BANK SHOWS MORE GROWTH

REPORTS INCREASE

The June 29th semi-annual statement of The State Exchange Bank, Culver, Plymouth, and Argos, and the Farmers State Bank, LaPaz, under one management, shows combined total resources of \$105,818,767.88.

"During the past twelve months resources have advanced \$10,698,302.05, an increase of 11.69 per cent," said Fred E. Adams, executive vice president, in discussing the current statement.

All phases of the bank's operation are reflected in the increase, according to Mr. Adams, who pointed out that there was a steady increase in the volume of

depository accounts, both checking and savings accounts, and in loan operations.

Deposits of \$97,725,688.27 reflected an 11.27 per cent increase of \$9,905,174.00 during the past twelve months with loans advancing to \$74,252,806.92.

W. O. Osborn, president, commenting on the statement, said, "Our current statement, showing as it does continuing growth, reflects the economic health and growth of the area which we are privileged to serve. It is also a tribute to our staff of employees."

The semi-annual statement of the State Exchange Finance Company, an affiliate of The State Exchange Bank, showed total resources of \$23,261,790.01 for the 51-year-old firm. Hampton Boswell, senior vice president and manager of the finance company, said that the increase in the past twelve months amounted to \$3,188,837.68.

"In keeping with continuing 'fiscal' growth, our Board of Directors and officers have recently announced appointment of new key officers and advancements," Mr. Adams stated. "Over the past several months facilities have been expanded. Major expansion of The State Exchange Bank, Plymouth, is being finalized; remodeling and redecorating at Culver was recently completed; installation of a new Walk-Up window and redecoration at Argos was recently completed; and installation of a new two-bay Drive-In facility at the Farmers State Bank, LaPaz, has been completed."

his son helping with the installation of plumbing in the darkroom. At this moment we are also being helped by Kay Tusing (Mrs. T), who is making address plates so we can use the new addressing system for the first time this week.

Others who have helped are Chuck Baker and Gordon Cultice (who loaned trucks), Al Sytsma and family (moving our computer), Al Poppe (fixed the air conditioning so the computer could work), Leonard Richards, Norm Kelly, and Bob Albert (who loaned their combined muscle to move our cast-iron addressing equipment), Marilyn Kelly (who kept dinner warm for Norm), Ed Parker of Aero-AD in Burr Oak (painted new signs for our windows), George Babcock (helped with cutting the lumber for our new layout tables), and Charlie Byfield (who is going to paint them on the next rainy day...pray for rain!). Thanks, also, to all who have helped in so many other ways.

All will be completed, we hope, by the time we have our open house on Saturday, July 27th, during Sidewalk Days (and it is also my birthday).

The problem with moving is that everything is here, if only you can find it! I suppose the same goes with money and friends.

More later - it is time to print the paper. Be seeing you.

Warner Williams Paints Cavalier At High School

"NEW FACE" IN HIGH SCHOOL GYM

When Culver Community High School students return to the school in the fall, one of the first new things they will see in the school's gymnasium is the addition of an eighteen-foot "Cavalier" gazing at them from the north end of the playing floor. The Cavalier, painted by local artist Warner Williams, is a gift to the school from the CCHS Varsity Letterman's Club. The

Cavalier is painted black and orange and overlooks the school's booster club section; it is an impressive figure and hopefully will set the stage for many glorious victories in the future.

The school's lettermen's club saw an especially active year during the past season. Thirty lettermen, representing boys who have participated in all six of the sports offered at CCHS, comprise the membership. Among other

activities of the past year, the club activated the custom of wearing lettermen's sweaters each Thursday, initiated the new "outstanding athlete" award which was presented to senior Keith Kowatch at Commencement, and generally promoted the total athletic program. The Cavalier addition in the gymnasium was the final highlight of their accomplishments for the year. Coach Ken Hass serves as sponsor of the organization.

Fund Drive Progresses For Fire Department Radio

OLD RADIO POSES DANGER

During the recent storm season the Culver-Union Township Fire Department began a storm watch network. Volunteers station themselves around the perimeter of the town and spot possible funnel clouds and storm and lightning damage. These watchers communicate by radio on the fire department's frequency.

During the last alert it was noticed that trucks even a couple of miles from town had trouble understanding and reaching the base unit located at the fire station.

The reason is simple enough—the old radio at the station is beyond its useful life for a radio which is used in emergency situations. Further, when the power failed, no generator in town could supply the needed current for the old tube style electronic equipment.

Since that weekend, several merchants and area clubs have been donating the money needed to purchase a new, transistorized unit that can replace the nearly-30 year old base radio. The new equipment to replace the old will include batteries to supply current in the event of a power failure during an emergency.

Total cost of the system will be slightly over \$400, as supplied by Al's TV and Appliances of Culver, and the Culver Auto Supply Corporation, which will supply the battery equipment.

Donations or pledges now total approximately \$250. Some of the firms and groups which have committed their funds for the community good are: Al's TV, Andy's Culver Clothiers, Bob's Marathon, Chuck's Standard, Culver Auto

Supply, Culver "Pro" Hardware, Culver News Agency, Hansen's Hardware & Sport Shop, and the Lakeside Grocery and The Coffee Shop.

Also, Mr. T's Rexall Drugs, Van Horn Ford-Mercury, the Culver Jaycees, V.F.W. Post 6919, Lake View Tavern, Quality Grocery, and the Culver Lions Club.

Donations have also been received from many individuals.

Donations as small as \$1.00 and

as large as \$50.00 have been received already.

Interested residents are invited to participate in the fund drive. Checks made to the order of the Culver-Union Township Fire Department can be left with Tom Zoss at the new Citizen office at 114 South Main in Culver, or mailed to the Fire Department. All names will be listed in a later story, unless contributors request anonymity.

ANTIQUÉ RADIO—This old tube radio is still in regular use by the Culver—Union Township Fire Department, despite problems with intelligibility and emergency power consumption.

Community businesses and individuals are raising funds for a new

transistorized radio because the new high pressure fire truck will use all available funds from the department's equipment budget.

Shown operating the radio during the fire call Saturday night, when Virgil Reinhold's tractor burned.

There is something to be said for an office that looks out on Main Street. You get to meet so many interesting people. And you get to talk with so many interesting people who "step in."

While Culver is still in the small town class, we still have some of the problems of larger cities. There is one advantage to Culver, however, since you can't find a parking place, so you can't get a parking ticket!

The police do a good job here, too. I know of one small town where the police hated to work so much they had an unlisted number.

We're going to install a couple of sitting benches in front of our new office. There really isn't any place except the town park by the lake and the bank lobby where a person can sit and talk.

I'll be interested to hear what some people have to say, too. I'm not hinting that people don't tell the truth when telling stories. Let's just say that they remember BIG!

Speaking of people, I must mention my uncle Joe, born Oscar Joseph Zoss, now of that great Southern city of Atlanta. Joe has had several careers in his day, and is now known as one of Atlanta's leading contractors. I sometimes think that he developed much of Northwest Atlanta. He is also known to many in the South as the voice of Georgia Tech, having announced for radio station WSB for years and years, not to mention other stations and the field announcer's job, too.

A graduate of Notre Dame and a football player under Rockne (as was my own father, Joe's older brother), my uncle Joe has been quite ill lately. Here's hoping he pulls through and feels better real soon.

Construction at our new offices progresses, with Bud Ruhnow and

School's "Long Arm"

Big Eddie, an oversized teenager, liked to bully the girls on their way home from school. When several parents finally complained to school officials, Eddie was placed on probation.

But at that point, his own parents decided to take a hand. Filing a lawsuit against the school, they claimed their son's punishment was illegal.

"All of these incidents happened after school, away from school grounds," they pointed out. "Therefore, the whole matter was outside the school's jurisdiction. Problems of this kind ought to be handled by the parents, not by the school."

However, the court upheld the probation order against Eddie.

The court said schools have a "long arm" reaching any misconduct by students, even away from school, that disrupts the educational process. Said the judge:

"The true test (is) not the time or place of the offense, but its effect upon the morale or efficiency of the school."

Still, to justify disciplinary action, the harm to the school must be substantial.

Thus, another court voided the suspension of a high school athlete who had been found in a car containing several bottles of beer. The bottles were not his. He had not been drinking. And the incident took place during vacation. The court said there was not enough harm to the educational process to justify the penalty.

In a third case, two students were suspended for publishing an "underground" newspaper, which they had distributed off school premises.

Evidence in a court hearing indicated that the newspaper did indeed contain criticism of the school. But the criticism was not

- 1) libellous;
- 2) inflammatory; or
- 3) obscene.

The court thereupon lifted the suspension, saying that school authorities had overreacted. They should have been particularly wary, said the court, of infringing on the constitutional right of freedom of the press.

Wed In Fort Wayne

MRS. STEVEN PHILIP HOWELL

CAVENDER-HOWELL

United in marriage in the First Missionary Church of Fort Wayne, July 6, 1974 at 2:30 p.m. were Miss Phyllis Ann Cavender and Mr. Steven Philip Howell. The double ring ceremony was performed by the pastor, Rev. Larry DeWitt, in the presence of the immediate families including aunts and uncles.

Mrs. Howell, daughter of Mr. and Mrs. Gerald E. Cavender, formerly of Leiters Ford, was attired in a chantilly lace gown flowing into a semi-long train. The gown was accented with tiny pearls. She carried a bouquet of pink roses and baby's breath.

Miss Elaine Pamela Cavender, sister of the bride, was maid of honor. She was attired in a long pink gown and carried a single rose.

Miss Lynn Kathleen Cavender, youngest sister of the bride, served as flower girl. She was attired in a yellow flowered long dress and carried a basket of daisies and pink roses.

The bride was given in marriage by her father. Miss Florence Cavender, aunt of the bride and a returned furloughing missionary, served as photographer. She was attired in a long pink dress accented with a corsage of white daisies. Assisting her was Rev. Benito Dello, former pastor of the bride. Mrs. Marvin Shaffer was in charge of the guest book.

Serving as best man was Mr. Marvin Shaffer of Upland, Indiana, while Mr. James Fast of Celina, Ohio, served as usher. Both are special friends of the groom. Rose boutonnieres were worn by all male attendants.

During the ceremony, Mrs. Kathy Fast, friend of the bride, sang "The Lord's Prayer," accompanied by Mr. Ira Gerig on the organ. Mr. Gerig performed the organ pre-nuptial music and also the traditional processional and recessional wedding marches.

After the ceremony a reception was held for seventy-five guests in the fellowship hall of the church. Mrs. Howard Keller and Mrs. Ruth Fair assisted in serving cake, and Miss Judy Ann Shonk of Rochester, the bride's aunt, served punch. Miss Elaine Cavender and Miss Luana Fair assisted with gifts.

The bride is a member of the 1974 graduating class of Asbury College, Wilmore, Kentucky, where she was chosen one of the top ten members of the class to represent the college in "Who's Who" among American colleges and universities. The groom is the only son of Mr. and Mrs. Eugene Howell of Celina, Ohio. He graduated from Taylor University, Upland, receiving top honors in his field of education. He is currently employed as a secondary social studies teacher in Rockford, Ohio.

After a short wedding trip, the couple will reside at 104 1/2 Haig Street, Celina, Ohio.

Apricot Tea Punch

- 4 1.7-oz. envelopes Nestea Iced Tea Mix with Lemon
- 4 cups water
- 3 cups apricot nectar
- 1 cup orange juice

Empty contents of Nestea envelopes into 3-quart punch bowl; add water, stir until dissolved. Add apricot nectar and orange juice; mix well. Add ice cubes before serving. Garnish with mint leaves, if desired. Makes approx. 16 4-oz. servings.

Strawberry Flan

- 1/4 cup butter, softened
- 2 tablespoons firmly packed brown sugar
- 1 cup chopped pecans
- 1/2 cup graham cracker crumbs
- 1/2 cup C&B® Pure Raspberry Preserves
- 1/2 cup C&B® Pure Currant Jelly
- 2 tablespoons raspberry liqueur
- 1 8-oz. pkg. cream cheese, softened
- 1/4 cup confectioners' sugar
- 2 tablespoons milk
- 1 pint fresh strawberries, hulled and cut in half

Preheat oven to 425°F. In small bowl, combine butter, brown sugar, pecans, graham cracker crumbs; mix well. Press nut mixture into 9" flan pan or pie plate. BAKE at: 425°F. TIME: 10 minutes. Cool. In small saucepan, combine Crosse & Blackwell® Pure Raspberry Preserves, Crosse & Blackwell® Pure Red Currant Jelly and raspberry liqueur; heat until melted and smooth. Spread half the preserve mixture on bottom of cooled crust. In small bowl, combine cream cheese, confectioners' sugar and milk; blend until creamy. Spoon cream cheese mixture over preserve layer; spread evenly. Arrange strawberries over cream cheese layer. Spoon remaining preserve mixture over top. Chill in refrigerator 2 hours or until set. Makes 8 servings.

CULVER SUMMER SCHOOLS GET UNDERWAY

On Sunday afternoon, June 30th, on the terrace of the Culver Riding Hall, the Culver Summer Schools officially opened their 1974 seven-week sessions with a flag-raising ceremony, a brief welcoming address by Culver's new superintendent, Col. Ben A. Barone, USAF (ret.), and a roll call of states and countries.

Total enrollment for this summer is 1182, which is an increase of 102 over 1973 in the five Culver Summer Schools. The schools and enrollments are: Woodcraft Camp, 459; Naval School, 294; Girls' School 244; School of Horsemanship, 107; and the Aviation School, 54. The Aviation School was new last summer and has almost doubled its enrollment this year. 24

special course students complete the total enrollment figure.

Students from 37 states, the District of Columbia, Puerto Rico, the Virgin Islands and 12 foreign countries are attending. Although the Culver Summer Schools do include some credit academic courses for those students desiring, it is primarily a summer of excitement and fun for the young people as they engage in such interesting activities as horsemanship, flying, Scuba diving, boating, swimming, water skiing and more. In addition, they take non-credit courses in driver training, sailing, typing, theater, environmental science, computer math and many others.

This summer almost 1400 students have enrolled in the five seven-week schools and the Special Camps that follow. These include the Woodcraft Camp for boys 8-14; the Naval, Horsemanship and Aviation Schools for boys 13-18; and the Summer School for Girls 13-17. The six two-week Special Camps are conducted in August.

WHAT IS LIFE?

You will find the answer to this question in the Christian Science Lesson-Sermon on LIFE. The responsive reading is from Exodus 20 - all the ten commandments.

Matthew 19:16, 17 - "What good thing shall I do, that I may have eternal life?...if thou wilt enter into life, keep the commandments."

From the Christian Science Textbook by Mary Baker Eddy—"This is life eternal," says Jesus—is, not shall be; and then he defines everlasting life as a present knowledge of his Father and of himself - the knowledge of Love, Truth, and Life. "This is life eternal, that they might know Thee, the only true God, and Jesus Christ, whom Thou hast sent." The Scriptures say, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God," showing that "Truth is the actual life of man; but mankind objects to making this teaching practical.

TRI KAPPA WELCOMES NEW INITIATES

Amid baskets of daisies and crystal bowls of Queen Anne's Lace, the Epsilon Nu Chapter, Kappa Kappa Kappa, Inc., held the traditional candlelight initiation ceremony at the home of Mrs. Carl V. Steely on Monday evening, July 15th. Outgoing officers, Mrs. Donald Davis, President, Mrs. Clarence Bair, Jr., Recording Secretary, and Mrs. A.J. Donnelly, Treasurer, conducted the initiation service and presented the symbolic white carnations and pins to the seven new members, Mrs. Edwin J. Bach, Mrs. Charles Christian, Miss Mary Jo Lemler, Mrs. Lance Overmyer, Mrs. Charles Robeson, Mrs. Ronald Tusing and Mrs. Lloyd Wampler. Mrs. B.L. Curry, Miss Kathy Mitzell and Miss Kim Wyman served as escorts, while Mrs. W.F. Crise, Mrs. Jack Spencer, Mrs. Ronald Quimby and Mrs. Alden W. Whitney, accompanied by Mrs. Robert Rust at the piano, furnished the music.

At the conclusion of the regular business meeting, Mrs. Davis presided over the installation of the new officers. They are Mrs. Edward Schultz, President, Mrs. Robert Rust, Vice-President, Mrs. Kenneth Reininga, Recording Secretary, and Mrs. Earl Dean Overmyer, Treasurer.

An interesting report on Epsilon Nu's work with migrant children was given by Mrs. Jack Campbell together with a plea for more transportation on Thursday evenings. Mrs. Steely's ecology report included the latest programs in keeping our lake pollution-free. Mrs. Hampton Boswell outlined the needs of our current mental patient at Beatty Memorial Hospital and Mrs. Robert Kline read notes of appreciation from recipients of Tri Kappa scholarships. Mrs. John Edgell, Christmas-in-August Bazaar chairman, advised that local Tri Kappa members will be guests on "Homemaker Time," WSBT-TV, with Dorothy Frisk at 9:00 a.m. Thursday, August 1st, the day before the bazaar. The bazaar will be held in Eppley Auditorium on the Culver Academies' campus from 9:00 a.m. to 3:00 p.m. Friday, August 2nd.

Mrs. Frank Setzler was chairman of the committee which provided the punch and cookies served at the flower-laden table, which was lighted by tapers. She was assisted

4-H NEWS

Pre-judging of Clothing and Foods projects was held at the final meeting of the Maxinkuckee Girls' 4-H on Mon., July 15, in the Jr. High Home-Ec. room.

Judges Mrs. Tom Miller and Mrs. Charles Rettinger gave tips to the girls about their projects.

Before the pre-judging, the regular meeting was held. President Julie Osborn called the meeting to order with the American pledge given by Rhonda Goodman and the American pledge by Kelly Lawson.

The secretary's report was read

by Margaret Stukenborg and Michelle Tusing gave the Treasure's report. Roll call was answered by their favorite bird. Nineteen members were present.

New business was discussed and the leaders said the rain date for the swimming party on July 31, would be August 2. Dress Review practices will be July 19 and 22 at 10 o'clock.

A Health and Safty report was given by Rhonda Goodman, and good luck was wished to everyone. Reporter Cynthia Bonine

Culver, Indiana

...It Must Be THE LAKE WATER
By Bob Kyle

THE TOWN BOARD scheduled meeting Monday night was postponed because Donald Muehlhousen was unable to attend. A capacity house was expected to hear of progress on appointing a Housing Authority as it would apply to the Culver Hotel and to a larger permanent unit under Housing Urban Development.

A special meeting may be held soon since the next regular meeting is the first Monday in August.

LAKE LORE: The Dale H. Longs are putting the finishing touches on "The House of a Thousand Candles" which inspired Meredith Nicholson to write a romantic novel that was a terrific best seller in 1905.

Contrary to local supposition the novel was not written in the now Long house, but at the a Colonial house at 1500 Delaware Street in Indianapolis.

According to what Mr. Nicholson told to Lakewater many years ago it practically wrote itself. Instead of setting it in some mythical kingdom, he used Indiana instead. He was a guest of the Vonneguts and Muellers many times and also the Eli Lilly family at Lake Wawasee, making it a sort of conglomerate setting.

The Long family are from LaGrange, Illinois, although they have only recently established their permanent residence here and have been coming to the lake summers over two generations, occupying rental property.

They are an interesting, distinguished and productive family. The Longs had eleven children. Dale Long's father and mother had eleven and so did his grandfather and mother. Mrs. Long's parents had four daughters but their parents also had eleven. Her grandparents also had eleven!

The entrance hall to the restored and added-to house has the branches of the family tree painted on the walls by the Long's daughter, a beautiful and talented Puerto Rican artist. Each member of the families have a branch with their names listed, more than fifty in number.

This hall opens on the huge dining room with one table for the children and another for the elders. One of the Culvers occupied the place at one time and Roscoe Stevens poured the foundation for this addition. Mrs. Culver wanted a huge dining room and she got it. It

was so huge that both Roscoe and Mrs. Culver decided to shorten it a bit and this is now a sun porch.

Any way you take it, the house has local historical significance. If my dear friend Nick could see it he would be happy with what the Longs are doing. The "House of a Thousand Candles" practically wrote itself from October, 1904 to the next May. He said he couldn't wait to go upstairs and get going on it every night.

More on this romantic house next week when it belonged to the Wolfes, publishers of the Columbus (Ohio) Dispatch, and the late Charles Hughes, a steel salesman, who abandoned it for about 15 years after his infant child drowned in the lake. He moved to Florida and sold it to the Longs.

AROUND AND ABOUT....

George Speyer has specialized in mowing widows' lawns many years. He says he is beginning to get a bit "tired", especially when bending over and picking beans. He will be 83 on July 28th...Oliver C. Schilling, naturalist, local former drug store owner and self-styled ex-communicated banker capitalist has a veritable paradise out on eighty acres of reforested wasteland on State Road 17. He has planted tulip and sweet gum seedlings which are thriving, and has cut paths through the larger timber...Glen Osborn is justly proud of the gardening being done by Ray Houghton on the shares, on his farms west of town...Mr. and Mrs. KJoseph Schweidler have sold their home in Liberty Street and are moving to Florida. Joe was a master mechanic and had the first real auto garage in Culver and during World War II operated the only war production plant here... Read Time, the news weekly this week about 200 Rising Young Leaders in America. Fascinating! Gardeners, can you beat this? Had first asparagus April 29, peas June 4, potatoes June 18, raspberries June 24, cabbage June 28, bush beans July 3, hot peppers July 8, a tomato July 11...Gardening has become the greatest recreational and spending sport and hobby according to USDA figures.

CITIZEN HAS NEW SERVICE-

Lakewater, who incidentally is horticulturally inclined, will be happy to help with your gardening problems, and like a urologist may require specimens. He was Indiana chairman for Victory Gardens during the big war and wrote many helpful hints for the New York Herald Tribune and Times, Better Homes & Gardens, etc....Mrs. Carl Weaver, the former Mrs. Lillie Buswell of Culver, has returned from Florida a month or so for a visit...See the Dealer's Wholesale Services, a new enterprise, for the latest display of kitchen and bathroom equipment.

News About Books

Books For Thought

LIFE IS FOREVER, evidence for survival after death. The author, Susy Smith, lifetime rationalist and nationally known psychic, undertakes to explicate the mysteries of the hereafter, armed with startling evidence and examples of beyond-the-grave communication. **CROSS YOUR FINGERS, SPIT IN YOUR HAT** is a collection of superstitions and other beliefs, collected by Alvin Schwartz.

HOW TO GO FROM RAGS TO RICHES, by J. Brad Lampley. Sound real estate investments by a man who did it.

A cookbook in the form of a memoir is **YOUNG AND HUNGRY**, by Suzanne Taylor. Many of Miss Taylor's favorite recipes are Norwegian, for when she was a child she spent every summer in Norway visiting her grandparents. This entertaining book tells what it was like to be both young and hungry in Norway between the wars. The world's first **WOMEN'S RIGHTS ALMANAC, 1974**, is a unique reference guide about and for all American women, with Nancy Gager as editor. The guide gives comprehensive coverage of politics, government, legal rights, employment, education, marriage and divorce, child care, birth and health, abortion, rape, consumer protection, women's organizations, historical landmarks, chronology of events, issues and people. Special features are a state by state directory of all fifty states and territories, biographies of all U.S. Congresswomen and an overview of the international Women's movement.

A ready reference to all who have an interest in the raising of vegetables is **A HANDBOOK FOR VEGETABLE GROWERS**. This is a revised version of an earlier printing and edited by James Edward Knott, professor of Vegetable Crops at the University of California. **GAZELLE-BOY** is a narrative, carefully presented, of a group of gazelles in their natural habitat and of the child reared by them. Living in the Sahara, the boy would leap and run, scramble on

the rocks and feed like the other quadrupeds, and communicate in their language of signs and grunts. A most unusual book by Jean-Claud Armen.

BY HAND: A GUIDE TO SCHOOLS AND CAREERS IN CRAFTS, is the first comprehensive guide to art programs. State by state, the various college courses are listed. The interest in crafts has grown spectacularly in the last fifteen years. There were sixteen college programs available in 1962 and today there are over 750. Edited by John Coyne and Tom Hebert.

THE LIFE AND TIMES OF A HOOSIER JUDGE is an autobiography by John Lewis Niblack. This is a person who will be well-remembered by several in the community.

BEST-SELLING BOOKS OFFERED ON AUDIO TAPE CASSETTES AT CULVER PUBLIC LIBRARY

The public is invited to come in and try the new best-sellers on audio tape cassettes, recently acquired by the Culver Public Library, one of the first libraries to offer the new service.

The recorded books play on standard tape cassette players used in about 70 per cent of U.S. homes and in millions of automobiles. Librarian Mrs. Jane Scruggs says playing equipment is available at the library for patrons.

Each recorded book takes about 90 minutes to complete. The recordings are abridgements of the original texts that have been approved by the book's author or publisher.

Producer of the recorded best sellers is Voice Over Books, a unit of R.M. Karen Inc., 200 Park Avenue South, New York 10003, which developed and introduced the new book form last year. The company said its Voice Over Books recordings inform, entertain, and

help people continue their educations.

The new cassette books appeal to people who like to be read to, and people with vision and reading difficulties. Designed originally as an informational tool for blind and handicapped people, books on tape are popular with businessmen, students, and others who can't find time for all the books they want to read.

Among the titles available on tape are: **I'M OK - YOU'RE OK, CAPTAINS AND THE LIVING BIBLE, THE LIVING BIBLE**, and others.

Hospital patients and convalescents at home use a recorded book to help fill idle hours. An increasing number of teachers also use recorded materials and passages from recorded books to supplement their own class lectures.

One of the most important groups using recorded books today are non-readers, representing tens of millions of people in the U.S. who simply never read books because of poor eyesight. What happens often is that non-readers listen to recorded books and develop a taste for the material contained in books.

Another reason for the growing popularity of voice recordings is the experienced actors and actresses who do the recordings. These include Leonard Frey, Academy Award winner for his performance in "Fiddler on the Roof;" John McGiver, star of 65 films and TV programs; Manu Tupou, star of the film "A Man Called Horse;"

Jaycees—McGill Scholarship

SCHOLARSHIP WINNER— Jim Heffernan, left, representing McGill Bearing Company's Culver Plant, and Lawrence J. Miller, Jaycee President, are shown here with Mark Voreis, center, 1974 recipient of the Jaycee-McGill Scholarship. The scholarship is presented each year to an individual seeking education in a vocational field. This is the fifth

year of the scholarship program, and is a joint effort on the part of McGill's and the Culver Jaycees.

Mr. Voreis will attend Ball State University this fall. He is the son of Mr. and Mrs. Loren Voreis, 218 Lake Street, Culver. CITIZEN Photo

STUDEBAKER DRIVERS TO MEET IN SOUTH BEND

More than 400 automobiles - some of which date back to 1852 in the non-motorized category - will be on the scene for the 10th Annual International Meet of the Studebaker Drivers Club, Inc., in South Bend July 18th through 21st.

Meeting at the Notre Dame University Athletic and Convocation Center, the Studebaker Drivers Club Inc. plans a Swap Meet and judging contest in 37 different classes, ranging from the 1852-1920 non-motorized class and the 1902-1912 electric class to the 1955-1956 Packard and the modified non-stock unlimited classes.

Beginning July 18th, the Notre Dame Athletic and Convocation Center will turn into a car buff's dream come true with car and parts displays, antiques and a Swap Meet of nearly 100 vendors. Thirty states, plus four Canadian provinces, have registered to participate in the Car Show and Swap Meet. In addition, Mr. David Lange, Meet Chairman, comments that visitors are expected to travel from as far away as England and New Zealand to take part in the Studebaker Drivers Meet.

The Avanti Owners Association and Packard Automobile Classics auto clubs have also been invited to attend the festivities.

Opening the 10th Annual International Meet on Thursday,

July 18th, will be a showing of the Studebaker Historical Vehicle Collection from 10:00 a.m. to 9:00 p.m. at the corner of Bronson and Lafayette Streets in South Bend.

Tours of the Notre Dame campus (for those not wishing to drive, buses will be provided), the Old Studebaker complex, the Tippecanoe Place (the mansion built for Clement Studebaker), the historical Beiger Home, the Bendix Automotive Development Center (also known as the Old Studebaker Proving Grounds), and the "100 Center" complex in Mishawaka will be conducted at various intervals throughout the 10th Annual Meet.

Panel discussions, seminars for editors and writers of newsletters and publications for members of the Studebaker Drivers Club, Inc., will be held during the first two days of the Meet.

On Saturday, July 20th, the Swap Meet will begin and the concourse area of the Athletic and Convocation Center will be open to the public starting at 7:00 a.m. Judging of the various automobile classes will then follow at 9:00 a.m.

Bringing a ceremonious end to the day Saturday, the Awards Banquet Dinner in the Monogram Room of the Athletic and Convocation Center will begin at 7:30 p.m., with awards and trophies for the different judging events being presented.

Billed as one of the greatest

attractions during the four-day event, all participating members in the Meet will have the opportunity to drive their automobiles around the Old Studebaker Track on Sunday, July 21st. Another special attraction Sunday will be the Brake Demonstration offered by the Bendix Automotive Development Center at 9:30 a.m.

Designed especially for antique and classic automobile enthusiasts,

South Bend's 10th Annual International Meet of the Studebaker Driver's Club, Inc., will also offer a glittering panorama of automotive design and progress since the 19th century.

What's On

THE NOSTALGIA OF THE ENGLISH MUSIC HALL COMES TO TELEVISION

The Victorian Palace, The Metropolitan, Collin's, Canterbury, The Hippodrome, Wilton's... their names and legends are as much a part of English history as Agincourt or the Spanish Armada. England's Music Halls of the Edwardian Era offered a rapidly industrializing nation the escape that we enjoy through television today. The pretty girls danced, the comedians told their stories, and songs of joy and sorrow filled the air, along with the smell of sweat,

beer and tobacco smoke.

As industrialization tore up the roots of an older, aristocratic order and brought millions of the new working class to England's industrial cities, the music halls became not only a place of entertainment but also a part of the life and tradition of the emerging middle class.

During their heyday in the five decades before the first World War, more than fifty music halls flourished in London alone and there were over 200 more throughout the country. This is the era of the current Masterpiece Theatre series "The Edwardians." And the famed Music Hall will live again Sunday night, July 21st, at 7:30 p.m. (repeated Thursday, July 25th at 9:00 p.m.) as Channel 34 presents "The Reluctant Juggler."

It is the story of an obscure performer, a juggler, who is reluctant to join a struggling arts union for fear he will lose what security he has. He realizes that the dashing singers who will win the hearts of the shop girls and the glamorous actresses whose pictures adorn the walls of petrol shops and pubs will survive a labor strike but lowly clowns, such as he, face an insecure future.

However, while the juggler struggles with his conscience backstage, the stage boards resound with authentic, turn-of-the-century music hall tunes. Surely you haven't forgotten "The Man Was A Stranger To Me," "The Lilly of Laguna," or that fine ditty, "We All Went Home In A Cab." And maybe you even still hum "Half A Pint Of Ale Is Better Than

None," "Waiting At The Church," or "The Man Who Broke The Bank At Monte Carlo."

It's all great fun, and a fine story, on Masterpiece Theatre, Sunday night at 7:30 (Thursday night at 9:00) on Channel 34.

We're fighting mind pollution.

We're talking about the sale of trashy books and magazines. We've never sold them and are proud that in any of our 182 Drug Stores, you'll never be offended by a questionable publication. We're not prudes. We just think there is a strong line to be drawn between good taste and bad. Our policy is not to sell any of them, regardless of their sales popularity. This way we can tell you that Hook's are family drug stores and really prove it.

In the past, Hook Drugs, Inc. has been commended by the national Citizens' for Decent Literature, Cincinnati, Ohio, for its strong stand against the sale of indecent literature.

"OLD TIMERS" BAND CONCERT SCHEDULED FOR THIS FRIDAY

An "Old Timers" Band Concert, featuring members of the Culver Community High School Band, "alumni" of the band, and anyone else who plays an instrument and would like to join the fun, will be held Friday evening, July 19th, at 7:30 p.m. at the Town Park near the Beach Lodge.

A rehearsal for the concert will be held Thursday, July 18th, at 7:30 p.m. in the High School Band Room. Attendance at the rehearsal is not necessary to participate in the concert.

The band will be led by CCHS band director Charles Byfield, and a variety of music will be presented. Come out for an evening of old-fashioned fun in the open air, and cheer your favorite "old timer" on!

ST. ANN'S SCHEDULES FAMILY HOMECOMING DAY

St. Ann's Church in Monterey will hold their annual Family Homecoming Day on Sunday, July 28th.

This year they are featuring a Homemade Chicken-Noodle and Ham Dinner. Serving will begin at 11:00 a.m. and continue until 2:30 p.m.

Games, prizes and fun for the entire family can be enjoyed all afternoon on the parish grounds.

Father John Mannion, pastor of St. Ann's, will celebrate Sunday Masses at 7:30 and 9:30 a.m. Bring family and friends for a day of relaxation, meet old friends and make new friends, Sunday, July 28th at St. Ann's Church in Monterey.

BLUEBERRY FESTIVAL PLANS ADVANCE

Plans for the Marshall County Blueberry Festival are moving along. A Women's Softball Tourney has been added. Eight teams from Plymouth and surrounding towns will play Saturday through Monday.

Final arrangements for a Horse Pulling Contest have been made. Eight cash prizes will be awarded.

The program for the Festival has been sent to the printers and will soon be available.

The Arts and Crafts departments have grown so large that the Arts have been moved to the Jefferson School gym.

Plans for television appearances by Mrs. Frank Boudreau and Mr. Terry Updike are in the making.

NEWMAN HOLSTEIN SETS ANOTHER RECORD

Another official production record exceeding a half ton of butterfat has been completed by Culver Ajax Lancelot Charm 6618282 (GP), a Registered Holstein cow owned by Newman Holstein Farm, Culver. This is the second time that "Charm" has achieved the 1,000 lb. butterfat production level in a single lactation. This record ranks among 4,300 similarly completed by Registered Holstein cows on official test.

The Indiana Holstein's official record of production totalled 28,040 lbs. of milk and 1,072 lbs. of butterfat in 365 days. She started her lactation at the age of six years, five months and was milked two times daily.

Charm was bred in the Newman herd. She was sired by Culver Lad Dictator Ajax 1393721 (VG), a bull that has earned Silver Medal Type Sire recognition.

Purdue University supervised the weighing and sample testing of her production in cooperation with the Dairy Herd Improvement Registry program of the Holstein-Friesian Association of America.

MONEY TAKEN FROM ACCOUNT

LOSES LIFE SAVINGS

Norma Riggleman thought she was being careful with the nearly \$700 she had managed to save after a full life of 84 years, and kept it in a bank account, rather than in the proverbial sugar bowl. This was her life savings, what she had accumulated after the costs of bringing up a family and losing her husband in 1970.

Yet, she was recently informed by The State Exchange Bank in Culver that her account was overdrawn because of a window withdrawal by someone who took out \$671.00 without her permission, without her knowledge, and without her passbook, which has remained in her possession.

The account is in both her name and her daughter's, Betty F. Singleton, of rural Kewanna.

Her daughter, in fact, has made all withdrawals since the account was opened, signing her own name as shown on the original signature card. All previous transactions were made with the book being presented. There was no possibility that Mrs. Riggleman could have come to Culver to make the withdrawal herself, since she was staying with another daughter in Chesterton at the time the false withdrawal was made, under care for her coronary heart condition. She takes several nitroglycerin tablets a day for this ailment.

Between the time on November 19th when the money was withdrawn, and June 17th of this year, when she received a letter asking her to come to Culver to cover her overdrawn account, Mrs. Riggleman had no idea the money had been taken from her account. In fact, this withdrawal was not written into her account book until this June, more than seven months later.

The thief, and that is the only term to use in this situation, signed Mrs. Riggleman's name a different way than shown on the account card - while her legal name is "Norma M." she uses "Norma H." on her bank account, the "H" standing for her maiden name, a name used in some of her pre-

marriage property transactions. Thus, while she always signs with the middle initial "H" the thief used another name than that on the account signature card.

Despite not having the book, and signing the wrong name, someone at the drive-up window drove off last November with \$671.00 of Mrs. Riggleman's cash. The irony here is that, with a few small withdrawals this past winter for heating oil, the account is now overdrawn because of the lost money, and the bank wants her to pay them the amount of the overdraft - \$15.87!

When talking with the Citizen, she said, "I don't know what to do—I didn't take out the money...why should I? I get Social Security. If I was rich, I wouldn't think anything about it."

Well, she is not rich, and Norma Riggleman thinks a lot about her life savings that disappeared from her account.

MARSHALL-STARKE MEETS WITH ARCHITECT, OK'S PLANS

On Monday evening, July 1st, the Building Committee of the Marshall-Starke Development Center met with its architect, the Commissioners of both counties and council members of the counties who are members of the building committee, to approve plans for Marshall-Starke's new building.

The architect was given instructions to draw up specifications in order that they may be approved. It is anticipated that bids will be let after approval of specifications in approximately sixty to ninety days.

On Wednesday, July 3rd, the President of the Board of Marshall-Starke Development Center, Dennis Beville, Building Committee Chairman Dave Feagler and Les Parrot, representing the Plymouth Industrial Corporation, signed papers and received the deed to 6½ acres on which the building will be erected. The building will be located in Plymouth Industrial Park on an extension of Pidco Drive.
