Parenthood group set goals

At a news conference Monday at Planned Parenthood, Dr. J. Kenneth Davidson Sr. newly appointed Public Relations chairperson, presented the organization's first Long Range Plan for the four-county area of Marshall, St. Joseph, Elkhart and Kosciusko Counties.

Dr. Davidson, department of sociology at IUSB, reviewed the 34-page document recently approved by the Board of Directors of Planned Parenthood of North Central Indiana, Inc. It includes a background of the organization's program, assessment of family planning needs, assumptions regarding services, a mission statement, three-year objectives and one-year goals for 1975.

Floyd D. Hugus, president of Planned Parenthood of North Central Indiana also at the news conference, issued the following statement elative to the mission of the organization:

"To promote improvement in the quality of life through leadership in family planning and the prevention of unplanned pregnancies by developing and implementing appropriate information, education and training programs, and providing related medical and social services. All program and services shall be available to all persons requesting them."

Planned Parenthood of North Central Indiana is the only private agency in the four-county area whose major purpose is to provide voluntary family planning services to those who cannot afford or cannot find the services elsewhere. Under the medical direction of Dr. Gordon Cook, the Agency is currently serving the family planning needs of over 5000 patients.

Contraceptive*services include pelvic examination, pap test, VD test, urine and hemoglobin test, breast examination and weight and blood pressure checks. Each patient has a continuing medical record. Patients with special problems are referred to private physicians.

Other services include pregnancy testing, infertility services, vasectomy and tubal ligation services, parenting program for expectant parents, parents of young children and parents of teenagers, a problem pregnancy information service, educational programs, speakers' bureau, audio-visual materials and a library open to the public.

The Long Range Plan reports that in 1970 an estimated 13,970 low and marginal income women in the four-county area were in need of family planning services. The agency is now serving approximately 36 per cent of the women in need.

The agency's three-year objective is to "Provide and/or coordinate the delivery of comprehensive family planning services so that all citizens of North Central Indiana have access to service." By the end of 1977 it is estimated that 76 per cent of the women in need in the four-county area served by Planned Parenthood of North Central Indiana will be acceptors and recipients of family planning services.

A recent innovation in the medical services, resulting from special training received by the nursing staff, puts new emphasis on teaching women self breast examination. Tonight the first of a series of Free Breast Examination Clinics will be conducted in Plymouth, sponsored by Marshall County Chapter of Planned Parenthood. Mrs. John Edgell of Culver and Mrs. Eugene Chipman of Plymouth, co-chair-

persons of the clinic, are working with the American Cancer Society and other local organizations in planning the event. Richard Born was recently elected chairman of the Advisory Board of the Marshall County Chapter of Planned Parenthood.

Services for sterilization of both men and women can be arranged for families that are unable to pay for the medical procedures from local private physicians. A weekly Vasectomy Clinic in South Bend is available for men who live in our four-county area. Tubal ligations are arranged for women through the Planned Parenthood office. All inquiries for sterilization services may be made through the Social Service Department in South Bend or through the Nurse Administrators in Marshall and Elkhart counties.

In an effort to extend family planning information and education to increasing numbers of groups and individuals, the Education Committee of Planned Parenthood, Jane Cobb chairperson, has recently organized the Community Sex Education Center. Using Planned Parenthood resources, a group of agencies, churches and individuals have established leadership teams to present human sexuality workshops to any organization or group requesting the program. The Community Sex Education Center will provide speakers, films and materials on sex education and human sexuality upon request.

Volunteers are continually needed in a variety of positions throughout the organization. Dr. Davidson announced the appointment of a new Volunteer Services Director for Planned Parenthood. Maggie Dunleavy, a graduate

CMA concert series presents Tom Paxton on campus Dec. 11

Tom Paxton, a singer-songwriter who has his own special blend of music somewhere between folk and pop music, will appear on stage at Culver Academies' Eppley Auditorium Wednesday, Dec. 11, at 7:30 p.m. Admission is \$2 with \$1 charged for groups of students. The public is invited.

Concerning Paxton's performances, a New York Evening Citizen critic said: "I will put my head on the chopping block and say without doubt or fear of contradiction, there is no one in the rather crowded singer-song-writer field to compare with Tom Paxton, excepting, of course, Bob Dylan,"

Paxton's style is reminiscent of a cross between Cat Stevens and Jim Croce. His guitar strumming

has the clean and distinct beat of Croce while his clear voice keeps a tune as well as Stevens.

Chicago Tribune music critic Lynn Van Matre, when she heard that Paxton was appearing at Culver, wrote to Culver's director of theater Harvey Firari and

of theater Harvey Firari and stated: "I must compliment you on your taste for booking Tom Paxton."

Tickets may be ordered from the director of theater, Culver Academies, or purchased at the door,

Culver Town Board hears park recommendations

Reports concerning the recent inspection of local park facilities were heard Monday night at the Town Board meeting.

Consultant John Hughes, of MACOG (Michiana Area Council of Governments) in South Bend, brought a park consultant and a member of the Marshall County planning commission with him for the inspection. They took specifications and blue prints of the beach house and will discuss the plans with another consultant to determine what can be done with the park and beach house.

The three inspectors came in response to a call from the Culver Park Board. Conclusions made were that the building is sound and worth saving. Also, it was reported that the cost of demolition would be more than constructing a new facility.

For the second year in a row, Indiana Bell Telephone Company has contributed a \$20 check to be used for City Hall's Christmas decorations.

A gift fund has been set up by the Culver Town Board so that contributions like Bell Telephone's can be properly distributed. Town Clerk Marizetta

Kenney said the fund will be used solely for decorations, as no tax money is used for the decorating of City Hall. In past years City Hall employees have personally donated decorations, she said.

The contribution by Bell was not solicited by the town of Culver. In fact, Kenney said it was "completely by surprise that the telephone company gave Culver money for the decorations."

In other business, Mrs. Susan Flora was reappointed to the Planning Commission for a gour-year term. Robert Osborn Sr. was reappointed to the Board of Zoning Appeals and clerk Kenney was directed to write the Circuit Court Judge to reappoint Peter Trone to the Board of Zoning Appeals for another four-year term. Trone must be

appointed by the Judge because he is a member from the jurisdictional area rather than the corporate limits.

The Town Board is considering purchasing gasoline in bulk for distribution. Further investigation is under way concerning fire regulations and other details before a final decision is made.

Beginning Jan. 1 Town Board meetings will be conducted at 8 p.m. instead of 7:30 p.m. on the first and third Mondays of each month.

CCHS invites public to Dec. 15 holiday concert

Culver Community High School's Music Department will present its annual Christmas Concert Sunday, Dec. 15.

The program, to feature a variety of musical selections including traditional Christmas carols and popular favorites, will begin at 2:30 p.m. in the school auditorium.

Taking part in this year's afair will be the CCHS Chorus, the Choraliers, band and dance band, as well as the Culver Junior High School band.

Directors for the Christmas Concert are Barbara Taylor, high school vocal instructor, and Charles Byfield, band director.

The Concert is open to the public with no admission charge.

BLOOD PRESSURE CLINIC

The Tri Kappa Sorority's monthly Free Blood Pressure Clinic will be Thursday, Nov. 7, in the basement of the Culver Public Library. Times for the clinic are between 1 and 4 p.m.

Everyone is urged to take advantage of this free monthly service sponsored by the local service organization.

Editorial

Disgusting.

The beach house in the public park had a run-in with a couple of spray paint cans. It has been disgraced with profanity and general tasteless graffiti which calls for its repainting.

The vandals responsible for the mess might cause an increase in charges for beach privileges, which will affect Culver residents who take advantage of the pleasant recreational area.

Of course, taxing everyone because of a few isn't fair, but it seems the only way to pay for the damage caused repeatedly by vandals.

Hopefully, we as townspeople can put a clamp on such useless destructive happenings; hopefully, if we know information as to whom is responsible for the mess [and other vandalism around town we will report it to the authorities.

Until we all take on the responsibility to help cure the vandalism problem in Culver, we're all going to have to foot the clean-up bill. Fair OR unfair.

OBITUARIES

Bertha A. Baker, 84, formerly of 910 Baker St., Culver, died Friday, Nov. 2, at the Rochester Nursing Home, where she had resided for the past year and a

She was the widow of Harry F. Baker and attended the Wesley United Methodist Church.

Services were conducted by Rev. Earl W. Sharp at the Bonine Funeral Home yestereday at 2 p.m. Burial was at the Culver Masonic Cemetary.

Survivors of Baker include several nieces and nephews.

Memorial contributions for the late Culver resident are being accepted by the Wesley United Methodist Church.

News About Books

THIS AND THAT WITH A BIT OF FICTION

Like "The Salamander." Morris West's latest novel HARLEQUIN, takes the form of the thriller. The focus is on the new "merchants of death," the men who program human beings to violence, assassinations, kidnappings or a revolution.

THE PALACE GUARD is by Dan Rather, CBS news White House correspondent, and Gary Paul Gates. This is a fascinating behind-the-scenes account of the Nixon administration and the men who ran it and the country before Watergate brought them down.

A beautiful young widow, the men in her life and the forces that threaten to destroy her; this is the suspenseful setting in Arlene Hale's HOME TO THE VALLEY. A new tale of mystery and romance.

SHASTA AND TOGUE is the extraordinary. affectionate account of how two wild coyotes are adopted and raised in captivity. Written by Robert L. Behme.

A born story-teller, Harold Robbins has chosen for his new novel a theme connected with today's headlines, the Middle East. History in the making is PIRATE, Baydr Al Fay, a wellborn Arab son. A lone wolf, he seeks new worlds to conquer not only in his business affairs but also in his private life.

Thomas M. Coffey's LION BY THE TAIL is the gripping complex story of Benito Mussolini's 1935-36 invasion of Ethiopia and the diplomatic duplicity which made it possible.

THE HAVERSHAM LEGACY follows a family through the turbulent era of the Civil War in the nation's capitol. Daoma Winston has brought about another spellbinding novel.

In October, 1972. Geoffrey Moorehouse set out to cross the Sahara desert from the Atlantic to the Nile River, a west-to-east journey of 3,600 miles. In THE FEARFUL VOID, at one time the temperature was 132 degrees, he was captured by soldiers, some of his camels died and he missed a well during a sandstorm. A true but unbelievable story, when in March, very weak and exhausted. he ended his trek at Tamanrasset. Algeria.

Peter De Vries is in top comic form as we see Jim Tickler, from Wabash, marry a Chicago Gold Coast society girl named Amy Wintermoots. Jim is infected with the fatal desire to achieve instant celebrity, and to glitter with THE GLORY OF THE HUMINGBIRD in Amy's father's market counseling firm.

When Edna M. Anderson faced her first class in a one-room country school in Kansas one September morning in 1925, 23 children ranging in ages from 5 to 16 answered "present." Between that morning and the day of her retirement, she estimates that she taught more than 1300 children, FROM SUNFLOWERS TO BLUEBONNETS is about teaching in Kansas and Texas and the classroom crises.

Two novels of suspense are FERAL, by Berton Roueche, and CATNAPPED, the further adventures of undercover cat. by The Gordons.

THE ABC'S OF ORIGAMI is paper folding especially for children, written and illustrated by Claude Sarasas.

Winn cited for corn growing ability

Special recognition for his ability as a corn grower has been given to Paul E. Winn of Culver by the producers of Funk's G-Hybrids.

His documented 1974 yield of 137.2 bushels per acre (adjusted to No. 2 corn-15.5 per cent moisture) was made with Funk's G-4404. The yield was entered in Funk's-G Project:200 national high-yield corn growing contest. Announcement of the award was made by the producers of Funk's G-Hybrids.

Project:200 was designed to challenge growers to increase corn yields for greater productivity and profit. Yield results and the agronomic practices used to achieve them are then shared with corn growers everywhere. More than 15,000 US and

AMERICAN LEGION

Culver American Legion and Auxiliary are asking members to bring food or donations for the needy to Don Trone's Shop, 120 N. Main, Culver, between now and Dec. 21 or to the Legion and Auxiliary Christmas party, Dec. 12 at 6:30 p.m. at Legion Post Home, W. 10 Rd., Culver.

Canadian growers have entered Project:200 during the past three

Winn's yeild of 137.2 bushels per acre was produced on 2.1 acres. He planted the Project:200 corn May 10 in 38-inch rows at the rate of 20,000 kernels per acre. His fertility program consisted of 105 pounds of nitrogen, 54 pounds of phosphate and 101 pounds of potash per acre. Winn used herbicides and an insecticide.

The Funk's G-4404 was harvested Nov. 4 when the moisture content was 19.5 per cent. Plant population was 18,000.

- To qualify for Project: 200, participants harvest as shelled corn a minimum of two acres from not less than four rows running the full length of the field. Information contained in the entry was verified by a reputable. disinterested witness.

A computerized summary of Project:200 agronomic information is made available to corn growers each year by Funk Seeds International. Inc. With this information, corn growers can compare their growing methods to those used by other top producers.

Area farmers participate in survey

Information about farm work done for pay during the past year and about migratory farm work will be collected by the Bureau of the Census in this area. Forrest P. Bureau's Regional Office in Chicago, announced that interviewers will visit a sample of households here next week.

addition to the ones asked regularly in the monthly survey the report states. on employment and unemployment conducted by the Bureau for the US Department of Labor.

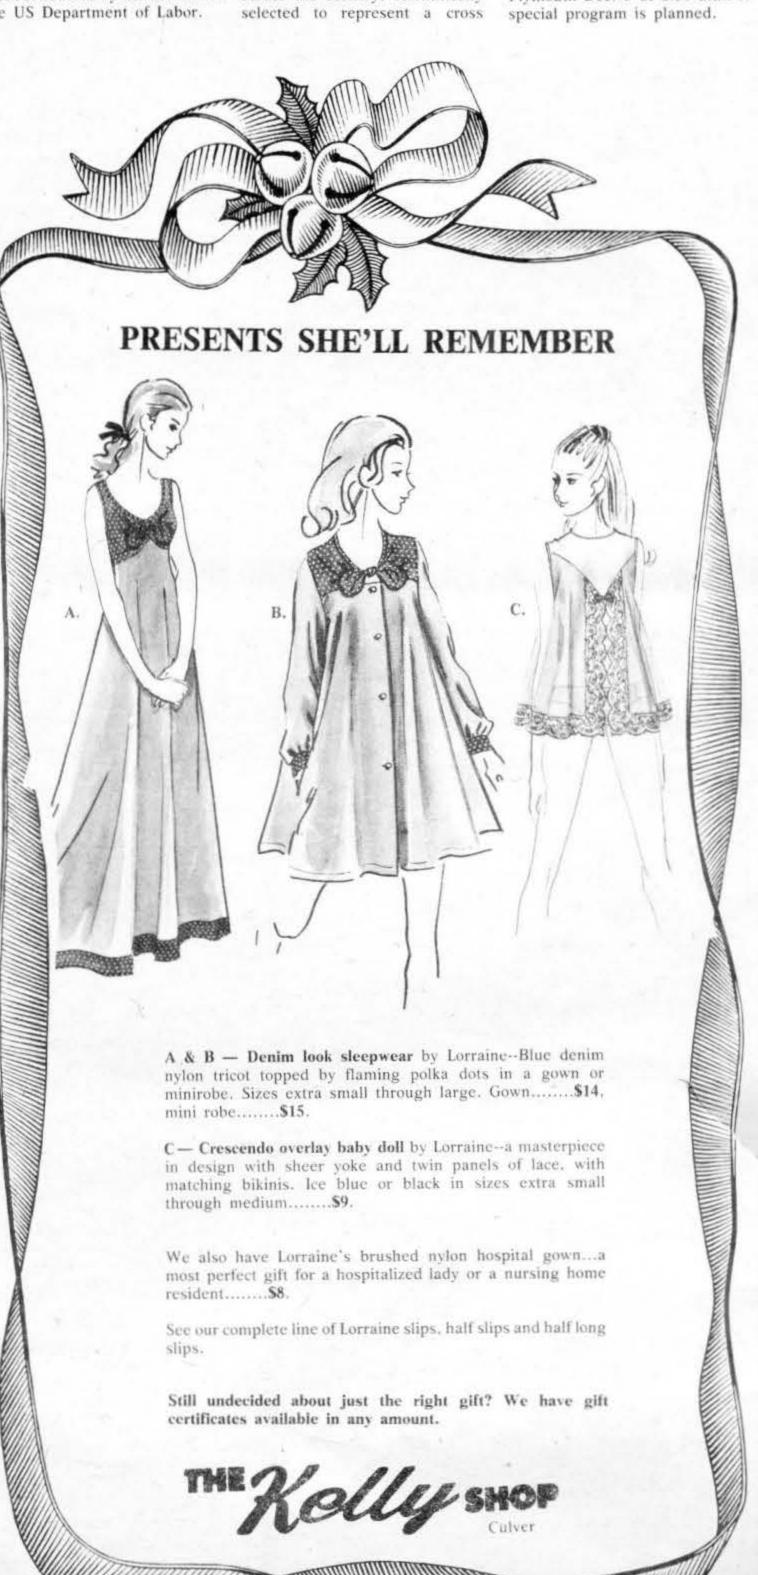

This ongoing survey provides a continuous measure of conditions in America's labor force. The Labor Department's report for third quarter 1974 showed that Cawley Jr., director of the the nation's unemployment rate averaged 5.5 per cent, well above the 5.1 per cent average rate of the second quarter. Employment reached a new quarterly high of The farm work questions are in 86.3 million, though the rate of growth has slowed since last year,

About 50,000 households across the country, scientifically section of US households, take part in the survey each month.

Interviewers in this area are Mr. K. O'Guinn and Mrs. Amber Hyska.

RETIRED TEACHERS MEET

Marshall County Retired Teachers will meet for breakfast and business at the Holiday Inn in Plymouth Dec. 5 at 8:30 a.m. A

...It Must Be THE LAKE WATER

By Bob Kyle

THE BELATED DEAL for the Culver Hotel was completed last Saturday with William O. Osborn representing both parties. The exasperating delay was because one who acts as his or her lawyer has a fool for a client. That is an old axiom of the legal profession dating to pioneer days.

The usual closing is a time when all tasks such as changing over gas and electricity billings, telephone hookups, changing locks, bringing the abstract up to date and a score of other transactions are necessary.

Tuesday the Senior Citizens hold their monthly potluck in a new home. Any other organization wishing to use the building may do likewise. Mrs. Mildred B. Kyle, president of Osborn Center, Inc., thanks the public for its steadfast encouragement. Tenants may move in immediately as the hotel has been kept in immaculate condition by Robert Anthony and his sister Joan Anthony Kubik, former owners. This is a major project of the Marshall County Bicentennial Commission, of which Robert K.

Kyle is director.

TURKEY STUFFING: The Crump family, 61 strong, had Thanksgiving at the Horse Palace on State Road 17 with their kin the Ced Whites...Culver is blessed with good doctors Lloyd Moseng reminds us - two osteopaths part time, Drs. Mann and Stevenson; Deery and Faulkner, MDs and Rosero at nearby Kewanna. Some counties in northwest Indiana had one until recently...Thirteen swans were cited by Bill Hermann and Hersh Rector from the Rector's living room last week. They circled and landed in front of the Fred Hanna's on the East side and flew off to the northwest when someone flushed them. Three of them were dun colored denoting that they were this year's hatch...Lake Water talked to 74 Senior Citizens last week about the Bicentennial and never ate such German and Amish delectables at their pot luck

FROM HHH a letter congratulating Lake Water on being cured. His case was almost a parallel and was featured in the November issue of The Ladies Home Journal. Senator Humphrey was one of LW's favorite political friends, and worked for him in the fateful 1968 campaign in Indiana, If President

* * *

Lyndon Johnson had behaved himself and had stopped lifting little Beagle hounds by the ears, such as Viet Nam, and Humphrey had won, there would have been no Watergate.

IT IS HIGH TIME that residents of the Tippecanoe River Valley start thinking about protecting themselves. The area from Old Tip Town (south of Bourbon) to near Winamac is one of the most beautiful meandering stretches of the once famous small-mouthed bass fishing streams.

State police detectives and state troopers have been relentlessly on the job in regards to the Mrs. Nellie Mikesell case. A cash reward fund of several thousand dollars has been raised for the apprehension of the murderer.

From what Lake Water can learn, the Fulton County grand jury has not yet returned a verdict in the investigation and not much mention has been made in the newspapers of Rochester and Logansport.

Warren Conover of Tippenaubee Farm, is spending the winter at Rockport on the Ohio River with his wife and daughter and asked this ink-stained wretch to stir up interest in this mysterious tradegy and help make it safer for the inhabitants.

HERE AND THERE: Mr. and Mrs. William Warren entertained 61 children and grandchildren at a pre-Thanksgiving dinner at the 100F lodge on Maxinkuckee Road...The Culver Academies admissions and development tour of southern cities was well received, according to Dave Gaskill, information director... Latham Lawson is still looking for six "thinkers" to complete his committees for places on the Culver-Union Township Bicentennial Commission. He's a hustler and wants the best talent available.

Lord, when we become too self-centered, let us remember to turn our thoughts to you, so we may be filled with your wondrous love and desire to help other persons.

Grace plans December meetings

The Young Adult Fellowship will have a Christmas potluck dinner and party on Sunday, Dec. 8 at 6 p.m. in Zion Hall. The group will provide bread, drink and table service. Each family should bring salad and vegetable dishes and three dozen cookies for dessert and the cookie exchange. Each person, including children, should bring a wrapped white elephant for the gift exchange.

Fidelis Group will meet at the Oscar Wesson home for a Christmas potluck Sunday. Dec. 15. at 6 p.m. Bring salad or dessert. The meat, drink and table service will be furnished.

Crescent Group will meet in Zion Hall Dec. 18 for their Christmas party at 7:30 p.m. with the officers in charge.

Packaging and mailing early stressed by Mattox

It is time again to hustle up and get Christmas packages and cards to far-away receivers wrapped up and sent, says local Postmaster E. Wayne Mattox.

Mattox urges immediate mailing of all domestic Christmas cards and parcels, and encourages all customers to help expedite delivery by using ZIP codes

It is nice to know that you have wrapped Christmas gifts well for mailing.

Corrugated cardboard boxes are recommended as the best general containers for mailing parcels. They can be cut to fit the size of the gift. And if you do not have a box with a top, two boxes fitted one over the other make a very strong package.

To hold the package together, one of the safest and strongest tapes available is self-sticking tape with fibers running along the length. Cloth, pressure sensitive tape is also good. Gummed paper tape reinforced with fibers is excellent, but probably not too easy to obtain for home use. No matter what tape you use, make sure you put enough on to hold the box from opening under pressure. Be particularly careful

Farmers help in estimating production

Several Marshall County farmers will be asked to participate in a nationwide survey to develop Indiana and US estimates of livestock and poultry numbers and winter wheat plantings.

Margaret Mohler of Wanatah says that the local producers she will be contacting for the Indiana Crop and Livestock Reporting Service were scientifically selected to represent a cross section of state farmers. These farmers' responses to interview questions will play a significant part in determining 1975 production plans for livestock and poultry and will indicate acreages planted to winter wheat this fall.

Survey results published by the US Department of Agriculture and the Indiana Crop and Livestock Reporting Service will be especially important to farmers and others in agriculture in light of current supply, demand and price conditions which impact on production plans. For example, the survey will help gauge the expected size of the spring pig crop which will reflect producers' feelings about feed grain supplies and prices.

The survey will also provide the first insight into the acreage planted this fall to winter wheat and rye when farmers were again free to produce for the market-place without government controls.

Mohler urges all producers to cooperate in the early December survey.

BIBLE CHURCH OFFERS FILM

"Changing Faces," a teenage dramatic film, will be shown at Culver Bible Church Sunday, Dec. 8, at 7 p.m.

Also featured on the evening's program will be special singing by young people of the Church.

There will be a carry in dinner in the Church basement at noon the same day. The public is invited to attend both functions.

of the ends and corners.

To be really sure, use strong cord and make one or two loops around both the length and width of the box with knots at each intersection.

It is okay to use envelopes as containers for stationary and publications up to a pound in weight and one inch in thickness. But do not put that special pen or humerous bottle cap in an envelope because it could burst out.

And if you are packing several items in one box, you need to protect them from each other. Heavy items should not be packed with fragile things unless you separate them well with cushioning materials such as shredded newspaper, foamed plastic or corrugated fiberboard.

By now, all mail to the following places should be in the hands of the Post Office:

Space Available Mail (SAM to Armed Forces in Antarctica, Australia, Burma, Indonesia, Japan, Korea, New Zealand, Okinawa, Philippines, Taiwan, Thailand, Vietnam, Belgium, Denmark, England, Finland, France, Germany, Greece, Italy, Norway, Netherlands, Portugal and Spain.

Surface Mail and Space Available Mail (SAM) to Armed Forces in Canada, Greenland, Labrador, Newfoundland and the Azores.

Parcel Air Lift (PAL) mail to Armed Forces in Antarctica, Australia, Burma, Indonesia, Japan, Korea, New Zealand, Okinawa, Phillippines, Taiwan, Thailand and Vietnam.

All surface parcels to Alaska and Hawaii.

By December 7, packages and cards should be mailed for:

Airmail greetings and parcels to Armed Forces in South and Central America, Ethiopia, Iran, Israel, Saudi Arabi, Turkey, Antarctica, Australia, Burma, Indonesia, Japan, Korea, New Zealand, Phillippines, Taiwan, Thailand, Okinawa and Vietnam.

International surface parcels to Canada and Mexico.

International surface greeting cards to Canada and Mexico.

Airmail greetings and parcels to Armed Forces in Canada, Greenland, Labrador, Newfoundland, the Republic of Zaire, Liberia and the Azores.

International air parcels to Africa, the Near East and the Far East.

Surface parcels within the United States except Alaska and Hawaii.

Airmail greetings and parcels to Armed Forces in Belgium, Denmark, England, Finland, France, Germany, Greece, Italy, Norway, Netherlands, Portugal and Spain.

December 14 is the deadline for:

International air parcels to Canada and Mexico.

International air greeting cards to Africa, the Near East and the Far East.

Surface greeting cards within the United States, including Alaska and Hawaii.

December 21 is the deadline forairmail parcels and letters within the United States, except Alaska and Hawaii, whose deadline is December 20.

"In extending our commitment to make every possible effort to deliver all holiday mail on time, we hope the general public will respond by depositing their mail according to the deadlines," ended Mattox.

Police Department awaits radio arrival

will be receiving a much-needed range and distance. This will thanks to the Indiana Criminal

Marizetta Kenney, town derk

The Indiana Criminal Justice funded by the federal government to work closely with local, state and national law enforcement agencies in the areas of information, education and supplies.

The portable radio unit will be used by the on-duty patrolman when he is out of his car and away from the auto's radio equipment. It will also enable the police force to have constant 24-hour access to the base unit at City Hall.

The new radio will transmit and

Culver's Police Department receive messages from a high enable the local law enforcement officers to have faster and more

Highway Commission prepares for snow removal

The Indiana State Highway Commission is ready for the predicted cold, snowy winter ahead, according to Roger F. Marsh, executive director.

A recent inventory of state highway equipment and supplies showed more than 3600 pieces of snow removal equipment and 86,000 tons of ice-melting "chemicals" in storage at 155 state highway sub-district loca-

Marsh asks motorists to be on the look-out this winter for snow removal equipment on Indiana's 1200 miles of state highway. Hewarns the public that blowing snow sometimes makes flashing lights on the equipment hard to

Even with all the equipment and chemicals, it will be impossible to keep every mile clear every wintery hour, Marsh says, Interstates will be among the first to be plowed and salted, then primary state highways and then secondary state routes. On crews patrol constantly checking for hazardous spots.

To meet the demands the coming winter may bring, the Highway Commission purchased over 2.7 million dollars of new snow removal equipment. Included in the shipment were 103 snow plows at \$1,050 each, 140 dump trucks at \$12,700 each, 34 tandem dump trucks at \$20,500 each and 14 smaller dump trucks at \$10,000 each.

The new shipment is part of a recycling program which specifies the addition of 218 peices of equipment each year. With the Highway Commission's reduced budget in recent years, however, the 218 equipment goal has not been met for some time. The 188 pieces purchased this year is above average,

The recycling program attempts to replace snow-removal equipment every four years in the northern part of the state, every five years in the central partion and every six years in southern

In Highway Commission garages around the state are over ' 92 different kinds of snow removal equipment. Of the 1175 snow plaws there are five kinds-one-way, manual, reversible, power reversible and

B-plows. There are similar variations for the 946 salt and sand spreaders and 307 underbody road scrapers.

Some type of dump truck usually accompanies salt and sand spreaders to provide the chemical supply and in case either of the vehicles needs assistance. The Highway Commission currently owns 254 12-ton trucks, 491 131/2-ton, 57 15-ton and 184 2255 ton.

Most snow removal vehicles especially those on high-priority highways, keep in constant radio contact with a Highway Commission weather and dispatching

three chemicals for loc melting and calcium chloride. Salt is resolar salt, is spread on roads which have a heavier cover of tee

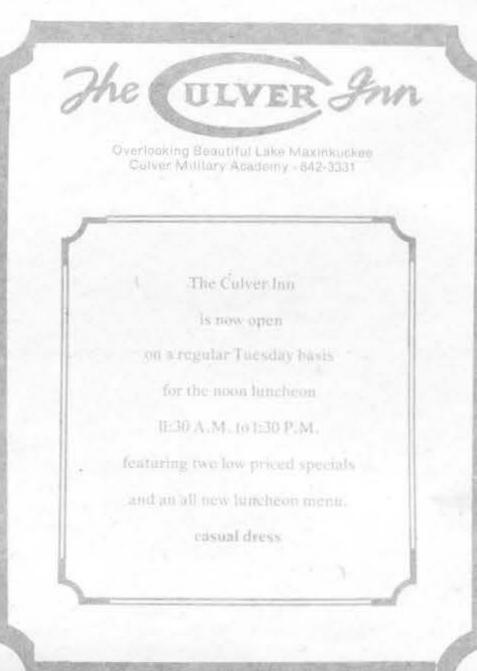

or are highly traveled. When roads become particularly ley at night, a mixture of sand and salt is used.

Presently, the Highway Commission has 49,799 tons of sand and salt mixture stored around the state, 35,728 tons of salt and 781 tons of calcium chloride, Most of the chemicals are stored in the northern and central portions of the state.

Most of the salt is now being stored in conventional buildings or in outdoor piles. However, the Highway Commission officially opened its first Salt Dome near Bedford. The storage dome is 100 feet in diameter and 51 feet high. mond. Muscie. Fort Wayne. LaGrange County, Noble County and Steuben County - and 20

Domes require little main-Tonanco, cost less per volume: than conventional buildings and

MIKE GUISE

Coach Hass discuss North Judson

Culver Community High School Cavaliers were whipped badly last week by Rochester High School; however, four of the usual starting five were sick with the flu. According to Varsity Coach Ken Hass, only five players made it to the Saturday practice, the rest were down with colds...The high school wrestling team. complete with a full squad filling every weight class, competed against Bremen High School yesterday as part of an all school assembly. Coach Ron Anderson was excited about this type of performance for the team, as it is sure to gain popularity with the all-school student exposure..

CCHS basketball team faces a tough battle Saturday night at

Junior High faces Caston

The Culver Junior High School cagers wage a tough battle tonight against Caston on Castton's home court. Play gets underway at 6:30 p.m.

The eighth grade team, under the coaching abilities of Jerry Anderson, opened their season with a win against Akron.

The seventh grade team, coached by Larry Pachinack, is still winless going into tonight's game.

Both teams have a full schedule this season, culminating with a four-team tournament at the local Junior High gym.

The teams taking part in the February tournament include Culver, Knox, Urey and Oregon-Davis.

The next home game for the seventh and eighth grade teams is Tuesday, Dec. 10 at 6:30 p.m.

FRI.-SAT.-SUN.

NEWMAN'S LAW starring George Peppard

North Judson. According to Coach Hass, North Judson is one of the strongest teams in the North Central Indiana area, and boasts of having one of the best tall men in the state. They are talking about the 6'10' center for North Judson, who seems to scare.

They also have other tall men; the starting five, except for one player, are at least 6'3". But Hass thinks it will be a good game despite the size differential. His strategy is to press a lot and wait for open shots. And if they do not get open shots right away, he has instructed the team to hold until they are clear for a good shot.

Another important strategy for the CCHS team, and it is obvious: keep the ball away from the 'big' guy. All in all, it should be a good game. It takes place in North Judson's new court, which Hass says "is a treat in itself." Game time is 8 p.m.

"SANTA
AND THE THREE BEARS"

Guise awarded All-State football honorable mention

Mike Guise, former Culver resident and the grandson of Mrs. Charles Decker of Culver, was recently given honorable mention on the Associated Press All-State football team for his performance at offensive tackle for Bellmont High School of Decatur.

He is the son of Mr. and Mrs. Milo Guise, also former Culver residents.

Guise, a 6'3½", 205-pound tackle, was the mainstay for the Bellmont offensive line that helped their team score 294 points and gain 3132 yards in 10 games. The 8-2 Bellmont team was mentioned on the final two AP polls in football.

Besides the All-State honor, Guise was named to the All-East West division team in the Northeastern Indiana Athletic Conference.

He attended the elementary school in Culver until the third grade when his parents moved to Decatur. He has two aunts and an uncle in Culver—Ann Frierfmold, Pat Cultice and John Decker.

GIFT PLANTS FOR CHRISTMAS

Plants make wonderful presents at any time of year because, like friendships, they grow when well tended, Check your holiday gift list for gardeners or potential gardeners, and see if some of these ideas appeal to you:

Holiday plants are beginning to appear in all kinds of stores at this time of year and they certainly make nice presents, But they're usually sold in flimsy unattractive pots which hardly look festive. Buy some inexpensive white plastic pots at the five-and-ten and decorate them by painting them with enamel or oil paints or indelible magic markers. You can paint Christmas-y foliage on the pots or personalize them by printing the recipients' names and "Christmas 1974."

Transfer the plant you buy into its gift container by tapping the rim soundly on a table edge. Remove outer soil from roots and spread the roots out a bit but leave some soil clinging to them. Place plant in the new pot and fill with fresh soil mixture. You can wrap the pot in foil and tie with a bright red ribbon for gift-giving.

Taking cuttings from your own favorite plants is a very nice way to give a present. On most foliage plants, cuttings are best made just above a leaf node. Place cuttings in water (with or without commercially sold rooting solutions), allow usual sun exposure, and as soon as roots appear, plant them in soil. It's best to allow two or three weeks, at least, for cuttings to root.

If you know of a holly or yew tree nearby, look on the ground beneath it for baby trees sprouting from dropped seeds. You can dig them out carefully and plant in small pots for gifts. A tiny potted holly tree is adorably seasonal for Christmas, They will grow indoors but must be kept as cool as possible and in indirect sun.

CHRIS McFARLANE AND JOHN
Hopkins show some of the items
to be sold this week at the annual
Christmas Sale sponsored by the
Art Club at CCHS. Students can
buy art objects Thursday and
Friday during the lunch hours in
the concession area of the high
school. The sale will then move to
Mr. T's Rexall Drugs on Main
Street Saturday from noon to 3
p.m. for the public. Woven wall
hangings, Christmas wreaths,
Christmas ornaments, flower pot
holders and macrame jewelry will

be included for sale during the

THE CHRISTMAS GIFT THAT KEEPS ON GIVING

the area of the ar

Bothered or worried about a gift, one that will be thoughtfully appropriate, and one that will be appreciated? A wonderful gift is a SAVINGS ACCOUNT at our bank,—The State Exchange Bank, Culver, Plymouth, or Argos. Most appropriate for wife, daughter, son, brother, grandchildren or other loved

It will be among the most cherished of Christmas gifts. It suggests, in a very real way, the idea of thrift, encouraging the priceless habit of saving. Most important it has the earmarks of an endowed gift in that it has the capacity, if nurtured, to keep on giving.

Why not consider giving a SAVINGS ACCOUNT? Truly a gift that keeps on giving from
