## Bowen opens new section of US 31

Governor Otis R. Bowen and Chairman Richard A. Boehning officially opened to traffic a new 8½ mile four-lane section of US 31 between Rochester and Plymouth yesterday. A special ribbon cutting ceremony was held at 10:30 on new US 31 at SR 10 west of Argos.

Governor Bowen and numerous federal, state and local dignitaries attended. The Argos High School Band provided music at the ceremony.

The new section, from SR 110 to the south end of the Plymouth by-pass, completes four-lane US 31 from South Bend to approximately seven miles south of Rochester. There were two road and one bridge projects involved in the new section. The total bid price on the new section of highway was \$7,518,253.17. The primary contractors were Rieth-Riley Construction of Goshen, McMahan-O'Connor Construction Company of Rochester and the Bates & Rogers Construction Corporation of Chicago, Ill.

## News briefs

### OCTOBER VACCINATION

In an effort to reduce the threat of childhood diseases, the U.S. Public Health Service has designated October as "Immunization Action Month." During this period, parents are urged to check the vaccination records of their children and to take unvaccinated youngsters to their doctor or public health department physician.

Health experts recommend that children should at least be vaccinated against these six diseases: polio, measles, German measles (rubella), diphtheria, pertussis and tetanus.

PHS officials say many parents wait until their children are approaching school age before having them vaccinated. This, they warn, leaves a large number of unvaccinated children in the four-and-under age group who could fall victim to serious epidemics. They urge parents to have their children vaccinated as soon as possible.

## NEXT WEEK'S HOROSCOPE

By Clay R. Pollan  
Note planetary ruler of your birth symbol

### FOR WEEK BEGINNING MONDAY, OCT. 21, 1974

**★ If your birthday occurs this week . . .**  
... you possess dynamic energy and imagination which you apply to idealistic ends. Your vitality enables you to create original concepts and follow them through to the end of success. Members of the opposite sex find you attractive. You seem to get along most admirably with Sagittarians.

#### ♈ Aries Mar. 21 - Apr. 19 | Pluto ☿

You will, over the week, have a Midas touch. You have an outstandingly good prospect of boosting your earnings and find people you are in contact with to be generous. Cash may come into your hands in quite unexpected ways. There is a strong probability that you will decide to invest in land or property.

#### ♉ Taurus Apr. 20 - May 20 | Venus ♀

Set your sights high this week. Career prospects are exceptionally good. You should be able to improve your status and worldly fortunes. You can afford to be a bit bolder than usual about pushing your ideas and interests. If promises have been made, they will certainly be carried out.

#### ♊ Gemini May 21 - June 20 | Mercury ☿

Aspects accent the social scene. During the week ahead you'll probably get involved with the more wealthy, important people of your locale. If active in the affairs of social organizations, the probability is that you'll be thrust into prominence. Toss aside false modesty. Accept favors proffered.

#### ♋ Cancer June 21 - July 22 | Moon ☾

Prospects couldn't be better! A delightfully and rewardingly companionable period is indicated. If you are courting, you can look forward to a particularly affectionate response. Favors will be granted if you choose the right moment. Lunch time dates should be avoided with the opposite sex.

#### ♌ Leo July 23 - Aug. 22 | Sun ☼

The urge to go adventuring will be very strong now. It's a time to expand your horizons and gain new experience. You may get an invitation to accompany an acquaintance on a trip. Double check times, routes and fares. Be choosy about the transport used. Look ahead. The future promises big things.

#### ♍ Virgo Aug. 23 - Sept. 22 | Mercury ☿

A week completely free of stresses and strains, say your stars. Friends will go out of their way to please you. Without seeking it you may well have social popularity thrust upon you. Marital affairs are under fortunate stars. The early afternoons are lucky periods in a money sense.

#### ♎ Libra Sept. 23 - Oct. 22 | Venus ♀

A week with pleasing potentialities for furthering personal interests and boosting your fortunes. It is also definitely a lively and promising period with regard to work and business interests. People who matter will praise your efforts and turn to you for advice and help. Keep on an even keel.

#### ♏ Scorpio Oct. 23 - Nov. 21 | Mars ♂

During the week tensions will be relaxed and will bring harmony to your life. Financial matters involving cooperation and partnerships will be benefited. Opportunities for travel and new surroundings should be considered. A change of location is not out of the question. Dance to your own tune.

#### ♐ Sagittarius Nov. 22 - Dec. 21 | Jupiter ♃

Your affections are intensified by current aspects. Impulsive actions in romantic affairs are indicated. Be cautious of intrigues which could lead to scandal. This is a good time for short trips and visits with friends or relatives. Financial affairs will improve and work chores will be less boring.

#### ♑ Capricorn Dec. 22 - Jan. 19 | Saturn ♄

This is a time to get out and meet people. Business affairs are highlighted and new opportunities for increased income are indicated. Legal matters are benefited at this time and large organizations will be helpful to you. Your intellect is intensified and decision-making will be easy.

#### ♒ Aquarius Jan. 20 - Feb. 18 | Uranus ♃

An active week, fine for a shopping expedition and a bargain hunt. If there is any question about signing new documents, or taking on new business commitments, this is the week to take action. You'll probably be getting back borrowed cash or possessions. A possible windfall coming your way indicated.

#### ♓ Pisces Feb. 19 - Mar. 20 | Neptune ♃

A very large problem can come your way, and a dilemma can keep you worried. Try to stall for time. In handling money or any work with figures, be extremely cautious. Do such perfect work that no one can criticize you even if they try. Keep all your activities aimed at making and saving money.

Membership of the Orchestra includes the personnel of the University Chamber Orchestra with the addition of some faculty and area residents.

**Studded tire use limited**

One of the first signs in the Midwest that winter is fast approaching is the annual appearance of snow tires on passing cars.

But while regular snow tires are actually permitted all year around, many states have written into law specific time periods for the use of studded snow tires. Studded tires are those with steel studs protruding from the tread design.

For example, Indiana laws permit studded snow tires only between Oct. 1 and May 1. In Illinois their use is not permitted before Nov. 15 and they may not be used after April 1.

Other Midwest states permit the use of studded snow

tires during the following time periods: Wisconsin, Nov. 15 to April 1; Michigan, Dec. 1 to April 1; Iowa, Nov. 1 to April 1 and Ohio, Nov. 15 to March 15.

Minnesota continues to ban studded snow tires entirely, but gives a 30-day grace period to non-residents traveling within the state. Other states prohibiting the use of studded tires at all times include Florida, Hawaii, Mississippi, Louisiana and the Province of Ontario in Canada.

After this winter, Wisconsin and Michigan will be among the states prohibiting the use of studded snow tires at all times.

## Barone adds faculty

Col. Ben A. Barone, superintendent of Culver Military Academy and the Culver Academy for Girls, announced the appointment of five new faculty members with the beginning of the school year.

Michael E. Chastain, assistant instructor in the physical education department, graduated this summer from Indiana University. He was a member of the IU track and cross country teams, and

instructs in these sports at Culver. A native of Mitchell, Chastain graduated from Mitchell High School.

Jose M. Garzon, assistant instructor in the foreign language department, graduated with honors from Grand Valley State College in Michigan this year. He attended Wayne State University on a scholarship and attended Muskegon Community College prior to graduation from Grand

Valley State College. Garzon is a native of Granada, Spain.

Thomas P. Guin, assistant director in the aerospace education and flight training department, attended St. Louis and Washington Universities from 1961-65. A member of the Missouri Pilot's Association, he is a native of St. Louis. Guin and his wife, Elaine, have two daughters, Christine, 7, and Lucy, 4.

George R. Rovin, associate

instructor in the mathematics department, came to Culver from Lake Forest Academy in Illinois where he instructed in mathematics and was an adviser and coach of students. A native of Chicago, he attended Drake University and Wright Jr. College before completing his bachelor's degree at Lake Forest College. Rovin will also instruct in diving

at Culver.

Janice E. Smart, associate art instructor in the fine arts department, received her bachelor's and master's degrees from the Rhode Island School of Design in Providence. A native of that city, she instructed art in high schools in Rhode Island, Connecticut and Massachusetts before coming to Culver.

## Unit advisers join staff

Richard Davies

John Williams

Two new unit advisers have joined the staff of Culver Military Academy this fall: Richard G. Davies and John P. Williams. A Culver unit adviser is in charge of cadets assigned to a given dormitory organization within the framework of the military school.

Davies, a cavalry adviser and an instructor in the history department, first worked at Culver in 1966. Since then he has been housemaster, assistant history instructor and assistant international secretary—all at the University of Wales in Great Britain. In addition, he has been a US congressional staff assistant.

Davies received his bachelor's degree, Cum Laude, from DePauw University, his mas-

ter's degree from the University of Wales and has done work on his Ph.D. at Linacre in Oxford, England. He is a native of Chicago.

Williams, an infantry adviser, has been an instructor

and coach at Kemper Military School and College in Missouri since 1968. He received his bachelor's degree from King's College in Pennsylvania and attended graduate school at the University of Missouri.

**...It Must Be  
THE LAKE  
WATER**

By Bob Kyle

The 30,000-odd citizens of Marshall County owe a lasting vote of thanks to County Commissioners Don Baker, Glenn Overmeyer and Paul Stackhouse for holding out for the removal of all county offices, save for the Clerk of the Courts, to the basement of the new jail, where they have more room, more convenience and more parking for persons with county business.

It wasn't an easy undertaking but one of give-and-take with the County Council, the judges, the news media, politics and other involvements. Presently everyone seems satisfied judging from comments heard at last Sunday's open house.

The courts should be in the courthouse on the main floor although high-ceilinged and drafty. Perhaps this will be overcome in remodeling.

This should be a lesson for many obstructionists—and now that we are together let us stay that way.

Thus we shall help celebrate the American Revolution Bicentennial Commission's two year plans and uncover more county-wide history.

**Our Library**  
News About Books

Catherine Gaskin's **THE PROPERTY OF A GENTLEMAN** is the story of an attractive young English woman involved in an auction house where she discovers almost too late that the traditions which have haunted it for so long seem to have claimed a life once before and might do so again, this time her own. Fiction at its best.

**SCOTLAND'S HERITAGE**, a beautiful gift book to the library is a pictorial journey throughout this beautifully haunting country, described and compiled by Lawrence Stenhouse.

Another gift to the library is the novel **THE LIVES AND TIMES OF BERNADO BROWN**, by Geoffrey Household. The time is 1925 in England and takes the reader to half a dozen countries on an espionage and forgery trip that also includes murder.

Several new books on a favorite subject in our community, antiques, are: **VICTORIAN PORCELAIN**, by Geoffrey A. Godden; **THE BOOK OF BUFFALO POTTERY**, by Seymour and Violet Altman, with 400 pieces

illustrated in color and black and white; **TWO HUNDRED YEARS OF AMERICAN BLOWN GLASS**, by Helen and George S. McKearin; **THE GODEY LADY DOLL**, by Charlotte Elridge, with 15 dress patterns and 22 scale drawings of miniature furniture and **THE COLLECTOR'S BOOK OF DOLLS AND DOLL'S HOUSES**, by Roger Baker.

The long awaited Aleksander I. Solzhenitsyn book has arrived, **THE GULAG ARCHIPELAGO**. Learn about Russia first-hand.

Siamese twins born in upstate New York in 1929 on the day the stock market crashed, is a lively and often humorous novel of Leo and Teddy, and their exploits through their unique and incredible lives. **LEO AND THEODORE**, by Donald Newlove.

The third volume of **THE FAMILY CREATIVE WORKSHOP** includes instructions from boxes, braided rugs, breads, bread sculpture, brewing, calligraphy, books, cameras, candle-making, caning and rushing, canoeing, cardboard, to card tricks.

Isaac Asimov's own choices of

the best stories he has written over the past four decades is compiled in **THE BEST OF ISAAC ASIMOV**. This is science fiction at its best.

A few of the books in the rummage sale are listed below; many of these popular editions may be yours for a small donation:

Cervantes, **Don Quixote of Mancha**; Evelyn Anthony, **Anne Boleyn**; Louisa M. Alcott, **Little Women**; Lucy Kennedy, **The Moment of the Rose**; D.E. Stevenson, **Crooked Adam**; Elick Moll, **Seidman and Son**; Paul Martin, **Heart'sblood**.

Also, John Steinbeck, **East of Eden**, and **Sweet Thursday**; James Hilton, **Random Harvest**; Elizabeth Chevalier, **Drivin' Woman**.

LEAVES ARE FALLING FAST: A 20 x 30 foot American flag was recently stolen at Carmel, and was believed to be the biggest in Indiana. Not so says Harvey Firari, theatre director at CMA. Tie goes to CMA Eppley Hall because theirs is still there...Who is the most interesting person in Culver? The Rev. Roger L. Sommer would like to know. He has lived here only two years...William Feese, Sr., Donaldson, has an ancestor who came from Germany and fought in the American Revolution against the Hessians at Valley Forge...Why don't restaurants run a notice of their hours open, both here and in neighboring places? Sunday diners-out are complaining that they go from place to place and find them closed...

OYSTERS R IN SEASON: Here is the recipe for delectable oyster stew, as served at the famous Grand Central Bar in N.Y. City.

You'll need for 4 persons 1 cup milk, 3 cups cream and 1½ pints oysters with their liquor. The fresher the oysters are - the more recently opened - the better your stew will be.

Heat the milk and cream with the oyster liquor, salt and pepper to taste and a dash or two of hot pepper sauce.

Melt 4 to 6 tablespoons butter (be sure to have plenty), take your oysters and, here's the secret, toss them into the butter, until it's bubbling and shake the pan vigorously until the oysters just curl at the edges and plump. Don't overcook them, please; they should just heat through.

When the milk and cream come to the boiling point, combine the delicately sauteed oysters with the liquid, taste for seasoning and serve in warmed bowls with crisp buttered toast or a selection of crackers.

As things have been going well lately, I must not forget to thank you, Lord, because you have helped make it all possible.
