# Editorials

The Culver CITIZEN, in the absence of an Editorial this week, wishes to present for the consideration of Culver area residents the following information about possible fine arts programs available to our community.

The Indiana State Arts Commission has been increasingly aware of the cultural needs of smaller communities. The special program described in the following announcement is designed for Culver, and the management of The CITIZEN has dealt with the Commission before, and has found it most helpful.

Interested groups or individuals are encouraged to discuss this program with their membership, and to communicate any interest to the CITIZEN office, now located at 307 North Main Street, Culver.

### PREVIEW PERFORMANCES PROGRAM

Indiana communities in less metropolitan areas that wish to expand their cultural offerings by co-sponsoring performances of vocal and instrumental music, full plays, musicals, staged readings, poetry readings, ballet, or modern dance should contact the Indiana Arts Commission.

The Indiana Arts Commission (I.A.C.) is initiating a program which will bring young pre-professional performers in the dramatic and musical arts to interested Indiana communities. The Preview Performances Program is made possible by a grant from the Lilly Endowment, Incorporated.

There is a quickening of interest in the arts in Indiana, as across the nation. Today Americans are spending more money to attend professional performing arts events than to attend professional sports events.

The Community Arts Council movement is growing very rapidly here, as elsewhere. Two years ago, there were seven community arts councils in Indiana; now, there are nearly two dozen.

However, many less metropolitan areas have limited opportunities to be exposed to and involved in arts experiences of high quality.

The Commission realizes that Indiana has a significant number of talented young performers in the areas of dance, drama, and music. They feel there is a need to provide a forum for these performers in their own areas and, at the same time, serve Indiana communities.

The Preview Performances Program is their proposal to help answer these needs and to develop potential audiences outside our more metropolitan areas.

The program was conceived and formulated by former I.A.C. Chairman, Dr. William B. Christ, Associated Dean of the Indiana University School of Music. On July 1, 1973, Dr. Christ was succeeded as chairman by Dr. Thomas P. Bergin, Dean of the Center for Continuing Education, University of Notre Dame.

The Commission is now soliciting letters of application from communities situated in counties with a maximum population of 50,000 to be considered by a special committee in the near future. Such letters should express an interest in the possibility of acting as co-sponsor for a series of from two to six varied performances.

Main responsibilities of co-sponsors will be to:

1. Provide an auditorium (or other suitable performing area)
2. Supply volunteers for ticket taking, ushering, etc.
3. Handle all other local arrangements.

Any non-profit civic, cultural, or service organization that has a commitment to community improvement, such as a Chamber of Commerce, a sorority, or a Homemakers club, is eligible to act as a co-sponsor.

For more information about this opportunity to bring quality performances of dance, drama, poetry, or music to your community, contact Mrs. Dell Chumley, Project Director, Indiana Arts Commission, 15 East Washington Street, Suite 707, Indianapolis, Indiana 46204, Area code 317-633-5584.

**LAKE MAXINKUCKEE ASSOCIATION ELECTS OFFICERS**

The Annual Meeting of the Lake Maxinkuckee Association was held Friday, Aug. 24 at 8 p.m. in Eppley Auditorium, Culver Military Academy.

The meeting was called to order by President James C. Courtney. The Secretary and Treasurer's Reports were followed by Lake and Road Safety reports, given by Sheriff James Cox and Officer Dean Colvin.

Five new directors were elected to the board to replace those whose terms have expired. They are: Mrs. Glenn S. Lemler, Mr. Herbert Small, Mr. John Terpstra, Mrs. Jerry J. Johnston, and Mr. Don Muelhausen.

Officers nominated from the Board of Directors and unanimously elected for 1973-1974 are: President Mr. Wayne Firestone, Vice President Mr. James Costin, Secretary Mrs. Wm. H. Norman, Treasurer Mrs. Jerry Hohnston.

The outgoing President James C. Courtney reviewed the accomplishments of the year, thanked Mr. Frank Setzler for reporting on the Co-Pad meeting he attended, and Sheriff Cox and Officer Colvin for the fine work they have done in promoting lake road and safety.

A very special thanks was expressed by the President in behalf of all members of the Lake Association to Mr. Floyd Sparling, outgoing treasurer, who has given generously of his time for many years as a director and treasurer of this organization. Without his wise

and continuing advice and careful accounting of the Associations funds this organization would not be in the excellent condition it is at present.

The Lake Association was first organized in 1897. Part of the stated purpose at that time was for united action by residents of Union Township for fish culture and protection, sanitary regulation and local improvements in roads, trees, walks, and piers.

**TAX ADJUSTMENT BOARD SETS SCHEDULE**

The Marshall County Tax Adjustment Board will meet on Monday and Tuesday, September 10th and 11th, 1973 with the County Auditor in the Commissioners Room at the County Courthouse. At this time hearings on budgets of the various units of the County will be held.

The Board will hear the various taxing unit officials at the time shown below as to all items of the budget of that unit after which any taxpayers affected by the proposed levy in the budget under consideration will be heard regarding any or all items said in budget.

All budgets for taxing bodies in the Culver area will be heard on Tuesday morning, September 11. The Culver Town and Culver Library budgets will be heard at 9:00 a.m. The Union Township budget will be reviewed at 9:30 a.m., and the Culver Community Schools budget will follow at 10:00 a.m.

**Herschel Retires**

Herschel Strang long-time proprietor of Strang's Barber Shop on North Main Street, has retired.

Mr. Strang, who has been a barber for 47 years and who has been in the same location in Culver for 36 of those years, has sold the business and hung up the scissors.

We found Mr. Strang on his front porch with his wife, Fern, enjoying the evening breezes after a hot, sticky Labor Day, and asked him what he was planning to do with his spare time now. It turns out that he hasn't had time to decide! After a moment's reflection, however, he began a list of pleasures he intends to pursue as soon as he finds the time. He loves to fish, and wants to sharpen up his golf game. And, of course, there is always plenty to do around the house, what with maintenance and landscaping. Mr. Strang's four grandchildren will help him keep busy too, no doubt!

Mr. Strang wants to thank all the customers who have patronized his shop over the years, from those "good old days" 36 years ago, when a haircut could be had for 35 cents, till now. Oh, yes — Mr. Strang hastily added that he asks all his friends not to call before noon.

**WHERE DID IT ALL GO?** The McMahon-O'Connor Construction Company used about 33,000 tons of asphalt in a little over two weeks to repave streets in Culver. Where did it all go? This map, drawn for the CITIZEN by Marizetta Kenney, Culver Clerk-Treasurer, shows the great extent of new surfaces. Many sections that were previously only gravel or dirt are now paved, and other areas in need of repair are now much improved. Good job, Town Board.

A reception followed at the Culver Inn, where the lobby was decorated with arrangements of blue daisies and yellow snapdragons. The bride's colors of blue and yellow were carried out in the decorations on the refreshment table.

## The Backyard Horseman

By Capt. Jeff Honzik

### PART II: PROPER USE OF THE SPUR AND CROP

The two most common artificial aids are the spur and crop. Unfortunately, the spur is often mistaken for a common aid. It is a "reinforcing" tool and should be used either to punish or support the leg. The same is true of the crop. Much damage can be done both physically and psychologically to the horse if they are used improperly. The key to proper usage is to make sure the horse disobeyed, not that you caused the horse to commit the disobedience.

#### Use of the Spur

The spurs especially are used to reinforce the legs. There is a "two-second" theory to follow when using the spurs. The legs should be applied (squeezing); if the horse doesn't obey, then the legs should be applied again and immediately followed up with the spurs. This is repeated until the horse becomes obedient to the leg.

Spurs can also be used to correct for any disobedience. Again, the "two-second" theory must be applied. If the disobedience occurs, then punishment must follow immediately. It is well to remember that reward

deserves the "two-second" theory also.

#### Use of Crops:

For general purposes we shall break "crops" down into three categories: crops, bats, and whips. For our purpose we shall consider them all together.

Use of the crop follows the same principles as using the spur. But, it should be a last resort. After the leg and the spur have failed, then the crop should be used. The crop can be used to reinforce the leg and correct disobediences. It should never be used as a substitute for the leg. When schooling horse to the legs then the same procedure is used as with the spur. Finally, a most important point is that the crop should never be used anywhere but behind the saddle.

## BREAKFAST PROGRAM AT HIGH SCHOOL

Principal Donald French of Culver Community High School announces that effective with the opening of school on Tuesday September 4 milk and doughnuts will be available for students to purchase in the school cafeteria from 8:00 until 8:25 each morning. All students are invited to participate in this abbreviated breakfast program, especially students who have had long bus rides or who have early home responsibilities whereby it is necessary to eat an extra early meal.

Mr. French states that these breakfast programs have been very successful in other schools and hopes that the parents and students will find this new additional service a desirable one.

Orange juice can also be purchased for those who would like a fruit drink. The cost of the milk and doughnut will be 20 cents.

success will be the benefit of this hard work. Continued hard work may bring a bright end to an already good beginning to a season.

We have already had three young men receive awards. I am sure that you have seen them running during the summer. Ron and Don Sytsma and Tim Beck ran 500 miles this summer on their own and kept track of it in the Culver X-C Logbook. This accomplishment earns them trophies and makes them the only members of the 500 club this summer. This work should be congratulated.

Seven boys have made a good effort and seem to be running well for the team. Seniors Joe Milo, Keith Kowatch and Mike Busart are running first and then Juniors Don and Ron Sytsma 4th and 5th. Surprisingly two hard working freshman are filling the last two spots. Tim Beck and John Dewitt have worked hard and are potential scorers in any meet.

If you ever see an orange shirt and black pants cross your lawn or running through the city give them a boost. They are working for Culver and they need your help. Let's get behind the Culver X-Country program and give these hard working athletes the credit that they so much deserve.

Sept. 10th is our First Home meet at Maxinkukee C.C. See you there!

## CROSS COUNTRY REPORT By Coach Ken Hass

The team has really been working hard for the past two weeks. We started practice on August 13 and have been putting in many miles every day with our goal set at Northwood on the 30th of Aug.

The team has already run over 100 miles since we started practice. The enthusiasm is good and I believe

**VOLUNTEERS NEEDED!**

The Culver Girl Scouts need willing workers — women who want to keep the Girl Scout program working in Culver. The Girl Scouts need troop leaders and co-leaders at every level — Brownie, Junior, Cadette, and Senior. Other positions which must be filled are calendar and cookie chairmen.

Training for new leaders began this Tuesday, Sept. 4. The training program is being conducted at the Girl Scout Center in Plymouth, and lasts from 9:30 a.m. to 2: p.m., with a break for lunch. Total length of the program is four weeks, so there is still time to volunteer. If you think you might be interested in helping the young women of Culver learn how to grow together, please contact Mrs. Frank Sperry, Route 2, Box 406A, Culver, telephone 842-2146. Mrs. Sperry is the Troop Organizer for the Culver Girl Scouts and would enjoy hearing from interested women.

**JAYCEES CONDUCTING CULVER SURVEY**

Last Thursday, August 27th, the Culver Jaycees distributed door to door brief but concise questionnaire designed to measure the needs of the community as viewed by the average resident.

The questionnaire was designed to be simple to complete, taking only 10 or 15 minutes to complete. All answers were of short answer type, or involved the making of a rating, such as good, bad, etc.

The Jaycees then returned at 8:00 p.m. to pick up the questionnaires.

The local group reported that 300 copies of the survey were distributed, and the results are intended to give the Jaycees an idea of the problems which need help from their organization. Results of this survey will be distributed and published at a later date.

**GIRL SCOUTS REGISTER**

There will be a Registration night for all Girl Scouts, both new and those who have been members of the troop before, on Wednesday, Sept. 12 at 3:15 at Fellowship Hall, Wesley Church. Juniors, Cadets and Seniors are invited to register.
