## A TIME OF WONDER

Citizen readers may be surprised this week to read in the School Board minutes on Page Nine that the Superintendent was unanimously granted a new three year contract at the last Board meeting.

If you are not surprised, let us say that we are — not that the contract was granted, but that the School Board handled the matter in the secretive way they did.

It is unfortunate that the discussion of this most critical subject was deferred until a rescheduled meeting on the night the Citizen is mailed, when no staff member could attend. It is unfortunate that no notice was given to the public that such a subject was on the meeting agenda. It is unfortunate that Board members requested a "closed meeting" when the subject came up last week, and waited until guests left to discuss the near - \$20,000 a year contract.

We wonder whether this procedure is the best way to find out whether the parents, taxpayers and general public were satisfied with our Superintendent. We wonder whether this desire for secrecy is actual or just circumstance.

We wonder about the terms of the contract.

We wonder about the legality of a decision made in closed session.

We wonder about the whole deal...

To the Editor:

Halloween is over. Its costumes, ghosts, tricks and treats have been put away, not to reappear for another year.

But one aspect of Halloween has just begun. "Trick or Treat for UNICEF" is only the first step on a course that will help build a better world for needy children around the globe.

The Maxinkuckee Junior Women's Club would like to thank the residents of Culver for the part they played in helping build that world. Their "small change" amounts to a big change in the lives of hungry, diseased, poorly clothed and sheltered children in the developing world.

Despite the inclement weather, the youngsters of Culver, and many students of the Culver Academy for Girls managed to bring in \$151.22. We thank all our friends and

neighbors who have offered helping hands to the next generation of our world.

## Deathbed Drama

It was a scene fit for the movies. Old Mr. Watkins lay dying. His will was rushed to his hospital room, ready for signing. But as he was in the act of inscribing his name, his strength failed him.

"Help me finish," he whispered.

A friend stepped to the bedside, held the dying man's hand, and helped him complete the signature.

Was the will valid? A court ruled that it was indeed, even though Watkins had not been able to finish the name himself. The court said there could be no doubt, under the circumstances, that the signature was his own voluntary affirmation of the will.

Sooner or later, death overtakes us all. Yet, people persist in waiting until their final moments to make a will.

Obviously, this heightens the chance of a slip-up. Consider another deathbed case:

An elderly widow also felt her strength ebbing while she was part way through her signature. But instead of asking for assistance, she merely lay back and said:

"I just can't sign it now."

She never did finish. In due course, her heirs tried to establish the validity of the will on the basis of the partial signature. But this time, their efforts were in vain. The court said the widow's own words indicated that she did not consider the document complete.

In a third case, a man had already lapsed into unconsciousness by the time the will was brought to his bedside. Here too a friend held his hand and guided his signature.

Afterward, everyone agreed that the will had been drawn up in accordance with his instructions. Nevertheless, a court found the man's will null and void. The signature didn't become his, said the court, merely because his hand was in physical contact with the pen while his name was being written.

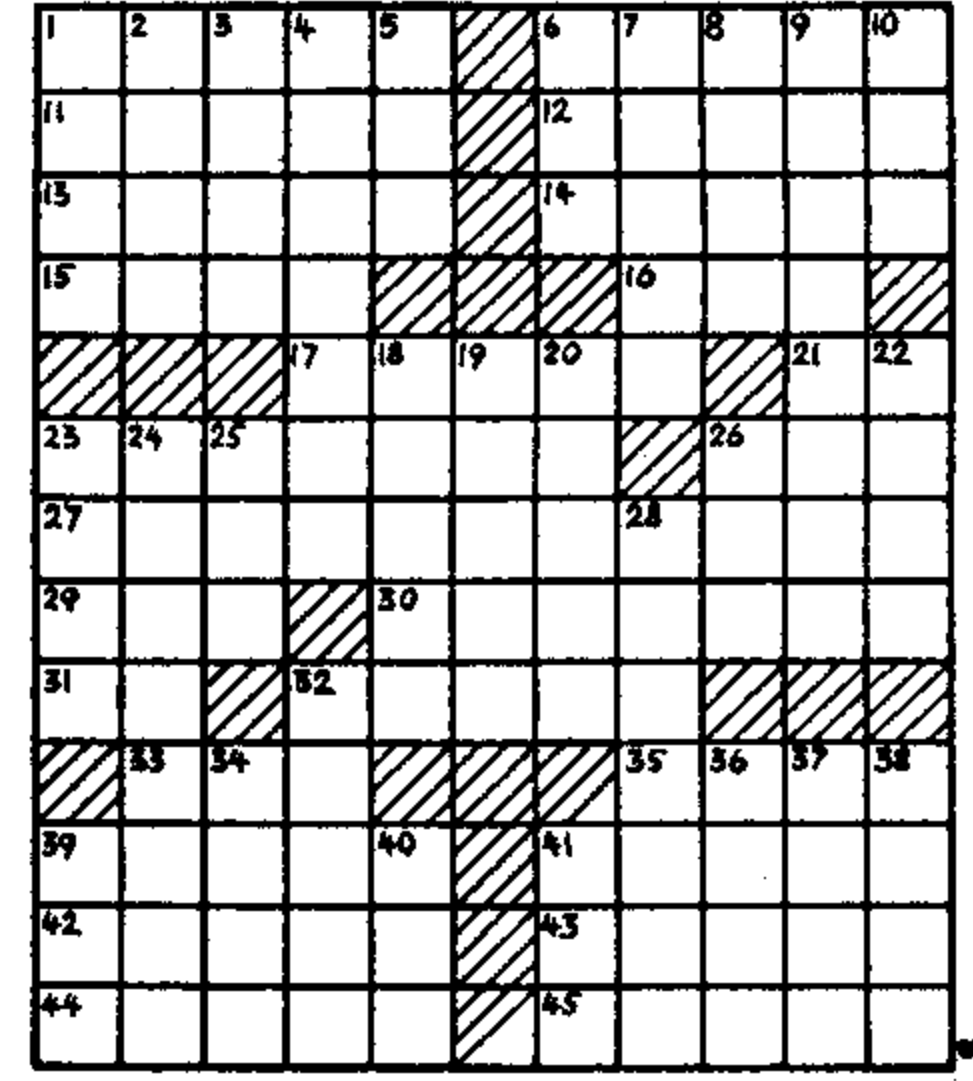

"There was no magic in his touch," said the court. "Both its power and the intelligence necessary to direct it were in a state of suspension."

"A Real Clothing Clinic"

The time has finally come to begin another basketball season. The team has been getting ready for this game for a long time. We have had many scrimmages trying to find the right combination. The one thing that I did find out is that we do have some depth this year. It is going to be a tough job picking the starting lineup for the game. All of the players have displayed hustle determination and a willingness to win. I believe that we are ready and that success is just around the corner. Argos is just one step in the right direction toward a winning season. Culver is on the way back from a long stay in the losing column.

Argos has two excellent seniors on the team this year. Jennings and Sherer. Jennings is 6'2" and a good shot and rebounder. Sherer is 6'1" and he is also a good ballhandler, shooter and rebounder. We believe that these two young men will be the key to their inside game. The only other senior on the Argos team is Burroughs, who will be playing out front. The rest of the team consists of all juniors, and they are question marks on their potential.

It is difficult to make judgments at this time on Argos, for the season, and for our game, but I

Use for chocolate cake made from a mix or from scratch.  
2 egg whites  
1 1/2 cups sugar  
5 tablespoons cold water  
2 teaspoons light corn syrup  
1/4 teaspoon peppermint extract

In the top of a double boiler, beat together the egg whites, sugar, syrup and water; use a hand-operated rotary beater or an electric beater. Place over rapidly boiling water and beat constantly until mixture stands in stiff straight peaks — 4 to 7 minutes, depending on beater. Remove from water. Add peppermint extract and beat until thick enough to spread. Makes plenty of frosting to cover top and sides of a chocolate cake baked in a 13 by 9 by 2 inch pan.

### COMMUNITY THANKSGIVING SERVICE SCHEDULED

A community Thanksgiving Service will join Culver and Burr Oak churches in a musical celebration of Thanksgiving at the Culver Wesley United Methodist Church, November 18th, at 7:30 p.m. This service is sponsored by the Culver Community Churches and is part of the observance of Key '73. The center of the service will be a community choir, directed by Mrs. Robert Rust, assisted by Mrs. Earl Sharp and Mrs. Clayton Moon as organist. There will also be Thanksgiving readings and special music by the various churches, including a Handbell Choir.

### REBIRTH

...is considered in the Lesson-sermon this week in all Christian Science churches. The subject of the lesson is Mortals and Immortals.

Paul said to the Colossians: "Lie not one to another, seeing that ye have put off the old man with his deeds; And have put on the new man, which is renewed in knowledge after the image of him that created him;" and to the Corinthians: "For this corruptible must put on incorruption, and this mortal must put on immortality."

Sunday school is held for students up to the age of 20 years at the same time as church, 10:30 AM Sunday at First Church of Christ, Scientist at Plymouth. All are welcome.

### LIFT YOUR HEART IN JOY TODAY!

When a daisy opens to the morning sun, nothing can hide its cheerfulness. When you open to God's thoughts, thoughts of blessing and peace, nothing can hide your joy.

**EAT FOOD, NOT SNACKS**

MANY teenagers suffer from poor nutrition because of an over-convenienced, over-harried, over-televized life, according to a prominent nutritionist.

The hectic pace of family life and a full schedule of dates, sports and other activities leave little time

for regular, balanced meals. As a result, young people often turn to vending machines and sporadic, convenience-type eating, getting nothing but "junk food with no nutrition."

She also criticized the many snack commercials on television and said amphetamines and marijuana may also affect the appetite, allowing one to be satisfied with only snack foods. "Snacking has become a way of life," she said.

**PEP RALLY TIME**

Well, it's that time of the year again and C.C.H.S. is preparing for its season opener basketball game with the first rival of the year Argos. In the past this has been an exciting game and we are sure that nobody will want to miss it this year. In order to prepare the teams and the students for the game, every year the C.C.H.S. sponsors a pep rally. The pep rally will take place on the night of November 16th.

The rally starts with a parade sponsored by the student council at 6:30 at the Culver Fire Station. In the parade there will be a fire truck with the basketball teams on it, kids carrying banners, decorated cars representing the various organizations, and a car with the cheerleaders in it.

Everyone is welcome to join in and support our team.

Tim Crowel

**SCHOOL SPIRIT POLL**

With the basketball season drawing near and a lot of emphasis being focused on the players and school spirit, a subject for debate arises as to whether Culver has good school spirit or not. To shed some light on the subject, members of our staff conducted a student poll to see just how much the student body is behind the basketball team.

Out of the 168 students questioned (about 1/3 of the student body), 109 people said they were going to attend the first game of the season. This is about 65%. The second question dealt with community interest in the team. 56% of the students said that their parents never attend the basketball games, while 31% attend occasionally. Only 13% of the parents were reported to attend regularly. The third question revealed that about 62% of the kids could name at least 5 Culver basketball players while 38% could not. 62% said that they do care if Culver has a good season and the remaining 38% could care less. The final question had to do with student confidence in the team. 63% feel that Culver will win the first game.

The results of this poll seems to indicate that over half the students of CCHS are behind the basketball players and the team. This can be interpreted as either good or bad, depending on how you feel. The real test of school spirit will be Saturday night.

Marty Durkin

**NEW HONOR ROLL SYSTEM**

Our usual honor roll system was replaced this year by a new, hopefully more efficient system. To be eligible for the Academic Honor roll you can have no grade lower than a "C", and for every "C" there must be a corresponding "A". There are seven categories - 6A, 5A, 4A, 3A, 2A, 1A, and Honorable Mention. Honorable Mention is a straight "B" average. These students not only obtain the pride of being on the honor roll, but get a reward anywhere from a complimentary ticket to the theatre to a free ice cream bar in the school cafeteria to a hearty hand shake from the principal.

At the end of our next nine week period an Achievement Honor Roll will be brought into the school. To be eligible, a student must raise his grades at least 8 points. A point given for each fraction of a grade he raises his previous nine week grade (Ex: a "C" raised to a "C+" is one point, a "B" raised to an "A" is three points). The eight point level must only be reached for the first honor roll. For each of the following Achievement Honor Rolls, a student needs only a 6 point raise in his grades to be eligible.

**SOPHOMORE PLANS FOR 1973-74**

People are starting to wonder what has happened to the sophomore class of C.C.H.S. this year. Our president, Debbie Dancy, and her executive committee are making up lists of plans for the purpose of being helpful to others and making this year a good year for all sophomores. This committee consists of Tery Bigley, Linda Ringer, Bob Craycraft, Valerie Bauer, Steve Smith and Juli McCombs. Other committees are

being formed for birthdays, sicknesses, hospitality and flag raising. The flag committee will take turns raising the flag each morning.

The sophomores' main goal this year is to raise spirit and be behind our athletes 100%. Also, plans are being made for a volleyball game between sophomore students and faculty. A day might be named to honor all sophomores. With the help of our sponsors, Mr. French and Mr. Richie, sophomores should have a great year.

We hope that the spirit of '76' will shine on forever!

**A BIGGER LIBRARY**

During her lifetime, Mrs. Helen Keller gave many books on Indiana History to the Culver Community High School Library. For years her gifts to the school had included the "Journal of the Indiana Historical Society" and the "Society's History Bulletin."

Recently a large number of books were added to the High School Library in memory of this educator who taught for so long in the Culver Public Schools. The books are on American History with the major focus on the history of Indiana and it's people.

Some of the books included are "Seven Authors of Crawfordsville", "Lincoln's Youth-Indiana Years", "The Journals and Indian Paintings of George Winter", "Schliemann in Indianapolis", "Sketches of Lake Wawasee", "At the Headwaters of the Maumee", "Out Post on the Wabash (1787-1791)" and "Letter Book of the Indian Agency at Fort Wayne".

There were some two volume works in the selection such as "The Old Northwest (Pioneer Period 1815-1840)" and "Angel Site" (an archaeological survey).

Our thanks to Mr. and Mrs. Epley for these gifts. Our library is much richer in the history of our state due to their thoughtfulness and the young people of our communities will for years to come, be better able to become closer acquainted with their Hoosier heritage.

**OUTDOOR LABORATORY**

Outdoor laboratory? You probably didn't even know that C.C.H.S. had one. The Maxinkuckee Jr. Women's Club along with the F.F.A. have been working on the lab of over 600 trees for over a year. And if you don't know where our lab is, it is behind the football (?) field.

Recently, Mr. McCollough went to an Outdoor Laboratory Seminar at Plymouth and spoke to other teachers and principals about starting outdoor labs of their own.

Our trees are growing and in a few years there will be a noticeable forest open to the use of all area students. The lab will also help students to understand wildlife and a natural environment. This is really important, as in future years this may be the only greenery that any community has.

**KINETIC WOMANHOOD**

"A quitter never wins, and I guess I just had that going for me," says Ms. Windell C. Matthews, the honored celebrity and key-note speaker for the first Leadership Conference held Monday, October 22nd at C.C.H.S. Ms. Matthews, a pre-law student at I.U., graduated from high school in Virginia during the first stages of integration. To most people, the hassles Ms. Matthews confronted would have discouraged them to the point of dropping out of high school - to Ms. Matthews it was a fiery incentive. Ms. Matthews struggled through high school and then took college by force. Her first year at college she attained a 4.0 average, and presently her grade average is a 3.9, yet she has not only maintained her A, but has been actively involved in Senior Council, Christian Student Fellowship, Inter-Residence Halls Association, Council of Presidents, Orientation Activities Chairman, Board of Governors, and many more. She even says that she will be the first woman on the Supreme Court bench.

Ms. Matthews was able to suggest many solutions to the leaders of our high school. She is possibly the most ambitious, energetic, and personable woman we have ever met. May her "pizazz" carry her to the political life she desires - because she, if anyone, can do it!

I move, a pain shoots through my heart.  
I stay still, that pain ponders on my mind.  
I hurt, but it has no meaning.  
I love, but it has no substance.  
I hate, but it never remains.  
I need, but so do many others.  
I want, what I can never have---  
You, and a realm of calmness within myself.

# Vandals In Monterey

Veteran journalist Bob Kyle of Culver shows tape used by vandals.

Vandalism has not stopped yet in the area despite the passing of the halloween week. Monterey was subjected to more damage last week, on Thursday and Friday nights, as package tape was used to close the Monterey Bridge. Packing tape also littered several road sides in the area.

Jim Zehner, Town Marshal in Monterey, said that investigation of these incidents, plus damage to the Sunoco Oil Company's Bulk Plant and the theft of the Indiana state flag from the V.F.W. Memorial in Monterey, was being hampered by the hodge-podge of law enforcement jurisdictions that affect Monterey and its surrounds.

For instance - the bridge damage and hazards to drivers must be corrected by the Pulaski County Road Department, Starke County and Pulaski County will both have road work to clean the litter, The State Police from both the Dunes Post in Chesterton for Pulaski County, and the South Bend Post for investigation involving Culver, where it is believed the vandals reside. Zehner, in addition to the problem of coordinating the jumble of assistance from other agencies, has his hands full as head of the street and sewer departments in Monterey. And would you believe that he makes only \$1800 a year as Marshal (and supplies his own car)?

## School Board

### RESUME OF MEETING November 7, 1973

The Culver Community Schools Corporation Board of School Trustees met in regular session in the Central Office on November 7, 1973.

The Board continued its consideration of requests from parents who reside in the town of Culver to have their children transported by school bus to and from school. The Board unanimously determined that there would be no changes made in the bus transportation route setup for the balance of this school year. The Board will give further consideration to this re-

quest before next year's budget is prepared.

The Superintendent shared with the Board a letter which he had received from the director of railroad department of the Public Service Commission of Indiana, regarding the closing of certain crossings of the Erie Lackawanna Railroad, located in our school district. The Superintendent was directed to consult with the school attorney and follow the school attorney's advice on the course of action to be taken.

The Board gave consideration to the contract for superintendent Allen. After due consideration they agreed to extend a new three year contract to begin July 1, 1974.

Considerable attention to the responsibility of Public Law 217 was given by the Board.

## CULVER PUPPETS

The Epsilon Nu Chapter of the Culver Tri Kappas will sponsor the Sunday performance of a puppet show to be given this Saturday and Sunday, November 17th and 18th at 2:00 p.m. at Eppley Auditorium on the Culver Academies' campus. The show will be directed by Harvey Firari of the Culver Academies Theatre Department, and puppeteers for the show will be "The Culver Puppeteers".

Twenty students from Culver Military Academy and the Culver Academy for Girls make up this exciting new puppet group. The students work under Mr. Firari's direction, and another faculty member, Mr. Gordon Uyttebrouck, has lent his artistic talents in creating the puppets. Mrs. Kermit Zeig, a faculty wife, fashioned the costumes.

The Art Department of the Academies helped to create the face scenes used in "The Confessions of Speedy DeKay", an original puppet show by Mr. Firari. Mr. Firari will also give a very short history of puppet shows. An excerpt from "Commedia dell'Arte" (the first puppets were modeled from these actors) will be followed by a hilarious, authentic, loud and slapstick rendition of "Punch and Judy" as it used to be given in England.

The Sunday show is Tri-Kappa's holiday gift to the children of this area, and is free to the public, as is the Saturday performance. "The Culver Puppeteers" have put many hours into this special presentation, and would be happy to perform again. Any organization interested in sponsoring a puppet show performance may contact Mr. Harvey Firari, Director of Theatre, Culver Military Academy, Culver Indiana 46511, telephone (219) 842-3311, ext. 303. Hope to see you there!
