls. Colonel Ray S. Hansen and B. E. Russell, joint chairmen of the working committee of the American Falls International Board discuss the work of Mother Nature and how Canada and the U.S. can improve Niagara Falls as a great natural spectacle.

flanks of the Falls should be engineering and concrete shoring techniques. stabilized by modern feats of

The AFIB disagrees. "Can a work of human artifice ever claim to be more beautiful than the accidents of nature?" asks the report.

From the Niagara escarpment at Queenston and Lewiston near Lake Ontario to the present position of the Falls is a distance of seven miles. The mighty Niagara River has slowly carved the 320-foot deep Niagara Gorge through a period of but 12,000 years, with the Falls receding at an average rate of about three feet a year. The recession has reached a point where the river is now taking a right-angle turn and in doing so is divided into two channels and two Falls, on either side of Goat Island.

The report predicts the main stream — which plunges 171 feet over the Horseshoe Falls and 182 feet over the American Falls — will continue to carve out the great gorge until it reaches upstream of Goat Is-

## GET THE LEAD OUT

**THE LEADED GASOLINE CONTROVERSY**

LEAD ADDITIVES WERE FIRST USED IN GASOLINE FOR AUTOMOBILES ALMOST 50 YEARS AGO. THOUGH IT HELPED CURB ENGINE KNOCKING ITS USE IN THE MOTOR CAR WAS NOT UNIVERSALLY APPROVED, ESPECIALLY BY THE WORLD HEALTH ORGANIZATION.

EARLY RESEARCH SHOWED THAT TETRA-ETHYL LEAD WAS POISONOUS. ITS EFFECTS ON WORKERS IN FACTORIES PRODUCING THE SUBSTANCE WAS OFTEN TRAGIC. BUT WHEN THE U.S. BUREAU OF MINES RELEASED A REPORT STATING CAREFULLY CONTROLLED USE OF THE ADDITIVE WAS SAFE, THE FUROR DIED DOWN.

TODAY, LEAD IN GASOLINE IS CAUSING ANOTHER CONTROVERSY--THIS TIME, FOR POSSIBLE EFFECTS ON THE AIR WE BREATHE. AMERICAN OIL COMPANY IS URGING MOTORISTS TO GET THE LEAD OUT OF THEIR GASOLINE, THEREBY HELPING TO ELIMINATE AIRBORNE LEAD PARTICLES.

REMEMBER GLO WEEK, NOVEMBER 5-11

NIAGARA FALLS — Nature seems to have won out over technology in preliminary studies over what to do about erosion at the American Falls at Niagara.

The International Joint Commission, a Canadian-American board entrusted with policy decisions on the international future of the Great Lakes and all border waterways, five years ago established a subgroup called the American Falls International Board to make a complete study of the American Falls. Many feared continued rockfalls and erosion by the powerful waters would reduce the famous tourist attraction to a mere cascade in coming decades.

The AFIB, however, in a report just released on the aesthetic aspects of the mighty waterfall, cautions against any tampering with the cliff face of the cataract.

The process of continuing rockfalls is "part of the spectacle" of the natural wonder and should be permitted to continue, read the report.

The board did feel removal of the talus — tons and tons of jagged, piled-up rock at the base of the American Falls — would return a dramatic steep and vertical plunge of water and prevent the waterfall from deteriorating over the years into a less-impressive sight.

The report said "there would be some point in starting the new era of rockfalls on an empty canvas, letting the picture take shape entirely as nature will direct."

Basically, the interim report advised nature should take her own course at the Falls.

To preserve and enhance the beauty of the Falls — the written purpose of the study — "does not mean that they should be frozen dead in their present appearance," said the AFIB.

The U.S. Army Corps of Engineers had made exhaustive studies of the cataract, including a much-publicized dewatering in 1969, and suggested subsequently that the rock mass across the crest and

AND THEN THERE WERE four. The field is set, the time is near and in just a few days a new champion will be crowned in Indiana basketball. The teams remaining will battle it out at Bloomington Saturday beginning at noon as Franklin and New Albany meet in game one and Anderson and South Bend Adams in the second contest to name the opponents for the title game that night.

THE ACTION WILL BRING two teams together the northern part of the state knows little of in the first game. Franklin, 24-3, moved into state contention late in the year as their record just kept getting better. New Albany, although sporting the worst record of the four finalists, 19-7, has come through some rough area to get in the four and have to be a good team at this time.

THE SECOND GAME HAS South Bend's first finalist in 10 years in Adams. The Eagles, an unbeaten champion in the Northern Indiana Conference, lost five times this year against some opponents that they should have defeated, but apparently have it all together now. They will have a very tough time with a very impressive Anderson club who has the best record of 25-2.

AT FT. WAYNE SATURDAY, fans were treated to some good, some bad and some average competition. The first game opened with the bad game, Northrop's very easy win over Norwell, who had to have an easy path to Fort Wayne. The Ft. Wayne team, led by the very fine Mike Whitt, had

just a good scrimmage as it turned out.

THEN CAME THE GOOD ONE as Anderson and Plymouth put on a real shoot out. Despite trailing all the way, the Pilgrims never gave up and never allowed the Indians to coast. The first half was a whistle nightmare. A total of 28 were called in the first half and no less than seven players took three or more fouls with them to the dressing room. If that pace had continued, who can say what would have happened.

ANDERSON HAD THE REAL big advantage over Plymouth in size and just really dominated the early play underneath. However with Plymouth's determination and never give up desire, a game was made out of it all the way. Bruce Grimm's 40 point performance kept the Pilgrims in it as he, although not hitting on his longer shots, did a lot of going to the basket for some short shots and a bundle of free throw. For not having the size to battle the very strong Indians, Plymouth was more than just a good representative of our area, they were a fine ball club that, as they have done before, came up with a big game when they had to and never did say die.

THE ANDERSON TEAM HAS to be the favorite Saturday as they have talent of all nature, size, speed, shooting, defense and a good bench. This team won't wear down and it looks like Ray Estes has a pretty well disciplined club that Saturday sure didn't crack.

ADAMS, THE SENTIMENTAL choice of the four, carrying the colors of the area, will have to really put forth a fine effort to topple Anderson. Coach Dave Hadaway's charges have come on well in recent weeks but surely will face their toughest test in the second afternoon game. The prospects of a good tourney are there, let's just hope things go better than in last year's final, a mistake we hope is gone forever.

### ORDINANCE NO. 221

An Ordinance amending Ordinance No. 212 regulating the connection to and use of public and private sewers and drains, the installation and connection of building sewers and the discharge of waters and wastes into the public sewer system of the Town of Culver, Indiana, and providing penalties for violations thereof.

BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF CULVER, INDIANA:

Section 1. Under subsection (c) of Section 5 of Ordinance No. 212 add the following:

- 11) Any waste flow or batch discharge in excess of:
  - 6 mg/1 of Zinc as Zn.
  - 2 mg/1 of total Chromium as Cr.
  - 1.5 mg/1 of Cadmium as Cd.
  - 1 mg/1 of Copper as Cu.
  - 1 mg/1 of Cyanide as CN.
  - 1.5 mg/1 of Nickel as Ni.
  - .02 mg/1 of Phenol.
- 12) Any discharge of phosphorus, ammonia, nitrates, sugars or other nutrients or waste waters containing them shall be limited to the extent necessary to prevent adverse effects on treatment processes or the stimulation of growths of algae, weeds, and slimes which are or may become injurious to water supply, recreational use of water, fish, wildlife, and other aquatic life.

13) Any paints, oils, lacquers, thinners or solvents including any waste containing a toxic or deleterious substance in sufficient quantity to impair the Sewage Treatment process or constitute a hazard to employees working in the Sewer System and Treatment Plant.

14) Any excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions), or any unusual chemical oxygen demand, chlorides, sulfates or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.

15) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by applicable State or Federal regulations.

16) Any sludge, precipitate or congealed substance resulting from an industrial or commercial process, or resulting from the pre-treatment of the person's waste water or air pollutants.

Section 2. That the remaining Sections of said Ordinance No. 212 remain in full force and effect and shall not be deemed to have been amended or altered in any respects by this Ordinance.

Section 3. This Ordinance shall be in full force and effect after its passage and publication according to law.

Passed by the unanimous vote of the Board of Trustees of the Town of Culver this 19th day of February, 1973.
